CENTRALIA COLLEGE MISSION, THEMES, VALUES, VISION, & COMMITMENT

MISSION
Centralia College is committed to student success, academic excellence and supporting our community in an inclusive and equitable learning environment.

MISSION FOCUS AREAS
Student Success: Centralia College students will progress, persist, and complete their educational endeavors.
Academic Excellence: Centralia College students will complete well defined educational and program goals relevant to future success.
Supporting Community: Centralia College will engage our communities in educational, recreational, and cultural opportunities while demonstrating equity, stewardship, and sustainability.

COLLEGE VALUES
At Centralia College we value:
• Student success
• Quality education and services
• Equity and inclusion
• Our diverse communities
• Stewardship and sustainability

VISION STATEMENT
Centralia College strives to be a responsive educational leader for our community.

Centralia College does not discriminate against any person on the basis of race, color, national origin, disability, sex, genetic information, or age in admission, treatment, or participation in its programs, services and activities, or in employment. All inquiries regarding compliance with access, equal opportunity and/or grievance procedures should be directed to the Vice President of Human Resources and Legal Affairs, Centralia College, 600 Centralia College Blvd, Centralia, WA 98531, or call 360-623-8943.

CAMPUS INFORMATION

600 Centralia College Blvd
Centralia, WA 98531
360-736-9391
www.centralia.edu

Regular Hours (Labor Day-early June)
8 a.m.-5 p.m. Monday-Friday

Summer Hours
8 a.m.-5 p.m. Monday-Thursday

As the oldest continuously operating two-year public college in the state of Washington (founded in 1925), Centralia College has a rich heritage of transfer, Career and Technical and basic skills programs serving the community. We also offer bachelor degree programs.

A community college in the truest sense, we are in the center of Centralia, WA, on a tree-lined, 30+ acre campus. The college serves Lewis and south Thurston counties with a population over 75,000.

Our enrollment averages 5,799 total annual students with 1,907 full-time equivalent (FTEs).

Student-faculty ratio: 15:1

Average class size: 32

ACCREDITATION

Centralia College is accredited by the Northwest Commission on Colleges and Universities (NWCCU). NWCCU is a regional organization recognized by the U. S. Department of Education as the authority on educational quality and institutional effectiveness of higher education institutions in the seven-state Northwest region.
EDUCATION CENTERS AND TEACHING SITES

CENTRALIA COLLEGE EAST
701 Airport Way • P.O. Box 87
Morton, WA 98356
360-623-8925 OR 360-496-5022
Centralia College East (CCEast) represents Centralia College’s dedication to meeting educational needs of the residents of central and eastern Lewis County.

In addition to face-to-face, online, and virtual classes, CCEast provides educational advising, college level placement testing, registration support, Running Start testing and advising, financial aid assistance, GED testing and classes, and high school completion classes. The CCEast Organization of Students offers opportunities for leadership development as well as activities for the students.

- **Associate in Arts Degree Program.** Academic classes offered at CCEast enable students to complete a Centralia College Associate in Arts degree in two years. Pre-college level classes are available to help students get their writing and math skills college ready.
- **Business Office Technology.** Develop computer-based skills in CCEast’s computer lab. Classes such as Microsoft Office, Excel, Word, digital photography, and desktop publishing are offered regularly. Community Business classes offer an opportunity to gain skills that may be applied to the business setting or for professional development. These courses are non-transcripted and are offered at a reduced rate.
- **Skill Development Program.** Basic Education for Adults (BEdA) classes prepare students for the GED and for college preparation courses. Self-paced ABE classes are offered in math, writing, and reading. GED testing is offered at CCEast.
- **Other Offerings.** CCEast offers personal enrichment opportunities for credit and non-credit, including an array of adult special interest and community education classes, including the summer theater production performed at the Roxy Theater in Morton.

GARRETT HEYNS EDUCATION CENTER
2321 W. Dayton Airport Road • P.O. Box 900
Shelton, WA 98584
360-426-4433, Ext. 5509
Through the Garrett Heyns Education Center, Centralia College has provided services to students at the Washington Corrections Center since 1975. Courses offered include basic education for adults and GED testing, Construction Trades Apprenticeship Preparation (CTAP), reentry life skills, and college-level instruction leading to the Associate in Arts-Direct Transfer Agreement degree. The college also provides educational navigation to identify and pursue academic and career goals. Educational services at GHEC are possible through an interagency agreement with the State Board for Community and Technical Colleges and the Washington State Department of Corrections.

CEDAR CREEK EDUCATION CENTER
1220 Bordeaux Road • P.O. Box 37
Littlerock, WA 98556
360-359-4132
Since 2011, Centralia College has delivered educational services to students at the Cedar Creek Corrections Center. Courses offered include basic education for adults and GED testing, Construction Trades Apprenticeship Preparation (CTAP), horticulture science, reentry life skills, and college-level instruction leading to the Associate of Arts-Direct Transfer Agreement degree. The college also provides educational navigation to assist students in identifying and pursuing academic and career goals.
CHEHALIS TRIBAL CENTER
461 Secena Road • P.O. Box 536
Oakville, WA 98568
360-709-1698
College instruction leading to the Associate in Arts-Direct Transfer Agreement degree, GED, and high school completion (HS+) are offered through a collaboration with the Confederated Tribes of the Chehalis Reservation, classes are offered in basic skills.

CENTRALIA COLLEGE AT GREEN HILL ACADEMIC SCHOOL
375 SW 11th Street
Chehalis, WA 98532
360-740-3520
College instruction leading to the Associate in Arts-Direct Transfer Agreement degree and vocational certification is available to qualifying Green Hill School residents through a collaboration with Green Hill School, the Department of Children, Youth, and Families (DCYF), and Centralia College.

OTHER SITES
Pacific Northwest Center of Excellence for Clean Energy
600 Centralia College Blvd.
TransAlta Commons, Room 320
Centralia, WA 98531
360-623-8924

EXTERNSHIPS/INTERNSHIPS, CLINICAL/PRACTICUM
Placement sites change quarterly. Names and addresses of the sites can be provided on at 360-623-8963.
ADMISSION/ENROLLMENT

Enrollment Services Office
TransAlta Commons Building, Second Floor
360-623-8976
admissionsCC@centralia.edu

Applying to Centralia College is easy

There is no application fee. Applications are accepted throughout the year for entrance into any quarter and most programs. Students must be 18 years of age or older or have a high school diploma or GED certificate. There are exceptions to these standards, which are explained in the Admissions for Underage Student or Admission for High School Diploma/GED sections.

Some programs have special admission requirements. These programs are Nursing, Running Start, HS+/GED, and bachelor’s degrees. Some programs, such as Nursing and the bachelor’s degree programs, require a fee to apply.

Admission to the college does not guarantee entry into all classes or programs. Centralia College has a priority registration system that makes it easier for students to get the classes they want.

The more credits a student earns, the earlier they can register, giving them better choices for classes and times. This is important for those wishing to earn a degree or certificate. It is also helpful for students who plan to register for the most popular classes. Priority students will be assigned a faculty advisor.

For more information about class registration and becoming a priority student, please see the Registration section.

Note: Persons with a disability who would like accommodations with any of the programs and services of the college, including admission, can contact the Disability Services Office at 360-623-8966. Students are encouraged to do this as early as possible.

ADMISSION AS A PRIORITY STUDENT

To become a priority student, follow these steps:

I. New Student

Students who are beginning college for the first time and have graduated from high school or will soon graduate, have a GED, or have reached the age of 18, follow these steps:

A. Apply for admission online on the college website.

B. Complete or submit placement for both math and English. There are four options:

- Take a Next-Generation ACCUPLACER placement test on campus. For test times and instructions, contact the Testing Center at 360-623-8920 or email cctestcenter@centralia.edu.
- If a student has completed placement someplace else, they can submit their scores to the Enrollment Services Office. Next-Generation ACCUPLACER, applicable AP scores, and Smarter Balanced are some of the scores that will be accepted. Check with Enrollment Services to determine how long your score is valid.
- High School Transcripts may be used for placement. Provide Enrollment Services a copy of the transcript to see if any of the completed classes qualify for placement.
Students who have taken an English and/or math class, with a passing grade, can use their transcripts from regionally accredited colleges to waive the appropriate placement test. Submit transcripts to Enrollment Services.

II. Transfer Student
Students who have attended another college or university can follow these steps:

A. Apply for admission online on the college website.

B. Complete placement in both math and English. There are three options:
   - Take a Next-Generation ACCUPLACER placement test on campus. For test times and instructions, contact the Testing Center at 360-623-8920 or email cctest@centralia.edu.
   - Students who have completed testing someplace else must submit their test scores to the Enrollment Services Office. Test scores must be no older than two years.
   - Students who have taken an English and/or math class, with a passing grade, can use their transcripts to waive the appropriate placement test. Submit transcripts to Enrollment Services.

III. Returning Student
Students who have attended Centralia College in the past can follow these steps:

A. Students who have been away for less than a year (1-3 academic quarters) need to submit a Returning Student Form online at centralia.edu/admissions/returning-student.aspx.

B. Students who previously completed classes but have been gone more than three quarters are considered new students and can apply online at apply.ctc.edu.

C. Students who have attended another college or university since they last took classes at Centralia College must forward an official transcript(s) to the Enrollment Services Office and submit a Credit Evaluation Application if they want their credits considered for their degree.

Important Note: All admission and enrollment information is sent via letter and/or email. To avoid complications and delays, applicants must include their correct address on their admission application. Otherwise, the admission and enrollment process may be delayed. Students can change their address by going to their ctcLink Student Homepage, clicking on the Profile tab, and clicking on Addresses.

Evaluation of Transfer Credits
The Enrollment Services Office determines which credits transfer and how they apply to a degree or program. Transfer of credits and the application requesting credits be evaluated and transferred to a degree or program are two separate but related processes. Not all transfer credits apply to every degree or certificate. Semester credits convert to quarter credits by multiplying the semester credits by 1.5.

Note: Credits earned at regionally accredited colleges and universities are eligible for transfer to Centralia College.

Application for Credit Evaluation
Centralia College uses a two-step process to determine which transfer credits apply to Centralia College degrees or certificates. Students must:

1. Have an official copy of their transcripts sent directly to the college or submit a sealed official transcript to the Enrollment Services Office.

2. Complete and submit an Application for Credit Evaluation for official evaluation. This form is available online at www.emailmeform.com/builder/form/5K0Q9yj0e14C3MODzG14xgTe. Centralia College does not evaluate transcripts without an official Credit Evaluation Application from the student.
Note: Enrolled students should allow a minimum of six weeks for processing from the start of the first quarter after their transcript arrives and/or after the Application for Credit Evaluation is submitted.

Transcripts become the property of Washington State and become part of a student’s official file. They cannot be returned or sent to another school or college. Centralia College does not issue or certify copies of transcripts from other institutions.

Academic Credit for Prior Learning
In addition to taking classes from Centralia College or transferring credits from other colleges, there are other ways students may be able to apply credits towards their program. These are called non-traditional credits. Non-traditional credits are granted on a case-by-case basis consistent with non-traditional credit requirements established by NWCCU. Students receiving non-traditional credit must meet Centralia College’s degree requirements. Centralia College will recognize four categories of Credit for Non-Traditional Learning, as follows (descriptions are taken from the State Board for Community and Technical Colleges):

1. Credit by Testing: Commonly accepted higher education equivalency exams that are documented via transcripts or other official record.
   a. Advanced Placement. Centralia College will grant a minimum elective credit for an Advanced Placement (AP) score of 3 or higher. Credit will be awarded on the basis of official AP results, not transcript notation. AP grade reports should be requested from the College Board and sent to the Enrollment Services office.
   b. Cambridge International. Centralia College will grant a minimum elective credit for each Cambridge International (CI) Examination for A-level exam with a passing grade or above for approved examinations. Credit will be awarded on the basis of official CI Examination results, not transcript notation. Duplicate credit for the same subject taken on different exams will not be granted. No grades are posted for A-level exams.
   c. International Baccalaureate. Centralia College will grant a minimum elective credit for an International Baccalaureate (IB) Higher Level (HL) exam score of 5 or higher. Credit will be awarded on the basis of official IB results, not transcript notation, that have been submitted to Enrollment Services. For International Baccalaureate Exams, Washington community and technical colleges though the Articulation and Transfer Council (ATC) are in the process of conducting a review of Higher-Level exams for grades of 4, along with a comprehensive review of Standard Level (SL) subjects to determine credit award policies for exams with grades of 4 or higher.
2. Prior Experiential Learning: Knowledge and skills acquired through experience alone, evaluated by a faculty member via evaluation of a compilation of work.
3. Extra-Institutional Learning: Knowledge and skills acquired outside the institution and verified through third-party certifications, industry-recognized testing/training, or crosswalks. Refer to Policy 4.121 for the Military Credit Acceptance Policy.
4. Course Challenges: Challenge examinations are sufficiently comprehensive to determine that the student has the same knowledge and skills as those students who enroll in, and successfully complete, the course. A student should have previous training, private study, work experience, or other bona fide qualifications indicating the student has the knowledge or abilities equivalent to course completers.

ADMISSION AS AN UNDERAGE STUDENT

The underage admission process applies to students currently attending high school or those who are homeschooled, and are under the age of 18.

High School Graduates or Students 18 Years or Older
To enroll in a course for personal enrichment, improving job skills, or for a workshop or a special program, students can register at the Enrollment Services Office during open enrollment by filling out a registration form and paying the
appropriate tuition/fees. The Centralia College website lists the open enrollment dates and times. Individuals seeking entrance into a special program may have to meet additional requirements for admission. Former students can contact Enrollment Services to register online.

Students Between 16 and 18 Years of Age
When a student is younger than 18, their high school class has not graduated, and they do not have a GED, they need the permission of their high school district to enroll at Centralia College. High school juniors and seniors may be eligible to enter Centralia College as Running Start students. Students that are considered underage and are not part of the Running Start program should contact Enrollment Services for more information.

ADMISSION FOR HIGH SCHOOL DIPLOMA/GED

High School+ (HS+) is a competency-based high school diploma program for adult learners 18 and older. GED classes help students prepare for the Mathematical Reasoning, Reasoning through Language Arts, Social Studies, and Science GED test.

New Students

1. Apply for admission
2. Sign up for Orientation
3. Attend the Orientation you selected. At Orientation, you will learn about college and career ready programs, view the class schedule, develop your academic plan, and register for classes that best match your goal.

 Returning Students

If you are returning after missing one quarter (less than 5 months), call 360-623-8957 or email BEdA@centralia.edu for a registration appointment.

If you are returning after missing 5 months or more, complete the following:

1. Complete a Returning Student Update Form.
2. Sign up for Orientation.
3. Attend the Orientation you selected. At Orientation, you will learn about college ready programs, view the class schedule, develop your academic plan, and register for classes that best match your goal.

ENROLL AS A DROP-IN STUDENT

Students interested in taking classes, workshops, non-degree programs, or learning assistance programs for personal enrichment can register as drop-in students. Drop-in students register after priority students. Drop-in students can register for remaining classes on a first-come, first-served, space-available basis. The period of registration in which drop-in students register is called Open Enrollment or open registration.

High School Graduates or Students 18 Years or Older
Classes for Credit/Grade: If a prospective student hasn’t applied for admission, they will need to apply for admission first. If they have attended within the last three quarters, they can complete the Returning Student Form. Students will then have the opportunity to register online during open enrollment.
Continuing Education/Community Service Classes: To enroll in a course for personal enrichment, improving job skills, or for a workshop or a special program, students can register online at www.campusce.net/centralia.

**Students Between 16 and 18 Years of Age**
When a student is younger than 18, their high school class has not graduated, and they do not have a GED, they need the permission of their high school district to enroll at Centralia College. High school juniors and seniors may be eligible to enter Centralia College as Running Start students.

Students interested in Running Start should contact the Advising/Counseling Center for more information. Students that are considered underage and are not part of the Running Start program should contact Enrollment Services for more information.

**Students Under 16 Years of Age**
The minimum age for admission into credit classes is 16, unless a student already has a high school diploma or GED. Exceptions are rarely granted. Students wishing to seek an exception should contact the Enrollment Services Office for the appropriate forms and procedures.

**Senior Citizens**
Adults at least 50 years old may enroll in college classes for a reduced fee, provided there is space available. Adults may enroll for no more than two courses per quarter at these rates. Contact Enrollment Services for more information.

**ADMISSION AS AN INTERNATIONAL STUDENT**

**International Student Programs Office**
402 S King St., Centralia College
360-623-8965
intlCC@centralia.edu

Centralia College encourages and welcomes students from other countries who want to pursue a quality education. Centralia College offers academic and technical programs and an Intensive English Program (IEP). For immigration and tuition purposes, international students are classified as nonimmigrant (F-1 or M-1 visa), non-U.S. citizens, and non-residents. Application forms are available online at www.centralia.edu/international.

**ADMISSION REQUIREMENTS**
To be considered for admission to Centralia College, including the Intensive English Program (IEP), the following items must be submitted to the International Student Programs office via email to intlcc@centralia.edu or via postal mail to International Student Programs, 600 Centralia College Blvd, Centralia, WA 98531:

1. Completed and signed **International Student Application**
2. Application fee (USD $65 via money order, cashier's check, or credit card: Visa, Mastercard, or Discover)
3. Proof of adequate financial support for all expenses for one academic year, e.g., official bank statement, notarized affidavit of support, embassy, agency or government letter of support. Expenses for tuition, fees, insurance, and living expenses for a year at Centralia College are available at www.centralia.edu/international/tuition.html. International students are not eligible for financial aid, but they can apply for college scholarships. Continued enrollment will require a more current statement of financial support.
4. Official transcripts from high school and all colleges attended (including all language schools, universities, etc.)
5. Copy of current passport. Proof of proficiency in the English language is NOT required for admission.
6. Students without an official TOEFL score or with an official TOEFL score below 500 (paper-based)/173 (computer-based)/61 (Internet-based) or an IELTS score below 5.5 will be admitted only to the Intensive English Program (IEP).
   a. Students with a TOEFL score higher than 500 (paper-based)/173 (computer-based)/61 (Internet-based) or
an IELTS score higher than 5.5 may enroll in college-level courses after an assessment of readiness has been completed at Centralia College.

Note: All international students are REQUIRED to purchase student health insurance each quarter through the International Programs Office.

ADMISSION AS A RUNNING START STUDENT

Running Start Program
Advising/Counseling Center
TransAlta Commons Building, Second Floor
360-623-8967
ccrunningstart@centralia.edu

For high school juniors and seniors who are academically ready for college-level work, Running Start provides a valuable opportunity to earn up to two years of college tuition-free while finishing their high school requirements. Running Start students may enroll in academic/transfer or professional/technical courses. Through an agreement with the high school, Running Start students do not pay college tuition. Students pay for fees and books; these fees may be waived for low-income students.

Students can contact their high school counselor or visit the Advising/Counseling Center for more information.

To apply for Running Start, students must return the following to the Advising/Counseling Center:

A. Apply online at apply.ctc.edu
B. High school transcript
C. Placement test results

Program acceptance letters will be sent after the application and qualifying placements are received with additional instructions.

ADVISING/EDUCATIONAL PLANNING

Advising/Counseling Center
Centralia College East or TransAlta Commons Building, Second Floor
360-623-8967
ccadvising@centralia.edu

Assessing one’s readiness for college coursework is the first step toward success as a college student. Students that gain priority status, will be assigned a faculty advisor who will assist with planning a program of study. Only by considering one’s academic readiness and life situation can one choose courses that offer the right amount of challenge and workload. An advisor can assist with these choices.

Advising
New Students
After applying for admission and completing/submitting placement, students will need to finish assessment and orientation requirements. Assessment and orientation requirements include completing the Smarter Measure assessment and the orientation.
1. **SMARTER MEASURE**
   The Smarter Measure Learning Readiness Indicator is an assessment meant to be an interesting experience by which you may learn more about yourself. It will take you about 25-35 minutes from start to finish but you may log out and complete it later if necessary. After logging, you will receive an email from Smarter Measure with a PIN number that will allow you to log back in later or view your results again. Please complete prior to your advising appointment. To complete the Smarter Measure Assessment, login at:
   [https://centralia.smartermeasure.com](https://centralia.smartermeasure.com)
   Username: centralia_college
   Password: student

2. **ORIENTATION**
   The orientation will provide student information about the college.
   To complete the orientation:
   [https://prezi.com/view/nNEihyIPTqPpwTFSComw/](https://prezi.com/view/nNEihyIPTqPpwTFSComw/)
   This link has a voiceover:
   [https://drive.google.com/file/d/1RFcK2YGcigcZIPXWSNR4mZrO3NsWIt6/view?usp=sharing](https://drive.google.com/file/d/1RFcK2YGcigcZIPXWSNR4mZrO3NsWIt6/view?usp=sharing)
   Please complete the survey at the end of the orientation prior to your advising appointment. This will assist with advisors in preparing for their meeting.

After completing assessment and orientation requirements, new students can call or visit the Advising/Counseling Center for advising/registration dates and times. (See above for contact information.) New students should expect to discuss their plans, review their assessment of academic readiness, select and schedule classes, register, and pay tuition and fees.

**Returning Students**
Returning students must meet with an advisor prior to registering. Visit the Advising/Counseling Center or Centralia College East, or call 360-623-8967 to schedule an appointment.

**Current Students**
Students must meet with their advisor on Advising Day or during Advising Week to plan their classes and get their registration hold released. Students are expected to contact their advisor BEFORE Advising Day to set up an advising appointment. After meeting with their advisor, students can visit their ctcLink student homepage to access their registration time and register for classes.

Students may request to change their advisor at any time.

**Note:** It is the student's responsibility to meet all graduation and transfer requirements (if applicable). The advisor only assists and is not responsible for a student's total planning.

**REGISTRATION**

**Enrollment Services Office**
TransAlta Commons Building, Second Floor
360-736-8976 Main Campus • 360-496-5022 Centralia College East

Registration is the process of enrolling in classes. Only officially registered students may attend class. Registration depends on the type of student and their educational plans.

Students can register based upon the following order of their registration status:
1. Early
2. Priority
3. Open
Early Registration
Per RCWs 1,2 Centralia College provides Early Registration, which takes place before Priority Registration, to student Veterans, spouses/dependents using VA educational benefits or the state veteran waiver and some students with specific disabilities.

Priority Registration
In order to qualify for Priority Registration, students must complete the following steps:
1. Apply for Admission,
2. Intend on earning a certificate, degree or diploma,
3. Complete placement requirement(s),
4. Complete the orientation (if required), and
5. Meet with an entry advisor.

Students that have completed the process will be assigned a faculty advisor and changed to priority status. Students with priority enrollment status are given priority in selecting their classes, after students with Early Registration status, for the next quarter. Appointment times for registration are created according to total Centralia College cumulative credits earned.

Having earned at least 90 credits, students accepted into any Bachelors of Applied Sciences program(s) will receive a registration time before students working toward an associate degree/certificate.

Centralia College has the authority to determine additional populations that can be moved to an earlier registration time, regardless of credits earned.

Open Registration
The period of registration in which drop-in students register is called open registration. Students interested in taking classes, workshops, non-degree programs, or learning assistance programs for personal enrichment can register during open registration. If the class is for credit and/or a grade, the student will need to apply for admission. Drop-in students register after early and priority registration. Drop-in students can register for remaining classes on a first-come, first-served, space-available basis.

1 RCW 28B.15.624 / 2 RCW 28B.10.912

Late Registration
Students may add classes by completing and submitting a Class Registration Form or Schedule Change form to the Enrollment Services Office. Forms are available on the college’s website and in the Enrollment Services Office. To add classes that are filled, students must ask for the instructor’s permission and, if authorized, obtain the instructor’s signature or authorization via email or Canvas. To add any class after the second day, whether it is filled or not, students must obtain the instructor’s signature.

The form must be taken to the Enrollment Services Office for processing. Students will not be allowed to add a class after the first 10 days of the quarter (eighth day of summer) except in continuous enrollment classes without a Late Registration Authorization Form. For continuous enrollment or Late starting courses, registration may continue after the second week of the quarter.

Change of Schedule/Withdrawal from Classes
Students can add and drop classes for a limited time at the beginning of each quarter. To add or withdraw officially from a class, students must submit a Schedule Change form to the Enrollment Services Office. Forms are available on the college’s website and in the Enrollment Services Office. Through the first week of the quarter, students can drop their class(es) through ctcLink.
IMPORTANT:

- Students are strongly encouraged to consult with their advisor before adding or dropping classes. Students who are receiving financial aid and/or scholarships should consult with the Financial Aid Office to avoid jeopardizing their aid. Student who are receiving VA Educational Benefits must check in with the School Certifying Official to avoid jeopardizing their aid.
- Students who stop attending class will NOT be dropped or withdrawn automatically. Official withdrawal is required. To withdraw from a class, students must submit a Schedule Change Form to the Enrollment Services Office. Failing to withdraw officially may result in a failing grade in the class.
- Students are required to pay for any classes for which they register. Refunds are available for a limited time at the beginning of each quarter.

Student Withdrawal
Students who withdraw from their class(es) before the Enrollment Census Date will have their name removed from the class list and no record will appear on their transcript.

If a student withdraws from the class, after the census date and by the last class day, the student will receive a grade of “W” on their transcript. Students who stop attending class will not be withdrawn automatically.

Instructor Initiated Withdrawal
Students are expected to attend all classes for which they enroll. Faculty will notify Enrollment Services of all students who do not attend class or secure approval for their absence: this notification will take place after the end of the second class session, but before noon of the sixth business day from the start of the term.

Note: The instructor must notify the Enrollment Services Office of this withdrawal by noon of the sixth business day since the start of the class. If a student has attended before the first day that an instructor can drop the student for non-attendance, the student cannot be dropped from the class for non-attendance.

Administrative Initiated Withdrawal
The most common reason for administrative withdrawal is class cancellation. Administration may withdraw students for non-grade related reasons such as, but not limited to, medical, disciplinary, error, or military assignment.
When estimating college costs, students are reminded to include amounts for tuition and fees, special fees, books, supplies, transportation, and living expenses. The college accepts most major credit cards for payment of tuition, fees, books, and supplies. Check with the cashier for details.

