SPRING 2016 SCHEDULE

Classes start the week of April 4!
Getting Started
Becoming a Centralia College student is easy and free!

1. **Apply for Admission**
   - Apply for admission online at www.centralia.edu/admissions or stop by the Admissions Office in the Student Center.

2. **Apply for Financial Aid and Scholarships**
   - Complete a Free Application for Federal Aid (FAFSA) and submit an Institutional Data Sheet. For more information, contact Financial Aid at 360-736-9391, ext. 234.

3. **Take a COMPASS Test**
   - The COMPASS Test helps us find the right classes for you. For more information, call 360-736-9391, ext. 216 or visit www.centralia.edu/students/testing.html.

4. **Get Advised and Register**
   - Visit the Advising Center in the Student Center for orientation and class registration. For more information, call 360-736-9391, ext. 265.

**7 p.m. Saturday, March 5**
Corbet Theatre
Centralia College Campus

The Filharmonic is an LA-based group of Filipino-American vocalists featured in NBC’s hit musical competition, The Sing-Off, and the movie Pitch Perfect 2.

Join us for a night of sensational vocals, entertainment and fun for all ages.

$20 General • $30 Box Seats
Buy tickets at filharmonicatcc.brownpapertickets.com. CC student tickets available in the Student Center, room 101. For information, contact Staci at 360-736-9391, ext. 630.

Connect with us!  WWW.CENTRALIA.EDU • 360-736-9391
HOW TO REGISTER

CURRENT STUDENTS
You must meet with your advisor on Advising Day or during advising weeks to plan your classes and receive your registration PIN. You are expected to contact your advisor BEFORE Advising Day to set an appointment. After meeting with your advisor, visit www.centralia.edu/admissions/register.html to access your registration time, ticket, and register for your classes.

IMPORTANT
If you do not meet with your advisor each quarter, you will lose your priority registration status.

NEW AND TRANSFER STUDENTS
1. Apply for admission.
2. Apply for financial aid.
3. Take your placement exam or submit to the Enrollment Services Office official documentation demonstrating qualifying grades, placement, or test scores (no more than 5 yrs old).
4. Contact the Advising/Counseling Center to arrange orientation and registration. For more information, visit www.centralia.edu/admissions/register.html

RETURNING STUDENTS
Complete the returning student online application. After you complete and submit your Returning Student Update Form, you will be sent an email that includes your registration time. Before registering, ensure the advisor you were assigned when you last attended Centralia College. If you forgot or needed a different advisor, contact the Advising/Counseling Center at 360-736-9391, ext. 245, or ask@centralia.edu. If you do not meet with your advisor, you must contact the Enrollment Services Office to register for classes during open registration. Be aware, you will not receive priority registration for future quarters.

VETERAN STUDENTS
Please contact the Enrollment Services Office at 360-736-9391, ext. 684. You may qualify for early registration.

NON-DEGREE SEEKING STUDENTS
If you want to take a class or two for personal enrichment, you do not need to apply for admission. Simply download and complete the registration form at www.centralia.edu/admissions/register.html. Send your completed form, along with a check, money order, or credit card number to the address listed on the bottom of the form (no cash please). Mail in registrations will be processed on a first-come, first-served basis. If the class is filled, payment will be returned to you. Registrations forms may also be submitted in person to the Enrollment Services Office, by e-mail to ask@centralia.edu, or by fax at 360-330-7112.

AUDITING A CLASS
You may audit a class but not receive credit. To do this, register as an “auditor” (Auditor pay regular credit hours and lab fees). You will not take exams or receive credit for the course. Your transcript will show an “AU” for an audited class. If you have questions or need help, please contact the Enrollment Services Office at 360-736-9391, ext. 221, or ask@centralia.edu

ADJUSTING/DROPPING/WITHDRAWING FROM CLASSES
You can add and drop classes for a limited time at the beginning of each quarter. To add or withdraw officially from a class, you must submit a Change of Schedule Form from the Enrollment Services Office.

IMPORTANT
• Adding and dropping classes is serious steps. Consult with your advisor first. If you are receiving financial aid and/or scholarships, consult with the Financial Aid Office to avoid jeopardizing your aid.
• If you are a continuing student, you will NOT be dropped or withdrawn automatically. You must withdraw officially. To do so, you must submit a Change of Schedule Form to the Enrollment Services Office. If you do not, you may receive a failing grade in your class.
• You are required to pay any classes for which you register. Refunds are available for a limited time at the beginning of each quarter.

INSTRUCTOR-INITIATED WITHDRAWAL
In order to make space for students waiting for a seat, an instructor may withdraw any student who does not attend the first two class hours or the first lab session. If you are unable to attend your first two class hours or lab session, you must alert your instructor beforehand to develop a plan to make up missed work.

STUDENT SERVICES and FINE ARTS
For more information, visit www.centralia.edu/admissions/register.html

VETERAN BENEFITS and SERVICES
Centralia College is committed to assisting eligible students in applying for veterans benefits and working closely with veteran’s services personnel. All veterans, reservists, or dependents of veterans seeking veteran’s assistance to attend college should contact the Enrollment Services Office at 360-736-9391, ext. 604.

STUDENT INSURANCE
Student injury and sickness insurance is available. The plan is available to all registered students taking six or more credit hours per quarter. For complete information on the plan, contact the Student Life and Enrollment Center at 360-736-9391, ext. 224.

