EDUCATIONAL PLAN
Associate in Science
Pre-Medicine/Pre-Dentistry

Course Placement Recommendations: English ________ Reading ________ Math ________

ENGL 098 ☐ READ 099 ☐ MATH 095 ☐ MATH 098
ENGL 099 ☐ MATH 096 ☐ MATH 099

Recommended course schedule

Fall Quarter, First Year
BIO& 221 Majors Ecology/Evolution (S) or
PHYS& 221 Engineering Physics I (S) 5
CHEM& 161 General Chemistry w/lab I (S) 6
ENGL& 101 Composition I (C) 5
16

Winter Quarter, First Year
BIO& 222 Majors Cell/Molecular (S) or
PHYS& 222 Engineering Physics II (S) 5
CHEM& 162 General Chemistry w/lab II (S) 6
MATH& 151 Calculus I (M) 5
16

Spring Quarter, First Year
BIO& 223 Majors Organismal (S) or
PHYS& 223 Engineering Physics III (S) 5
CHEM& 163 General Chemistry w/lab III (S) 6
MATH& 152 Calculus II (M) 5
16

Fall Quarter, Second Year
Biology/Chemistry/Physics sequence*** 5 or 6
PSYC& 100 General Psychology (SS)* 5
HUM 110 Ethics and Cultural Values (H)(D) 5
15 or 16

Winter Quarter, Second Year
Biology/Chemistry/Physics sequence*** 5 or 6
MATH& 146 Introduction to Statistics (M) or
MATH& 163 Calculus III (M) 5
CMST& 220 Public Speaking (H) 5
15 or 16

Spring Quarter, Second Year
Biology/Chemistry/Physics sequence*** 5 or 6
SOC& 101 Intro to Sociology (SS) 5
Health & Fitness Distribution (HF) 3
13 or 14

*Students are required to complete 3-5 credits in a Diversity course (D). A list of courses that satisfy the Diversity Requirement can be found in the college catalog.

Science electives:

**Some baccalaureate institutions require physics with calculus

***Biology majors should select Organic Chemistry or Physics for second year sequence
EMPHASIS: Pre-Medicine
Pre-Dentistry

DEGREE: Associate in Science

Purpose:
The Pre-Medicine, Pre-Dentistry program is intended for persons who wish to prepare for a career in a medical profession. Medical schools do not give higher priority to a given major field of study when selecting candidates. You are therefore encouraged to formulate a program of study which is scholastically challenging and which can be the basis for a future career or for graduate study in the event you are not admitted to a medical school. The program outlined below provides a solid foundation in the natural and physical sciences. If you complete this program of study, you are reasonably assured of being able to transfer with junior standing to most four-year colleges and universities in Washington State. You are urged to consult with your advisor as you plan your curriculum and select electives. This will allow your advisor to coordinate your program with the requirements of your intended major at the institution to which you expect to transfer.

Program Outcomes:
Please refer to the Distribution Requirements and their criteria listed in the Centralia College catalog.

Learning Themes:
General education outcomes at Centralia College help students, faculty, and the general public identify learning expected when a student has completed a degree or program. The administration, faculty, and staff have agreed upon the following five Learning Themes which students can expect to encounter in their courses by the completion of any degree.

Reasoning:
The ability to extract information from data, develop ideas and solutions, establish logical progression in thinking, and problem solve using such procedures as literary analysis or the scientific methods.

Written, Oral and Visual Communication:
The ability to make oneself understood in public, interpersonal, professional, artistic, and technical arenas.

Exploration-Self and Others:
An awareness of the values, beliefs, customs, and contributions of persons from one’s own and other traditions, ethnicities, classes, and genders.

Resourcefulness:
The ability to adapt to change, such as technological innovations or environmental conditions.

Responsibility:
The ability to be accountable to self, society, and the natural world.