**Tuition and Fees**

Tuition rates for Centralia College are set annually by the state legislature and the State Board for Community and Technical Colleges.

The most up-to-date tuition rates and fees are posted on the Centralia College website.

The Associated Students of Centralia College (ASCC) student fee of $30 per quarter will be charged in addition to tuition and fees. Student Use Fee of $4 per credit (up to 10 credits/maximum $40 per quarter). Student Project Fee of 5 percent per credit (up to 18 credits). Lab/course fees may apply.

- ABE/ESL - $25 per student/per quarter
- Parent Education - $16 per credit
- Senior Citizen Courses (ASI and SNRC) - $20 per credit + fees
- Vocational 18+ credits - No charge
- EMT - $31 per credit
- Apprentice - $56.62 per credit
- Veterans, child and spouse of totally disabled POW/MIA or deceased eligible veterans or National Guard members
  - tuition waiver - 100 percent
- Space Available Basis*
  - State Employee Waiver - $20 per quarter up to two quarters
  - Senior Citizen Waiver - $5 per quarter up to two classes + fees

*Students wanting to use this waiver can register for the class on third day of the quarter with instructor permission.

**FINANCIAL OBLIGATION**

Students are expected to meet all financial obligations by established deadlines. Centralia College may remove students from classes by the census date if the student has not paid tuition and fees in full, qualified for a waiver, established a payment plan, or received a guarantee from a third-party payer. The college may revoke registration privilege if the student has unpaid debt of any amount. Financial obligations of $100 and above will be sent to a collections agency as described by Business Office procedures.

**PAYMENT PLAN**

Centralia College offers a payment plan to help students spread the cost of tuition and fees throughout the quarter. Students can enroll in a payment plan by visiting the ctcLink Student Homepage. Click on Financial Account, then Payment Plans, then Enroll in Payment Plan.

**Residency Requirement**

Students who are residents of Washington pay less for tuition than nonresident students. This is because Washington taxpayers pay the difference in cost for Washington residents. Washington law determines residency status for tuition purposes. New legislation (SB 5194), effective July 25, 2021, provides more opportunities for students to meet residency requirements for in-state tuition.
To qualify, students must meet all of the following requirements:

- Earn a high school diploma, GED, or diploma equivalent before their first term at the college determining residency.
- Maintain a primary residence in Washington for at least 12 consecutive months immediately before their first term at the college determining residency.
- Sign an affidavit saying they meet the above requirements and that one of the following is true:
  - They will file an application to become a permanent resident of the United States as soon as they are eligible to apply. And, that they are willing to engage in activities designed to prepare them for citizenship, including citizenship or civics review courses or
  - They are a U.S. citizen, U.S. national, or U.S. permanent resident.

**How to submit the affidavit:**

- **Individuals who applied or will apply for state financial aid using the Washington Application for State Financial Aid (WASFA)**
  WASFA-filers submitted/will submit the affidavit as part of the WASFA. The WASFA is for undocumented students, students who are not eligible for federal aid, and students who do not want to apply for federal aid.

- **Individuals who applied or will apply for federal and state financial aid using the Free Application for Federal Student Aid (FAFSA) or who are not applying for aid**
  FAFSA-filers or people not applying for aid will submit a PDF form to their school.

Nonresident tuition is required of students whose legal residence is outside of Washington. There are some limited exceptions to this rule. The Enrollment Services Office can explain these exceptions. Nonresidents of Washington pay a slightly higher rate.

International students attending Centralia College are classified as nonresidents unless they meet the qualifications above. International students pay the highest rate.

To apply to change residency classification, students must complete the Residency Questionnaire form and provide documentation within 30 calendar days of the beginning of the quarter for which they have registered. Residency forms and regulations are available in the Enrollment Services Office.

**Refund Policy**

The state determines the limits of Centralia College’s refund policy. Refund requests must be made to the Enrollment Services Office.

Students who officially withdraw from a class or from the college through the Enrollment Services Office may be entitled to a refund. Refunds may not be arranged by telephone. Refund policies are available on the Centralia College website.

For classes beginning after the first week of the quarter, refunds are calculated according to policies listed on the college website. Centralia College can issue a refund only after the student has paid outstanding debts. Financial aid is refunded directly to the financial aid agency. The Financial Aid Handbook has detailed information about how this is done. Centralia College distributes refunds by check. Allow 12 business days for processing. Refunds are credited for payments made with a credit card to that credit card account. If a class is canceled, students will automatically be refunded 100 percent.

Centralia College does not refund special fees after the first class day. Centralia College does not refund lab fees after the 10th class day. Before those deadlines, Centralia College will refund the fees in full provided the student has not used the supplies. If supplies are used, the refund will be prorated.
The cashier may require verification by the instructor before refunds are made.

**Exceptions to the Refund Policy**

Requests for students to have all or part of their tuition and fees refunded, to the original funder, and/or a withdrawal may be considered due to any of the following reasons:

- **Medical** reasons in accordance to the RCW 28B.15.605,
- **Military Servicemembers** called to service in accordance to the RCW 28B.10.270,
- or **Extreme Hardships**, at the discretion and approval of the Director of Enrollment Services or designee.

Contact Enrollment Services for more information.

**Non-Sufficient Funds Check Policy**

Centralia College charges $25 for each NSF (non-sufficient funds) check. This charge may be subject to change. Centralia College will place a hold on registration, grades, transcripts, etc., until students settle the NSF check and associated fees. All NSF checks will be sent to a collection agency in 15 days. The collection agency may charge an additional collection fee and interest. A student’s registration may be canceled if the NSF check is for tuition (including lab and other fees).

**Appeals**

If a student fails to meet their financial obligations to the college, the college will block their registration. Students have the right to make a written appeal regarding fees, refunds, fines, charges, debts, or other financial obligations to the college. Appeals can be addressed to the Director of Business Services.

**FINANCIAL AID**

**Financial Aid Office**

TransAlta Commons Building, Second Floor  
360-623-8975 • 360-330-7105 Fax  
ccfinancialaid@centralia.edu

More than 70 percent of Centralia College students receive some form of financial aid. Financial aid awards are made on a first-come, first-served basis. Early application is recommended.

Centralia College has a financial aid priority funding deadline of April 15. Students must complete a financial aid file by this date to be considered for maximum funding. If the priority deadline is not met, the student’s financial aid file will still be reviewed but, if the student qualifies, funding may not be ready by the first day of classes. In that case, students need to pay their own tuition by the posted deadline. Payment plans are available. See [www.centralia.edu/funding/pay.aspx](http://www.centralia.edu/funding/pay.aspx) for details.

Students are encouraged to check their ctcLink account to view the status of their financial aid. There, students can confirm what documents are needed and received.

**Eligibility**

In general, to be eligible for financial aid students must:

1. Be a U.S. citizen or eligible non-citizen (FAFSA) or undocumented Washington resident (WASFA)
2. Have a high school diploma or GED, or meet the ability to benefit guidelines

**Applying for Aid**

To apply for financial aid, students must submit the following:

1. Free Application for Federal Student Aid (FAFSA) or, for Washington residents who are undocumented, DREAMers, or DACA, the WASFA (Washington Application for State Financial Aid)
2. Centralia College Application for Admission – To be eligible for funding, students must be admitted to the college for the quarters they wish to receive funds.

3. Centralia College Financial Aid Form (https://www.centralia.edu/funding/docs/cc_financial_aid_form.pdf)

4. Verification or Other Required Forms – The Financial Aid Office may need additional forms. Students will be notified by email if this occurs.

Funding

Financial aid helps offset the cost of college. The primary responsibility for paying for education rests on the student and their family. However, if the combined financial resources are not enough to cover expenses, students may qualify for funding from these various sources:

- Grants (federal, state or institutional funds): Federal Pell Grant, Washington College Grant, Federal Supplemental Educational Opportunity Grant, or Centralia College Grant
- WorkStudy (federal, state or institutional funds): Federal or State WorkStudy, Student Employment
- Scholarships (institutional): Centralia College (separate process for applying)

Loans

Centralia College does not participate in the Federal Direct Loan program, but the following options are available: Centralia College Short Term Loan and alternative loans through outside lending agencies.

Standards of Academic Progress (SAP)

To be awarded and continue to receive financial aid funds, students must meet Centralia College Financial Aid SAP standards. Students who do not meet the SAP standards or whose financial aid has been canceled have the option of submitting an appeal. The Financial Aid Office can provide additional information.

If a student is receiving financial aid and they completely withdraw from or stop attending their classes, the student may be required to repay a portion of the funds they received.

WORKFORCE FUNDING

Transitional Services Building, Room 101
workforcefunding@centralia.edu

Worker Retraining

The Worker Retraining (WRT) program provides funding to Washington State community and technical colleges for dislocated and unemployed workers to enter approved training programs. Students may receive related support services including assistance with Employment Security Department applications, financial aid, career advising, educational planning, referral to training resources, job referral, and job development.

Students may be eligible for Worker Retraining support for any of the following reasons:

- Receiving or eligible to receive unemployment benefits
- Have exhausted unemployment benefits within the past 4 years.
- Formerly self-employed and currently unemployed due to general economic conditions.
- Unemployed veteran discharged within the past four years.
- Unemployed or underemployed after having been dependent on another family member's income but no longer supported by that income due to separation, divorce, death, or permanent disability of the main wage earner.
- A vulnerable worker (at risk of being unemployed) who meets certain requirements.

Worker Retraining funds may be awarded for tuition, fees, books, childcare, tools, or Training Completion Aid. Eligible students must apply for federal financial aid.

WorkFirst
The WorkFirst program at Centralia College provides employment and training services to students who receive Temporary Assistance for Needy Families (TANF) from DSHS. WorkFirst can help students pay for tuition and books. WorkFirst students may also qualify for WorkFirst Student Support funds, childcare, and other benefits through DSHS.

Approved programs include:
- High School Diploma
- GED
- Basic Skills
- English Language Acquisition (ELA)
- All professional-technical certificates/degrees
- Continuing Education (job-related)

Interested students can contact their case manager at DSHS for a referral to get started in the WorkFirst program at Centralia College.

**Basic Food Employment & Training (BFET)**

The BFET program can help students get the training they need for a better-paying job and economic security. To be eligible for the program, students must qualify for basic food assistance, but not be receiving Temporary Assistance for Needy Families (TANF).

BFET may assist with tuition and fees, required textbooks, and some required class supplies.

Approved programs include:
- High School Diploma
- GED
- Basic Skills
- English Language Acquisition (ELA)
- All professional-technical certificates/degrees
- Continuing Education (job-related)
- Most Associate of Arts degrees

**OUTSIDE AGENCIES**

Students who expect to be funded by an outside agency (such as a tribe, L&I, or DVR, for example) need to ensure the payments reach the Cashier's Office by the posted quarterly deadline. Failing to do so may result in being dropped from classes. For questions, please contact the Cashier's Office at 360-623-8931 or cashieroffice@centralia.edu.

**SCHOLARSHIPS**

**Centralia College Foundation**
401 Centralia College Blvd.
360-623-8942

Centralia College, through its foundation, has more than 250 scholarships available to new and continuing students. Scholarship applications are available on the college’s and foundation’s websites beginning in December and are typically due on March 1. Recipients are matched to the scholarships with the criteria that best fits their academic path and accomplishments. A single application applies to most of the scholarships to be awarded. There are additional steps for several scholarships, including nursing, valedictorian, and salutatorian scholarships. The foundation notifies recipients during spring quarter.
SERVICES FOR VETERANS
TransAlta Commons Building, Second Floor

Centralia College is approved to provide educational benefits to veterans, active-duty service members, National Guard, and eligible spouses/dependents who receive benefits.

SCHOOL CERTIFYING OFFICIAL
Enrollment Services Office
Kathy Tukes 360-623-8553
kathy.tukes@centralia.edu

The School Certifying Official can provide the following: assistance through the education benefit application process; notification of enrollment and enrollment changes to the VA; help in interpreting, explaining, and implementing VA policies and college regulations.

Any changes to a student’s schedule or program must be immediately communicated to the School Certifying Official.

VETERANS CENTER
Kirk Library, Room 103
360-623-8958

The Centralia College Veterans Center is a dedicated safe zone on campus for all veterans, active duty personnel and spouses/dependents currently enrolled and receiving benefits. The Veterans Center connects students to both college and community veteran’s resources, as well as providing access to the computer lab, free printing, and a commons area.

MILITARY CREDIT ACCEPTANCE
In response to RCW 28B.10.057, Centralia College will evaluate and grant credit hours for military education based on the recommendations from the American Council on Education's (ACE) Guide to the Evaluation of Educational Experiences in the Armed Services. This is in accordance with transfer credit policies at Centralia College and the State Board for Community and Technical Colleges. Students are required to supply Enrollment Services with an official copy of their Joint Services Transcript (JST) or a transcript from the Community College of the Air Force, as well as previous academic transcripts.

EARLY REGISTRATION
Centralia College allows early registration (as defined by RCW 28B.15.624 and HB 1052) to all eligible veterans (with qualifying DD214), National Guard members, and spouses/dependents who are receiving VA Educational benefits. Refer to the Academic Calendar for registration dates.

ADDITIONAL INFORMATION
Selected programs of study at Centralia College are approved by the Workforce Training and Education Coordinating Board’s State Approving Agency (WTEECB/SAA) for enrollment of those eligible to receive benefits under Title 38 and Title 10. USC.

Centralia College does not and will not provide any commission, bonus, or other incentive payment based directly or indirectly on success in securing enrollment or financial aid to any persons or entities engaged in any student recruiting or admissions activities or in making decisions regarding the award of student financial assistance.
Centralia College is required by the VA to limit student enrollment to 85 percent veteran enrollment per cohort. In the event a veteran wishes to enroll in a class that has already reached the 85 percent cap, they may do so, but it will not be eligible for VA funding. Chapter 35 and 31 students may still enroll even if the 85 percent has been realized. Note: This applies per USC 3680A(d)(1) for each program/ concentration/ track offered at the school.

**PARTICIPATION IN COURSES PENDING VA PAYMENT**

In accordance with Title 38 US Code 3679 subsection (e), Centralia College adopts the following additional provisions for any students using U.S. Department of Veterans Affairs (VA) Post 9/11 G.I. Bill® (Ch. 33) or Vocational Rehabilitation and Employment (Ch. 31) benefits, while payment to the institution is pending from the VA. This school will not:

- Prevent the student’s enrollment;
- Assess a late penalty fee to;
- Require student secure alternative or additional funding;
- Deny their access to any resources (access to classes, libraries, or other institutional facilities) available to other students who have satisfied their tuition and fee bills to the institution.

However, to qualify for this provision, such students may be required to:

- Produce the Certificate of Eligibility by the first day of class;
- Provide written request to be certified;
- Provide additional information needed to properly certify the enrollment as described in other institutional policies.

**ACADEMIC INFORMATION**

**INSTRUCTION OFFICE**

Walton Science Center • Room 120
360-623-8929

**CREDIT SYSTEM**

Centralia College divides the academic year into four quarters. Fall, winter, and spring quarters are approximately 11 weeks each. Summer quarter is six to eight weeks.

In general, a class that meets one hour per week for one quarter earns one credit; a class that meets five hours per week for one quarter earns five credits. Laboratory and certain other courses vary. The credit hours for each course are listed after the course titles in the Course Description section of this catalog. Some classes, particularly those offered through Transitional Education, offer variable credit (generally from 1 to 5 credits). With assistance from an advisor and/or the course instructor, students decide how many credits they can reasonably carry in one quarter and register for that amount.

To earn credit, students must officially register for a course and successfully complete it with a passing grade.

**CREDIT HOUR POLICY**

In compliance with U.S. Department of Education regulation and Northwest Commission on Colleges and Universities policy, college level courses at Centralia College, regardless of modality, shall be at a level of rigor such that the average adequately prepared student will invest approximately 30 hours of effort for each quarter credit earned.

Credits represent time. Each quarter, students must realistically assess their time commitments. Students are encouraged to take a credit load that can be managed successfully. To estimate the time needed to commit to college, students can figure three hours per week for each credit (combined class and study time). For example, a 15-credit load represents approximately 45 hours per week. Some students want to complete their associate degree in two school years. They register for an average of 15 to 18 credits each quarter. Other students take fewer credits each quarter, graduating when their requirements are satisfied.
GRADES

Centralia College uses a numerical grading system. Instructors report passing grades from 4.0 to 1.0 in .1 increments. Instructors assign the number 0.0 for failing work and must assign a date of last attendance. Numerical grades are equivalent to letter grades as follow:

<table>
<thead>
<tr>
<th>Numerical Grade</th>
<th>Letter Grade</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>4.0-3.8</td>
<td>A</td>
<td>Superior achievement</td>
</tr>
<tr>
<td>3.7-3.5</td>
<td>A-</td>
<td></td>
</tr>
<tr>
<td>3.4-3.2</td>
<td>B+</td>
<td></td>
</tr>
<tr>
<td>3.1-2.8</td>
<td>B</td>
<td>High achievement</td>
</tr>
<tr>
<td>2.7-2.5</td>
<td>B-</td>
<td></td>
</tr>
<tr>
<td>2.4-2.2</td>
<td>C+</td>
<td></td>
</tr>
<tr>
<td>2.1-1.8</td>
<td>C</td>
<td>Average achievement</td>
</tr>
</tbody>
</table>

Note: 1.8 and 1.9 are below the 2.0 minimum requirement for program entrance or completion.

1.7-1.5 | C-  
1.4-1.2 | D+  
1.1-1.0 | D   | Minimum achievement  
0.0   | F   | Failure to meet minimum course requirements.

W • Withdrawal
May be awarded only on or before the last class day. May only be student initiated. Requires dated signature of student. Not calculated in the grade point average. The college encourages students to speak with their instructor(s) before withdrawal.

I • Incomplete
No grade points calculated. The student must have finished a substantial portion of the work, attended past the 35th class day, be passing the course (1.0 or above), and because of circumstances not ordinarily controllable by the student, was not able to finish the course prior to grading. The instructor and student must complete a detailed contract that specifies what work is remaining, and when it is due. The contract must specify the default grade, if the additional work is not accomplished by the time limit. The grade shall revert to the default grade, if no new grade is turned in by the instructor by the time limit. The instructor, student, and Enrollment Services receive copies of the contract. If there is no contract, or an incomplete contract when an “I” has been requested by the instructor, the grade shall be recorded as an *, until a complete contract is on file with Enrollment Services. Incomplete work must be completed and submitted to the instructor by the deadline established by the instructor but not to exceed 180 days past the end of the quarter.

N • Audit
No credit. Not calculated in grade point average.

S • Passing with credit
Not calculated in grade point average. Used only by approved departments. Degrees and certificates may limit the use of S credits.

U • Unsatisfactory progress
Not calculated in grade point average. Used only by approved departments.

Y • In progress
No grade point calculated. Used in courses, such as correspondence, that do not begin and end with the regular quarter calendar. Not calculated in grade point average. A student has two quarters to complete the class (an extension for a third
quarter is available for an additional fee). The instructor will submit a change of grade form to Enrollment Services at the completion of the coursework within the time limit. If no new grade is turned in by the instructor a grade of 0.0 will be issued.

**Time Limitation to Change a Grade**
Instructor may authorize a grade change within the next quarter of the academic year. Summer quarter is excluded (i.e., spring quarter grade changes must be made by end of fall quarter; summer quarter changes must be made by end of fall quarter).

**Course Audit**
Students that are interested in auditing a course can observe class activities and receive instruction with an instructor’s permission without being required to complete assignments or take exams. To audit a course, the student must complete the Schedule Change form with the instructor’s signature, enroll by the census date, and pay appropriate tuition and/or fees. Auditing a course results in the class not being awarded credit or a grade. The transcript will show an “N” for an audited course and will not factor into the GPA.

**Grade Forgiveness**
Grade forgiveness provides the student an opportunity to request to have specific class(es) not calculate into the GPA.

Grade forgiveness will be granted by meeting the following criteria:
- Only grades below a 2.0 GPA can be requested.
- Grade(s) must be at least one year old.
- The student must have completed a minimum of 24 credits, with a cumulative GPA of 2.0 or higher, from Centralia College and/or another regionally accredited college/university since the quarter of the grade forgiveness requested.

Forgiven courses
- will remain on the student’s transcript but will not be calculated in their GPA or credits at Centralia College,
- cannot be used as credits in any degree, certificate, diploma, or course requirement, and
- cannot be reinstated later.

**Academic Renewal**
Academic renewal provides the student an opportunity to have entire quarter(s) not calculate toward the GPA.

Students may request for any quarter(s) for academic renewal under the following conditions:
- The quarter(s) requested must be at least one year old.
- The requested quarter(s) cannot be used previously as credits in any degree, certificate or diploma.

Academic renewal grades will remain on the student’s transcript but will not calculate in their GPA or credits at Centralia College and cannot be reinstated later. The request must include all courses in the quarter.

**Advising Note:** Forgiven grades may not be recognized by other colleges. Staff at another college could recalculate a transfer student’s GPA, counting all their grades for admission and transfer purposes.

**Repeating a Course**
Students who repeat a class will receive credit for taking it once with a few exceptions. The higher grade will count toward their GPA. Both grades will remain on the student’s permanent record. Enrollment Services may adjust for educational or regulatory reasons.

A student can repeat a credit-bearing course, a fourth time, only to fulfill a skills requirement or academic progress in accordance with the State Board for Community and Technical College’s Repeat Course Rules. Students enrolled in a
course, for a fourth time, will be unenrolled from that class unless the student appeals to the Director of Enrollment Services before the third business day before the start of the quarter.

1SBCTC Policy Manual Chapter 4 Appendix A
2SBCTC Policy Manual Chapter 5 Appendix A Reporting Enrollment

Advising Tip: Transfer colleges may choose either grade or the average of two grades.

Transcripts
An official transcript is a copy of a student’s academic record signed by the Director of Enrollment Services. There is a small processing fee for each official transcript. Centralia College works with the National Student Clearinghouse to provide online transcript ordering. More information is available on the college’s website.

STUDENT RECORDS
Enrollment Services Office
TransAlta Commons Building, Second Floor
360-623-8976

Student Identification Number
All students are assigned a student identifier known as a ctcLink ID when they apply for admission to Centralia College. This number provides access to a number of services at the college.

If a student has transferred from another college in the Washington State community and technical college system, that number will be transferred.

Confidentiality of Student Records
The Family Educational Rights and Privacy Act (FERPA) of 1974 affords students certain rights with respect to their records. FERPA affords eligible students certain rights with respect to their education records. (An “eligible student” under FERPA is a student who is 18 years of age or older or who attends a postsecondary institution.)

These rights include:

- **Inspect and review their education records.** Students may contact Enrollment Services to request an inspection of their records. A request must be submitted in writing to the Registrar. Centralia College has 45 days from the receipt of the request to arrange for access.

- **Request an amendment of their education records.** Students may submit a written request to the Registrar if they wish to have an amendment made to their education records. If Centralia College decides not to amend the student’s record as requested, the student will be notified and advised of the student’s right to a hearing regarding the request for an amendment.

- **Consent to disclosures of personally identifiable information contained in the student’s education records,** except to the extent that FERPA authorizes disclosure without consent. Disclosure to school officials with legitimate educational interests does not require the student’s consent. A school official is a person employed by Centralia College in an administrative, supervisory, academic or research, or support staff position; a person or company with whom Centralia College has contracted (such as an attorney, auditor, or collection agency); a person serving on the Board of Trustees; or a student serving on an official committee, or assisting another school official in performing their tasks. Volunteers and interns serving in any of these capacities are also considered school officials. A school official has a legitimate educational interest if the official needs to review an education record to fulfill their professional responsibility. Upon request, Centralia College may disclose education records without consent to officials of another school in which you are currently enrolled, receive services, or seek or intend to enroll.
• **Prevent disclosure of directory information.** Centralia College routinely publishes and discloses directory information about students to various requestors. FERPA defines directory information as information contained in the education records of a student that would not generally be considered harmful or an invasion of privacy if disclosed.
  - Directory information consists of:
    - Name
    - Field of study
    - Participation in officially recognized activities and sports
    - Dates of attendance
    - Enrollment status
    - Degree or certificate earned
    - Term Degree or certificate earned
  - Students who would like to block Centralia College from releasing their directory information must submit a request in writing by utilizing the Student Directory Restriction Request form provided by Enrollment Services or through their ctcLink profile.
    - Please note - If a restriction request is in place, Centralia College could be restricted from including the student’s name in the commencement program or from providing verification of enrollment, graduation, or degrees awarded to third parties, including potential employers, insurance companies and sports recruiters. No directory information would be released to any person. Requests for confidentiality are permanent until removed in writing by the student.

• **File a complaint with the U.S. Department of Education** concerning alleged failures by Centralia College to comply with the requirements of FERPA.
  - The name and address of the office that administers FERPA is:
    - Family Policy Compliance Office
    - U.S. Department of Education
    - 600 Independence Avenue, SW
    - Washington, D.C. 20202-4605

Additionally, the Solomon Amendment, a federal law, authorizes representatives from the Department of Defense to request the following information: level of education, age, date of birth, place of birth, and phone number for recruiting purposes.

**Photo Consent Statement**
All students are advised that Centralia College, through the College Relations Office, takes photographs and shoots videos throughout the year, which may include images (as well as audio/video recordings of voices) of members of the student body and reserves the right to use them for publicity, promotional, and marketing purposes.

The College also reserves the right to take photographs of campus facilities and scenes, events, faculty, staff, and students for promotional purposes in any areas on campus or at any Centralia College-sponsored event off campus where subjects do not have a normal and reasonable expectation of privacy. All such photographs and videos are the property of Centralia College and may be used for Centralia College promotional purposes (e.g. electronic and printed publications, websites, classroom use, college ads, etc.) without prior permission of the subjects.

As a general practice, there is no attempt to collect individual photo release forms from students. Instead, College Relations makes the assumption that Centralia College students welcome involvement in these activities. However, students who do not wish to have their images/voices used for this purpose must stipulate this in writing to the College Relations Office at the beginning of the quarter. It is also expected that such students will excuse themselves from photo/video sessions and inform the Centralia College photographer/videographer that they do not wish to be included.