REFUND POLICY
If you register in a class and then must withdraw, you must submit a Change of Schedule Form (available in the Enrollment Services Office). Refunds cannot be arranged by telephone. Refunds are given according to the following schedule:

<table>
<thead>
<tr>
<th>Time Period</th>
<th>Refund Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>10% if you withdraw</td>
<td>April 4-8</td>
</tr>
<tr>
<td>50% if you withdraw</td>
<td>April 9-15</td>
</tr>
<tr>
<td>100% if you withdraw</td>
<td>April 16-22</td>
</tr>
</tbody>
</table>

No refund after April 22. For classes beginning after the first week of the quarter, refunds will be calculated consistent with the above rules. Refunds will be issued only after other charges have been deducted. In addition to the course fee, you should plan for the purchase of textbooks and supplies. Tuition must be paid separately from books and supplies.

STUDENT SUPPORTS TUITION
The average cost of educating a resident full-time student not enrolled in a bachelor’s degree program for the 2014–15 academic year was $56,282. Centralia College students paid an average of $3,278 in tuition. The remaining $3,002 was paid by the state of Washington for state taxes and other major payments. International students must pay non-resident tuition and fees regardless of the length of stay in the United States. Bachelor’s degree program students should refer to the BSA tuition chart.

FEES
In addition to tuition, a $10 fee for the Associated Students of Centralia College is charged each quarter to support funding of student programs and activities, and a $5 per quarter fee (up to 12 credits) is charged to support the construction of the Dining Hall. A fee of $5 per credit (up to 16 credits) is charged for each semester (a maximum of 40 quarter credits) in addition. Additional fees may be required for correspondence, online, and lab courses. All tuition and fees must be paid in full at time of registration.

Confidentiality of student records
The Family Educational Rights and Privacy Act (FERPA) affords you certain rights with respect to your records.

The name and address of the officer that administers FERPA is:

Office of Student Services
Centralia College
360-736-9391, ext. 221

Centralia College is committed to assisting eligible students in applying for veterans benefits and working closely with veteran’s services personnel. All veterans, reservists, or dependents of veterans seeking veteran’s assistance to attend college should contact the Enrollment Services Office at 360-736-9391, ext. 604.
New economics course focuses on international economics

His course was one of two selected for a new course grant of $1,250. On his travels to Europe and South Africa, Suozzo had the opportunity to observe several alternative approaches to economics. He hopes his new class "will internationalize student perspectives and cause them to think outside of conventional American bounds."

In addition, he believes this class has the potential to lead to the formation of student clubs, travel, and study abroad.

For registration information, see "Economics" in this class schedule.

Centralia College to offer free tax help

Through April 15, accounting students will be available at Centralia College to help you complete your 2015 tax returns.

Centralia College’s Volunteer Income Tax Assistance (VITA) program is offered as a service to the community. Accounting students volunteer their time and skills, and gain critical experience working in real world situations.

"For student volunteers who run the VITA program, this opportunity means hands-on practice outside the classroom," explained Otto Rabe, accounting professor. "Second-year students help complete tax forms under the supervision of third- and fourth-year students, who provide quality control. It’s a powerful learning experience and a great community service. A lot of people are intimidated by income taxes. We’re here to help."

This free service is open to all local residents. (Those requiring an IRS Schedule C are only eligible if the self-employment income is $25,000 or less.)

The Volunteer Income Tax Assistance Program will operate from 9 a.m. to 3 p.m. Feb. 1 – April 15 in the Washington Hall Tax Lab, Room 110.

Interested people can schedule an appointment by calling the Tax Lab at 360-736-9391, ext. 390. Drop-ins are also welcome.

In addition to their W2 forms, residents will need to bring two forms of identification and any supporting documentation, including bank account information, if they wish to have their tax return directly deposited into their account.

Suozzo received a Northwest International Education Association grant to fund the new course, which exposes students to international economic systems and alternate approaches to managing the economy.

Suozzo, who has been teaching since 1999, has worked with many foreign students at Centralia College. It was through these interactions that he met Laju Nankani, director of International Programs, and was invited to attend the Northwest International Education Association meeting, where he first learned of the grant opportunity. "As soon as I read the grant description, I knew my new course would be a shoe-in!" Suozzo said.

On his travels to Europe and South Africa, Suozzo had the opportunity to observe several alternative approaches to economics. He hopes his new class "will internationalize student perspectives and cause them to think outside of conventional American bounds."

An economics professor at Centralia College is unveiling a brand new economics course during spring quarter. Economics 180, Economic Systems, is being offered from 12 to 12:50 p.m. every day. It’s a five-credit course. There are no prerequisites.

Economics 180, Economic Systems, is being offered from 12 to 12:50 p.m. every day. It’s a five-credit course. There are no prerequisites.

Centralia College’s FANUC CERT program is first in the state

Centralia College is offering a new certification program for adults interested in careers in mechatronics, electronics, robotics, and industrial automation.

The new FANUC Certified Education Robot Training (CERT) program provides students with skills to operate the same FANUC robots used in industrial settings. Centralia College has been one of two such institutions in the Northwest to offer the program.

Centralia College is the first and only college in Washington to have certified instructors teaching this CERT program. The class is intended to be completed within a single academic quarter, and future plans include offering condensed week-long classes built specifically to accommodate varying schedules including current employment or long commutes.

"Students who complete the FANUC CERT program are qualified to operate FANUC robots across a wide range of industrial settings," explained Dan Whalen, FANUC Certification instructor and teacher in Centralia College’s Electronics, Robotics, and Automation program. "FANUC is the standard for industries that use robots. A FANUC certification is an invaluable tool when searching for employment in industrial and automation settings."

The FANUC certification is part of an overall restructuring of Centralia College’s Electronics, Robotics, and Automation program over the last six months. Most notably, the classes have moved to a newly remodeled robotics lab in Kemp Hall. The new space showcases the authentic FANUC and other robots and workstations students use for hands-on learning.

In addition, the curriculum has shifted to include a broader range of skills for those seeking employment in industrial workplaces.

