  5 credits
- **Natural Science Distribution (NS)**  
  5 credits
- **Elective**  
  2 credits
  
  Total: 12 credits

---

Students are required to complete 3-5 credits in a Diversity course (D). A list of courses that satisfy the Diversity Requirement can be found in the college catalog.
DEGREE: Associate in Arts

Purpose:
The Associate in Arts degree with an emphasis in Humanities is designed for those planning to major in English, History, Political Science, or related academic areas after transferring to a four-year college or university.

The study of a foreign language is highly recommended.

This educational planner offers a possible course of study. You are urged to consult with your advisor before selecting electives. This will allow your advisor to coordinate the electives with your desired career goals.

Program Outcomes:
Please refer to the Distribution Requirements and their criteria listed in the Centralia College catalog.

Learning Themes:
General education outcomes at Centralia College help students, faculty, and the general public identify learning expected when a student has completed a degree or program. The administration, faculty, and staff have agreed upon the following five Learning Themes which students can expect to encounter in their courses by the completion of any degree.

Reasoning:
The ability to extract information from data, develop ideas and solutions, establish logical progression in thinking, and problem solve using such procedures as literary analysis or the scientific methods.

Written, Oral and Visual Communication:
The ability to make oneself understood in public, interpersonal, professional, artistic, and technical arenas.

Exploration-Self and Others:
An awareness of the values, beliefs, customs, and contributions of persons from one’s own and other traditions, ethnicities, classes, and genders.

Resourcefulness:
The ability to adapt to change, such as technological innovations or environmental conditions.

Responsibility:
The ability to be accountable to self, society, and the natural world.

Note: Students who plan on transferring to the University of Washington will also need to take one full-year of a foreign language if they have not studied that language for the required amount of time in high school. Also, students going to the University of Washington may wish to take at least one five-credit designated writing course.

The Associate in Arts degree represents the broad knowledge generally acquired in the first two years of a four-year program leading to a Bachelor of Arts degree. When you have earned the AA from Centralia College, you may transfer to a baccalaureate institution within the state of Washington with assurance that you have satisfied all or most of the basic requirements (General University Requirements or Distribution Requirements). This means, generally, that AA transfer students can begin work on their specialized, major-area course-work as soon as they transfer.

Centralia College has direct AA-degree transfer agreements with the following colleges:
Bastyr University - Central Washington University - City University - Cornish College of the Arts - Eastern Washington University – Gonzaga University - Heritage University - Northwest University - Pacific Lutheran University - Saint Martin’s University - Seattle Pacific University - Seattle University - The Evergreen State College - Trinity Lutheran College - University of Washington - Washington State University - Western Washington University - Whitworth College

This Educational Plan is intended as a guide for students who wish to emphasize a specific area of study for the Associate in Arts degree. It is not a guarantee that the courses listed in the plan will be available in the sequence suggested. In some instances, due to low enrollment, some courses may not be offered at all.