**Change of Address**
When their address changes, students must notify the Enrollment Services Office by completing the Student Update Form or making the changes in their ctcLink account.
Name Change
It is important that students’ names are accurately reflected on their records. It is the student’s responsibility to notify the Enrollment Services Office of any name change. Enrollment Services can change a name with government-issued documentation.

Emergency Messages
Centralia College has no way to relay messages into classrooms or buildings. Only messages relating to accident, illness of a child, or death will be relayed to students. Contact the Enrollment Services Office. Please disclose the nature of the emergency and the college will attempt to locate the student.

Emergency Notifications
The possibility of an emergency exists on the Centralia College campus. There are natural and human-caused situations that require all students, employees, and others to be notified. The college uses Singlewire Informacast to deliver mass emergency notifications to students, employees, and volunteers. This is the primary means of mass notification when emergency and selected other events and situations arise that impact normal operation of the college. To get text alerts for only Centralia College, text #ccalerts to 360-347-2347. To get text alerts for only CCEast only, text #cceastupdates to 360-347-2908.

Right to Know
Annual Security and Fire Safety Report
Centralia College publishes the Annual Security and Fire Safety Report each year on the college website. The report contains crime and fire statistics from the previous three years for certain on-campus, non-campus, and residential college facilities. All current and prospective students and staff are notified of this report annually. If you would like to receive a hard copy of the Annual Security and Fire Safety Report, contact Facilities Operations and Maintenance at 360-623-8947.

Graduation and Transfer Rate Report
The annual graduation and transfer rate report has the percentage of Centralia College students who graduate or transfer to other colleges. A copy of this report is available by contacting the Office of the Vice President of Student Services, or by accessing it online on the college website.

ACADEMIC STANDARDS POLICY
Centralia College is a state supported public institution. Tuition covers about 34 percent of the cost of education. Tax dollars provide the rest. The college expects students to be serious about their education and to plan for their success. The college provides many ways to help; one is by setting standards for academic success.

Students must earn a cumulative grade point average (GPA) of 2.0 or above to be in good academic standing. If a student does not receive a cumulative GPA of 2.0 or above then the college will place the student on warning, probation, suspension, or conditional probation.

The category depends upon how many times the student’s GPA falls below 2.0. If the student raises their cumulative GPA to 2.0 or above then the college will remove any warning, probation, or suspension status. The college reserves the right to place enrollment conditions on students anytime their cumulative GPA falls below a 2.0.

Warning
The first term the student’s cumulative GPA falls below 2.0, the college will place the student on Academic Warning. There is no appeal.

Probation
The second term that a student's cumulative GPA falls below 2.0, the college will place the student on Academic Probation. This is the final warning prior to suspension. There is no appeal.

**One-Quarter Suspension**
The third term a student's cumulative GPA remains below 2.0, the college will suspend the student for one term. During the suspension, the student may not register for any course, and may not participate in events or activities reserved for students. The student has the right to appeal the suspension.

**Conditional Probation**
Suspended students who return from one-term or one-year suspension or were granted an appeal will be placed on conditional probation status. Students on conditional probation status must increase their cumulative GPA to above 2.0 or meet the conditions outlined in their approved appeal. Students who meet the conditions of the appeal but do not raise their cumulative GPA to above a 2.0 will remain on conditional probation status. Students who fail to increase their cumulative GPA to above 2.0 or fail to meet the conditions of their appeal will be suspended for one year. During the suspension, the student may not register for any course, and may not participate in events or activities reserved for students. The college will remove all warning, probation, suspension or conditional probation status from students increasing their cumulative GPA to above 2.0.

**Appeals**
Suspended students can submit an appeal to the Vice President of Student Services as long as they have not filed any previous appeals or have received above a 2.0 GPA in every course. In an approved appeal, the student must show proof of circumstances over which the student had no control and/or show proof of making measurable and substantial progress toward raising their GPA. The Vice President reviews appeals on a case-by-case basis. The Vice President may take the following actions on an appeal:

- Grant the appeal and move the student to conditional probation status
- Grant the appeal under certain conditions and move the student to conditional probation status
- Deny the appeal

The decision of the Vice President is final.

**GRADUATION AND ACADEMIC HONORS**
Students planning to graduate need to submit an Application for Degree/Certificate form for priority evaluation. The application for Degree/Certificate is available online. Completed applications should be emailed to graduationCC@centralia.edu. Centralia College will mail diplomas or certificates approximately 60 days after the grades post at the end of the quarter.

**Priority Deadline to Submit Application for Degree/Certificate**

**Time Restriction for Graduation**
Students may graduate under provisions of any official catalog in effect over the last five years, counting backwards from when they applied for graduation. Substitutions for courses that have changed or are no longer offered must be approved by the Vice President of Instruction. Arrangements will be made for students enrolled in a program that is discontinued to
complete their degree in a timely manner.

Completion of Credits for Degree
To be eligible for a degree from Centralia College, students must complete their final 15 credits, or 35 of the last 45 credits at Centralia College. To be eligible for a certificate from Centralia College, students must complete their final 10 credits, or 15 of the last 25 credits at Centralia College. Students may earn a second degree or certificate if they satisfy all requirements of both degrees.

Commencement Ceremony
A commencement ceremony is held at the end of the academic year. Students who applied for graduation during that year may take part in the ceremony. There is a fee for a graduation cap and gown.

Academic Honors
Quarterly Honors
Quarterly honors will be documented on the transcript in the appropriate term for all students who take 12 or more decimal graded units and qualify based on their GPA. Students who take less than 12 decimal graded units are not eligible for quarterly honors. Students with a quarterly GPA of 3.9 to 4.0 will be on the President’s List. Students with a quarterly GPA of 3.75 to 3.89 will be on the Vice President’s List. Students with a quarterly GPA of 3.50 to 3.74 will be on the Dean’s List.

Graduation Honors
This applies to any student who earns a degree or certificate of proficiency.

- **HIGHEST HONORS**: Students with a cumulative GPA of 3.90 to 4.0 will graduate with HIGHEST HONORS and receive a medallion and gold cord.
- **HIGH HONORS**: Students with a cumulative GPA of 3.75 to 3.89 will graduate with HIGH HONORS and will receive a gold cord.
- **HONORS**: Students with a cumulative GPA of 3.50 to 3.74 will graduate with HONORS and receive a silver cord.

Individuals receiving the honors listed above will be recognized in the commencement program and have the honor stated when their name is announced at the commencement ceremony. Honor grades are calculated through winter quarter for the commencement program and ceremony.

Directory Restriction and Graduation/Commencement
If a directory restriction request is in place, Centralia College is prevented from including the student’s name in the commencement program and public notifications. No directory information would be released to any person. Requests for confidentiality are permanent until removed in writing by the student. If a student would like to revoke the restriction for commencement purposes, they will need to contact Enrollment Services.

SERVICES FOR STUDENTS

**Bookstore**
TransAlta Commons Building, First Floor
9 a.m.-3 p.m. Monday–Thursday
Appointment Only - Friday
360-623-8964
cbookstore@centralia.edu

The Centralia College Bookstore serves students, faculty, staff, and community members. As a self-supporting auxiliary of Centralia College, all revenue earned benefits Centralia College and campus programs. The bookstore offers new, used,
and digital course materials, reference and study aids, art and computer supplies, stationery, snacks, Blazer gear, and gifts.

Visit www.centraliabookstore.com for quarterly course materials information, extended hours, buyback, and rental return information.

**Blazer Bite Cafeteria**  
TransAlta Commons Building, First Floor  
8 a.m. – 2 p.m. Monday-Thursday  
8 a.m. – 1 p.m. Friday  
Closed on days there are no scheduled classes

Food Services offers a full line of fast foods, sandwiches, soups, salads, buffet, beverages, and a variety of snack items for breakfast and lunch.

**Children’s Development Center**  
412 S. Oak Street  
7:30 a.m.-5:30 p.m. Monday-Friday  
360-623-8949

Childcare services are available on campus for children ages one year through six years. The childcare program participates in the Washington State Early Achievers Program. Areas of specialization are in interactions, environments, and overall quality. Parents participate in the children’s classroom and parenting classes. The childcare center is utilized by the Early Childhood Education programs on campus for training and observation purposes.

**ADVISING/COUNSELING CENTER**  
TransAlta Commons Building, Second Floor  
360-623-8967  
ccadvising@centralia.edu

The Advising/Counseling Center offers a variety of services. Appointments are recommended, however, drop-in service may be available.

**Career Services**  
Career counseling helps students to identify suitable academic programs and career paths. In collaboration with a counselor, students discover aptitudes, interests, values, and skills through assessment and exploration. Tools available include the Washington Occupational Information System (WOIS), the Strong Interest Inventory and Myers-Briggs Type Indicator® (fee applies), and other career exploration programs. These assessments and resources help students find college programs, career fields and occupations that align with interests and aptitude. These systems can also be used to search for specific information concerning training, skill needs, rate of pay, and job prospects. Students can also receive assistance with resume writing, interview preparation, and job searching.

**Counseling**  
Pre-admission counseling is available to prospective students to provide information about college programs and courses in their area of interest. Personal counseling and educational problem-solving helps students to manage various problems that may interfere with college success. Examples include stress, relationship problems, interpersonal conflicts, anxiety, depression, or grief. Counselors can also help students build strong study skills, manage test anxiety, set realistic goals, explore transfer information, and troubleshoot problems. Counselors help connect students with resources and services to
support a positive educational experience.

**Educational Services**

- **Pre-admissions Counseling:** Pre-admissions counseling can provide information about programs, courses, and services to match student interest.
- **Educational Counseling:** Educational counseling can help with study skills, academic deficiencies, test anxiety, setting realistic goals, transfer information, program planning, and class scheduling questions.
- **Test Interpretation:** Test interpretation is provided for the ACCUPLACER placement test and career inventories (Myers-Brigg-type indicators).
- **Transfer Advising:** Subject area faculty advisors are the primary source for assisting students in transferring to four-year colleges. However, faculty counselors can assist with application planning and researching transfer options. Transfer information for two- and four-year colleges in Washington are available in the Advising/Counseling Center.

**Blazer Central**

Blazer Central is a student resource and success hub located in the TransAlta Commons room 333. It is an intentional study and collaboration space that is relaxed and supportive, and which offers academic and holistic programming that promotes student success.

Services include:

- Low-level technology support – student email, Canvas, Microsoft Office, etc
- Workshops focused on study skills and habits for success, such as time management, effecting textbook reading techniques, and note-taking
- Individual support for navigating the college experience and connecting to campus resources
- The M2IND Initiative (Mentoring/Motivating for Inspiring, Networking, and Development), M2IND—Mentoring/Motivating for Inspiring, Networking, & Development—a peer mentoring program, pairs apprentices with mentors to help them best utilize and maximize their time at Centralia College

**DISABILITY SERVICES**

TransAlta Commons Building, Room 208
360-623-8966

Centralia College complies with Section 504 of the Rehabilitation Act of 1973, the Americans with Disabilities Act of 1990, and all other applicable state and federal regulations that prohibit discrimination on the basis of disability.

Students with disabilities, who wish to receive assistance, should contact the Disability Services Office as soon as possible, preferably at least six weeks before the start of the quarter. Disability Services staff members will determine accommodations on an individual case-by-case basis for students that qualify. Current (usually not older than three years) documentation of the disability by a qualified professional is highly recommended to facilitate optimal services.

**HONORS AND RECOGNITION**

**Phi Theta Kappa**

Phi Theta Kappa, the honor society of the two-year college, accepts students with a 3.4 or higher GPA. Contact an advisor for information.

**Outstanding Student Award**

Outstanding Students, as living examples of the Centralia College mission, will be recognized for their efforts in persevering to overcome obstacles while pursuing their degree, for achieving their educational goals, and for being an active and engaged member of the community. Any member of the college community may nominate a student for the
Outstanding Student Award. Students may also nominate themselves. The Outstanding Student Awards are presented at commencement. The Office of the Vice President of Student Services has nomination forms and information about eligibility and criteria for the award.

**All-Washington Academic Team**
The Centralia College president names one or two students annually to the All-Washington Academic Team. These students are also nominated for the All-USA Today Academic Team, a national student recognition program. To be eligible for nomination, students must demonstrate academic achievement, community activities, and service to the college while attending Centralia College. Nominations are made during fall quarter.

**INTERNATIONAL STUDENT PROGRAMS**
402 S. King St.
360-623-8965 • intlcc@centralia.edu

The International Student Programs Office helps international students with academic, immigration, career, and personal concerns. Staff also assist by locating host families, placing students in campus apartments, and distributing an apartment guide.

An active international student club/network organizes social events, educational activities, and service projects. All international students are automatically members of the International Student Club/Network.

International students must follow immigration regulations. With an F-1 student visa, students must enroll in and maintain a minimum of 12 credits per term (18 IEP credits), make satisfactory progress toward a degree, and maintain a cumulative grade point average (GPA) of 2.0 (C) or better. Instructors, advisors, and the staff of International Student Programs can provide assistance.

**TESTING**
Kirk Library, Room 121
8 a.m.-8 p.m. Monday-Thursday
360-623-8920 • cctestingcenter@centralia.edu

Testing offers proctored testing for college placement, English language, eLearning, and other Centralia College academic classes on a drop-in basis. All Pearson Vue tests must be scheduled in advance. Current photo ID is required.

**Tests Offered for Centralia College Students**
- Next-Generation ACCUPLACER (college placement)
- GED
- Emergency Medical Technician (EMT) certification
- American Medical Technologist (AMT) exam
- Washington Educator Skills Tests (WEST)

**Testing Accommodations**
Students with documented disabilities can request accommodations and apply for services through Centralia College Disability Services at 360-623-8966. For accommodation requests for GED testing, contact Pearson Vue at www.ged.com.

**INSTRUCTIONAL SUPPORT**
**Writing Center**  
TransAlta Commons Building, Room 301  
360-623-8841

The L.G. Foss Writing Center offers support to students working on academic writing. Through the center, trained writing center consultants offer students feedback on their writing while encouraging them to apply what they learn to improving their own writing process. At www.centralia.edu/resources/academic/writing-center.aspx, students can submit their drafts for an online review by a writing consultant or make an appointment to meet with a consultant.

**Pros (Presentation Relief Squad)**  
TransAlta Commons Building, Room 337  
360-623-8494  
10 a.m.-1 p.m. Monday-Friday (closed in the summer)

This drop-in center provides help to any student with an upcoming presentation, speech, or even job interview. If it has to do with communication, these are your “Pros.”

**Tutoring Center**  
Walton Science Center, Room 309  
360-623-8461  
Hours vary by quarter

The Tutoring Center is a venue for students to study collaboratively and receive help and guidance from faculty members and peer tutors. The drop-in center provides free tutoring, computer workstations, and a group work area for science, technology, engineering, and math students.

**Peer Tutoring**  
Walton Science Center, Room 309  
360-623-8652

Peer tutoring is an instructional support technique used successfully with students at all levels. Peer tutors help students master a subject area. Tutoring can strengthen and improve students’ academic abilities and achievement. Upon request, tutoring is available for most classes taught at Centralia College.

Peer tutoring is free to registered Centralia College students. To apply to be a peer tutor, students need to meet a minimum of 3.2 GPA and complete an application form.

**Library**  
360-623-8956

The Kirk Library provides a broad array of print and digital information resources. Additionally, the library provides access to computers with the full Microsoft Office suite. The Kirk Library website is the gateway to information resources and academic research tools. Access to the library catalog of books and multimedia materials, high-quality databases, and research aids are available 24/7.

Currently enrolled students may borrow materials by showing student photo identification. Librarians and staff are available to assist library users in locating information and conducting research. Librarians are available in person or online 24/7 through the library’s live chat reference service.

**Elearning**  
Kirk Library, Room 137  
360-623-8955
eLearning can help students with online educational tools, including Canvas, Panopto, Connect, and other online websites, publishers, and tools. eLearning can also help with technology used for classes, such as, internet browsers, Microsoft Office, and other software.

eLearning can help with signing in and resetting your ctcLink password, learning how to use the above tools or how to do something with them, and troubleshooting with you when things go wrong. Walk-ins are always welcome.

**PARKING**

Parking stickers are required to park in any of the parking lots at Centralia College. Students should not park in spots marked RESERVED or in spots marked for Disabled Parking unless they have legal state-issued decal. See the Centralia College website for information on how to obtain a parking decal.

Racks are provided for bicycles. Bicycles are not permitted inside buildings and may not be secured to college facilities (other than designated bike racks).

**SPORTS PROGRAMS**

Intercollegiate Athletics
Michael Smith Gymnasium, Room 117
360-623-8926
centraliablazers.com

Centralia College is a member of the Northwest Athletic Conference (NWAC). The teams are known as the Trailblazers. The comprehensive intercollegiate athletic program provides competition for both men and women students and is gaining an enviable record in all league competition. The athletic program offers opportunities to participate in the following varsity team sports:

- Baseball – Men
- Basketball – Men and Women
- Golf – Women
- Soccer – Women
- Softball (fast pitch) – Women
- Volleyball – Women

**STUDENT JOB CENTER**

TransAlta Commons Building, Room 228
360-623-8974
studentjobs@centralia.edu

The Student Job Center can help Centralia College students find part-time student employment on- and off-campus to supplement their educational costs. Visit the Job Center to review potential jobs and receive a job referral for an official interview.

Student Employment Programs:

- Federal Work-Study On-campus (must be eligible for financial aid)
- On-campus Employment (no financial aid eligibility required)
- Federal Work Study Community Service (on and off-campus, must be eligible for financial aid)
- State Work Study On-campus (must be a Washington resident and eligible for financial aid)
- State Work Study Off-campus (must be a Washington resident and eligible for financial aid)
- Federal Work Study Reading/Math Tutor (must be eligible for financial aid)
• Cooperative Work Experience (students earn credits for on-the-job learning related to their area of study)

# STUDENT LIFE AND INVOLVEMENT CENTER (SLIC)

TransAlta Commons Building, Room 137  
360-623-8972

## How To Get Involved

The Student Life and Involvement Center (SLIC) is the headquarters for student leadership and campus involvement. SLIC oversees student government; budgets for all student-funded programs, clubs, and organizations; and provides campus activities and support services to all student-funded programs. SLIC holds leadership training throughout the year for all student leaders and any student that is interested. SLIC also provides student identification cards and parking passes, maintains a campus lost and found, and posts on campus bulletin boards.

## Student Advocacy Activities Leadership Team (SAALT)

SAALT is a group of student leaders who advocate and plan events for Centralia College students. SAALT is committed to social justice, sustainability and creating inclusive events for all Centralia students. The President, Vice President and Coordinators on SAALT work together to provide social, cultural, educational, and advocacy work through serving on campus committees, being part of the College Shared Governance Model and campus programming. As the representatives for the governing body of Centralia College Students, all SAALT members are responsible for advocating for students.

SAALT holds weekly meeting that are open to all students. Members of SAALT are selected each spring and receive compensation for their time. SAALT appoints students to be part of the governance process by serving on college committees.

## Clubs and Organizations

Student clubs and organizations offer opportunities for students to meet friends, satisfy special interests, and contribute to campus life. Students can organize and join associations to promote their special interests.

Currently recognized student groups include but are not limited to:

- Gender Sexuality Alliance
- International Network
- Multicultural Club
- Medical Assistant Club
- Nerds the Gathering
- Environmental Science Club
- Art Club
- Theatre Club
- Speech Club
- Spilled Ink (Literary publication)
- Latinxs Unidos
- Centralia College East Organization of Students
- And many more!

Students are encouraged to start clubs through the recognition process. For a complete list of currently recognized clubs and organizations, visit [https://www.centralia.edu/resources/student-life/clubs.aspx](https://www.centralia.edu/resources/student-life/clubs.aspx).
**Esports**
TransAlta Commons Building, Room 339
360-623-8660

Centralia College has joined more than 180 other institutions nationwide in offering esports that are competitive at the intercollegiate level. Centralia College is a member of the National Junior College Athletic Association Esports. In the fall of 2019, CC finished first and third in Smash Ultimate and second in Rocket League.

**Food Pantry**
TransAlta Commons Building, Room 137
360-623-8972

The Trailblazer Food Pantry exists to provide free food and personal care items to Centralia College students experiencing food insecurity. The pantry is a “client choice” pantry, meaning students can pick the food that suits their needs best. Food from the pantry is a mix of donated and purchased items. Currently enrolled students can access the food pantry twice per month.
STUDENT RIGHTS AND RESPONSIBILITIES

The college has established policies providing for the rights and responsibilities of students. Copies of this code (WAC 132L-351) are available from the SLIC or the Vice President of Student Services Office.

1. This is a summary of the Student Rights and Responsibilities Code. It is not a complete summary and does not replace the actual code. Refer to the code itself for a complete understanding of its content.
2. Centralia College has this code to help fulfill its mission. See WAC 132L-351-010.
3. If you violate this code, Centralia College can discipline you. See WAC 132L-351-015.
4. Some words in the code have technical or special meanings. These are defined. See WAC 132L-351-020.
5. You are accountable for your behavior both on and off campus. See WAC 132L-351-025.
6. You have constitutional rights. See WAC 132L-351-030.
7. You have these freedoms: access, association, press, speech, assembly, due process, and other rights. You are also protected from unlawful discrimination, sexual harassment, and unreasonable search. See WAC 132L-351-035.
8. You should take an active role in your learning, obey the law, and follow college rules. See WAC 132L-351-040.
9. Do not hurt, intimidate, or bother people. See WAC 132L-351-040.
10. Be honest and tell the truth. See WAC 132L-351-040.
11. Do not cheat. See WAC 132L-351-040.
12. Do not steal or cause damage to other people's property. See WAC 132L-351-040.
13. Do not go where you are not supposed to. See WAC 132L-351-040.
14. Do not abuse computers, telephones or other electronic equipment; do not use them to break the law or to bother people. See WAC 132L-351-040.
15. The use of tobacco, alcohol, and drugs is strictly controlled. See WAC 132L-351-040.
16. Hazing is prohibited. See WAC 132L-351-040.
17. If you disrupt the classroom, the faculty member may remove you for that day. The same thing could happen if you disrupt an office. You can also be disciplined further. See WAC 132L-351-040.
18. If you violate the code, you can receive anything from a warning to dismissal. You can also be fined or have other restrictions placed on you. See WAC 132L-351-050.
19. If you are a threat to people, you will be suspended immediately. You will get a hearing later. See WAC 132L-351-100.
20. If you are accused of violating this code, you will be summoned to an initial hearing. See WAC 132L-351-055.
21. You can appeal decisions to the Conduct Committee, then to the president. See WAC 132L-351-060.
22. There are rules about how the Conduct Committee conducts its process and handles records. See WAC 132L-351-080.
23. There are rules about how the Conduct Committee considers evidence. The college has to prove its case by a preponderance of evidence. See WAC 132L-351-085.
24. There are rules about what the Conduct Committee can do, and how it communicates its results. See WAC 132L-351-090.
25. There are rules about how and when to appeal. See WAC 132L-351-095.
26. There are rules about how this code is changed. WAC 132L-351-240.
27. There is supplemental discipline process for sexual misconduct cases that have a few differences. WAC 132L-351-200.
28. The Conduct officer will communicate to both parties during a sexual misconduct case and investigation. WAC 132L-351-230.
29. The complainant in a sexual misconduct case can appeal. WAC 132L-351-280.
TRIO PROGRAMS
TransAlta Commons Building, Second Floor
Three federally funded TRIO programs – TRIO TS, Upward Bound, and Student Support Services – provide support services to help underrepresented college-bound students who meet federal eligibility requirements. The programs assist students as they prepare for college, attend college, and transfer to a four-year college or university.

TRIO TS
360-623-8969
This program helps students in grades 7-12 as they explore their career and educational options beyond high school.

Upward Bound
360-623-8968
This college-prep program prepares high school students for college success through weekly academic support during the school year, and an intensive six-week program in the summer, including college visits and cultural opportunities.

Student Support Services
360-623-8970
This program helps students who are new to or unfamiliar with the college system. TRIO’s services are designed to increase academic success at Centralia College and assist in transfer to four-year programs.

TRIO programs offer these services
• Textbook and laptop loan
• Academic and career planning assistance
• Assistance in completing college admission, scholarship, and financial aid applications
• Assistance in preparing for college entrance examinations
• Transfer information, planning, and college visits
• Tutoring and mentoring
• Cultural enrichment activities
• Workshops/conferences and campus tours
• Information to improve financial literacy

TECHNOLOGY RESOURCES
The college provides a wide range of computing resources and internet services to students. There are general-purpose computer labs with Windows-based PCs equipped with a variety of software applications. There are specialty labs supporting various educational programs including computer science, graphic arts, music, mathematics, and physics. Many of our labs incorporate delivery of applications via VDI (Virtual Desktop Infrastructure) for reduced energy use and carbon footprint. The campus wireless network has been upgraded to WiFi 6 to improve connectivity. Students also have the option of free access to Microsoft applications under the Microsoft Campus Agreement.

ONLINE COURSES
Kirk Library
360-623-8955
Centralia College offers a variety of course formats called modalities. These options allow extra flexibility in scheduling classes. All of these options require some computer literacy and internet access due to the online course content.
Online and Virtual Courses
Online courses do not have face-to-face meetings. Students can log in any time, day or night, and have the flexibility of working on classwork when it is convenient. There are still assignments and due dates, and classes take place during the regular quarter dates. Students in online courses should plan to log in regularly to interact with the instructor and other students. A virtual course meets with the instructor through, Zoom, WebEx, GoToMeeting or other online platform with required days and times. A hybrid/ virtual course meets with the instructor through, Zoom, WebEx, GoToMeeting or other online platform with required days and times and a combination of online.

Hybrid Courses
Hybrid courses replace in-class time with online instruction. The in-class meetings in the schedule are still required, but the course meets fewer hours than other classes with the same number of credits. There will be a significant amount of work online. As per online courses, students can work on the material when it is convenient, but need to pay close attention to due dates.

Web-Enhanced Courses
A web-enhanced course is a face-to-face course, which means attendance is required in class. The class also includes online resources. Some of the online material may include homework, multimedia materials, practice quizzes, and extra resources. The online content is determined by the instructor.