"We want our students to finish our courses with a ‘big picture’ knowledge of automated industrial environments," explained Dave Peterson, ERA instructor. "Employers will teach the specific job-related skills, but the purpose of our classes is to learn how to implement specific skills and have the flexibility to work safely in nearly any industrial environment. We want to see every graduate become successful in an industry they enjoy, no matter whether they work for our local Cardinal Glass manufacturing plant or Boeing or Amazon."

This new program includes emphasis training in workplace safety and soft skills such as teamwork, communications, and workplace success.

For more information on FANUC training and the Electric, Robotics, and Automation program at Centralia College, visit www.centralia.edu or call 360-736-9391, ext. 427. Winter quarter classes start Jan. 4.
Centralia College’s Child Development Center accepts children ranging in age from one month to five years. Parents need not be students to enroll their children, but current Centralia College students have a reduced cost. Spring quarter hours are 7:30 a.m. to 5:30 p.m. Monday through Friday. The center is closed holidays and weekends. Evening care is not available. Parents are advised to reserve a space early. Slots for children, including infants, are available on a first-come, first-served basis. To reserve a space or for more information, call 360-736-9391, ext. 462.

For full class listings, descriptions, and class dates and locations, contact the Child and Family Studies Office at 360-736-9391, ext. 298.

Classes in Centralia
- Grandparents as Parents
- Social Skills Program (for parents and their children ages 3-12 on the autism spectrum)
- Parenting in Recovery
- TIPS
- Becoming a Love & Logic Parent®
- Learning with Infants and Toddlers in a Natural Classroom Setting
- Spanish Language Classes

Classes in Morton
- Incredible Years® (also offered in White Pass)
- Learning and Playing
- Parents and Adolescents
- Grandparents as Parents
- Leadership for Parents
- Grandparents as Parents

GIS offered at CC East this spring

If you’ve ever been obsessed by the GPS on your phone, dabbled with geocaching, or if you’re wanting skills that make your resume float to the top of the applicant pile, the Intro to GIS course at Centralia College East in Morton may be a perfect fit.

GIS, or Geographic Information Systems, is used in nearly every profession. GIS is a process designed to capture, store, manipulate, analyze, manage, and present spatial (geographical) data.

“The course is designed for all majors because everyone, whether they know it or not, uses GIS in one way or another,” explained Gregory Lund, GIS instructor. “Everything is spatial, even things that don’t seem inherently spatial.”

This spring, Centralia College East is offering a 5-credit Introduction to GIS class, combining online lectures with an in-person lab session every Friday, allowing you to get real world experience using the technology and incorporating it with your interests.

For those not working toward a degree, a more affordable (reduced tuition) small business management option has been set up. Students who take this option will not earn college credit.

GIS is being used internationally across a wide variety of fields. For example, public health researchers use GIS to predict disease outbreak patterns. Hydrologists use GIS to track water quality data and manage complex and scarce water resources. Military units use GIS to analyze intelligence information and manage the movements of troops and resources. Retailers use GIS to better understand their customers and develop targeted marketing strategies.

“Everyone should enroll in GIS to distinguish themselves from other applicants when they apply for jobs,” added Lund. “A basic understanding of GIS can be used throughout their educational program and in other classes, whether it’s in preparing papers, doing research, or completing projects. There are no limits to how GIS can be used.”

In addition to its widespread applicability, Lund said GIS courses are fun and engaging. The labs are hands-on, giving you the ability to explore the technology and find ways it suits your life or career. And, because Centralia College East GIS classes are small, you’ll be able to work on the projects you find most interesting and receive personal attention.

The only prerequisite is basic computer skills.

For more information, visit www.centralia.edu or contact Centralia College East at 360-496-5022.

Daytime childcare available

Centralia College’s Child Development Center accepts children ranging in age from one month to five years. Parents need not be students to enroll their children, but current Centralia College students have a reduced cost.

Spring quarter hours are 7:30 a.m. to 5:30 p.m. Monday through Friday. The center is closed holidays and weekends. Evening care is not available.

Parents are advised to reserve a space early. Slots for children, including infants, are available on a first-come, first-served basis. To reserve a space or for more information, call 360-736-9391, ext. 462.

Parenting – The Most Important Job You’ll Ever Have

Get the tools to become the best parent you can be with parenting classes this spring at Centralia College.

If you’ve ever been obsessed by the GPS on your phone, dabbled with geocaching, or if you’re wanting skills that make your resume float to the top of the applicant pile, the Intro to GIS course at Centralia College East in Morton may be a perfect fit.

GIS, or Geographic Information Systems, is used in nearly every profession. GIS is a process designed to capture, store, manipulate, analyze, manage, and present spatial (geographical) data.

“The course is designed for all majors because everyone, whether they know it or not, uses GIS in one way or another,” explained Gregory Lund, GIS instructor. “Everything is spatial, even things that don’t seem inherently spatial.”

Accelerated English comes to Centralia College

Washington State and Lewis County have large and rapidly growing communities of immigrants from around the world. To address some of the language hurdles they face, and to integrate them into society and help them become more productive members of our communities, Centralia College has teamed up with other technical and community colleges throughout the state to offer the first ever Integrated Digital English Acceleration (I-DEA) program this year.

Funded through the Bill and Melinda Gates Foundation, the I-DEA program offers accelerated, practical learning of English. Unlike traditional learning, students learn English in tandem with job and life skills, better preparing them for life in America.

Using team teaching, this 30-week program helps students become more employable, more productive at their present jobs, or prepare for college.

While in the program students have full use of a laptop with internet access to study at home, then they practice those skills while in the classroom.

The cost is $25 per quarter, with waivers available for low income-students. Day and evening classes are available on the Centralia College campus.

For more information, call Judith Aguilar at 360-736-9391, ext. 696.

Do you qualify for college funding?

