

#### **4.135 REPEATING COURSES**

**POLICY:**

A student who desires to repeat a course may do so, however, credit will only be received once.

**PROCEDURE:**

If the student wants a higher grade in a repeated class to count in the GPA, the student may petition the Office of Admissions and Records to count only the higher grade in the GPA. Both grades, however, will remain on the permanent record. Veteran students receiving passing grades may not repeat the same course for Veterans Administration benefits.