Flexible Courses
Flexible courses are offered so students can either do the classes online, face-to-face, or hybrid. Students can also switch between modalities as needed throughout the quarter. This provides greater flexibility for students’ schedules while providing a diverse learning experience.

Admission/Enrollment/Registration for these types of courses follows the same process as any other course. For more information about class registration and becoming a priority student, please see the Registration section. For questions about specific courses being offered, please contact the instructor of the course or the Instruction Office at 360-623-8929.

NOTE: Persons with a disability who would like accommodations with any of the programs and services of the college can contact the Disability Services Office at 360-623-8966. Students are encouraged to do this as early as possible.

CONTINUING EDUCATION
Career and Technical Education Office
Technology Building, Room 114
360-623-8940

A variety of non-credit classes and workshops are offered throughout the year. The classes are self-supporting and are offered at various times and places. The classes are designed for personal enrichment and/or job advancement. The Office of Continuing Education also develops and coordinates training for business and industry in the local community. Consult the quarterly schedule of classes or contact the Office of Continuing Education for current offerings or training needs.

Certificate Programs
Centralia College offers several non-credit vocational certificates. Contact Centralia College Career and Technical Education Office for details.

Senior College/Lifelong Learning
These classes enrich life and cultivate the love of lifelong learning. Classes are small, ungraded, affordable, and geared to the interests and lifestyles of older adults.
ACADEMIC AND CREDIT INFORMATION

**Full-Time Designation**
How many hours does a student need, to be considered full-time?

- **Full-time**: 12 or more credits per quarter
- **¾-time**: 9-11 credits per quarter
- **½-time**: 6-8 credits per quarter
- **Less than ½-time**: 1-5 credits per quarter

**Credits By Class Type**

- **Lecture/Theory** – 1 contact hour per week per credit; 2 hours per week outside work per credit
- **Lab/Guided Practice** – 2 contact hours per week per credit; 1 hour per week outside work per credit
- **Field Studies/Clinical Experience** – 3 contact hours per credit per week; no outside work

The following definitions have been established to guide instructional practice, with each definition equating to a minimum of three weekly hours of students’ effort per credit.

**Lecture/Theory**
Students are engaged with faculty and class members in learning theoretical material and/or engaging in activities to apply the theory leading to mastery of course outcomes. Modes of instructional delivery could include but are not limited to: lecture, small group discussion, guided conversation, demonstration, case studies, role playing, problem-based inquiry, and collaborative activities. Instruction may be a mix of presentation, facilitation, and guided activities evidenced by frequent ongoing communication between instructor and students. Such activities could take place in a variety of instructional modalities. One credit is generated by one weekly contact hour of instruction or the equivalent amount of work over a different amount of time. Generally, this requires out-of-class student effort, typically two hours per class hour.

**Lab/Guided Practice**
Students are actively engaged in practicing and mastering skills under the supervision of the instructor. This category of instruction could include but are not limited to labs, studios, shops, clinical experiences, computer-mediated learning, hands-on projects, or other skill building activities. Instruction may be individualized or group-focused and include skills assessment. Such activities could take place in a variety of instructional modalities. One credit is generated by two weekly contact hours of instruction or the equivalent amount of work over a different amount of time. May also include out-of-class student effort, typically one hour per two class hours.

**Field Studies/Clinical Experience**
Students are engaged in autonomous study or related work activity under the intermittent supervision of the instructor. This mode includes working with or under the direction of professional practitioners and may include preceptorships, co-ops, internships, or service learning activities. Verification of learning outcomes is documented by college faculty in collaboration with professional practitioners. One credit is generated by a minimum of three weekly contact hours of supervised learning experience. Programs may determine that additional hours are needed for the student learning needs. However, only one credit will be generated for enrollment counting purposes. Source: [https://www.sbctc.edu/colleges-staff/policies-rules/policy-manual/chapter-5.aspx](https://www.sbctc.edu/colleges-staff/policies-rules/policy-manual/chapter-5.aspx)

**Class Breaks**
The normal class schedule is 50 minutes, with 10 minutes between classes. Labs and block classes operate on extended class periods of two or more hours. In those cases, it is appropriate for faculty to provide students with break periods. However, the cumulative time for breaks should not exceed the total of 10 minutes per hour. Students should be back in class and fully productive at the end of the break period. Breaks should be scheduled regularly throughout the class period and class periods may not be shortened by elimination of the break periods.
**Class Dismissals**  
Holding classes in accordance with adopted schedules has high priority in the educational program. However, the class periods can, on occasion, be superseded by other educational opportunities.

**Class and Office Disruptions and Student Discipline**  
Centralia College exists to provide educational programs for its students and activities that disrupt the educational process will not be tolerated. All members of the faculty and staff have a responsibility to ensure the orderly conduct of the educational process.

**COOPERATIVE EDUCATION**

Student Job Center  
TransAlta Commons Building, Room 228  
360-623-8974

Cooperative Education, a partnership involving Centralia College, students, and employers from the community, extends classroom learning into the workplace. Students can be placed in a job relating to their field of study or career plan and earn college credit for the learning that takes place on the job site.

A faculty co-op coordinator will interview students and assist them in locating an appropriate co-op experience. Students who are already employed may be interviewed to determine eligibility for Cooperative Education.

After securing an appropriate placement, students will meet with a faculty co-op coordinator, who will enroll them in a Cooperative Work Experience course. In addition, enrollment in a Work Experience Seminar is required either prior to or concurrent with all cooperative work experiences.

**STUDENT TRANSFER**

Centralia College has transfer agreements with most of the four-year colleges and universities in Washington.

Only the Associate in Arts (AA) and Associate in Science (AS) degrees are designed specifically to transfer. These degrees are covered by Statewide Transfer Agreements.

Depending on the college to which a student transfers and their major, they may need to select specific courses within a degree to ensure full transferability. These transfer degrees assure the transfer of credit, but not automatic or guaranteed admission, since each institution has separate admission criteria based on grades, test scores, and other considerations.

The Associate in Applied Science—Transfer (AAS–T) degree is designed for transfer to specific four-year colleges and universities for students pursuing specific professional/technical programs. The AAS-T degree is not designed for general transfer.

The Associate in Applied Science (AAS) and Associate in General Studies (AGS) are NOT generally designed for transfer. There are a few very specific exceptions to this. The ATA degree can sometimes be used to transfer, but only to a few colleges under very special circumstances. These circumstances are called Alternatives for Transfer of Occupational Programs (ATOPS) degrees. The most common are “Upside Down Degree Programs” or “Articulation Agreement Programs.” Unless a student has absolutely confirmed that one of these special and very limited exceptions applies to their plans, they are advised not to use the ATA degree for transfer purposes. The AGS degree may contain some courses that transfer, but the AGS degree does not transfer anywhere as a package.
AA Associate in Arts
General Transfer include courses required for the student's major.

AS Associate in Science – Technical and Science
Transfer select courses based on the four-year college and the student’s major.

AAS-T Associate in Applied Science-Transfer
Specific/Restricted Transfer include courses required for the student’s major.

AAS Associate in Applied Science
Not designed for general transfer. Ask about “Upside Down Degree” or special articulation agreements.

AGS Associate in General Studies
Not designed for any transfer. No exceptions.

Student Rights in the Transfer Process
The Washington State Board for Community and Technical Colleges has published a Policy on InterCollege Transfer and Articulation Among Washington Public Colleges and Universities. This policy spells out student rights in the transfer process.

This policy states, in part, “Students have the right to expect fair and equitable treatment from the public colleges and universities in Washington, both sending and receiving institutions. They have, in turn, the responsibility of seeking out current information pertaining to their educational objectives and for acquiring appropriate information when they change their academic plans. When a student changes a major or degree program, the student shall assume full responsibility for meeting the new requirements. Colleges shall make every effort to help students make transitions as smoothly as is feasible.”

TRANSFER DEGREES
Associate In Arts (AA)
Centralia College’s Associate in Arts (AA) degree and other degrees based on the Direct Transfer Agreement (DTA) conform to rules established by the Inter College Relations Committee (ICRC) and are maintained by the Joint Transfer Council (JTC). This means that if a student successfully completes one of these degrees, they will have met most, if not all, of the general university requirements at many baccalaureate colleges in Washington.

This is the first step in preparing for entry with junior standing. The second step is including courses required by the student’s major. As of the printing of this catalog, the following baccalaureate colleges and universities will accept either of these degrees from Centralia College in accordance with the Direct Transfer Agreement under the ICRC guidelines.

Colleges or universities marked with an * have some special requirements which must be satisfied at Centralia College and/or at the baccalaureate institution in order to complete all the general undergraduate requirements. These additional requirements are called provisos.

- Bastyr University*
- Central Washington University
- City University
- Cornish College of the Arts*
- Eastern Washington University*
- Gonzaga University*
- Heritage University*
- Northwest University*
- Pacific Lutheran University*
- Saint Martin’s University*
Students are encouraged to meet frequently with their advisor, review the catalog and transfer guide of the institution to which they are planning to transfer, and consult with representatives of the baccalaureate institution. They should do this planning very early. This is especially important if the student plans to transfer to an institution that has provisos as indicated by the "*.

Meeting general undergraduate requirements is important but not sufficient. It is also important that students meet the specific requirements required by their college major. Most college majors require students to take certain courses to prepare for entry as a junior in their major.

These requirements vary from major to major and from college to college. Usually these requirements can fit within the Associate in Arts or other degrees based on the Direct Transfer Agreement Degrees. If a student does not fold these courses into their degree at Centralia College, they may have to extend their college program by taking additional courses either at Centralia College or at the baccalaureate institution. Early selection of a college major is very important in planning a transfer program. Also, early planning with an advisor is imperative. Early decision making and early planning can save additional coursework.

**Associate In Science (AS)**

Centralia College's Associate in Science (AS) degrees conform to rules established by the Inter College Relations Committee (ICRC) and are maintained by the Joint Transfer Council (JTC). This specialized degree program is designed for students pursuing science, technical, engineering, and pre-professional degrees. The Associate in Science degree places more emphasis on completion of mathematics and pre-major science, computer science, or engineering classes before transfer to enable students to begin upper-division coursework immediately.

The Associate in Science degree is divided into two tracks, depending upon academic major interest:

- **Associate in Science Degree Track 1** - Biological Sciences, Environmental/Resource Sciences, Chemistry, Geology, Earth Science, Chemistry, Biology and General Science Education.
- **Associate in Science Degree Track 2** - Engineering, Computer Science, Physics, Atmospheric Sciences and Physics Education.

Students who successfully complete either degree will have met most, if not all, of the lower-division science and mathematics major requirements at many baccalaureate colleges in Washington. This is the first step in preparing for entry with junior standing. The second step is including courses required by the student's major.

As of the printing of this catalog, the following four-year colleges and universities will accept either of the degree tracks from Centralia College in accordance with statewide agreements under the ICRC guidelines:

- Central Washington University
- Eastern Washington University
- Gonzaga University
- Pacific Lutheran University
- Seattle Pacific University
- Seattle University
- The Evergreen State College
- University of Washington
- Washington State University
- Western Washington University
- Whitworth College
Meeting all general undergraduate requirements is not as important for the AS program. Students will finish the requirements at the four-year college. It is more important that students meet the specific requirements required by their intended college major. Most science and technical majors require students to take many courses to prepare for entry as a junior in their major. These requirements vary from major to major and from college to college. Usually these requirements can fit within the Associate in Science degree. Students who do not fold these courses into their degree at Centralia College may have to extend their college program by taking additional courses either at Centralia College or at the baccalaureate institution. Early selection of a college major is paramount in planning an AS transfer program. Also, early planning with an advisor is imperative. Early decision making and early planning can save additional coursework.

**Associate In Applied Science-Transfer (AAS-T)**

Centralia College’s Associate in Applied Science-Transfer (AAS-T) degree is designed to meet the requirements of specific four-year colleges and universities. This specialized degree program is for students pursuing professional-technical degrees. In general, technical degree programs are not designed for transfer. However, several four-year colleges and universities have specific degree programs that accept the AAS-T degree. Institutions and majors outside the specifically designed degrees will accept very few of the credits in the AAS-T degree.

Students should meet frequently with their advisor, review the catalog and transfer guide of the institution to which they are planning to transfer, and consult with representatives of the baccalaureate institution. This planning should be done very early.
DEGREES AND CERTIFICATES

Centralia College offers different degrees to meet varied student needs. All associate degrees require a minimum of 90 credits. Students must complete the last 15 credits or 35 of the final 45 credits at Centralia College to be eligible for a degree from Centralia College. It is possible to earn a second degree if a student satisfies all the requirements of both degrees.

Bachelor Of Applied Science Degrees
A traditional bachelor degree requires general education classes from many disciplines and is designed to provide students a wide base of knowledge, allowing them to concentrate their education in the third or fourth year of their education. A BAS degree gives students the chance to focus their education on their specific educational and career goals early within their education and incorporates more practical and concentrated hands-on learning in a specific industry or the career of their choice.

General Transfer Degrees
General transfer degrees are accepted by all state colleges and universities in Washington through formal agreements, including the Direct Transfer Agreement (DTA), between the universities and the community college system. Students who complete a General Transfer degree will, upon acceptance to a Washington public or signatory private college or university, generally be granted 90 transfer credit. Students may still need to complete more than 90 quarterly credits to graduate in their major. Centralia College General Transfer degrees include:

- Associate in Arts and derivative degrees
- Associate in Science and derivative degrees

Limited Transfer Degrees
Limited Transfer degrees may be accepted by select baccalaureate institutions, but there is no statewide agreement guaranteeing 90 credits will be accepted in transfer. Depending upon the institution, students may have their credits evaluated on a course by course basis. Centralia College Limited Transfer degrees include:

- Associate In Applied Science – Transfer

Career and Technical Education degrees are designed to provide detailed skills related to a profession and are not primarily intended for transfer. Some institutions accept these degrees under an “upside down” model that allows the student to complete content- specific work in the first two years and round out his or her education by completing general university requirements (GURs) in the second two years of the baccalaureate. Centralia College Career and Technical Education degrees include: Associate in Applied Science.

General Studies Degree
The General Studies degree allows the student more latitude in designing a degree based upon personal interests, but does not necessarily meet the requirements for direct transfer. As with all degrees not designated as General Transfer, there is no guarantee all 90 credits required for the degree will transfer or that general university requirements will be satisfied.

Certificates Of Proficiency
Certificates of Proficiency are Career and Technical Education programs that require at least 45 credits and which provide job specific skills.

Certificates Of Completion
Certificates of Completion are similar to Certificates of Proficiency except requiring less than 45 credits.

High School Diploma and Ged
High School Diplomas and GEDs can be obtained by meeting all requirements for the Centralia College High School Diploma or by passing the GED tests, respectively.
STUDENT LEARNING COMPETENCIES

Student learning is central to the college's mission. All degrees offered by Centralia College are designed to provide experiences that lead to the attainment of general education outcomes as embodied in the following student learning competencies:

**Critical Analysis**: the student effectively evaluates information and creates solutions through observation, reflection, reasoning, and experience.

**Communication**: the student effectively conveys information and ideas by adapting their communication style to different situations and audiences when speaking, writing, and listening to others.

**Global Awareness & Cultural Competency**: the student effectively engages with the multi-cultural world by studying the practices and perspectives of varying communities and cultures.

**Information Literacy**: the student effectively engages in a reflective process of inquiry to find, evaluate, use, and ethically create content.

PROGRAM OUTCOMES

Distribution Area Outcomes, found at the end of this section, define the program outcomes for degrees based on the Direct Transfer Agreement (DTA) and Associate in Science. In addition to the general outcomes, individual transfer programs have content designed to prepare students for success in that field.

Each Career and Technical Education degree or certificate includes courses that enable students to achieve profession-specific program outcomes. These program outcomes are listed on the program pages on the college website.
GENERAL TRANSFER DEGREES

Associate In Arts Degree

In addition to the general requirements listed below, derivative programs may have additional requirements as listed in the programs of study in the next section. The Associate in Arts degree represents the broad knowledge generally acquired in the first two years of a four-year program leading to a Bachelor of Arts degree. When students earn the AA, they may transfer to a baccalaureate institution within the state of Washington with assurance that they have satisfied all or most of the basic requirements (General University Requirements/ Distribution Requirements). This means, generally, that AA transfer students can begin work on their specialized, major-area course work as soon as they transfer.

DEGREE REQUIREMENTS:
To qualify for an Associate in Arts degree, students must complete a minimum of 90 credits in courses numbered 100 or above, with a cumulative grade point average (GPA) of at least 2.0 (“C” average).

The 90 credits must include the following:

Core Skills - 15 credits
  A. Communication Skills 10 credits
     ENGL& 101, ENGL& 102, ENGL& 235
  B. Quantitative Skills 5 credits

Humanities - 15 credits
Select from at least three of the disciplines listed on the distribution list. No more than 5 credits in foreign language at the 100 level may apply.

Social Sciences - 15 credits
Select from at least three disciplines listed on the distribution list.

Natural Sciences - 15 credits
Select from at least two disciplines on the distribution list. Include at least one laboratory course.

Health and Fitness - 3 credits
Selected from either discipline listed on the distribution list.

Diversity - 3 credits
A 3 to 5 credit course listed as a Diversity (D) course. Diversity courses may also meet other Distribution Requirements.

Academic Electives - 27 credits
A minimum of 27 elective credits are required. Elective courses may be selected to satisfy major emphasis requirements (see program summaries section), or to satisfy department requirements of the college/university chosen for transfer. If desired, students may include up to a maximum of 12 credits from courses numbered 100 and above that are not included on the ICRC approved electives list. A maximum of three (3) PE credits may be included in the AA degree.

Associate In Science Degree

The Associate in Science degree represents attainments generally required by four-year colleges and universities for pre-professional programs in scientific disciplines. The need for early concentration on coursework in the chosen scientific major diminishes the general educational experience demonstrated by the Associate in Arts degree.

By working with an advisor in the completion of one of the two Associate in Science tracks, students can transfer to one of the Washington baccalaureate institutions with reasonable assurance they have completed all or most of the prerequisite courses for the targeted science major.

DEGREE REQUIREMENTS:
1. A minimum of 90 credits is required for the degree.
2. A minimum grade point average (GPA) of 2.0 ("C" average) is required for the degree.
3. Students completing this Associate in Science degree will receive the same priority consideration for admission to most Washington state baccalaureate institutions as they would for completing the direct transfer Associate in Arts degree and will be given junior status by the receiving institution.
4. Additional general education requirements, cultural diversity requirements, and foreign language requirements, as required by the transfer institution, must be met prior to the completion of a baccalaureate degree.
5. Students are responsible for checking specific major requirements of baccalaureate institutions in the year prior to transferring.

Courses for programs of study fall into two tracks that are listed in the program section of this catalog. These programs are designed to match specific major requirements and also to meet the general distribution requirements listed below:

**Core Skills - 15 credits**
A. Communication Skills 5 credits
   ENGL& 101
B. Quantitative Skills 10 credits
   MATH& 151, MATH& 152

**Humanities & Social Sciences - 15 credits**
Select from at least three disciplines listed on the distribution list with at least 5 credits from humanities (H) and 5 credits from social sciences (SS). The remaining 5 credits can be from either category.

**Health and Fitness - 3 credits**
Select three (3) credits from the list of courses approved for health and fitness (HF) distribution.

**Diversity - 3-5 credits**
A 3 to 5 credit course listed as a Diversity (D) course. Diversity courses may carry another distribution designation that can be counted toward both distribution requirements.

**Track I – Biological Sciences, Environmental/Resource Sciences, Chemistry, Geology, Earth Science**

**Core Requirements: - 48-56 credits**
A. CHEM& 161, 162, 163
B. MATH& 146 or MATH& 163
   Students should work with an advisor to determine the best class based upon the specific discipline at the baccalaureate institution the student selects to attend.
C. BIOL& 221, 222, 223, or PHYS& 114 115, 116, or PHYS& 221, 222, 223
D. An additional 10-18 credits in physics, geology, organic chemistry, biology, or mathematics, consisting of courses generally taken for science majors. Preferably in a 2-3 quarter sequence. Biology majors should select CHEM& 261, 262, 263, or PHYS& 114, 115, 116, or PHYS& 221, 222, 223.

**Remaining Credits: 1-9 credits**
Sufficient additional college-level credits so that the total credits earned are at least 90-quarter credits. These remaining credits may include prerequisite for major courses, additional pre-major coursework, or specific general education or other university requirements, as approved by the advisor.

A list of classes that should be considered for the credits:
- BIOL& 241, BIOL& 242, BIOL 243
- BIOL 250
- BIOL& 260
- CHEM& 261, CHEM& 262, CHEM& 263
- GEOL& 101, GEOL 102, GEOL& 103
- MATH 118
- MATH 212
- PHYS& 114, PHYS& 115, PHYS& 116
- PHYS& 221, PHYS& 222, PHYS& 223

No more than two credits of non-academic electives.

**Track II – Atmospheric Science, Computer Science, Engineering, Physics**

**Core Requirements:** - 26 credits

A. PHYS& 221, 222, 223  
B. CHEM& 161  
C. MATH& 163 or MATH& 146

Students should work with an advisor to determine the best class based upon the specific discipline at the baccalaureate institution the student selects to attend.

**Remaining Credits:** - 31 credits

The remaining 31 credits should be planned with the help of an advisor based on the requirements of the specific discipline at the baccalaureate institution the student selects to attend.

No more than two credits of non-academic electives.

Electives up to a maximum of 5 credits from courses numbered 100 or above that are not included on the ICRC approved electives list should be planned with the help of an advisor, based on the requirements of the specific discipline at the baccalaureate institution and using the programs listed later in this catalog.

**Major Related Programs**

In addition to the transfer degrees listed above, the college offers degrees derived from both the Associate in Arts degree (AA) and the Associate in Science degree (AS). These degrees have been developed through collaboration between the State Board for Community and Technical Colleges (SBCTC) and the public colleges and universities in Washington.

These degrees may have specific requirements beyond those required by the AA or AS as listed in the program plan.

**LIMITED TRANSFER DEGREES**

**Associate In Applied Science-Transfer**

The Associate in Applied Science-Transfer degree is for transfer to schools offering baccalaureates in applied science. This degree combines the technical focus of the Associate in Technical Arts with a minimum of 20 credits of transferable academic courses.

This degree is not generally transferable. Students intending to transfer should work with an advisor to make sure this is the right degree.

**Degree Requirements:**

To qualify for the degree, students must complete a minimum of 90 credits in subjects numbered 100 or above. Students must also achieve a grade point average (GPA) of at least a 2.0 (“C” average).

Courses must be selected in accordance with a college program of study. Check with an advisor for a current list of programs. These programs are designed to incorporate specific and major requirements as well as meet general education and related instruction requirements.

The program must include:
A. **English Communications** - ENGL& 101 - 5 credits
B. **Quantitative Reasoning** - (see distribution list) - 5 credits
C. **Humanities & Social Science** - (see distribution list) - 10 credits
D. **Health & Fitness** - (see distribution list) - 3 credits

## CAREER AND TECHNICAL DEGREES

### Associate In Applied Science Degree

Students whose plan is to prepare to compete for employment in an occupational field may choose to earn an Associate in Applied Science degree. Since this degree concentrates on a particular trade or skill, it does not have broad general education requirements.

Whether a technical course will transfer or count as a degree requirement for a baccalaureate degree is at the discretion of the transfer college or university.

The 90 credits must include the following related instruction minimum requirements:

A. **Written Communication Skills** - 5 credits
B. **Health and Fitness** - 3 credits
   from list of approved health or PE courses in Health and Fitness distribution (HF)
C. **Computation Skills** - 5 credits
D. **Human Relations** - 5 credits

### Occupational Major

Programs vary in total credits necessary to obtain a degree, although the minimum requirement is 90 credits. Core program credits are designed to meet occupational skills standards.

## ASSOCIATE IN GENERAL STUDIES DEGREE

The Associate in General Studies degree is designed for students who do not plan to transfer to a four-year college or pursue an Associate in Technical Arts degree in a specific occupational area. It is a terminal degree with emphasis on improvement of basic skills, general knowledge in the areas of humanities, natural science and social science, and some specialty of choice. This degree is designed to prepare the student to lead a full and useful life.

To qualify for the Associate in General Studies degree, students must complete 90 credits in courses numbered 100 or above, with a cumulative grade point average of at least a 2.0 ("C" average).

The 90 credits must include the following:

**Forty-three (43) credits taken in communication skills, humanities, math/natural sciences, social sciences, and health and fitness consisting of the following:**

A. A minimum of ten (10) credits in communication skills ENGL& 101, ENGL& 102, or ENGL& 235.
B. A minimum of ten (10) credits in each of the three general areas of knowledge (humanities, math/natural sciences, and social sciences). See the AA distribution list.
C. Three (3) credits from the list of courses approved for Health and Fitness distribution.

An additional 47 credits of the student’s choosing to satisfy their own educational plans or interests. Choices can be occupational, personal enjoyment, physical education, or academic courses.
CERTIFICATES AND PROGRAMS

Certificates Of Completion
Students may be awarded a certificate of completion by successfully completing a set group of courses from a professional/technical program. These certificates require significantly fewer credits than a certificate of proficiency. The courses tend to concentrate on one set of skills.

Certificates Of Proficiency
Students may earn a Certificate of Proficiency by completing a professional/technical program which typically requires a minimum of 45 credits, includes related instruction, and a grade point average (GPA) of at least 2.0 (“C”). At times, the State Board of Community Colleges (SBCTC), will approve a certificate of proficiency between 40-44 credits based on strong evidence provided by the college during the program approval process. Certificates of Proficiency are awarded in these programs:

- Accounting Clerk
- Criminal Investigation
- Industrial Trades
- Medical Office Assistant / Medical Scribe
- Office Applications / Office Assistant
- Phlebotomy
- State Early Childhood Education Certificate
- Welding

Transitional Studies Programs
Transitional Studies help you learn English, earn a high school diploma or GED, or prepare for college and job training. Classes are offered in the morning and evening and at various locations throughout Lewis County. The cost is $25 per quarter (waivers are available). Most programs are open to students age 16 years and older. Any student younger than 19 must provide a high school release form. Contact Transitional Studies at 360-623-8957 or BEdA@centralia.edu.