Centralia College has banded together with other community colleges throughout Washington to create an easy way for potential students to see if they qualify for assistance with tuition, books, and fees.

Developed by the South Seattle College District, the StartNextQuarter.org website is a simple three step system. It begins with a short anonymous survey that asks basic demographic and financial questions. The survey helps determine if the student can be pre-qualified for grants or other programs to help pay for college. The student may attend an educational planning workshop, or a one-on-one meeting to verify their qualifications and to explore programs of interest. Lastly, they simply apply to college.

Take the Start Next Quarter survey now online at startnextquarter.org.

“This is a great way for potential students to see if they qualify for funding right from home,” Worker Retraining Manager Joan Meister said. “Whether you’re self-employed or unemployed and looking for a new career, receiving food stamps, or are a displaced homemaker, we have a program that may help you pay for college.”

Workforce Education at Centralia College has a wide variety of degrees and certification programs to fit a number of career interests and goals, from diesel technology, criminal justice, electronics and robotics, medical assisting and nursing, to welding, energy technology and more.

“We’re here to help people get the education they need to be competitive in the workforce, so they can get a good job they love,” Meister said. “And Centralia College has a program or certification to fit any career interest.”

For more information call 360-736-9391, ext. 385, or visit www.centralia.edu/academics/workforce or startnextquarter.org.

The following codes indicate applicability to the distribution course requirements for degree programs:

- C = Communications Skills
- M = Quantitative Skills
- H = Humanities
- S = Social Sciences
- D = Diversity
- HF = Health and Fitness
- T = Technology

- 1 = Fully online
- 2 = Other courses
- 3 = Hybrid (some class time replaced with online activities)
- 4 = Web enhanced (other classes, files or activities are online)
- 5 = Flexible (students can choose to attend class online, on campus, or any combination)

Courses with  have online requirements. Enrollment in an online, hybrid, web-enhanced, or flexible class will result in a once per quarter, once per student $4 fee. Additionally, a $2 per credit fee will be applied for online courses.

CENTRALIA COLLEGE OFFERS TWO OPTIONS FOR ADULTS SEEKING BACHELOR’S DEGREES.

Bachelor of Applied Science in Applied Management
Graduates learn the skills needed to run a small business or entrepreneurial venture, or to apply for graduate programs at colleges and universities.

Bachelor of Applied Science in Diesel Technology
Graduates of the BAS-DT program learn technical skills and develop their ability to communicate effectively and collaborate with peers. This helps them earn jobs as entry-level technicians, managers, and/or progress to other senior positions.

Bachelor’s degree programs in CC East feature a range of courses designed to provide a solid foundation in various fields. The courses listed below are just a sample of the offerings available:

- **Academic Transfer**
  - English Composition I (GEN 
  - English Composition II (GEN 
  - Intro to Creative Writing (GEN 
  - Digital Photography (ART 
  - Lyricum Lecture Series (BTEC 
  - LifeSpace (PSYCH 
  - Health & Wellness (H 
  - Pilates & Core (H 
  - Intro to Statistics (MATH 
  - Spanish III (SPRAN 
  - Applied Drama (Elective) (DRAMA 
  - Student Success (Elective) (SUDEV 

- **Workforce Education**
  - Intro to GIS (GIS 
  - Business Communications (BTEC 
  - Intro to Social Media (BTEC 
  - Drug & Alcohol Responses (CPD 
  - Digital/Graphic Design (CPD 
  - Keyboarding for Business (BTEC 
  - Keyboarding (BTEC 
  - Word & II (BTEC 
  - Excel (BTEC 
  - Access I (BTEC 
  - Access II (BTEC 
  - Desktop Publishing (BTEC 
  - PowerPoint Module (BTEC 
  - General Office Procedures (BTEC 
  - Intro to Windows OS (IT 
  - Practical Accounting II (ACCT 
  - Basic Computer Accounting (ACCT 
  - Principles of Accounting II (ACCT 
  - Work Experience Seminar (Coop 
  - Cooperative Work Experience (Coop 

- **Transition Courses**
  - Spelling (ENGL 
  - Vocabulary Development I & II (ENGL 
  - Grammar Review (ENGL 
  - Fundamentals of English (ENGL 
  - Basic Math (MATH 
  - Pre-Algebra (MATH 
  - Algebra I & II (MATH 

- **Adult Basic Education**
  - Adult Basic Education course prepares students for the GED and college prep courses.

- **Community Education**
  - Adult education is offered for those who wish to improve their skills in various areas, including GED preparation and college prep courses.

- **Operations Management**
  - This course covers the impact of laws, regulations, and ethical responsibilities on management behavior with a focus on the application of this knowledge to real-life situations for organizations both large and small.

- **Practice in Management**
  - This course explores and builds student understanding of the application of management functions covered in BACHELOR’S-AM courses via direct interaction between students and local managers and entrepreneurs from private, public and nonprofit sectors.

Both programs are now enrolling for full classes. The priority application period runs through March 15.

Financial aid and scholarships may be available.

**Intra to Business**
7167 BUSA 101AP1 (5) Online
Smegal
Introduction to the world of business. Emphasis will include functions of business, management, types of business ownership, human resources, production, marketing, ethics, and the role of accounting.

### BUSINESS OFFICE TECHNOLOGY
**Keyboarding for Business**
- 7132 BTEC 101A (5) 8-8:50am Daily WNY 207 Capeland
- 8197 BTEC 101B (5) 12-12:50pm Daily WNY 207 Venderplog
- 7135 BTEC 101RE (5) ARR TTh MOR 112 Carlson

### Digital Photography (N)
- 7009 ART 205A (5) 1-2:50pm Daily WSC 107 Norton

### Marketing
**Introduction to Marketing**
- 7113 BUSA 228A (5) 11-11:50am MWF WSC 110 Jasper
- 8184 BUSA 210A (5) Flexible

**Principles of Finance**
8181 BUS 215 (5) Flexible
Brown

### Business Math
**Business Math**
8180 BUS 121AP1 (5) Online
Brown
Surveys the commercial application of mathematics designed to assess and analyze business activities and their effect on cost, profitability and overall performance.

