

## **Centralia College Softball Incoming / Returning Player Checklist**

First of all, we want to thank you for having an interest in the Centralia Softball program. The following things need to be done before fall practice begins. Only players who have completed these items will be available to participate at the beginning of our Fall Ball season. Fall ball will last for 4-6 weeks. The following needs to be completed:

- Number one, make sure you have applied to and been accepted by Centralia College. If you have not done so already an application can be downloaded from [www.centralia.edu](http://www.centralia.edu) Applying online is probably the easiest and the most time convenient way to do this.
- Next fill out the FAFSA. Again this can be filled out online at [www.fafsa.ed.gov](http://www.fafsa.ed.gov). Centralia College requires all student athletes to fill this out so please get it done ASAP. Once it has been received by Centralia College they will contact you with a packet informing you of whether or not you qualify for financial aid.
- You must also complete the Compass Test (incoming freshman only). This test is a placement test that can be taken at any of the community colleges around the state. Therefore if you take it at a college other than Centralia make sure your results are sent here. Once this has been completed you can get into an orientation session and get registered for classes.

Again we are very excited that you are interested to become a member of our program and look forward to getting out on the field in the fall.