English Language Acquisition (ELA)
Non-native English students learn to listen, speak, read, and write English. Students learn basic computer skills and prepare for academic and Career and Technical classes. Students will thrive in the community and at work.

Civics
Reading for Civics is a citizenship preparation class. Students learn to complete the N-400 (Citizenship) application, and prepare for the naturalization interview with USCIS. Students gain confidence and learn interview skills. They also practice reading, writing, speaking, and listening in English.

Adult High School Diploma
High School Plus is a competency-based high school diploma program for adult learners 18 and older who do not have a high school diploma or equivalent.

Please submit an official high school transcript to the Enrollment Services prior to advising. Official transcripts can be submitted directly to Enrollment Services (second floor, TransAlta Commons) or mailed to: Enrollment Services, 600 Centralia College Blvd., Centralia, WA 98531-4099

GED
GED classes focus on GED topics to help students prepare for the Mathematical Reasoning, Reasoning Through Language Arts, Social Studies, and Science tests.

Career and College Preparation
Students with a high school diploma or GED can brush up on their reading, writing, and math for college level classes, to prepare for job training or for entering the job market. Students enrolled in college preparation classes can take other college classes at the same time.
In this catalog, courses that satisfy distribution requirements are identified by a capital letter at the end of the course title. Use the following guide to identify the distribution categories:

- C – Communication
- H – Humanities
- M – Mathematics/Quantitative Skills
- SS – Social Science
- NS – Natural Science
- HF – Health and Fitness
- D – Diversity

Distribution Requirements (also known as General University Requirements or GURs) are part of each transfer degree. Courses that fulfill Distribution Requirements meet specific criteria listed below:

**Core Requirements**

**Communication Skills (C)**

1. The course carries three or more credits.
2. The course objectives address three or more of the following outcomes. Upon successful completion of designated courses, students will have demonstrated the ability to:
   - Recognize structures and modes of development that are used to inform, persuade, or entertain (Competencies: Communication and Global Awareness & Cultural Competency).
   - Apply analytical thinking to reading, writing, revising, and discussion activities (Competencies: Critical Analysis, Communication, Global Awareness & Cultural Competency).
   - Prepare clearly organized and well-supported written works, including specific documentation formats, which meet the conventions of assignments (Competencies: Critical Analysis and Communication).
   - Collaborate with others respectfully and with attention to guidelines given for various projects (Competencies: Global Awareness & Cultural Competency).
   - Discuss and respond to writings drawn from diverse traditions, ethnicities, cultures, classes, and genders (Competencies: Global Awareness & Cultural Competency).
   - Access and utilize appropriate technologies and library resources in the preparation of written and oral projects (Competencies: Communication, Information Literacy, and Global Awareness & Cultural Competency).

**English**

ENGL& 101 English Composition I..........................5
ENGL& 102 Composition II....................................5
ENGL& 235 Technical Writing.................................5
Quantitative Skills (M)
1. The prerequisite for the course is Algebra II (MATH 099 or equivalent).
2. The course objectives address the following outcomes. Upon successful completion of designated courses, students will have demonstrated the ability to:
   a. Recognize and then apply mathematical concepts to personal, professional and scientific situations. (Competencies: Critical Analysis).
   b. Communicate ideas through mathematics graphically, symbolically, numerically and verbally with clarity and accuracy. (Competencies: Communication).
3. Utilize technology as a tool in the application of mathematical concepts. (Competencies: Information Literacy).

*Although this class offers distribution, it is only available to students in specific BAS programs.

Other Requirements
Humanities (H)
1. The course carries three or more credits.
2. The course objectives address three or more of the following outcomes:
   a. Students should be able to:
      i. Articulate the roles, purposes, and functions of the Humanities using discipline-specific vocabulary. (Competencies: Critical Analysis and Communication).
      ii. Recognize and apply the discipline-specific structures used to communicate critically and/or creatively. (Competencies: Critical Analysis and Communication).
      iii. Access and utilize appropriate technologies to research, experience, and respond to the Humanities (Competencies: Critical Analysis, Communication and Information Literacy).
      iv. Explore and assess how language, philosophy, and/or the arts represent and record individuals’ and communities’ engagement with social issues. (Competencies: Global Awareness and Cultural Competency)
      v. Demonstrate an understanding of, and appreciation for, how these humanities influence, and are influenced by, their cultural contexts. (Competencies: Critical Analysis, Global Awareness and Cultural Competency).

* No more than five credits allowed for distribution in performance/skills courses.

** No more than five credits in a foreign language at the 100 level allowed for distribution.

*** Although this class offers distribution, it is only available to students in specific BAS programs.
Social Science (SS)
1. The course carries three or more credits.
2. The course objectives address all of the following outcomes. Upon successful completion of designated courses, students will have demonstrated the ability to:
   ○ Describe social, political, economic, linguistic, cultural, historical, and religious factors that explain human behavior and mental processes at individual and group levels (Competencies: Communication and Global Awareness & Cultural Competency).
   ○ Identify and apply terminology, concepts, theories, data, and principles used by the various social science disciplines (Competencies: Critical Analysis and Global Awareness & Cultural Competency).
   ○ Develop an informed sense of self that demonstrates tolerance and respect for diverse perspectives (Competencies: Global Awareness & Cultural Competency and Information Literacy).
   ○ Demonstrate critical thinking skills through formulating questions, analyzing data, and distinguishing between objective fact and subjective interpretation (Competencies: Critical Analysis).

*Although this class carries distribution, it is only available to students in specific BAS programs.
Natural Science (NS)

1. The course is broad in scope, covering major concepts.
2. The course objectives address all of the following outcomes. Upon successful completion of designated courses, students will have demonstrated the ability to:
   ○ Communicate key scientific concepts in oral, written, and/or visual format using the language of science. (Competencies: Communication).
   ○ Apply the scientific method to solve problems, conduct experiments, evaluate data, and test hypotheses. (Competencies: Critical Analysis, Communication, Global Awareness & Cultural Competency).
   ○ Critically evaluate scientific information and its sources (Competencies: Critical Analysis, Global Awareness & Cultural Competency).

* Although this class offers distribution, it is only available to students in specific BAS programs.

Health and Fitness (HF)
The course provides the student with knowledge and skills that enable them to achieve and maintain optimal health over a lifetime. Health and Physical Education courses are non-academic electives.

Health
HLTH 120  Women's Health Issues....................3  
HLTH 130  Health and Wellness.......................3  
HLTH 135  Healthy Weight Control....................2  
HLTH 140  Exercise and Nutrition......................3  
HLTH 141  Global Health Issues.......................3  
HLTH 143  Stress Management.........................2  
HLTH 144  Technology Health/Fitness..................2  
HLTH 145  Safety and Fitness.........................3  

Physical Education
(No more than 3 credits may be counted toward a transfer degree)
PE 107  Cycling Basics.................................2  
PE 110  Physical Fitness...............................1  
PE 111  Fitness in the Workplace........................1-2  
PE 120  Lifestyle Mgmt & Exercise.....................2  

PE 121  Stretching & Flexibility......................1  
PE 123  Weight Training...............................1  
PE 125  Free Weights.................................1  
PE 140  Boot Camp Basics.............................1  
PE 142  Cardio Conditioning...........................1  
PE 150  Yoga........................................1  
PE 151  Aerobic Fitness...............................1  
PE 152  Pilates........................................1  
PE 153  Tai Chi Basics.................................1  
PE 158  Beginning Tae Kwon Do.........................2  
PE 168  Lifetime Fitness...............................2  
PE 210  Advanced Physical Fitness....................1  
PE 223  Advanced Weight Training.....................1  
PE 229  Physical Fitness Concepts.....................3  
PE 251  Advanced Aerobic Fitness.....................1  

Diversity (D)
1. The course carries three or more credits.
2. Diversity courses may also meet other Distribution Requirements.
3. The course focus should address human diversity by examining the experiences and contributions of underrepresented groups. This can include but is not limited to culture, race, ethnicity, gender, sexual orientation, gender identity, socioeconomic class, physical disability, mental disability, religion, age, immigration status and/or geopolitical power.
4. The course objectives address the following outcomes: Students should be able to:
   ○ Demonstrate knowledge of the contributions made by individuals from diverse and/or underrepresented groups. (Competencies: Critical Analysis, Global Awareness & Cultural Competency, and Information Literacy).
   ○ Analyze the multiple identities, histories, cultures, perspectives, contributions, knowledge, struggles, and/or strategies of historically excluded groups. (Competencies: Critical Analysis, Global Awareness & Cultural Competency, and Information Literacy).
   ○ Explain the value of diversity in the classroom, workplace, community, country, and the world. (Competencies: Critical Analysis, Communication, Global Awareness & Cultural Competency, and Information Literacy).
   ○ Explain personal views, values, and prejudices and their impact on the ability to identify and benefit from the contributions of others. (Competencies: Critical Analysis, Communication, Global Awareness & Cultural Competency, and Information Literacy).

PROGRAMS OF STUDY

These Educational Plans are intended as a guide for students who wish to emphasize a specific area of study. It is not a guarantee that the courses listed in the plan will be available in the sequence suggested. In some instances, due to low enrollment, some courses may not be offered at all.

Students should consult with their advisor for recommended electives. It is strongly recommended that students intending to transfer to a four-year college or university consult with the intended transfer institution for any prerequisites or additional requirements.
ACCOUNTING

Emphasis: Accounting/Tax  
Degree: Associate in Applied Science  
Total Credits: 90  
Class Type: Lecture, Lab, Hybrid, Online

PURPOSE: The AAS program in Accounting provides students with necessary skills to compete for entry-level accounting positions in private industry, state and local government, and public accounting firms.

PROGRAM OUTCOMES: Upon successful completion, students will have demonstrated the ability to:

- Manage accounting information and data in a variety of business settings.
- Prepare financial statements in accordance with Generally Accepted Accounting Principles (GAAP).
- Assist in conducting audits in accordance with Generally Accepted Auditing Standards (GAAS).
- Use the computer accounting software QuickBooks.
- Calculate tax liability and prepare tax forms for individuals and business entities.
- Prepare written and oral business communications to industry standards using word processing and spreadsheet software.

ACCOUNTING

Emphasis: Accounting Clerk
Degree: Certificate of Proficiency
Total Credits: 47
Class Type: Lecture, Lab, Hybrid, Online

PURPOSE: The Accounting Clerk program prepares students for an entry level accounting position. Some advancement is possible with this background, but students may wish to acquire additional training in accounting to allow broader advancement opportunities. Prerequisite: demonstrate proficiency in math, reading, and English.

PROGRAM OUTCOMES: Upon successful completion, students will have demonstrated the ability to:

- Manage accounting information and data in a variety of business settings.
- Use the computer accounting software QuickBooks.
- Prepare written and oral business communications to industry standards using word processing and spreadsheet software.

### ANTHROPOLOGY

**Emphasis:** Anthropology  
**Degree:** Associate in Arts  
**Total Credits:** 90-93

#### PURPOSE:
The Associate of Arts degree with an emphasis in anthropology is for students wishing to transfer to a four-year college or university. A student acquiring the Associate in Arts degree in anthropology will achieve an understanding of the diversity of humans and human cultures past and present around our globe.

While preparing the student for further study and eventual employment in the field of anthropology, this educational plan also is relevant for students preparing for a broad range of jobs in both government and international agencies that focus on cross-cultural issues and involve working with people from different cultural backgrounds. These jobs, in addition to work in international and government agencies, might include working in agricultural development and educational reform or as a consultant, planner, market analyst, survey researcher, forensic scientist, or refugee coordinator.

For additional information concerning the anthropology major, feel free to consult the anthropology faculty advisor.

### ART

See Fine Arts or Graphic Design

### ASTRONOMY

See Earth Science
BIOLOGY

Emphasis: Biology, Botany, Ecology, Zoology
Degree: Associate in Biology-DTA/MRP
Total Credits: 99

PURPOSE: This program is for students who wish to complete a bachelor’s degree in such disciplines as general or molecular biology, microbiology, zoology, genetics, entomology, botany, horticulture, soil science, phycology, ecology, marine biology, fisheries biology, or wildlife management.

This program assumes that a student is prepared to start college-level math and English courses. Students who are not prepared to begin at this level may require additional quarters.

To ensure optimal course selection, plan your program of study with your advisor and with the specific requirements of your likely transfer institution.

* Students requiring Pre-Calculus I or II should complete these now. 2nd year electives can be used for 3rd Social Science or Humanities electives. Students who do not need Pre-Calculus I or II should satisfy Social Science and Humanities electives.

** Recommended electives include a full year sequence of Organic Chemistry or additional math classes, such as Statistics or Calculus II.**
Biology

Emphasis: Animal (Zoology) Biology, Plant (Botany) Biology
Degree: Associate in Science
Total Credits: 91-94

Purpose: This program is for students who wish to complete a bachelor’s degree in such disciplines as general or molecular biology, zoology, microbiology, genetics, entomology, botany, horticulture, soil science, phycology, ecology, marine science, fisheries, or wildlife management.

If you are not well-prepared in high school mathematics and science, you should plan, with your advisor, a three-year program at Centralia College in preparation for transfer to a four-year college or university. The main emphasis in the first year at Centralia should be on strengthening your mathematics, basic sciences, communications, and reading skills.

To ensure optimal course selection, plan your program of study with your advisor.

* At least 10 credits in Biology, Earth, or Physical Sciences including at least one Lab.

** Five of the 10 Quantitative Skills Distribution (M) required may include the pre-requisite for Calculus (MATH& 141 and/or MATH& 142) and can be substituted for MATH& 152.
BUSINESS ADMINISTRATION / MANAGEMENT

Degree: Associate in Applied Science
Total Credits: 93
Class Type: Lecture, Lab, Hybrid, Online

PURPOSE: The Associate in Applied Science in Business Administration provides students with a broad exposure to the principles and philosophies of business and management. Successful completion of the two-year program will help facilitate the process of graduates pursuing meaningful careers in a dynamic, changing business environment. It will also satisfy the requirements necessary for students to pursue additional advanced degrees.

PROGRAM OUTCOMES: Upon successful completion, students will have demonstrated the ability to:

- Prepare statements to monitor, evaluate, and assess financial performance of a business.
- Evaluate the performance of a business by using tools of pricing, promotion, product development, and distribution.
- Recognize and analyze how economic forces shape the environment of business and aid in decision making.
- Demonstrate the ability to apply acquired skills to workplace scenarios.
- Demonstrate human relations skills and professional behavior necessary for successful job performance.
- Apply rules of grammar, punctuation, and spelling to written communications.
- Define and compare and contrast characteristics and traits of leadership and management.
- Explain the importance and challenges of diversity, employee motivation, and employee engagement in the workplace.
- Identify and describe various forms of business ownership.
- Summarize basic laws in regard to business ownership, recruitment and hiring practices, OSHA, and liability.
- Explain communication, social responsibility, ethics, morals, and values as they relate to the workplace.
- Create a personal code of ethics and explain how it relates and impacts the workplace.
- Identify the impact of international business and explain various methods for a business to enter the global market.
- Describe the activities involved in each function of management and at various levels of management in the workplace.

* Recommended Business Electives: Any BUS course, up to 10 credits of ACCT courses, CMST 110, ENGL& 102**, MATH& 146**, 5 credits Natural Science w/lab (NS) **, and 10 credits Social Science (SS) **.

** Indicates options to fulfill BAS-AM general education requirements.
BUSINESS OFFICE TECHNOLOGY

Emphasis: Administrative Assistant
Degree: Associate in Applied Science
Total Credits: 90
Class Type: Lecture, Lab, Hybrid, Online

PURPOSE: The Associate in Applied Science Administrative Assistant degree prepares students with a broad business background, as well as provide specialized training in office skills. While students are accepted into the program each quarter, those who start in September find it easier to schedule their courses in the suggested sequences. Prerequisites may include demonstrated proficiency in English, math, and basic keyboarding skills. Upon completion, students will be prepared to compete for entry-level employment as office assistants, receptionists, and transcriptionists in general offices, legal offices, or medical offices.

PROGRAM OUTCOMES: Upon successful completion, students will have demonstrated the ability to:

- Demonstrate the ability to keyboard with speed and accuracy
- File correctly using alphabetic, numeric, geographic, and subject filing systems
- Apply rules of grammar, punctuation, and spelling in written and oral communications
- Prepare documents using advanced features in word processing software
- Format basic business letters, memos, reports, tables, and newsletters to office standards
- Solve basic business math problems
- Operate a 10-key electronic calculator by touch
- Analyze and calculate data using spreadsheet software
- Demonstrate the ability to relate effectively with others in the classroom
- Demonstrate human relations skills and professional behavior necessary for successful job performance
- Analyze and organize business transactions applying bookkeeping theory and systems
- Demonstrate the ability to apply acquired skills in the workplace
- Compose business letters, memos, resumes, and letters of application
- Enter and organize data using database software
- Enter accounting transactions and generate reports using QuickBooks
- Analyze data and report information using database software
- Possess a basic understanding of receiving office visitors, using the telephone, scheduling appointments, customer service, and confidentiality skills in an office
- Develop effective presentations using presentation software
- Develop effective communication skills using electronic software

CHEMISTRY

Emphasis: Chemistry
Degree: Associate in Science
Total Credits: 99

PURPOSE: The Associate in Science with an emphasis in Chemistry is for students interested in transferring to a four-year college or university to complete a bachelor's degree. Students who complete this educational plan are reasonably assured of junior level standing at most four-year colleges and universities in Washington State. You are urged to consult with your advisor to coordinate your program with the requirements at the institution to which you intend to transfer. If you have successfully completed algebra, geometry, trigonometry, pre-calculus, chemistry and physics in high school you are prepared to enter Pre-Calculus Refresher (MATH& 135) and General College Chemistry (CHEM& 161) and completion of your program in four years is possible.

If you are not well prepared in high school mathematics and science, you should plan, with your advisor, a three-year program at Centralia College in preparation for transfer to a four-year college or university. The main emphasis in the first year at Centralia should be on strengthening your mathematics, basic sciences, communications, and reading skills.

To ensure optimal course selection, plan your program of study with your advisor.

COMMERCIAL DRIVER LICENSE

Emphasis: Commercial Driver License (CDL)
Degree: Certificate of Completion
Total Credits: 12

PURPOSE: The commercial truck driving course provides a comprehensive hands-on skill development and instruction that aligns with the Department of Transportation. The student will maneuver a commercial vehicle in different traffic conditions; operate a tractor-trailer combination; and maneuver the vehicle safely forward and backward around various obstacles.

PROGRAM OUTCOMES: Upon successful completion, students will have demonstrated the ability to:
• Script static web pages.
• Code dynamic web pages.
• Install and operate simple web servers.
• Install and configure routers in small-scale networks using RIP, OSPF and/or IGRP.
• Install and configure security programs.
• Install and configure TCP/IP protocols.

</thead>
<tbody>
<tr>
<td>CDL 100 Commercial Truck Driving</td>
<td>12</td>
</tr>
</tbody>
</table>

Prerequisites
• 18 years of age or older
• Pass Federal Department of Transportation health and drug screening
• Valid Washington state driver license
• No DUI, hit and run, reckless, or negligent infractions within the past five years
• Have no more than three moving violations in the past 3 years
COMMUNICATION STUDIES

Emphasis: Communication Studies
Degree: Associate in Arts
Total Credits: 91
Class Type: Lecture, Lab, Hybrid

PURPOSE: People who can effectively communicate their opinions, thoughts and ideas can often outperform people who might have higher intelligence quotients but lack solid communication skills. The study of communication - sending and receiving messages, both verbal and nonverbal - is more important than ever in today’s fast-paced, collaborative, technology-driven society.

The Associate in Arts degree with an emphasis in Communication Studies is for students who want to complete a two-year program or transfer to a four-year college or university to pursue a Communications related bachelor’s degree. Students who obtain a degree in Communications enjoy a wide range of employment opportunities because hiring managers place such a high priority on communication skills (National Association of College Employers, 2014, as cited by Forbes Magazine, 2014).

* Recommended Humanities Distribution: ART 110 2D Design, ART & 100 Art Appreciation, ART 130 Computer Graphics, ENGL & 111 Intro to Literature, or ENGL 208 Intro to Creative Writing

It is strongly recommended that students confer with an advisor at their potential transfer institution to determine the Communication Studies courses that best support or may be prerequisites for their program. This Educational Plan can possibly be modified to meet their requests.
### INFORMATION TECHNOLOGY

**Emphasis:** Application Development  
**Degree:** Associate in Applied Science  
**Total Credits:** 91-93  
**Class Type:** Lecture, Lab, Hybrid

**PURPOSE:** Provides students with a foundation in the principles and philosophies of application development. Successful completion of the two-year program will prepare students for entry level application/software developer positions. It will also satisfy the requirements necessary for students to pursue a Bachelor of Applied Science degree.

**PROGRAM OUTCOMES:** Upon successful completion, students will have demonstrated the ability to:
- Creativity and innovation: Students demonstrate creative thinking, construct knowledge, and develop innovative products and processes using technology.
- Communication and collaboration: Students use digital media and environments to communicate and work collaboratively, including at a distance, to support individual learning and contribute to the learning of others.
- Research and information fluency: Students apply digital tools to gather, evaluate, and use information.
- Critical thinking, problem solving, and decision making: Students use critical thinking skills to plan and conduct research, manage projects, solve problems, and make informed decisions using appropriate digital tools and resources.
- Digital citizenship: Students understand human, cultural, and societal issues related to technology and practice legal and ethical behavior.
- Technology operations and concepts: Students demonstrate a sound understanding of technology concepts, systems, and operations.

COMPUTER SCIENCE

Emphasis: Computer Science
Degree: Associate in Arts
Total Credits: 93
Class Type: Lecture, Lab, Hybrid

PURPOSE: The AA degree with Computer Science emphasis is for students interested in transferring to a four-year college or university to complete a bachelor's degree in computer science. If you are not well prepared in high school math at least through a second-year algebra course (following geometry), you should plan, with your advisor, a three-year program to prepare you for transfer to a four-year college or university. The emphasis in the first year should be on strengthening your math, basic science, communication, and reading skills. The given sequence begins with MATH& 141, Pre-Calculus I. If possible, start with MATH& 151, Calculus I. Except for the sequences of mathematics, physics, and English composition, the order in which courses are taken is not important.

It is extremely important that you, the student, identify the institution you intend to transfer to as soon as possible as some computer science programs have specific general education requirements and prerequisites.

PROGRAM OUTCOMES: Upon successful completion, students will have demonstrated the ability to:
• Script static web pages.
• Code dynamic web pages.
• Install and operate simple web servers.
• Install and configure routers in small-scale networks using RIP, OSPF and/or IGRP.
• Install and configure security programs.
• Install and configure TCP/IP protocols.

*Recommended Science Distribution: PHYS& 221 Engineering Physics 1
CONSTRUCTION MANAGEMENT

**Emphasis:** Construction Management  
**Degree:** Associate in Construction Management-DTA/MRP  
**Total Credits:** 101

**PURPOSE:** This degree is designed for students planning to transfer and to prepare for American Council of Construction Education (ACCE) accredited majors in Construction Management at Central Washington University, Washington State University-Pullman, and University of Washington-Seattle. This degree also provides coursework for transfer into Eastern Washington University’s Bachelor of Science in Technology-Construction Management.

This degree meets the requirements of the Statewide Construction Management DTA/MRP Agreement.

Elective credits should be planned with the help of an engineering advisor and be based on the requirements of the specific program at the baccalaureate institution that the student plans to attend. This two-year program requires students to be calculus ready by second quarter of the first year. Students not well prepared in high school mathematics and science should plan a three-year program at Centralia College in preparation for transfer to a four-year school. The main emphasis in the first year should be to strengthen mathematics, basic sciences, communication, and reading skills.

CRIMINAL JUSTICE

Emphasis: Criminal Justice  
Degree: Associate in Applied Science  
Total Credits: 90-93  
Class Type: Lecture, Lab, Hybrid, Online

PURPOSE: Designed to meet the education needs of both working professionals and those seeking new employment in a variety of law enforcement and correctional agencies. Cooperative education components will be designed with local or state law enforcement agencies, correctional institutions, or social service support agencies. Courses offered in a variety of formats to accommodate the schedules of traditional and non-traditional students alike. Cooperative education components offered in partnership with regional law enforcement agencies, adult and juvenile correctional institutions.

PROGRAM OUTCOMES: Upon successful completion, students will have demonstrated the ability to:

- Discuss and demonstrate basic procedures related to the fields of law enforcement and corrections.
- Utilize knowledge about state and federal laws that impact law enforcement and corrections in decision making.
- Understand and discuss the difference in relationships between law enforcement, the community and other legal entities.
- Understand and describe the relationships that exist between the various law enforcement, corrections, and the courts systems and at the local, state and federal levels of government.
- Discuss ethics as related to law enforcement and corrections.

CRIMINAL JUSTICE

Emphasis: Criminal Justice
Degree: Associate in Arts
Total Credits: 93
Class Type: Lecture, Lab, Hybrid

PURPOSE: This degree prepares students to transfer to a baccalaureate institution and major in criminal justice. A B.A. degree prepares students to work in criminal justice and government agencies (federal, state, or local) or the private sector. Graduates may enter careers in state and local law enforcement, community corrections, and Federal law enforcement or in the private sector.

PROGRAM OUTCOMES: Upon successful completion, students will have demonstrated the ability to:

• Discuss and demonstrate basic procedures related to the fields of law enforcement and corrections.
• Utilize knowledge about state and federal laws that impact law enforcement and corrections in decision making.
• Understand and discuss the difference in relationships between law enforcement in the community and other legal entities.
• Understand and describe the relationships that exist between the various law enforcement, corrections, and the courts systems and at the local, state, and federal levels of government.
• Discuss ethics as related to law enforcement and corrections.

CRIMINAL JUSTICE

Emphasis: Criminal (Crime Scene) Investigation
Degree: Certificate of Proficiency
Total Credits: 50
Class Type: Lecture, Lab, Hybrid, Online

Purpose: To provide individuals with information and techniques used in forensic investigations.