### Business Law
**Business Law**
7116 BUSA 214A (5) 11-11:50am MWF WSC 110 Jasper
8184 BUSA 210A (5) Flexible

Individualized skillbuilding program for increasing keyboarding speed and improving accuracy. Upon completion of this course, students should be able to type a minimum of 35wpm with no more than one error per minute. Prerequisites: BTEC 101 and typing at 35wpm or instructor permission.

### Applied Business Math
**Applied Business Math**
7117 BUSA 126A (5) 8-8:50am Daily WNY 105 Cawley
Fundamental arithmetic skills applied to a wide range of business activities. Topics include: banking, discounts, payroll, simple interest, markups and markdowns and promissory notes.

### Cooperative Work Experience
**Work Experience Seminar**
7140 BUS 199R (1) ARR
T MOR 112 Carlson
Cooperative Work Experience heading.

### Entrepreneurship
8180 BUS 215 (5) Daily
MBA Gamba
Experience the challenge and reward of planning a new business. Topics include: development of a business plan, failure factors in small businesses, capital accounting, financial statements, marketing, human resource management, legal/regulatory issues and management principles.

### Principles of Management
8180 BUS 215 (5) Online
Smegal
Management styles and effective management of personnel from the manager’s side of business. The course is built around the five traditional functions of management and exploring management problems and practices. Real-life case problems used.

### Keyboarding II
**Keyboarding II**
- 7133 BTEC 102B (5) 11-11:50am Daily WNY 207 Capeland
- 7132 BTEC 102B (5) 12-12:50pm Daily WNY 207 Venderplog
- 7135 BTEC 101RE (5) ARR TTh MOR 112 Carlson
- 7136 BTEC 102RE (5) ARR TTh MOR 112 Carlson

An introduction to Microsoft Access. Students will learn basic concepts of database software and be able to integrate Access with Word and Excel. Prerequisites: keyboard speed of 30 wpm.

### Management Styles and Effective Management of Personnel
8180 BUS 215 (5) Flexible
Smegal
Management styles and effective management of personnel from the manager’s side of business. The course is built around the five traditional functions of management and exploring management problems and practices. Real-life case problems used.

### DeskTop Publishing
8174 BTEC 214RE (5) 4-5pm TTh MOR 112 Carlson
Course covers desktop publishing terminology and concepts to plan, create, and design professional-looking business and personal documents. Prerequisites: Word I, keyboard speed of 35wpm.
SCHEDULE

CENTRALIA COLLEGE   |   www.centralia.edu

A review of medical terminology and the preparation of medical transcripts. Prerequisites: 2.0 or above in BTEC 101, 110, and 260 and typing speed of 40 wpm. Lab fee $7.56.

Medical Law and Ethics

7164 CHEM 131A (4) 1-4:50pm MWF MTWTH WSC 121 Nagelkerke

Body's physical and behavioral response to alcohol and drugs. Research findings, basic information and terminology essential for working with and communicating with professionals, patients, and families. Four-hour HIV/AIDS brief intervention for the chemically dependent training. Prerequisite: CDP 100.

Drug & Alcohol Responses

7173 CDP 101 (5) 1-3:30pm TTh WSC 211 Rabe S

Overview of communication skills, theories, and techniques used in developing a common understanding of addictive behavior. Comprehensive review of behaviors and an introduction to counseling methods to facilitate change in chemically dependent clients. Prerequisite: PSYC& 220.

CDP Counseling Theory

8186 CDP 111 (1-15) 1-1:55pm W WSC 211 Bailey

Chemical equilibrium, acids and bases, solubility equilibria, thermodynamics, redox reactions, coordination chemistry, nuclear chemistry. Targeted practice in Motivational Interviewing; the counseling method currently used most commonly in chemical dependency agencies. Corequisite: CDP 110.

CDP Supervised Practicum

8189 CDP 201 (20) ARR ARR ARR Neel

One hundred fifty unpaid hours of practicum with a minimum of 50 hours of direct supervised work experience in college faculty approved chemical dependency treatment agency. Prerequisite: CDP 100.

Design a research project, set up experiments, collect data in the lab or in the field, and/or analyze data. Each credit hour requires 33 hours of activity per quarter. Prerequisite: instructor permission.

Research in Chemistry

7215 CHEM 250A (1-12) ARR ARR ARR Nagelkerke

Chemical properties of organic compounds. Prerequisite: CHEM& 162 or equivalent. Lab fee $27.69.

Organic Chemistry w/ Lab III

7224 CHEM& 263A4 (6) 12-12:50pm MWF MTWTH WSC 121 Goodwin

Adding, subtracting, multiplying, and division of techniques used in solving business problems. Basic or Business Math recommended first. Lab fee $7.57.

Business Calculus

7152 BTEC 221A (3) 10-10:50am Daily WSC 207 Copeland

Intro to Social Media

2202 BTEC 2915 (1) ARR ARR ARR Neel

To develop the skills to listen and maintain a personal, business-related, or organizational website or social media presence; introduction to web tools to personal, cause-related or business related audiences, and overview of community building efforts via the internet.

Microsoft Office-PowerPoint Module

7155 BTEC 222B (3) 11-11:50am ARR ARR ARR Neel

An introduction to Microsoft PowerPoint. Upon completion of this course students should have beginning knowledge of a presentation program. Prerequisite: keyboard speed of 35wpm, Windows Workstations OS, or instructor permission.

