INTERNATIONAL STUDENT PROGRAMS:
- Recruitment Success
  Laju trip to Hong Kong, Taiwan, and mainland China has resulted in FOUR new students joining us for fall term. It is exciting to report that 11 new students (4 from Hong Kong, 1 from Korea, 3 from Venezuela, 2 from Saudi Arabia, 1 from Japan) are expected to arrive. Final number is always subject to change as we get closer to the start date.
- Expected Fall Term Student Count
  As of August 28, with 26 returning students and 11 possible new students, we expect to have 37 new students. Final numbers will be reported at the beginning of fall term, September 24. New international students are expected to be on campus by September 17 for Testing and Orientation.
- Staff News
  International Student Advisor Brianna Cacchione’s last day is October 1. She has decided to return home to Wisconsin. Efforts are under way to start the search for her replacement.
- Retention Efforts – July-August
  We will plan a get together at The Olympic Club (possibly Movie/Game night) or a trip to Portland/Seattle with students who are not going traveling during the month break before fall term starts.
- International Student Housing
  Ten of our students will be housed in International Houses in the fall while 17 have requested host families. This is a great time to ask our campus community who may have an extra room in their homes to consider hosting an international student. Each student pays a monthly stipend directly to the host. Please call Brianna at Ext. 625 or Laju at Ext. 492 if you are even remotely interested in the idea. We appreciate your support and interest in International Programs. On our campus, we have students representing more than a dozen countries.