Program Outcomes: Upon successful completion, students will have demonstrated the ability to:

- Understand basic concepts of criminal and forensic investigation and the functions of a forensic specialist.
- Identify crime scene considerations of investigators for a variety of different crime scenes.
- Employ proper and appropriate evidence collection, preservation, documentation, and transport techniques of all evidence identified at the crime scene.

DENTISTRY

Pre-Medicine, Pre-Dentistry
**DIESEL EQUIPMENT TECHNOLOGY**

**Emphasis:** Diesel Equipment Technology  
**Degree:** Associate in Applied Science  
**Total Credits:** 99  
**Class Type:** Lecture, Lab, Hybrid

**PURPOSE:** The Diesel Equipment Technology program is designed to prepare students for immediate employment as a technician in the maintenance, repair or overhaul of heavy equipment (i.e. logging, construction, and mining), agriculture equipment, or trucking.

**PROGRAM OUTCOMES:** Upon successful completion, students will have demonstrated the ability to:

- Perform repair procedures using proper tools while abiding by safety and environmental regulations.
- Identify, diagnose and repair electrical and hydraulic circuits.
- Maintain proper workplace documentation in a professional manner.
- Conduct behavior that is consistent with the professionalism standards of the industry.

DRAMATIC ARTS

Emphasis: Dramatic Arts
Degree: Associate in Arts
Total Credits: 90-96

PURPOSE: The Associate of Arts degree with an emphasis in Dramatic Arts meets the needs of students interested in acting or technical theater work who intend either to complete a two-year program or to transfer to a four-year institution.

This course work can provide an important supplement to the work of those who plan to major in the humanities and social sciences. Dramatic experience brings insight into the complex motivation for human behavior.

For students who plan to become educators, particularly those interested in elementary and secondary school teaching, courses in drama can provide insight into methods of teaching and learning through “language arts.”

If you intend to transfer to a four-year program at a college or university in Washington State, you should see the drama advisor for information on special requirements, if any, for that school. This information may have a bearing on courses you choose to satisfy distribution requirements.

A maximum of 15 credits in DRMA 100 level courses may be credited toward an Associate in Arts Degree. Up to 5 credits in Drama may be used as Humanities distribution credits.

EARLY CHILDHOOD EDUCATION

Emphasis: Early Childhood Education
Degree: Associate in Arts
Total Credits: 91

PURPOSE: The Early Childhood Education AA degree transfers to a four-year school to complete work for a bachelor's degree. Coursework can apply to the Early Childhood endorsement for Washington State teaching certification. These courses acquaint the student with terms, vocabulary, and activities pertinent to a quality experience within the early childhood education field. Course expectations include tasks to provide a foundation and proficiency for work toward a four-year degree program in early childhood education.

EARLY CHILDHOOD EDUCATION

**Emphasis:** Early Childhood Education  
**Degree:** Associate in Applied Science  
**Total Credits:** 91-96  
**Class Type:** Lecture, Lab, Hybrid, Online

**PURPOSE:** The Early Childhood Education - Associate in Applied Science degree program provides students with the critical Early Childhood and Child Development content necessary to compete for employment in early childhood education or in a school system as a teacher’s aide. The Children’s Lab School provides a lab environment for observation and practice.

Students may enter the program during any quarter and participate part-time or full-time. Completion of the AAS program prepares graduates to compete for employment in childcare centers, family day care homes, cooperative and private preschools, ECEAP, or Head Start.

The curriculum provides instruction for parents, foster parents, day care parents, and persons working with children.

**PROGRAM OUTCOMES:** Upon successful completion, students will have demonstrated the ability to:

- Demonstrate an understanding of how children differ in their development and approaches to learning and to use this knowledge to provide opportunities that support the physical, social, emotional, and cognitive development of all young children from birth through age eight.
- Demonstrate the ability to use theory, research and foundations of education when planning and implementing Early Child Education programs.
- Plan and implement developmentally appropriate curriculum and teaching practices based on knowledge of individual children, the community and the curriculum goals and content.
- Use individual and group guidance and problem-solving techniques to develop positive and supportive relationships with children and develop personal self-control, self-motivation, and positive self-esteem.
- Establish and maintain positive, collaborative relationships with families.
- Articulate a philosophy and rationale for decisions while continually assessing and evaluating the effects of their choices and actions on others.
- Serve as an advocate on behalf of young children and their families, programs for young children and the working environment for early childhood educators.
- Demonstrate an understanding of the early childhood profession and a commitment to professionalism.
- Demonstrate competence in managing human, fiscal, and spatial resources while meeting the health and safety needs of children and adults.
- Model global awareness and respect for the cultural diversity of children.
- Examine, discuss, evaluate, and critique various issues and trends in Early Childhood Education.
- Identify and explain the major historic events and theoretical perspectives of Early Childhood Education.

EARLY CHILDHOOD EDUCATION

Emphasis: Early Childhood Education  
Degree: Associate in Applied Science – Transfer  
Total Credits: 93-95  
Class Type: Lecture, Lab, Hybrid, Online

PURPOSE: The Early Childhood AAS-T degree provides both the necessary critical content to compete for immediate employability in early care and education and the general education coursework necessary for transfer to a bachelor’s degree program.

Coursework can apply to the Early Childhood endorsement for Washington State teaching certification.

These courses acquaint the student with terms, vocabulary, and activities pertinent to a quality experience within the early childhood education field.

PROGRAM OUTCOMES: Upon successful completion, students will have demonstrated the ability to:

- Demonstrate an understanding of how children differ in their development and approaches to learning and to use this knowledge to provide opportunities that support the physical, social, emotional, and cognitive development of all young children from birth through age eight.
- Demonstrate the ability to use theory, research and foundations of education when planning and implementing Early Child Education programs.
- Plan and implement developmentally appropriate curriculum and teaching practices based on knowledge of individual children, the community and the curriculum goals and content.
- Use individual and group guidance and problem-solving techniques to develop positive and supportive relationships with children and develop personal self-control, self-motivation, and positive self-esteem.
- Establish and maintain positive, collaborative relationships with families.
- Articulate a philosophy and rationale for decisions while continually assessing and evaluating the effects of their choices and actions on others.
- Serve as an advocate on behalf of young children and their families, programs for young children and the working environment for early childhood educators.
- Demonstrate an understanding of the early childhood profession and a commitment to professionalism.
- Demonstrate competence in managing human, fiscal, and spatial resources while meeting the health and safety needs of children and adults.
- Model global awareness and respect for the cultural diversity of children.
- Examine, discuss, evaluate and critique various issues and trends in Early Childhood Education.
- Identify and explain the major historic events and theoretical perspectives of Early Childhood Education.

EARLY CHILDHOOD EDUCATION

Emphasis: Early Childhood Education
Degree: Initial State Certificate-Early Childhood Ed
Total Credits: 12
Class Type: Lecture, Lab, Hybrid, Online
Degree: Short State Certificate of Specialization
Total Credits: 20
Class Type: Lecture, Lab, Hybrid, Online

PURPOSE: The Early Childhood Education Certificate Program prepares students to compete for entry level employment in the childcare field. This certificate also increases the knowledge and skills of people who currently work with children. The Children’s Lab School provides an environment for observation and practice. Students acquire in-depth knowledge of child development from birth through age eight.

PROGRAM OUTCOMES: Upon successful completion, students will have demonstrated the ability to:
• Demonstrate an understanding of how children differ in their development and approaches to learning and to use this knowledge to provide opportunities that support the physical, social, emotional, and cognitive development of all young children from birth through age eight.
• Demonstrate the ability to use theory, research and foundations of education when planning and implementing Early Child Education programs.
• Plan and implement developmentally appropriate curriculum and teaching practices based on knowledge of individual children, the community and the curriculum goals and content.
• Use individual and group guidance and problem-solving techniques to develop positive and supportive relationships with children and develop personal self-control, self-motivation, and positive self-esteem.
• Establish and maintain positive, collaborative relationships with families.

EARLY CHILDHOOD EDUCATION

Emphasis: Early Childhood Education
Degree: Short State Certificate of Specialization Early Childhood Education
Total Credits: 52
Class Type: Lecture, Lab, Hybrid, Online

PURPOSE: The Early Childhood Education Certificate Program prepares students to compete for entry level employment in the childcare field, as well as those who currently work with children. The Children’s Lab School provides an environment for observation and practice. Students acquire in-depth knowledge of child development from birth through age eight.

PROGRAM OUTCOMES: Upon successful completion, students will have demonstrated the ability to:

- Demonstrate an understanding of how children differ in their development and approaches to learning and to use this knowledge to provide opportunities that support the physical, social, emotional, and cognitive development of all young children from birth through age eight.
- Demonstrate the ability to use theory, research and foundations of education when planning and implementing Early Child Education programs.
- Plan and implement developmentally appropriate curriculum and teaching practices based on knowledge of individual children, the community and the curriculum goals and content.
- Use individual and group guidance and problem-solving techniques to develop positive and supportive relationships with children and develop personal self-control, self-motivation and positive self-esteem.
- Establish and maintain positive, collaborative relationships with families.
- Articulate a philosophy and rationale for decisions while continually assessing and evaluating the effects of their choices and actions on others.
- Serve as an advocate on behalf of young children and their families, programs for young children and the working environment for early childhood educators.
- Demonstrate an understanding of the early childhood profession and a commitment to professionalism.
- Demonstrate competence in managing human, fiscal, and spatial resources while meeting the health and safety needs of children and adults.
- Model global awareness and respect for the cultural diversity of children.
- Examine, discuss, evaluate, and critique various issues and trends in Early Childhood Education.
- Identify and explain the major historic events and theoretical perspectives of Early Childhood Education.

EDUCATION

Emphasis: Education
Degree: Associate in Arts
Total Credits: 91

PURPOSE: The Associate in Arts degree with an emphasis on Education transfers to a four-year college or university for students planning a teaching career. Requirements of four-year colleges vary greatly, and individual programs need to be coordinated with the institution to which the prospective teacher plans to transfer. Future elementary teachers should also seriously consider involvement in music, art, or drama activities. See your advisor for additional information.

Students wishing to access the City University or St. Martin's University elementary teacher training program at Centralia College should meet with their advisor in order to assure that required prerequisite courses are taken.

Recommended Social Science Distribution:
History, PNW History, or Western Civilization
**ELECTRONICS, ROBOTICS & AUTOMATION**

**Emphasis:** Electronics, Robotics & Automation  
**Degree:** Associate in Applied Science  
**Total Credits:** 98  
**Class Type:** Lecture, Lab, Hybrid  

**PURPOSE:** The goal of this program is to provide a graduate with the skills needed to find a job at a company that uses high-end automation equipment. This equipment ranges from devices controlled by programmable logic controllers (industrial computers) to robotic devices. A successful student will have learned core electronics skills, characteristics, and operation of various types of electric motors, pneumatics and embedded controllers.

**PROGRAM OUTCOMES:** Upon successful completion, students will have demonstrated the ability to:
- Safely operate equipment and evaluate situations for safety issues
- Work as members of a team in an office or industrial setting
- Determine quantitative solutions to AC/DC electronic circuits
- Apply common theorems and instrumentation to safely troubleshoot complex circuits
- Design, implement and maintain automated systems using Programmable Logic Controllers and industrial sensors
- Integrate modern microcontrollers into robotic systems to retrieve data and produce specified results
- Obtain, process and articulate visualizations of sets of data from industrial equipment, and use that data to propose logical system improvements
- Think independently to obtain solutions, and to recognize the need to pursue results which exceed the minimum standards whenever possible.

Entry into second- year ERA courses require the Industrial Trades Certificate of Proficiency AND a grade of 2.0 or higher in ALL TRDS courses.
ENERGY TECHNOLOGY

Emphasis: Energy Technology / Power Operations
Degree: Associate in Applied Science
Total Credits: 94
Class Type: Lecture, Lab, Hybrid

PURPOSE: The Power Operations AAS Degree program prepares students to compete for employment in the Power Generation Industry. Centralia College is designated as Washington State’s Center of Excellence for Energy Technology and is supported by statewide energy industry and labor leaders. The Energy Technology degree offers coursework in traditional sources of power generation as well as renewable energy and energy efficiency. The program prepares students for entry level positions such as power plant assistant control operator, technician, and other high voltage apprenticeships.

PROGRAM OUTCOMES: Upon successful completion, students will have demonstrated the ability to:

• Understand and operate electrical systems
• Understand the components used in the transmission of electricity
• Specialize in power generating, power transmission, metering, substation operations, plant mechanics, or boiler operations
• Knowledge of Energy Efficiency and hands-on experience of doing an energy audit of a home or building
• Knowledge of a practice for entrance exams that are typically required for entry into the electric utility industry

ENGINEERING

**Emphasis:** Bioengineering and Chemical Engineering  
**Degree:** Associate in Science - MRP  
**Total Credits:** 99-100

**PURPOSE:** The Bio/Chemical Engineering Associate in Science degree is a pre-engineering Major Related Program designed for students transferring to a four-year college or university to complete a degree in the sub-discipline of bioengineering or chemical engineering. Elective credits should be planned with the help of an engineering advisor and based on the requirements of the specific discipline at the baccalaureate institution the student plans to attend. This two-year program requires students to be ready for calculus by the second quarter of the first year. If you are not well prepared in high school mathematics and science, you should plan a three-year program at Centralia College in preparation for transfer to a four-year school with the main emphasis in the first year should be on strengthening your mathematics, basic sciences, communication, and reading skills.

* **Recommended Electives:** CS& 131, CS& 141, or MATH 264  
**At least one Economics course is recommended.  
*** Pre-calculus may be needed prior to Calculus I.  
Check for specific prerequisites for transfer institutions, particularly natural science and foreign language requirements.
**ENGLISH**

**Emphasis:** English  
**Degree:** Associate in Arts  
**Total Credits:** 93

**PURPOSE:** The Associate in Arts degree with an emphasis in English provides introductory-level and survey courses within the parameters of an English major as that English major is defined at the baccalaureate degree-granting institution to which the student transfers. Most English departments at the baccalaureate level will accept 10-15 credits of lower-level English courses as meeting minimum requirements toward a major in English. English credits taken at Centralia College beyond the 10-15 acceptable credits at the baccalaureate institution will be considered elective credits at Centralia and may or may not fulfill English major requirements at the baccalaureate transfer institution.

To satisfy the 3-5 credit Diversity requirement (D), students may wish to take:  
- ENGL 160: Women’s Literature  
- ENGL 233: Children’s Literature  
- ENGL 260: Non-Western World Literature  
- Other “D” courses listed in current college catalog.

*History is recommended for a Social Science distribution requirement*
ENVIRONMENTAL STUDIES

Emphasis: Environmental Studies
Degree: Associate in Arts
Total Credits: 90

PURPOSE: The Associate in Arts degree with an emphasis in Environmental Studies is intended for students who plan a career in an environmental field in areas such as environmental policy and law, urban planning, environmental ethics, and environmental advocacy.

**Total: 15 Credits**

Recommend choosing one from the following:
Select three **Social Science Distributions**, one from each of the following disciplines:
- ANTH& 100, OR 206, OR 225 (SS)
- GEOG& 200 Human Geography (SS) (D)
- ECON& 202 Macroeconomics (SS) OR ECON& 201 Microeconomics (SS)
- POLS& 101 Intro Political Science OR POLS& 202 American Government (SS)

Select **Humanities Distribution** from the following:
- CMST& 220 Public Speaking (H)
- PHIL& 101 Intro to Philosophy (H)

Plus, five credits of **Foreign Language** or other **Humanities**.

Additional Science classes are recommended for **Electives**: BIOL& 221, 222, 223 (NS); BOTA 113, 150; (NS) GEOG 201 (NS), and GEOL 108, 208 (NS).
ENVIRONMENTAL SCIENCE

**Emphasis:** Environmental Science  
**Degree:** Associate in Science  
**Total Credits:** 91

**PURPOSE:** The Associate in Science degree with an emphasis in Environmental Science is intended for students who plan a career as a scientist or technician in an environmental field such as conservation biology, environmental chemistry, environmental geology, energy resources, environmental planning, agro-ecology or atmospheric sciences.

FINE ARTS

**Emphasis:** Fine Arts  
**Degree:** Associate in Arts  
**Total Credits:** 93
**PURPOSE:** The Associate in Arts degree with a Fine Arts emphasis is for students who are interested in transferring to a four-year college or university to complete a bachelor’s degree with a major in art. As well as providing a basic liberal arts foundation, this program gives the student a solid base in studio art and art history which is essential for those interested in entering a variety of art professions.

FOREIGN LANGUAGE

**Emphasis:** Chinese, French, or Spanish  
**Degree:** Associate in Arts  
**Total Credits:** 93

**AA PURPOSE:** The degree plan is designed for transfer but is also appropriate for anyone who wishes a solid foundation in Chinese, French, or Spanish. It will benefit students with personal reasons for speaking a foreign language as well as travelers and those planning a career in international business, teaching, social work, interpreting, translating, and the Foreign Service, to name just a few possibilities.

</table>

**Note:** Students are advised to consult their advisor for the selection of distribution and elective credits. Foreign language majors are encouraged to include courses in Anthropology, Business, Criminal Justice, Education, Medical and Legal Terminology, or Political Science, depending on focus.

GENERAL ENGINEERING

See Engineering
GEOLOGY

**Emphasis:** Geology, Environmental Geo-sciences, Geophysics, Oceanography

**Degree:** Associate in Science

**Total Credits:** 91

**PURPOSE:** The degree program in Geology transfers to four-year colleges and universities. Completion of the program qualifies a student for junior standing at most four-year colleges and universities in Washington, and reasonably assures qualification outside of the state. Students not prepared to enter MATH& 151 and CHEM& 121 should plan on more than four years to complete a bachelor's degree. For those students, a three-year program of study at Centralia College, carefully planned with an advisor, is recommended.

Many transfer schools have language requirements for admission or for certain kinds of bachelor's degrees. Graduate work in science may require a foreign language, probably German, French, or Russian.

The program outlined below is more rigorous in mathematics, chemistry, and physics than minimum requirements at some four-year colleges and universities for some earth sciences. Substitution of less rigorous courses is not generally recommended.

---

*Course is strongly recommended.

**Although the Biology (for majors) sequence can be substituted to complete your AS degree, most baccalaureate institutions require physics with calculus sequence.

### GRAPHIC DESIGN
Emphasis: Graphic Design
Degree: Associate in Arts
Total Credits: 93

PURPOSE: Graphic design is art that interests, informs, persuades, or sells. It has taken the traditional form of printed material and now includes computer imaging. The Associate in Arts degree with emphasis in graphic design is for students who want to complete a two-year program or transfer to a four-year college or university. This educational plan gives students a solid base in studio art. A portfolio of artwork is required to demonstrate studio abilities upon completion of the program.

HISTORY

Emphasis: History
Degree: Associate in Arts
Total Credits: 93

PURPOSE: The Associate in Arts with an emphasis in History is designed to prepare students to major in history when they transfer to a four-year college or university. Through the study of history students systematically examine the past and gain an opportunity to explore human nature and contemporary concerns. Historians work from the written records (cultural, economic, political, and scientific) of past generations to discover the kinds of lives led and problems faced.

The study of the trials and accomplishments, deeds, and aspirations of past generations is an excellent way to obtain the kind of broad education needed in our constantly changing world.

Suggested Order of Classes

Fall Quarter, First Year Credits
ENGL& 101 English Composition I (C) ................. 5
HIST& 116 Western Civilization I (SS) ................. 5

Recommended Humanities courses:
CMST& 220, ART 200, MUSC 139
**HUMANITIES**

**Emphasis:** Humanities  
**Degree:** Associate in Arts  
**Total Credits:** 90

**PURPOSE:** The Associate in Arts degree with an emphasis in Humanities is designed for those planning to major in English, History, Political Science, or related academic areas after transferring to a four-year college or university.

The study of a foreign language is highly recommended.

This educational planner offers a possible course of study. You are urged to consult with your advisor before selecting electives. This will allow your advisor to coordinate the electives with your desired career goals.

*Courses may be taken during summer quarter.

**English Composition I can replace the English course required in this degree program.

---

**LAW ENFORCEMENT**

See Criminal Justice
MATHEMATICS

Emphasis: Mathematics
Degree: Associate in Arts
Total Credits: 96-97

PURPOSE: The Associate in Arts degree with an emphasis in Mathematics is for students interested in transferring to a four-year college or university to complete a bachelor’s degree in mathematics.

If you are not well prepared in high school math you should plan, with your advisor, a three-year program to prepare for transfer to a four-year college or university. The emphasis in the first year should be on strengthening your math, basic science, communication, and reading skills.

Most mathematicians need skills in other areas of science, so courses in physical sciences, in addition to physics, or life sciences should be considered.

Many transfer schools have language requirements; graduate work in mathematics may require a foreign language, probably German, French, or Russian. Careful planning with your advisor can help you avoid awkward decisions.

Except for the sequences of mathematics, and English composition courses, the order in which courses are taken is not important.

Suggested Order of Classes

Natural Science Distribution (NS)..................5

Recommended Courses: BIOL& 221, 222, 223, 241, 242 (NS); PHYS& 221, 222, 223 (NS)
**MATHEMATICS EDUCATION**

**Emphasis:** Mathematics Education  
**Degree:** Associate in Math Education – DTA/MRP  
**Total Credits:** 96

**PURPOSE:** The Associate in Math Education is intended to prepare students who aspire to be secondary math teachers. Students who complete this degree will have completed lower division general education requirements as well as the prerequisites for a major in math.

*Physics, Chemistry, Geology or Biology; at least one lab science required.*
MECHATRONICS

**Emphasis:** Mechatronics

**Degree:** Associate in Applied Science

**Total Credits:** 96

**Class Type:** Lecture, Lab, Hybrid

**PURPOSE:** The Mechatronics AAS prepares students for entry level positions involving installation, repair and preventive maintenance as performed by Industrial Maintenance Mechanics or Millwrights. The program includes instruction in Electronics, Robotics, Control Systems and Welding to expose students to the multiple skills necessary to repair, install, adjust, or maintain industrial production or processing machinery.

**PROGRAM OUTCOMES:** Upon successful completion, students will have demonstrated the ability to:

- Safely operate equipment and demonstrate practices that promote workplace safety.
- Work as members of a team in an office or industrial setting and to recognize the need to pursue results which exceed the minimum standards whenever possible.
- Understand and embrace the inevitability of change in technology and pursue opportunities to improve skills with an attitude of “Life Long Learning”.
- Diagnose, troubleshoot, maintain, and repair electrical components and systems.
- Design, implement and maintain automated systems including Programmable Logic Controllers and industrial sensors.
- Develop skills as an industrial robotics operator. Plan and write robot programs. Optimize industrial robotic work cells and automated operations.
- Understand, diagnose, troubleshoot, and repair mechanical, hydraulic and pneumatic components and systems.
- Think independently to analyze system errors and implement solutions.

**Suggested Order of Classes**

**Fall Quarter, First Year Credits**

- TRDS 100 Industrial Safety ......................... 5
- TRDS 110 Mechanical Systems Lab .................. 2
- TRDS 120 Mechanical Systems ...................... 3
- H R 101 Human Relations 101 ........................ 2
- ENGL& 101 English Composition ................... OR

MEDIA STUDIES

Emphasis: Film
Degree: Associate in Arts
Total Credits: 90-92

PURPOSE: The Media Studies program is designed for students interested in transferring to a four-year college or university to complete a bachelor's degree in Electronic Media. In some cases, this program is equally suited for students interested in a two-year terminal degree prior to entry in the media field. The Electronic Media facilities at Centralia College are unique among Washington State community colleges. Students learn on professional audio and video equipment and are provided experience in numerous areas of production. For students interested primarily in Television and Film the Centralia College television studio and production facilities are well equipped and provide experience in taping, directing, editing, and producing. Classes will help students attain skills in camera work, studio, and field production. Lighting, running an audio board, writing, directing, producing, and editing short video projects are also covered. The Media Studies program in conjunction with the Drama department also offers students the opportunity to learn some set design and building crafts as well as stage lighting techniques and skills. Students in the Television and Film classes will have the opportunity to participate in live productions including broadcast of College Basketball games, community forums as well as help in recording the annual College Musical.

Students who transfer to a four-year college should consult their advisors for choice of distribution credit and elective courses.

Suggested Order of Classes

Fall Quarter, First Year Credits
ENGL& 101  English Composition I (C) .................. 5
M ST 159  Stagecraft for TV and Film .................. 2
M ST 260  Intro TV and Video Production .............. 5
Social Science Distribution (SS) ......................... 5

13-15
MEDIA STUDIES

Emphasis: Radio Broadcasting or Television Production
Degree: Associate in Arts
Total Credits: 91

PURPOSE: The Media Studies program is designed for students interested in transferring to a four-year college or university to complete a bachelor's degree in Electronic Media which includes: Radio, Television, Video Production, Film, Broadcast Journalism and Sports Announcing. In some cases, this program is equally suited for students interested in a two-year terminal degree prior to entry in the media field. The Electronic Media facilities at Centralia College are unique among Washington State community colleges. Students learn on professional audio and video equipment and are provided experience in numerous areas of production. KCED-FM, a fully equipped radio station authorized by the Federal Communications Commission, is operated by students in the Media Studies programs. Those students desiring an emphasis in radio broadcasting have ample opportunity for live "on-the-air" experience in broadcasting as well as studio production experience. The Centralia College television studio and production facilities are well equipped and provide experience in taping, directing, editing, and producing. Students who transfer to a four-year college should consult their advisors for choice of distribution credit and elective courses.