General Office Procedures

7156 BTEC 222C (3) 3-3:50pm TTH WSC 110 Neel

Topics include: professional image and dress, employer expectations, customer relations, communication techniques, telephone procedures, mailing business, ethics, job safety, office supplies, basic computer skills, travel, meeting and travel arrangements, re-  propheties, financial activities, PC cleaning/care, internet and email. Prerequisite: 2.0 in BTEC 110 or instructor permission.

Medical Terminology

7160 CDP 280A (1-12) ARR ARR ARR Copeland

7171 CFS 132FDL (1-4) ARR ARR ARR Chapman

Parents learn about child development and how to apply that knowledge in their parenting role. Children attend classes with parents and participate in learning activities, music, discussion and art.

Positive Parenting in Cooperative Preschool

7202 CFS 142FDL (1-4) ARR ARR ARR Chapman

Students are introduced to parenting skills to use with children through classroom participation, lecture, and discussion.

Positive Parenting as a Teen Parent

7212 CFS 152FDL (1-4) ARR ARR ARR Chapman

Students are introduced to parenting skills to use with children through classroom participation, lecture, and discussion.

Learning and Playing

7179 CFS 110MOR (1-2) 9-10:45am Th MOR Hanson

Students are introduced to parenting skills to use with children through classroom participation, lecture, and discussion.

Positive Parenting Children in ECEAP

7208 CFS 142BEC (1-12) ARR ARR ARR Chapman

Students are introduced to parenting skills to use with children through classroom participation, lecture, and discussion.

Positive Parenting Children in Headstart

7187 CFS 132TEE (1-4) ARR ARR ARR Chapman

Students are introduced to parenting skills to use with children through classroom participation, lecture, and discussion.

Love and Logic Positive Parenting

7192 CFS 132LL (1-4) ARR Daily MOR Mahaney

Students are introduced to parenting skills to use with children through classroom participation, lecture, and discussion.

Family Child Care
7265 ECEC 1549AW1 (3) Online Staff
Learn the basics of home/family child care program management. Topics include licensing requirements, business management, legal issues, financial management, program planning, and the creation of various forms and documentation. This course requires a commitment to work related to child care.

Clinical Child Care
7266 ECEC 1569AW1 (5) 1-3:50pm MW KMP 129 Peterson D
Students will develop knowledge and skills to ensure good health, nutrition, guidance of behavior, and the physical and emotional well-being of children in group care and education programs. Topics covered include: basics of health, safety, and nutrition; guidelines for promoting healthy eating; and the development of language, fine/gross motor, social-emotional, cognitive and creative skills in young children.

Infants/Toddlers Care
7264 ECEC 1589AW1 (3) Online Staff
Students will develop knowledge and skills to ensure good health and safety of young children in group care and education programs. Topics include: child development, cultural competency, community resources, guidance, health/safety/nutrition and professional practice.

Health/Safety/Nutrition
7263 ECEC 1589AW1 (3) Online Staff
Students will develop knowledge and skills to ensure good health, nutrition, and safety of children in group care and education programs. Topics include: child development, cultural competency, community resources, guidance, health/safety/nutrition and professional practice.

ECONOMICS

ECONOMICS
7171 ENGR 212A4 (4) 10-10:50am MW KMP 121 Threapleton
This course introduces the basic concepts of engineering graphics in CAD based descriptive geometry applications. The latter part of the course covers a variety of 3D modeling techniques and solid modeling extrusion. AUTOCAD software is used as the primary CAD-tool. Prerequisites: ENGR 111 or equivalent, MATH 141, or permission of instructor.

Electrical Circuits
7171 ENGR 214A4 (4) 10-10:50am MW KMP 121 Threapleton
This course introduces the basic concepts of engineering graphics in CAD based descriptive geometry applications. The latter part of the course covers a variety of 3D modeling techniques and solid modeling extrusion. AUTOCAD software is used as the primary CAD-tool. Prerequisites: ENGR 111 or equivalent, MATH 141, or permission of instructor.

Emergency Medical Responder
7171 ENGR 215A4 (4) 12-12:50pm MTW KMP 121 Peterson D
This course introduces the basic concepts of engineering graphics in CAD based descriptive geometry applications. The latter part of the course covers a variety of 3D modeling techniques and solid modeling extrusion. AUTOCAD software is used as the primary CAD-tool. Prerequisites: ENGR 111 or equivalent, MATH 141, or permission of instructor.

Research in Engineering
7221 ENGR 216A4 (2) 2-3:50pm MW KMP 121 Layton
Design a research project, set up experiments, collect data in the lab or in the field, and/or analyze data. Each credit hour requires 33 hours of activity per quarter. Prerequisite: instructor permission.
Diesel Technology –
Then and Now

For nearly 30 years, the diesel technology program at Centralia College has prepared students with the technical knowledge and hands-on skills for high-demand careers in the logging, construction, mining, agriculture, and trucking industries. Though the program has evolved and expanded over the years, that tradition lives on.

What started as a small program in the 1980’s has now become a powerhouse in Workforce Education at Centralia College and in the region.

With the 2014 addition of the Bachelor of Applied Science in Diesel Technology (BAS-DT) program, that reach is now being noticed throughout the country. Since its creation, diesel students have spent their summers as paid interns for companies in the diesel industry throughout the region. This has proven invaluable to these students, many of whom receive job offers before finish their degrees, and to the program as a whole.

“Our diesel students have always been in high demand, but now we have employers seeking our students out,” explained diesel instructor Jake Fay. “Companies like Pacific Power Group, Weyerhaeuser, Pape, Kiewit, Triad Machinery, Peterson CAT, the list goes on and is growing. These companies want to hire our students, it’s really impressive.”

