

# 2025-2026 Unusual Circumstances/ Dependency Override Petition

Financial aid regulations emphasize that parent(s) have the primary responsibility for meeting the educational costs of students. If you are considered a dependent student according to the financial aid definition (see below), your aid eligibility is determined by using parent income and asset information, in addition to your information. Dependent students are required by law to provide parental information and signatures to be considered for financial aid.

If your answer to all of the following questions is NO then you are considered dependent for financial aid purposes.

1. Were you born BEFORE January 1, 2002?
2. Are you married (not separated)
3. Are you or will you be working on a master's or doctorate program in the 2025-2026 academic year?
4. Are you currently serving on active duty in the U.S. Armed Forces for purposes other than training?
5. Are you a veteran of the U.S. Armed Forces?
6. Do you have legal dependents or children who receive more than half of their support from you?
7. At any point since you turned the age of 13, were both your parents deceased, were you in foster care or were you a dependent/ward of the court?
8. Are you an emancipated minor as determined by a court in your state of legal residence?
9. Are you in legal guardianship as determined by a court in your state of legal residence?
10. At any time on or after July 1, 2024, were you unaccompanied and either 1) homeless or 2) self-supporting and at risk of being homeless?

Occasionally, due to unusual circumstances, students cannot obtain parental information. If your reason OR your marital status has changed since your initial application, you may petition for a waiver of federal regulations requiring parental information. **Parents' out of state residency or unwillingness to provide information, as well as a student being self supporting are not a reason to petition for a dependency override.**

Students must document that there are compelling reasons in order for a unusual circumstances/dependency override petition to be approved. For the purpose of overriding dependent student status, **unusual circumstances will include, but are not limited to, physical, mental or sexual abuse from the parents to the student, whereby student contact with parent(s) would endanger his/her well being.**