Suggested Order of Classes

Fall Quarter, First Year Credits
ENGL& 101 English Composition I (C) .................. 5
M ST 230 Intro to Radio Broadcasting .................. 5

Social Science Distribution (SS) ....................... 5

*Radio Majors

In cooperation with a professional radio or television company, a student may enroll in M ST 190, Cooperative Work Experience. The student may receive up to 12 credits for learning that occurs on the job. Attendance at a Work Experience Seminar is required of Co-op students. You must take the Work Experience Seminar before or in the same quarter as the Co-op course.
MEDIA STUDIES

Emphasis: Sports Announcing and Production  
Degree: Associate in Arts  
Total Credits: 94

PURPOSE: The Media Studies program is designed for students interested in transferring to a four-year college or university to complete a bachelor’s degree in Electronic Media. In some cases, this program is equally suited for students interested in a two-year terminal degree prior to entry in the media field. The Electronic Media facilities at Centralia College are unique among Washington State community colleges. Students learn on professional audio and video equipment and are provided experience in numerous areas of production. Students primarily interested in Sports Announcing have the opportunity to perfect their skills on the campus radio station KCED FM, on live broadcasts over the local cable access channel and in the College’s Television studio and production rooms. Classes and practical application will students develop skills sports announcers use to broadcast and report on sporting events. Students also have the opportunity to host their own sports discussion show on KCED as well as calling the play-by-play action of College Basketball, Baseball and local High School Football games. Instruction on vocal techniques, production, conducting and recording interviews, writing and research as well specific duties of each member of a broadcast booth will be covered.

Students who transfer to a four-year college should consult their advisors for choice of distribution credit and elective courses.

MEDICAL ASSISTANT

Emphasis: Medical Assistant
Degree: Associate in Applied Science
Total Credits: 91-99
Class Type: Lecture, Lab, Hybrid

PURPOSE: Medical Assistants are multi-skilled practitioners who perform in a wide range of skills in physicians' offices and other health care settings. Program graduates assist physicians and other health care practitioners on many aspects of medical practice, including patient care management, administrative, and clinical procedures. Clinical procedures include assisting with physical examinations, phlebotomy (blood draw), administering injections, performing electrocardiograms (EKGs) and instrument sterilization.

PROGRAM OUTCOMES: Upon successful completion, students will have demonstrated the ability to:

- Perform administrative tasks using computer software to research and organize data for medical information systems.
- Demonstrate efficiency in maintaining accurate and well-organized patient medical records.
- Effectively use oral and written communication skills as they relate to a medical office environment.
- Perform within legal & ethical boundaries, including issues of patient confidentiality.
- Recognize the impact of cultural differences in care of patients.
- Use problem-solving/critical thinking to identify proper clinical procedures/processes, including infection control guidelines (Standard Precautions) as determined by the Center for Disease Control and the Occupational Safety & Health Administration.
- Prepare and maintain examination and treatment areas.
- Demonstrate the ability to prepare a patient for and assist with routine and specialty examinations and procedures, including obtaining/documenting vital signs and body measurements.
- Demonstrate knowledge of basic pharmacology and medication administration.
- Demonstrate knowledge of laboratory procedures performed in the medical office laboratory, including venipuncture and capillary puncture.
- Recognize and be able to respond to medical office emergencies within the scope of training.
- Demonstrate ability to maintain medical office equipment and supplies.
- Demonstrate ability to administer medications through way of intramuscular, subcutaneous, and intradermal.
- Understand and demonstrate the proper way to calculate doses of medication.

MEDICAL SCRIBE

Emphasis: Medical Scribe
Degree: Certificate of Proficiency
Total Credits: 49
Class Type: Lecture, Lab, Hybrid

PURPOSE: The Medical Office Scribe Certificate program combines general office skills with studies in medical terminology, human biology, medical office procedures, and medical machine transcription. The intended occupational path is that of a scribe assisting a provider in a medical setting such as a clinic or hospital.

PROGRAM OUTCOMES: Upon successful completion, students will have demonstrated the ability to:

• Demonstrate the ability to keyboard with speed and accuracy
• Apply rules of grammar, punctuation, and spelling in written and oral communications
• Prepare documents using advanced features in word processing software
• Format basic business letters, memos, reports, tables, and newsletters to office standards
• Solve basic business math problems
• Demonstrate the ability to apply acquired skills in the workplace
• Demonstrate the ability to relate effectively with others in the classroom
• Demonstrate human relations skills and professional behavior necessary for successful job performance
• Use medical terms correctly
• Obtain a first aid certificate
• Demonstrate an understanding of human biology

MEDICINE

See Pre-Medicine, Pre-Dentistry
**MUSIC**

**Emphasis:** Music  
**Degree:** Associate in Arts  
**Total Credits:** 90

**PURPOSE:** The Associate in Arts degree with a Music emphasis is for students who are interested in transferring to a four-year college or university to complete a Bachelor of Arts in Music degree, a Bachelor of Liberal Arts degree, or any Bachelor’s degree with a music minor. This degree offers a liberal arts foundation as well as establishing college level skills in music needed to succeed in a variety of music professions.

**Total Credits:** 16

**Students who are already proficient at piano may choose to substitute additional applied music for this credit.**

**At least one Natural Science class must include a Lab**

**Students who test out of MUSC 100 may choose, instead, to take an additional 2 quarters of Ensemble and 1 quarter of Applied Music.**
NATURAL RESOURCES MANAGEMENT

Emphasis: Forestry, Fisheries, Wildlife Management  
Degree: Associate in Arts  
Total Credits: 90

PURPOSE: This Associate of Arts in Natural Resource Management emphasis prepares students for transfer into Natural Resource Management professional programs typically with very specific coursework for a bachelor's degree. To prepare for a program in forestry, fisheries, or wildlife management students should take at least two quarters of Calculus and one quarter of Introduction to Statistics. Natural Science requirements vary among transfer institutions. Some require only 10 credits of BIOL& 221, 222, 223 while others also require CHEM& 131.

Please consult with your advisor as you plan your curriculum and coordinate your program with the requirements of the institution to which you plan to transfer.

*GEOL& 208 offered every other year.

Recommended Social Science distribution:
ECON& 201 Microeconomics (SS); POLS& 101 Intro Political Science (SS); or POLS& 202 American Government (SS) plus five (5) additional credits of Social Science

Recommended Humanities distribution:
CMST& 220 Public Speaking (H); PHIL 103 Intro to Ethics (H); plus, five (5) credits of foreign language or other humanities distribution (H) as needed for a transfer program.
NURSING – REGISTERED

Major: Nursing
Degree: Associate in Applied Science – Transfer
Total Credits: 120

PURPOSE: The RN nursing program at Centralia College is designed to prepare men and women to give nursing care in a variety of health care settings. Students who complete the RN program are eligible to take the National Council Licensure Examination for Registered Nursing (NCLEX-RN). In addition to preparing a student to compete for employment in the nursing profession, the AAS-T degree provides science and general education courses appropriate for students planning a future transfer directly into selected Bachelor of Science in Nursing (BSN) programs.

A maximum of 24 students are selected each year to begin the first year of the RN program. RN students must apply for admission to the program. Students wishing to enter the RN program must meet all of the prerequisite courses, grade point average requirements, and have Nurse Aide Certification in Washington State. Complete RN admission application materials are available through the Centralia College Office of Admissions & Records (nursingapplication.centralia.edu). Applications are due in April; courses completed through Spring quarter will be considered. (Subject to change.)

If you are admitted to the RN program, you must then provide consent forms and immunization records to the Nursing Director and attend a mandatory orientation session. Before beginning clinicals, Nationwide and Washington state specific background checks will be obtained. This includes a criminal records check required by clinical facilities in order to be at those clinical sites. You also must show proof of current Basic Life Support (BLS) for Health Care Providers (HCP).

PROGRAM OUTCOMES Upon successful completion, students will have demonstrated the ability to:

- Maintaining Belief – Provides patient-centered care to facilitate spiritual, mental and physical health with sensitivity and respect for the diversity of the human experience.
- Knowing – Uses clinical judgement and evidence-based practice as the basis for decision making in the provision of safe, comprehensive patient-centered care.
- Being With – Practices compassionate, competent, holistic, high quality patient-centered care in all situations.
- Doing For – Uses critical thinking to promote holistic health while performing technical skills in an efficient, competent manner.
- Enabling/Informing – Coordinates, collaborates and communicates with diverse patient populations, families and interdisciplinary health care teams to plan, deliver and evaluate care which promotes quality of life and empowers the patient through education.

* Applicant MUST have current, ACTIVE NA-C Certification status listed on the WA Department of Health Licensing/Credentials website. Completion of a NA-C course and completion or passage of the WA NA-C exam alone is NOT considered active certification status.

** Courses which are recommended to be taken prior to admission.
PHARMACY
See Pre-Pharmacy

PHLEBOTOMY

**Emphasis:** Phlebotomy  
**Degree:** Certificate of Proficiency  
**Total Credits:** 43  
**Class Type:** Lecture, Lab

**PURPOSE:** Laboratory procedures and regulations as set forth by federal standards will be the focus of this course. Students will be taught how to perform clinical laboratory testing that is within their scope of practice. Phlebotomy training will be a major emphasis in this program with hands on practice and dexterity for successful and safe venipuncture. Other common lab tests performed in clinical settings will be learned.

**PROGRAM OUTCOMES:** Upon successful completion, students will have demonstrated the ability to:

- Competency in collecting blood via venipuncture, syringe, butterfly, and arterial draws as well as other biological specimens and substances.
- Recognize the legal and ethical standards in the laboratory setting.
- Understand factors that can affect procedures and results of specimen testing.
- Know laboratory safety and take appropriate actions on safety.
- Display professionalism and interpersonal skills with patients, laboratory personnel as well as other health care providers.
- Recognize the responsibilities of a phlebotomist in the working laboratory.

**Suggested Order of Classes**

### Fall Quarter, First Year Credits

- BIOL 172 Human Biology Lab *...............................1
- BIOL& 170 Human Biology (NS) *...............................5
- H R 110 Human Relations-Workplace.........................5
- M A 139 Medical Terminology...............................5

16

### Winter Quarter, First Year Credits

- ENGL& 101 English Composition I..................OR
- WRT 105 Writing in the Workplace.......................5
- M A 130 Medical Math **..........................OR
- MATH& 146 Introduction to Stats (M)...................5
- PHLE 131 Intro to Phlebotomy Tech.....................5

15

### Spring Quarter, First Year Credits

- HLSV 110 BLS for Healthcare Providers..............1
- PHLE 132 Advanced Phlebotomy ***......................8
- Health & Fitness Distribution (HF) ****................3

12

* Students may substitute BIOL& 170 and BIOL 172 for BIOL& 241 Human A & P 1 and BIOL& 242 Human A & P 2.

** MATH 096 is the prerequisite to MA 130 Medical Math unless ACCUPLACER Next Generation score places student directly into college level math.

***Students must receive a 2.5 GPA or higher in PHLE 132 Advanced Phlebotomy to receive a certificate in the program.

**** **Recommended Elective:** PSYC& 200

For students who have taken prerequisites for Nursing, class substitutions may apply.
**PHYSICAL EDUCATION**

**Emphasis:** Exercise Science  
**Degree:** Associate in Arts  
**Total Credits:** 90

**PURPOSE:** The Associate in Arts degree with an emphasis in Exercise Science is designed for students wanting to transfer to a four-year college or university to complete a bachelor’s degree. This educational plan is well suited for students preparing for a career in exercise science.

PHYSICS

Emphasis: Physics  
Degree: Associate in Science  
Total Credits: 94

PURPOSE: The Associate in Science Track 2 with an emphasis in Physics is designed for students transferring to a four-year college or university to complete a degree in physics.

If you are not well prepared in high school mathematics and science, you should plan, with your advisor, a three-year program at Centralia College in preparation for transfer to a four-year college or university. The emphasis in the first year at Centralia should be on strengthening your mathematics, basic sciences, communications, and reading skills.

To ensure optimal course selection, plan your program of study with an advisor.

Suggested Order of Classes

**Fall Quarter, First Year Credits**
- CHEM& 161 General Chem w/ Lab I (NS) ................. 6
- ENGL& 101 English Composition I (C) .................. 5
- Health & Fitness Distribution (HF) ....................... 3

PRE-CHIROPRACTIC
PRE-PHYSICAL THERAPY

Emphasis: Pre-Chiropractic, Pre-Physical Therapy
Degree: Associate in Science
Total Credits: 93

PURPOSE: The Pre-Chiropractic / Pre-Physical Therapy program is intended for persons who plan to pursue a professional career in chiropractic or physical therapy. The plan of study presents a challenging blend of natural and physical sciences and be tailored to meet individual needs. If you complete the courses recommended, you are reasonably assured of being able to transfer with junior standing to most colleges and universities in Washington State. Students interested in physical therapy should be aware that a master's degree is required for entry into professional practice. You are urged to consult with your advisor as you plan your curriculum and select electives. This will allow your advisor to coordinate your program with the requirements of the institution to which you expect to transfer.

Be certain to meet with your advisor to select a sequence of classes that will meet your transfer goals.

Suggested Order of Classes

Fall Quarter, First Year Credits
BIOL& 221 Majors Ecology/Evolution (NS) .......... 5
CHEM& 161 General Chem w/ Lab I (NS) ......... 6
ENGL& 101 English Composition I (C) .............. 5

Winter Quarter, First Year Credits
BIOL& 222 Majors Cell/Molecular (NS) .......... 5
CHEM& 162 General Chem w/ Lab II (NS) ........ 6
MATH& 151 Calculus I (M) .......................... 5

Spring Quarter, First Year Credits
BIOL& 223 Majors Organismal Phys (NS) ........ 5
CHEM& 163 General Chem w/ Lab III (NS) ....... 6
MATH& 152 Calculus II (M) ........................ 5

Fall Quarter, Second Year Credits
BIOL& 241 Human A & P 1 (NS) .................. OR
PHYS& 221 Engineering Physics I (NS) .......... 5
Health & Fitness Distribution (HF) ................ 3
Social Science Distribution (SS) .................. 5

Winter Quarter, Second Year Credits
BIOL& 242 Human A & P 2 (NS) .................. OR
PHYS& 222 Engineering Physics II (NS) ........ 5
MATH& 146 Introduction to Stats (M) ............. 5
Humanities Distribution (H) .................... 5

Spring Quarter, Second Year Credits
BIOL& 243 Adv. Topics Human A & P (NS) ..... OR
PHYS& 223 Engineering Physics III (NS) .......... 5
Elective ............................................... 5
Humanities Distribution (H) .................... OR
Social Science Distribution (SS) ................. 5

Recommended Science Electives
BIOL& 221, 222, 223: Majors;
BIOL& 241, 242, 243: Human A&P w/lab I-III;
CHEM& 261, 262, 263; Organic Chemistry w/lab I-III;
PHYS& 221, 222, 223; Engineering Physics I-III
PRE-DENTAL HYGIENE

Degree: Associate in Arts  
Total Credits: 91-93

PURPOSE: The Pre-Dental Hygiene program provides appropriate science and general education courses for persons transferring to either a two- or four-year dental hygiene program. You may prepare for the program by completing high school chemistry, biology, and algebra or BIOL& 100 and MATH 098. Since there may be differences in prerequisites or curricula for dental hygiene programs at various colleges, you need to contact your advisor or the institution to which you will apply for specific details. You may also be required to complete the Dental Hygiene Aptitude Test. Your advisor will help you set an educational plan to complete this program of study.

Suggested Order of Classes

**Fall Quarter, First Year Credits**

- CHEM& 121 Intro to Chemistry (NS) ..........5
- ENGL& 101 English Composition I (C) ........5
- MATH& 107 Math in Society (M) ...............5 OR
- MATH& 146 Introductions to Stats (M) ..........5

15

**Winter Quarter, First Year Credits**

- ENGL& 102 Composition II (C) ...............5

- Elective ........................................3-5

16-18

It is strongly recommended that students confer with an advisor at their potential transfer institution to determine the courses that best support or may be prerequisites for their program.

Not all transfer institutions require an A.A. degree. Students should check their transfer institutions to determine their specific program requirements.

* BIOL 243, although not required, is strongly recommended.

PRE-MEDICINE
**PRE-DENTISTRY**

**Degree:** Associate in Science  
**Total Credits:** 91-94

**PURPOSE:** The Pre-Medicine/Pre-Dentistry program is intended for persons who wish to prepare for a career in a medical profession. Medical schools do not give higher priority to a given major field of study when selecting candidates. You are therefore encouraged to formulate a program of study which is scholastically challenging, and which can be the basis for a future career or for graduate study in the event you are not admitted to a medical school. The program outlined below provides a solid foundation in the natural and physical sciences. If you complete this program of study, you are reasonably assured of being able to transfer with junior standing to most four-year colleges and universities in Washington State. You are urged to consult with your advisor as you plan your curriculum and select electives. This will allow your advisor to coordinate your program with the requirements of your intended major at the institution to which you expect to transfer.

**Suggested Order of Classes**

**Fall Quarter, First Year Credits**
- BIOL& 221 Majors Ecology/Evolution (NS) .......... OR
- PHYS& 221 Engineering Physics I (NS) ............5
- CHEM& 161 General Chem w/ Lab I (NS) ..........6
- ENGL& 101 English Composition I (C) ..........5  
- **16**

**Winter Quarter, First Year Credits**
- BIOL& 222 Majors Cell/Molecular (NS) .......... OR
- PHYS& 222 Engineering Physics II (NS) ..........5
- CHEM& 162 General Chem w/ Lab II (NS) ..........6
- MATH& 151 Calculus I (M) .........................5  
- **16**

**Spring Quarter, First Year Credits**
- BIOL& 223 Majors Organismal (NS) .......... OR
- PHYS& 223 Engineering Physics III (NS) ..........5
- CHEM& 163 General Chem w/ Lab III (NS) ..........6
- MATH& 152 Calculus II (M) .........................5  
- **16**

**Fall Quarter, Second Year Credits**
- HUM 110 Ethics and Cultural Values (D) (H) ....5
- PSYC& 100 General Psychology (SS) .................5
- Biology/Chemistry/Physics sequence * ............5-6  
- **15-16**

**Winter Quarter, Second Year Credits**
- CMST& 220 Public Speaking (H) ....................5
- MATH& 146 Introduction to Stats (M) .......... OR
- MATH& 163 Calculus III .........................5
- Biology/Chemistry/Physics sequence * ..........5-6  
- **15-16**

**Spring Quarter, Second Year Credits**
- SOC& 101 Intro to Sociology (SS) ....................5
- Health & Fitness Distribution (HF) .................3
- Biology/Chemistry/Physics sequence * ............5-6  
- **13-14**

**Recommended Science Sequence**
- BIOL& 221, 222, 223: Majors;  
- BIOL& 241, 242, 243: Human A&P w/lab I-III;  
- BIOL& 260: Microbiology;  
- CHEM& 261, 262, 263: Organic Chemistry w/lab I-III;  
- PHYS& 221, 222, 223: Engineering Physics I-III.

* Biology majors should select Organic Chemistry or Physics for second year sequence. Some baccalaureate institutions require physics with calculus.
PRE-NURSING

Emphasis: Pre-Nursing
Degree: Associate in Pre-Nursing – DTA/MRP
Total Credits: 93

PURPOSE: This Associate in Arts degree with Pre-Nursing emphasis is designed for students who intend to pursue a Bachelor of Science in Nursing (BSN) degree from a baccalaureate institution. The educational plan provides courses identified by both public and private colleges and universities to prepare students for further study in the field of nursing. Admission to all nursing programs in Washington State is highly competitive. Completing this program of study will prepare students to transfer with junior standing to most four-year colleges and universities in Washington State but does NOT guarantee admission to the Nursing program. Students are urged to consult an advisor and refer to the admissions requirements for individual baccalaureate institutions for specific requirements and admissions criteria.

Suggested Order of Classes

Fall Quarter, First Year Credits
ENGL& 101 English Composition I (C)...........................5
MATH& 146 Introduction to Stats (M).............................5
Health & Fitness Distribution (HF)................................1
Humanities Distribution (H).........................................5
Total: 16

Winter Quarter, First Year Credits

Spring Quarter, Second Year Credits
BIOL 243 Adv. Topics Human A & P (NS) *..............5
BIOL& 260 Microbiology (NS).................................5
Elective.................................................................5
Total: 15

It is strongly recommended that students confer with an advisor at their potential transfer baccalaureate institution to determine the courses that best support or may be prerequisites for their BSN program.

* BIOL 243, although not required, is strongly recommended.
### Pre-Pharmacy

**Degree:** Associate in Science  
**Total Credits:** 91-94

**PURPOSE:** The Pre-Pharmacy program is intended for persons who plan to pursue a professional career in pharmacy. The plan of study presents a challenging blend of natural and physical sciences and can be tailored to meet individual needs. If you complete the program outlined, you are reasonably assured of being able to transfer with junior standing to most colleges and universities in Washington State. You are urged to consult with your advisor as you plan your curriculum and select electives. This will allow your advisor to coordinate your program with the requirements of the institution to which you expect to transfer.

Be certain to meet with your advisor to select a sequence of classes that will meet your transfer goals.

### Recommended Science Sequences:

- BIOL& 241, 242, 243: Human A&P w/lab I-III;
- CHEM& 261, 262, 263: Organic Chemistry w/lab I-III;
- PHYS& 221, 222, 223: Engineering Physics I-III.

*Biology majors should select Organic Chemistry or Anatomy and Physiology (BIOL& 241, BIOL& 242) and Microbiology (BIOL& 260) for second year sequence*
**PRE-VETERINARY MEDICINE**

**Degree:** Associate in Science  
**Total Credits:** 91

**PURPOSE:** The Pre-Veterinary Medicine program is intended for persons who plan to pursue a professional career. The plan of study presents a challenging blend of natural and physical sciences and can be used to meet the requirements for an animal science major at Washington State University. If you complete the program outlined below, you are reasonably assured of being able to transfer with junior standing to most four-year colleges and universities in Washington State. You are urged to consult with your advisor as you plan your curriculum and select electives. This will allow your advisor to coordinate your program with the requirements of your intended major at the institution to which you expect to transfer.

Be certain to meet with your advisor to select a sequence of classes that will meet your transfer goals.

PSYCHOLOGY

Emphasis: Psychology
Degree: Associate in Arts
Total Credits: 90

PURPOSE: The Associate in Arts with an emphasis in psychology is for students interested in transferring to a four-year institution. This educational plan addresses issues of human behavior and thought, provides the opportunity to gain fuller understanding of one’s self and others, and develops skills in human relations, communication, research, and analysis. Emphasis in psychology provides preparation for a variety of careers, and will benefit students majoring in education, nursing, physical and occupational therapy, business, law, medicine, or other disciplines that deal with people. Consult with psychology faculty for additional information.

Recommended Social Science Distribution:
SOC& 101 Intro to Sociology

Recommended Elective:
PSYC& 220 Abnormal Psychology
SOCIOLGY

Emphasis: Sociology
Degree: Associate in Arts
Total Credits: 90

PURPOSE: The Associate in Arts of Sociology provides a better understanding of what makes people behave the way they do. The focus is on the kinds of groups that people create and on specific interactions that take place as part of the basic social processes. How group activities influence individual members are also analyzed.

Some knowledge of sociology is generally regarded as a useful supplement to course work in most subject areas. The course of study for sociology majors is sufficiently flexible to provide study in areas of interest such as family, urban living, crime, and deviance.

To work as a sociologist usually requires graduate work. However, sociology provides courses used in training for careers in applied fields such as social welfare, city planning, and criminal justice.

By following this sociology educational plan at Centralia College students gain an adequate foundation to transfer to a four-year college or university. See the sociology faculty advisors for details.

Sociology majors are encouraged to develop a broad base in the Social Sciences to include PSYC& 100 General Psychology and PSYC& 200 Lifespan Psychology.
SUBSTANCE USE DISORDER PROFESSIONAL

Degree: Associate in Applied Science
Total Credits: 95
Class Type: Lecture, Lab, Hybrid, Online

PURPOSE: The Associate in Applied Science in Substance Use Disorder is for students interested in focusing their studies on Substance Abuse Disorder Counseling. This program prepares the student for work as a Substance Use Disorder Counselor in various settings from withdrawal management facilities to inpatient treatment programs. Students entering the program will fulfill the education requirement for Substance Use Disorder Professional Trainee (SUDPT) certification through the Department of Health (DOH). Students take classes that directly fulfill Washington Administrative Code (WAC) requirements toward acquiring the Substance Use Disorder Professional (SUDP) certification.

PROGRAM OUTCOMES: Upon successful completion, students will have demonstrated the ability to:
- Demonstrate an understanding of developmental psychology and psychopathology.
- Evaluate, assess, and treat addiction, substance abuse and chemical dependency in adolescents and adults.
- Recognize the pharmacological actions of alcohol and other drugs.
- Apply chemical dependency rules and regulations as well as professional and ethical responsibilities to patient care.
- Coordinate the use of services, referrals, and community resources.
- Recognize cultural diversity, including people with disabilities, and its implications for treatment.
- Plan and implement appropriate addiction placement, continuing care, and discharge criteria.
- Plan and provide effective counseling for chemical dependency, relapse prevention and continuing care for addicted individuals, their families or significant others in individual or group sessions.
- Demonstrate skills necessary to perform clinical evaluations, HIV/AIDS risk interventions and case management functions.

WELDING

Emphasis: Welding Technology
Degree: Associate in Applied Science
Total Credits: 91
Class Type: Lecture, Lab, Hybrid

PURPOSE: The Welding Technology program prepares students to compete for employment as an entry-level welder in building trades, ship building, structural fabrication, automatic and semiautomatic welding, and in maintenance welding.

The Welding Technology AAS program prepares students for advanced welding skills in FCAW (Flux Cored Arc), GTAW (TIG), GMAW (MIG), and SMAW (stick) welding. Students will have the opportunity to gain WABO Welding Certification.

PROGRAM OUTCOMES: Upon successful completion, students will have demonstrated the ability to:
- Follow industry safety practices and recognize the effects of welding on health.
- Set-up and adjust SMAW, GMAW, FCAW, GTAW, and oxy-fuel equipment and accessories.
- Apply principles and welding design practices to welding fabrication and inspection.
- Identify and make repairs to finished welds.
- Interpret information on welding blueprints.
- Apply the principles of Metallurgy to welding fabrication and inspection.
- Develop basic computer aided drafting skills
- Perform 3-G and 4-G AWS - WABO welding code qualification tests.

* Completion of these classes is required, but may be completed during any quarter.