In addition to the academic requirements and the countless hours working on a variety of machines in the diesel lab, diesel students have one of the most active student clubs on campus and in the community. The Diesel Club participates in a wide range of community activities and fundraisers, including the Lighted Tractor parade and the Chehalis Santa Parade.

In addition, the club holds a yearly firewood raffle to raise money for the club’s extra activities and field trips. Over the past several years, this and other fundraisers have allowed the diesel club to create its own scholarship endowment with the Centralia College Foundation.

“I couldn’t be more impressed with the caliber of students that come through our Diesel Technology program,” said Instructor Jake Fay. “These guys work so hard and yet they still find time to give back to the community.”
Topics covered in this course include basic spelling patterns, commonly confused words, apostrophe, capitalization, pluralization, and how pronunciation helps to improve spelling. Students utilize materials according to pretesting information.

**Vocabulary Development I**

**SCHEDULE**

This list of classes offered is correct on the date of publication. For the most current class information and list of classes offered, see Updated Class Schedules at www.centralia.edu.
Music Theory II
7416 MUSC 142A4 (2) 9:10-10:50am Daily WAH 107 May
Designed for music majors and minors. Emphasis on aural and written skill of part-writing, harmonization of melody and harmonic analysis. Piano proficiency of grade three piano studies. Finale™ is used for computer-generated manuscript. Prerequisite: MUSC 141.

Music Theory III
7416 MUSC 143A4 (2) 9:10-10:50am Daily WAH 125 May
Designed for music majors and minors. Emphasis on aural and written skill of seventh chords, secondary dominant and secondary seventh chords. Piano proficiency of Bach two-part inventions. Finale is used for computer-generated manuscript. Prerequisite: MUSC 142.

Choir I - VI
7480 MUSC 164A4 (2) 10-11:20pm MW WAH 107 May
7481 MUSC 164A4 (2) 10-11:20pm MW WAH 107 May
7482 MUSC 164A4 (2) 10-11:20pm MW WAH 107 May
7483 MUSC 164A4 (2) 10-11:20pm MW WAH 107 May
7484 MUSC 164A4 (2) 10-11:20pm MW WAH 107 May
7485 MUSC 164A4 (2) 10-11:20pm MW WAH 107 May
A vocal group consisting of the part distribution: soprano, alto, tenor, and bass. Will perform both sacred and secular music literature. Participation in one evening concert per quarter is mandatory. Previous choral experience not necessary. Prerequisite: by audition only. Lab fee $17.49.

Music Technology
8162 MUSC 176A4 (1) 12-1:30pm TWAH 107 May
Detailed study of Mac-based music software to create record-ings. Will acquaint the student with music technology to profes-sionally edit, publish and compose original music.

Nursing
Common Alterations II
7498 NURS 100A4 (12) ARR Daily WS 202 Oنمو
7499 NURS 100A4 (12) ARR Daily WS 202 Gustafson
Progressive competencies reflecting program themes are applied to surgical, neurologic, musculoskeletal, renal, and gastrointestinal nursing care. On-campus theory and skills labs and off-camp-усus acute care clinical experiences are provided. Prerequisite: NURS 101, or equivalent. Lab fee $58.47.

Electrocardiography for Health Care Professional
7500 NURS 106A4 (2) ARR ARR ARR Hiderman Reproductive health care competencies reflecting program themes are applied to the care of clients with complex alterations in health. Community-based and acute care professional clinical opportuni-ties are provided at regional facilities. Prerequisite: NURS 201 and 202 or equivalent. Lab fee $55.23.

Transition to Practice
7506 NURS 222A4 (12) ARR Daily WS 202 Schellman
7507 NURS 222A4 (12) ARR Daily WS 202 Sallman
Prerequisite: Guided experiences in a variety of community health care settings, including community-based personal and professional development projects are assigned. Prerequisite: NURS 201 and 202 or equivalent. Corequisite: NURS 203. Lab fee $46.95.

Nutrition
7504 NUTR 101A4 (5) 10:10-10:50am Daily WS 109 Jewell
7505 NUTR 101B4 (5) Online Ibrahim
An exploration of the six basic nutrients with diet planning prin-ciples, human nutrition, weight control and digestion also be-ing studied. Some chemistry or biology background is helpful.

Oceanography
Intro to Oceanography
7515 OCEA& 101BP1 (5) Online Ricanuto
Explore the physical, geological, chemical and biological characters of the ocean: waves, tides, atmosphere and ocean circulation, coastal features, and rock cycle, oceans, basement, sediments, ocean chemistry and physics, plate tectonics, and marine life. Meets requirement for lab course.

Philosophy
Introduction to Philosophy (H)
7517 PHIL& 101AP1 (5) Online Diamant
Investigate the assumptions philosophers have made about re-ality, knowledge, truth, God, morality, social construction, free-dom, and paternalism.

Introduction to Ethics (H)
7518 PHIL& 101BP1 (5) Online Diamant
Focus on choices made in concrete circumstances. Study tradi-tional ethical theories and present-day moral dilemmas.

