DEGREE: Associate in Business - DTA/MRP

Purpose: The Associate in Business is designed for students who plan to transfer to a four-year college or university to complete a bachelor's degree in business.

Program Outcomes: Please refer to the Distribution Requirements and their criteria listed in the Centralia College catalog.

Learning Themes: General education outcomes at Centralia College help students, faculty, and the general public identify learning expected when a student has completed a degree or program. The administration, faculty, and staff have agreed upon the following five Learning Themes which students can expect to encounter in their courses by the completion of any degree.

Reasoning: The ability to extract information from data, develop ideas and solutions, establish logical progression in thinking, and problem solve using such procedures as literary analysis or the scientific methods.

Written, Oral and Visual Communication: The ability to make oneself understood in public, interpersonal, professional, artistic, and technical arenas.

Exploration-Self and Others: An awareness of the values, beliefs, customs, and contributions of persons from one's own and other traditions, ethnicities, classes, and genders.

Resourcefulness: The ability to adapt to change, such as technological innovations or environmental conditions.

Responsibility: The ability to be accountable to self, society, and the natural world.

Students should check with their potential transfer institutions about the requirement for overall minimum GPA, a higher GPA in a select subset of courses, or a specific minimum grade in one or more courses such as math or English.

Distribution course information:

- Social Science courses (15-20 credits) must be selected from at least two disciplines with no more than 10 credits allowed from any one discipline.
- Natural Science courses (15-20 credits) must be selected from at least two disciplines with no more than 10 credits allowed from any one discipline. Students should choose at least 10 Natural Science credits in physical, biological and/or earth sciences and include at least one laboratory course.
- Humanities courses (15-20 credits) must be selected from at least two disciplines with no more than 10 credits allowed from any one discipline. No more than 5 credits in foreign language at the 100 level, and no more than 5 credits in performance/skills courses allowed.

College-specific requirements as noted in the Associate of Business - DTA Articulated Agreement

- EWU – a second English Composition course must be equivalent to EWU's English 201-College Composition: Analysis, Research and Documentation.
- Universities with a lower division Business Law requirement: UW, WSU, EWU, CWU, WWU, Gonzaga, SMU, SPU, Whitworth.
- The following institutions do not require a lower division Business Law course and agree to accept the course taken as a part of this degree as a lower division elective, but generally not as an equivalent to the course required at the upper division: Heritage, PLU, SU, and Walla Walla University.
- International students who completed a business law course specific to their home country must take a business law course at a U.S. institution in order to demonstrate proficiency in U.S. business law.
- Four institutions have requirements for admission to the major that go beyond those specified above. Students can meet these requirements by careful selection of the elective University Course Equivalent to: WSU: Management Information Systems MIS 250; Gonzaga: Management Information Systems BMIS 235; PLU: Computer Applications CSCS 120, either an equivalent course or skills test; and WWU: Introduction to Business Computer Systems MIS 220 (for transfer students entering fall 2014).