Physical Education
Volleyball

</table>

**Eligibility:**
- Enrollment in the Education Specialist Program
- Graduate standing in the college
- Completion of a Comprehensive Examination
- A minimum GPA of 3.0

**Program of Study:**
- Curriculum designed to support individual academic and career goals
- Course selection guided by a faculty advisor
- Development of a personalized learning plan

**Assessment:**
- Ongoing assessment of academic progress
- Individualized feedback to guide learning

**Support Services:**
- Academic advising
- Access to campus resources

**Career Outcomes:**
- Increased employability
- Enhanced job satisfaction
- Greater career advancement opportunities

**Application Process:**
- Application for admission to the Education Specialist Program
- Submit official transcripts
- Complete an application for admission
- Schedule an interview with an academic advisor

**Future Directions:**
- Further education in the field of education
- Career in education administration or management
- Employment in a related field
- Pursuit of a graduate degree

**Student Services:**
- Academic advising
- Access to campus resources
- Personalized learning plans

**Support Programs:**
- Preparation for graduate studies
- Career exploration and planning
- Preparation for professional certification

**Additional Information:**
- For more information, please contact the Education Specialist Program Office.
**CENTRALIA COLLEGE**

**Intro to Sociology (SS)**
- **CRSE**: 7589
- **CODE**: SOC 101A
- **TIME**: 9:00-9:50am Daily
- **ROOM**: WSC 210
- **INSTRUCTOR**: Gorecki

**Prerequisite:** SPAN& 121 or instructor permission.

Study of society and human interaction. Topics include social rank, change, deviance, social control, the creation of thought and personal identity, groups, institutions, political and economic power, social movements, and how to gather valid sociological information.

**Spanish I** (H)

### ONLINE CLASSES

Online classes are dynamic and interactive classrooms where you can log in at any time, day or night. You will have the flexibility of working in your classroom when it’s convenient for you, but there are assignments, schedules and due dates. Plan on logging in regularly to interact with the instructor and other students.

### ONLINE FEE INFORMATION

There is a $4 per student fee for any class with an online component. An additional $2 per credit fee will be applied for any fully online class.

### THE CANVAS LEARNING MANAGEMENT SYSTEM

[centralia.instructure.com/login](http://centralia.instructure.com/login)

Here at Centralia College, all online courses are accessed through Canvas.

**Username:** Your student ID number

**Password:** First six letters of your last name, lowercase. Repeat if less than 6.

### eLEARNING CAN HELP!

If you are unable to attend regularly scheduled classes on campus, an online course may be a way for you to earn college credits. For the latest information, check [www.centralia.edu/elearning](http://www.centralia.edu/elearning).

### Bookstore offers online search for books, gifts, and more!

- **No lines**
- **No hassles**
- **No waiting**
- **Wide range of Blazer apparel**

The Centralia College Bookstore offers more than textbooks for all classes, Blazer apparel and gifts, class materials, and supplies. Now you can use the posted ISBN number to find your textbooks online and to shop for the best price. No matter where you buy your textbook, as long as you shop using the same ISBN, you will know the required book for each class.

Visit the Bookstore at [www.centraliabookstore.com](http://www.centraliabookstore.com).

CONTINUING & COMMUNITY EDUCATION

How to register:

- Mail in registration to Centralia College Office of Enrollment Services
- Phone in using a credit card by calling 360-736-9391, ext. 427 or 483
- Fax in registration and credit card information to 360-330-7116
- Walk in registration at the Office of Enrollment Services

Watch for the complete Continuing & Community Education schedule coming soon to your mailbox.

For more information, call 360-736-9391, ext. 427 or visit www.centralia.edu/academics/cont-ed/.

BARTENDING
Professional Bartending
Become a licensed bartender! Learn to mix, measure and master more than 300 of today’s most popular cocktails, including Electric Iced Tea, Margaritas, Smith & Wesson, Apple Martinis and more! Learn free pouring/layering techniques, bartending terms, increasing tips, bar promotions, job searching, and responsible serving. No prior liquor knowledge required; must be 18+. Course includes the licensing class, no need to register for both.
Instructor: Leann Rinnestad. This class is 3 consecutive days.
Jan 9 - Jan 11 Th, F 6:00pm-7:00pm WSC 215
Sa 9:00am-4:30pm
Code 2610 Course CS 203A $189

Professional Bartending: Licensing Permit 12 or 13
Learn the legal aspects of alcoholic beverage service for bartenders/servers, including when to stop serving and the legal responsibilities of restaurants/bars/employees. This class meets the Washington licensing requirements for professional bartenders/servers. Instructor is certified by the Washington State Liquor Control Board. No bartending or liquor knowledge required. Age 18 and up. Instructor: Leann Rinnestad.
June 11 Sa 10am-4:30pm WSC 215
Code 2611 Course CS 203A $189

BASKETS
Basket Weaving
Learn the basics of basket weaving as well as some pattern techniques. We’ll be weaving with rattan, also called date palm, which is pliable when wet but incredibly strong when dry. You will be using color (dyed) rattan and seagrass for accent patterns in some of the baskets. Learn the basics of weaving and new techniques with each new basket. Instructions for staining your basket will be given as well as cleaning and care. You’ll be going home with a finished basket at each class. Bring a snack/kunch since we’ll be working through lunch. Kits with instructions for each basket will be available to purchase. Supply cost (listed below).
Instructor: Carolyn Smedigar.

BEEKEEPING
Beginning Beekeeping/Apprenticeship
This class focuses on the hobby, residential, and small farm beekeeper. Emphasis is on the seasonal care of new hives and colonies. Our style is networking, participation, and interaction. We have examples and hands-on learning aids. You see, hold, analyze and feel what the books only talk about. You get a productive knowledge base to keep your bees happy, productive, healthy, and safe. The class is sanctioned by the Washington State Beekeeper Association. Upon completion participants receive an Apprentice Certificate.
Instructor: Tim Wobbe.
April 4 - May 9 M 7:00pm - 9:00pm WSC 103
Code 8703 Course CS 618A $20

BIRD WATCHING
Spring Common Birds in Washington State
Join us for a look at 75 of the most common bird species found in Washington in the spring. This class is a great starting place for novice bird watchers. Topics include identification of spring birds in Washington and the best places to find them. Required materials: National Geographic Society Field Guide to North American Birds, 6th Edition. Instructor: David Kaynor.
May 26 Th 6:00pm - 8:30pm WSC 105
Code 2613 Course CS 515A $30