GPA of 2.0 or higher is required in all WELD classes to continue enrollment each quarter.
WELDING

Emphasis: Welding (Evening)
Degree: Certificate of Completion
Total Credits: 20
Class Type: Lecture, Lab, Hybrid

PURPOSE: Students who complete the following 20 credits will be awarded a certificate of completion in Welding Fundamentals (this certificate can be completed entirely in the evening). These courses will be offered in the evening every fall, winter, and spring quarters.

PROGRAM OUTCOMES: Upon successful completion, students will have demonstrated the ability to:

• Follow industry safety practices and recognize the effects of welding on health.
• Set-up and adjust SMAW, GMAW, FCAW, GTAW, and oxy-fuel equipment and accessories.
• Identify and make repairs to finished welds.
• Perform 3-G and 4-G AWS- WABO welding code qualification tests.

When students complete WELD 180, WELD 181, WELD 182, and WELD 285 for a total of 20 credits, they will receive a certificate of completion.
What is a Bachelor of Applied Science (BAS) Degree?
A traditional bachelor's degree requires general education classes from many disciplines and is designed to provide students a wide base of knowledge, allowing them to concentrate their education in the third or fourth year of their education. A BAS degree gives students the chance to focus their education on their specific educational and career goals early within your education and incorporates more practical and concentrated hands-on learning in a specific industry or the career of their choice.

- The Bachelor of Applied Science in Applied Management (BAS-AM)
- The Bachelor of Applied Science in Behavioral Healthcare (BAS-BH)
- The Bachelor of Applied Science in Diesel Technology (BAS-DT)
- The Bachelor of Applied Science in Information Technology: Applications Development (BAS-IT: AD)
- The Bachelor of Applied Science in Teacher Education (BAS-TE)

Steps to Apply to a Bachelor of Applied Science Program
1. Review the entrance requirements for the desired program. Refer to www.centralia.edu/bachlors/default.aspx website for a complete list of entrance requirements.
2. Complete and submit the application materials for the desired program.

Advising
Students accepted into a bachelor program will receive quarterly advising from the faculty advisor.

Registration
Students accepted into a BAS Program will be provided registration information quarterly by the faculty advisor. In most cases, registration for 300 and 400 level courses is restricted to students accepted into a BAS Program.

Tuition
The Washington State Board for Community and Technical colleges sets the tuition rate for Applied Baccalaureate programs. Refer to bachelors.centralia.edu website for current rates.

Financial Aid & Scholarships
Please see page 20 of the catalog for information on applying for financial aid and scholarships.

Minimum Centralia College Content
To be eligible for the awarding of a degree, BAS students must complete a minimum of 30 credits of BAS coursework at Centralia College and that coursework must include any of the BAS capstone courses.

Minimum Grade
The student must achieve a grade of 2.0 or better in each of the upper division courses that comprise the BAS program. No credit is given for any grade lower than 2.0, and if the course is a prerequisite for another BAS course, that prerequisite is not met. A student who earns a grade lower than 2.0 in a BAS course may repeat that course only once. A student who earns grades lower than 2.0 in two or more courses is subject to removal from the program. The Dean of the BAS Program in consultation with the VP Instruction will determine the feasibility of a student repeating more than one BAS course due to a grade less than 2.0.
BAS Course Enrollment by Non-Matriculated Students

The BAS programs are designed for student cohorts who are committed to the attainment of the Bachelor of Applied Science degree. Non-matriculated students may be enrolled in specific courses on a space available basis at the discretion of the respective faculty member and with the concurrence of the BAS Program. Non-matriculated students must meet all of the normal BAS entrance requirements with the exception of the requirement to have an associate degree.

Centralia College will consider non-matriculated students for enrollment in 300/400 level courses including:

- Community members employed in the occupation who could benefit from the specific course as an educational or skills upgrade.
- Students with deferred admission status.
- Students seeking future admission interested in trying an upper division course before applying to the program.
- Students in related lower division programs who use the 300 or 400 level courses as electives or substitutes for required courses in the associate degree.

BAS Admissions

Students who have earned a baccalaureate degree from an institution accredited by one of the following agencies:

- Accrediting Commission for Community and Junior Colleges, Western Association of Schools and Colleges (ACCJC)
- Higher Learning Commission (HLC)
- Middle States Commission on Secondary Schools (MSA-CESS)
- Northwest Commission on Colleges and Universities (NWCCU)
- Southern Association of Colleges and Schools Commission on Colleges (SACSCOC)
- Middle States Commission on Higher Education (MSCHE)
- New England Commission of Higher Education (NECHE)
- WASC Senior College and University Commission (WSCUC)

will have met the general education requirements (basic and distribution areas) for an applied baccalaureate degree from a Washington State community or technical college. Students must still complete program-specific general education degree requirements if not otherwise satisfied.

The Bachelor of Applied Science in Applied Management (BAS-AM) degree is designed to provide a rigorous educational experience that fulfills the program’s mission.

The mission is to ensure that graduates of the Centralia College Bachelor of Applied Science in Applied Management degree program will have the qualifications for entry into or promotion into management positions in a wide range of business or industries. Graduates will acquire skills to improve the success of small business or entrepreneurial ventures.

Centralia College’s Bachelor of Applied Science in Applied Management (BAS-AM) builds on an existing Associate in Arts, Associate in Applied Science, or Associate in Applied Science- Transfer adding upper division coursework to complete a four-year degree. Applicants are accepted for the fall quarter of each year. The BAS-AM operates as a cohort-based program with all students starting in fall quarter and completing the program in two years (six-quarters).

Evening classes are conducted using the hybrid modality with each class meeting on campus for one two-hour period. Classes are on Tuesdays from 5-7 p.m., 7-9 p.m. and Thursdays from 6-8 p.m. The balance of the work is online. Day classes are conducted in the traditional face-to-face modality with each class meeting on campus for five one-hour periods. Classes are Monday through Friday from 9-9:50 a.m., 10-10:50 a.m. and 11-11:50 a.m. There may be an online component to the classes. Fully online classes do not have specific days and times for instruction but have weekly deadlines for submitting coursework.

Admission into the BAS-AM program is competitive and merit-based. Meeting the minimum entrance requirements does not guarantee admission as the number of qualified applicants may exceed the number of available enrollment spaces. In order to be placed into the admissions pool, applicants must complete or submit the following:

- All BAS application materials
- An earned associate degree or higher degree from a regionally accredited college or university with a minimum cumulative GPA of 2.5.
- Completed English 101 - English Composition with at least a 2.0 cumulative GPA

The following courses must be completed prior to a bachelor’s degree obtainment. Some courses can be included in the two-year degree or be completed during the bachelor’s program in addition to the required courses. Students must complete a total of 60 credits of General Education courses carrying the following distributions prior to graduation. Courses that cannot be included in an associate degree are bolded.

**GENERAL EDUCATION REQUIREMENTS**

APPLIED MANAGEMENT (BAS-AM) PROGRAM OF STUDY

**Emphasis:** Applied Management  
**Degree:** Bachelor of Applied Science  
**Total Credits:** 90  
**Class Type:** Lecture, Lab, Hybrid

**PURPOSE:** The program is designed to provide a rigorous educational experience to graduate individuals who are well-grounded in management knowledge and ethical values, who possess the requisite skills in communications, teamwork, and business fundamentals, and who are ready to provide leadership and effective decision-making to both existing and startup organizations.

**PROGRAM OUTCOMES:** Upon successful completion, students will have demonstrated the ability to:

**Communication Skills**
Recognize communications issues and be able to employ effective oral, written, and analytical communication appropriate to organizational settings including personnel situations and in large and small group discussions.

**Decision-Making**
Understand the differences in decision-making strategies and when to use various approaches. This includes the application of analytical tools, quality information systems. Design evaluation strategies that foster continuous improvement.

**Diversity**
Be able to articulate the key laws, ethical aspects, regulations and benefits associated with diverse populations. Analyze workplace scenarios and understand how the move from accommodation, to inclusion, to aggressive recruitment can create competitive advantages.

**Finance and Analysis**
Design statistical models and apply data analysis techniques to the decision-making process. Utilize financial information, recognizing the reliability and accuracy of various sources, and managerial accountings tools to develop and analyze capital and operating budgets and understand various financing options to best meet organizational needs.

**Global Perspectives**
Be able to apply a global perspective to recognize and understand what is required to mitigate and manage the impacts of global currency differences and fluctuations as related to the purchase of raw materials and commodities or the sale of products to offshore customers. Understand the implications of doing business across legal and cultural boundaries.

**Leadership and Management**
Understand the difference between management and leadership, the variety of styles and roles and when they are best used as well as knowing how to work collaboratively in a team setting and how to create and manage productive teams. Recognize the value of diversity and community in business ventures.
Legal Issues and Ethics
Understand the difference between the law and ethics which includes articulating a personal ethical philosophy and the application to the workplace, especially with regard to human resource issues. Evaluate the impact of state and federal laws on organizational practices and management scenarios.

Operations Management
Know how to apply marketing principles and current technologies, including the development of marketing plans, to deliver goods and services with increasing levels of quality, efficiency and customer satisfaction to maximize the return from operations management.

Strategic Management
Be able to move from the theoretical understanding of how market, local, national and global issues impact strategic management of an organization which includes the ability to develop an actionable strategic plan with appropriate contingencies for an organization. Apply project management concepts to develop, manage and track a project.

Tax and Audit
Know how to report financial performance in accordance with accounting principles required in tax, commercial, or government conceptual frameworks. Be able to apply audit procedures necessary in creating reasonable assurance as it pertains to financial performance presentation.

BEHAVIORAL HEALTHCARE (BAS-BH) PROGRAM OF STUDY

An applied bachelor's degree in Behavioral Healthcare (BAS-BH) provides the knowledge, skills and abilities needed to work in a variety of human service careers.

Admission into the BAS-BH program is merit-based. Meeting the minimum entrance requirements does not guarantee admission as the number of qualified applicants may exceed the number of available enrollment spaces. In order to be placed into the admissions pool, applicants must complete or submit the following:

**Minimum Admission Requirements**

1. BAS Application materials
2. Associate degree of 90 credits at junior-level standing with at least a 2.5 cumulative GPA
3. English 101 English Composition I with at least a 2.0 minimum GPA
4. Completion of ONE of the following classes (or equivalent):
   - SUDP 100 Intro to SUDP (formerly CDP 100)
   - SUDP 110 Counseling Techniques (formerly CDP 111)
   - SUDP 240 Group Counseling (formerly CDP 210)
   - Completion of General Psychology (PSYC& 100)
   - Completion of Lifespan Psychology (PSYC& 200)

The following courses must be completed prior to earning a bachelor's degree. The courses can be included in the two-year degree or be completed during the bachelor's program in addition to program required courses.

Students must complete a total of 60 credits of General Education courses carrying the following distributions prior to graduation. Courses that cannot be included in an associate degree are bolded.

**GENERAL EDUCATION REQUIREMENTS**

**Communications (C) 10 credits**
- ENGL& 101 English Composition I .........................5
- Elective ..................................................................5

**Humanities (H) 10 credits**
- CMST 330 Prof & Org Communication ..................5
- CMST& 220 Public Speaking ..................5

**Social Science (SS) 20 credits**
- PSYC& 100 General Psychology ......................5
- PSYC& 200 Lifespan Psychology ..................5
- PSYC& 220 Abnormal Psychology ..................5
- SOC& 101 Intro to Sociology ..................5

**Quantitative Skills (M) 5 credits**
- MATH& 146 Intro to Statistics ..................5

**Natural Science (NS) 10 credits w/ 1 Lab**
- BIOL& 170 Human Biology ......................5
- BIOL 172 Human Biology Lab ..................1
- or natural science w/lab ..................5
- BIOL 350 Neurobiology ..................5
Distribution Electives (C) (H) (SS) (M) (NS) 5 credits

- Elective.................................................................................................5

Students enroll full-time for a total of 15 credits (three classes) per quarter for six quarters. There are no upper division summer courses offered.

Hybrid Evening Program
The evening hybrid program is a mix of online work (60 percent) and shortened class meetings (40 percent). The upper division classes meet two evenings per week – 5-8:50 p.m. Tuesdays and 6-7:50 p.m. Thursdays. Each class meets two hours per week and the remaining coursework is online.

Steps to Apply
1. If you are not a current or former Centralia College student, obtain a ctcLink ID number by applying to Centralia College online.
2. Complete the online BAS-BH Application Form. Priority applications will be accepted until July 30. Applications will be reviewed and applicants notified regarding admission by August 16.
3. Pay the $35 application fee through the Cashier’s Office (360-623-8931) or online through your ctcLink account. The fee will be listed in your account after you submit the BAS-BH application. (for a slideshow tutorial on how to make payments in ctcLink, visit the ctcLink for Students page.)

After receiving the online BAS-BH Application Form, Enrollment Services will email you instructions for completing your admissions packet through Canvas.
BEHAVIORAL HEALTHCARE (BAS-BH) PROGRAM OF STUDY

Emphasis: Behavioral Healthcare
Degree: Bachelor of Applied Science
Total Credits: 90
Class Type: Lecture, Lab, Hybrid

PURPOSE: The program is designed to graduate individuals who are well-grounded in the knowledge, skills and abilities to work effectively with a diverse client base in a variety of human service careers.

PROGRAM OUTCOMES: Upon successful completion, students will have demonstrated the ability to:

- Analyze behavioral health concepts such as current trends, theories, approaches, and best practices
- Recognize institutional and social barriers that impede access, equity, and success for individuals and families within behavioral health systems.
- Effectively analyze, evaluate, and conduct behavioral health research
- Identify the structures, functions, and organizations which comprise the local health care system, with a particular focus on behavioral healthcare organizations
- Demonstrate the ability to adhere to professional, ethical standards, including confidentiality and sensitivity when working with diverse populations within the behavioral health field
- Demonstrate clear, concise, and effective written, electronic, and verbal communication skills with clients, families, and interdisciplinary team members to enhance person-centered care and health outcomes

Complete both brief screenings and biopsychosocial assessments to include co-occurring disorders and develop and monitor client-centered treatment plans in the context of family community, and cultural identities.

RECOMMENDED COURSE SCHEDULE

**Fall Quarter, Junior Year Credits**
- ENGL& 102 Composition II .................................. OR
- CMST 330 Prof & Org Communications (H) ........... 5
- BASBH 300 Intro to Behavioral Healthcare .......... 5
- BASBH Elective ............................................ 3-5
- BASBH Elective *** ............................................ 3-5

**Winter Quarter, Junior Year Credits**
- BASBH 320 Social & Cultural Diversity in BH ...... 5
- BASBH 330 Ethics in Behavioral Health .......... 5
- BIOL 350 Neurobiology ................................ 5

**Spring Quarter, Junior Year Credits**
- PSYC 209 Research Methods ............................ 5
- BASBH 450 Advanced Counseling Techniques ... 5
- BASBH 400 Case Management ......................... 5

**Fall Quarter, Senior Year Credits**
- BASBH 455 Behavioral Healthcare in Primary ....... 5
- BASBH 420 Treatment of Mental Disorders ....... 5
- BASBH 430 Trauma-informed Care .................... 5

**Winter Quarter, Senior Year Credits**
- BASBH 340 Professional Development ................ 5
- BASBH 440 Family Counseling .......................... 5
- BASBH or General Education Elective ................. 5

**Spring Quarter, Senior Year Credits**
- PSYC 409 Positive Psychology, Health ............... 5
- BASBH 325 Sociology of Health .......................... 5
- BASBH 470 Practicum ........................................ 5
- BASBH 471 Capstone Project ............................ 5

**BAS-BH Electives:**
- SUDP 100 Intro to SUDP (formerly CDP 100) (required);
- SUDP 110 Counseling Techniques (formerly CDP 111) (required);
- SUDP 240 Group Counseling (formerly CDP 210) (required);
- NUTR& 101 Nutrition
- PSYC 210 Personality Theory
- PSYC 250 Social Psychology
- SOC 125 Sociology of Family
- SOC 201 Social Problems

*** Students who have not completed all SUDP courses prior to entry must complete all/some of the above BASBH electives to earn a minimum of 90 credits for this degree
BACHELOR OF APPLIED SCIENCE IN DIESEL TECHNOLOGY (BAS-DT)

Admission into the BAS-DT program is merit-based. Meeting the minimum entrance requirements does not guarantee admission as the number of qualified applicants may exceed the number of available enrollment spaces. In order to be placed into the admissions pool, applicants must complete or submit the following:

- BAS application materials
- Proof of an earned associate degree in diesel technology, diesel mechanics, OR equivalent degree and transcripts approved by BAS administration from a regionally accredited college or university with a minimum cumulative GPA of 2.5.
- 15 credits in Diesel, Automotive, or related field with at least a 2.0 GPA

The following courses must be completed prior to a bachelor's degree obtainment. Some courses can be included in the two-year degree or be completed during the bachelor's program in addition to the required courses.

Students must complete a total of 60 credits of General Education courses carrying the following distributions prior to graduation. Courses that cannot be included in an associate degree are bolded.

GENERAL EDUCATION REQUIREMENTS

Communications (C) 10 credits
- ENGL& 101 English Composition I.........................5
- Elective.................................................................5

DIESEL TECHNOLOGY (BAS-DT) PROGRAM OF STUDY

**Emphasis:** Diesel Technology  
**Degree:** Bachelor of Applied Science  
**Total Credits:** 96  
**Class Type:** Lecture, Lab, Hybrid

**PURPOSE:** The program is designed to provide a rigorous educational experience to graduate individuals who are well-grounded in management knowledge and ethical values, who possess the requisite skills in communications, teamwork, and business fundamentals, and who are ready to provide leadership and effective decision-making to both existing and startup organizations.

**PROGRAM OUTCOMES:** Upon successful completion, students will have demonstrated the ability to:

**Technical**
- Analysis and evaluation of data – Analyze and evaluate data collected from component failures, hydraulic systems, and complex electrical circuits.
- Professional interactions – Interact appropriately and professionally with customers and employees.
- Complex system operations – Explain the operation of complex systems including computerized engine and transmission controls used for fuel efficiency and emissions control; regenerative hybrid technologies used to capture energy; multi-fuel technologies to save fuel costs.
- Theory application – Apply theories and skills taught in the classroom in a shop environment.
- Shop procedures – Create shop procedures that reflect industry standards and maintain compliance with regulations set by governing agencies.
- Fluids analysis – Apply the principles of tribology in the analysis of engine efficiency, life, and maintenance costs.
- Analysis of failure modes – Analyze test results from oil, coolant, fuel, or emissions analysis systems.

**Managerial**
- Policies and Practices – Implement the practices, policies, and leadership to efficiently operate a fleet or repair facility.
- HR management and ethical principles – Apply fundamental principles of human resource management and ethics.
- Communications – Employ effective oral, written, and analytical communication appropriate to organizational settings including personnel situations and in large group discussions.
- Leadership styles – Distinguish between management and leadership, and differentiate among the varieties of styles and roles of management and be able to identify the most appropriate in a given situation.
- Use of teams – Create, manage, and participate effectively in teams.

INFORMATION TECHNOLOGY (BAS-IT: AD) PROGRAM OF STUDY

Emphasis: Application Development  
Degree: Bachelor of Applied Science  
Total Credits: 90  
Class Type: Lecture, Lab, Hybrid

PURPOSE: The program is designed to ensure graduates have a strong technical foundation in application and software development and will be prepared to work in teams, manage IT projects, and prepare software documentation. The program outcomes align with Centralia College Student Learning Competencies.

PROGRAM OUTCOMES: Upon successful completion, students will have demonstrated the ability to:

• Develop efficient code following best practices in data design and software development  
• Communicate effectively with stakeholders  
• Demonstrated ability to troubleshoot and problem-solve defect from identification to resolution  
• Write and present technical documentation  
• Project management skills, such as estimating work effort, assessing risk, analyzing data, and defining project scope  
• Perform software assurance activities

** Must meet GUR’s (General University Requirements/Distribution Requirements) as listed under the Associate in Arts Degree (DTA).
BACHELOR OF APPLIED SCIENCE IN TEACHER EDUCATION (BAS-TE)

Admission into the BAS-TE program is merit based. Meeting the minimum entrance requirements does not guarantee admission as the number of qualified applicants may exceed the number of available enrollment spaces. In order to be placed into the admissions pool, applicants must complete and submit the following:

• BAS application materials
• Proof of an earned associate degree or junior level status and transcripts approved by BAS administration from a regionally accredited college or university with a minimum cumulative GPA of 2.5

Successful completion of:

• English Composition I (5 credits) with a 2.0 or better
• A college-level math course for which intermediate algebra is a prerequisite and contains quantitative skills distribution
• EDUC& 115 Child Development or PSYC& 200 Lifespan Psychology (5 credits)
• ECED& 180 Language and Literacy (3 credits)
• A minimum of three additional credits of education course work (ECED& 100 Child Care Basics) does not qualify for this requirement. Highly recommended courses include: EDUC& 130 Guiding Behavior, ECED& 170 Environments - Young Child; ECED& 190 Observation/Assessment; EDUC& 204 Exceptional Child; EDUC& 205 Intro to Education w/Field Experience

The following courses must be completed prior to a bachelor’s degree obtainment. Some courses can be included in the two-year degree or be completed during the bachelor’s program in addition to the required courses.

Students must complete a total of 60 credits of General Education courses carrying the following distributions prior to graduation. Courses that cannot be included in an associate degree are bolded.

ADDITIONAL ADMISSIONS REQUIREMENTS

• Passing scores from the WEST B Test (2 of 3 sections)
• Completion of FERPA release to share data with OSPI
• Completion of State of Washington required data sheet

ADDITIONAL REQUIREMENTS
(Completed Prior to Starting the Program)

• Office of the Superintendent for Public Instruction (OSPI) Background Check
• Pre-residency clearance

- EDUC 385 SPED Assessment **
- EDUC 410 Exceptional Learners **
- EDUC 480 SPED Seminar **

* Course is required for entrance into the program.

**Courses are only required for students completing both the Elementary Education and Special Education endorsements.
TEACHER EDUCATION (BAS-TE) PROGRAM OF STUDY

Emphasis: Elementary Education
Degree: Bachelor of Applied Science
Total Credits: 92-103
Class Type: Lecture, Lab, Hybrid

PURPOSE: The program is designed to graduate individuals who are well-grounded in education and training and are prepared to obtain initial teaching certification (K-8) in the state of Washington with a primary endorsement in elementary education. Students can complete additional classes for a second endorsement in special education.

PROGRAM OUTCOMES: Upon successful completion, students will have demonstrated the ability to:

General skills for all educators:

- Communicate and collaborate effectively with children, parents/guardians, peers, administrators, and the community.
- Ensure cultural competence in teaching through adapting learner centered curricula that engage students in a variety of culturally responsive strategies.
- Foster positive, inclusive, learning settings in cognitive, behavior, language, physical and social domains to create a safe and productive learning environment.
- Utilize feedback and reflection to constantly improve teaching practices.

Elementary Education endorsement

- Understand and apply knowledge of the arts, English Language arts, health-fitness, mathematics, science, and social studies.
- Understand and apply knowledge regarding the development and learning of children and young adolescents and how teachers can connect learning to students’ communities.
- Establish classroom communities that foster student engagement, learning and positive relationships.
- Use inquiry to effectively design and execute instructional plans and strategies that support diverse student learning within and across academic content areas.
- Design and implement a wide range of assessment strategies to inform instruction and support learning within and across academic content areas.

Special Education endorsement

- Understand the foundations of special education.
- Understand the characteristics of special education learners.
- Understand assessment, diagnosis, and evaluations and appropriately identify and use appropriate tools.
- Understand planning, content and practices associated with delivering appropriate educational opportunities.
- Understand how to manage student behavior and social interaction skills.

++Only currently certified teachers will complete reduced credits in Into Special Education and SPED Seminar.
TEACHER EDUCATION – SPECIAL EDUCATION CERTIFICATE

**Emphasis:** Special Education

**Degree:** Special Education Certificate

**Total Credits:** 20-23

**Class Type:** Lecture, Lab, Hybrid

**PURPOSE:** The Special Education Certificate is designed for currently certificated K-12 instructors seeking to add a special education endorsement to their teaching certification.

**PROGRAM OUTCOMES:** Upon successful completion, students will have demonstrated the ability to:

- Understand the foundations of special education.
- Understand the characteristics of special education learners.
- Understand assessment, diagnosis, and evaluations and appropriately identify and use appropriate tools.
- Understand planning, content and practices associated with delivering appropriate educational opportunities.
- Understand how to manage student behavior and social interaction skills.

COURSE DESCRIPTIONS

Accounting

ACCT 110
Practical Accounting I (3)
Emphasizes fundamental principles of double-entry accounting as applied to bookkeeping systems. The course focuses on the development of the accounting cycle for small businesses and professional organizations.

ACCT 120
Practical Accounting II (3)
Accounting theory as applied to bookkeeping systems of small businesses and professional organizations. Focuses on accounting for payroll, merchandise sales and purchases, cash receipts and payments, preparation of the worksheet and annual financial statements. Prerequisite: ACCT 110.

ACCT& 201
Principles of Accounting I (AE) (5)
Fundamental principles of double-entry accounting following Generally Accepted Accounting Principles (GAAP), including theories and procedures used to report business transactions and financial statements for sole proprietorships through the accounting cycle. Prerequisite: MATH 096 or equivalent or instructor permission.

ACCT& 202
Principles of Accounting II (AE) (5)
Accounting for partnerships and corporations. Topics include accounting for payroll, current and long-term liabilities, partnerships, corporations, and investments; preparation of the statement of cash flows; and financial statement analysis. Prerequisites: ACCT& 201 or ACCT 110 and 120 or instructor permission.

ACCT& 203
Principles of Accounting III (AE) (5)
Managerial accounting for manufacturing businesses. Topics include job order and process costing; cost behavior and cost-volume-profit relationships; variable and contribution margin income statements; standard costs; flexible budgets; relevant costs; and capital budgeting decisions. Prerequisite: ACCT& 201 or ACCT 110 and 120.

ACCT 210
Introduction to Audit (5)
An introduction to the audit environment of financial accounting and reporting following Generally Accepted Auditing Standards (GAAS). Prerequisite: ACCT& 201 or ACCT 110 and 120.

ACCT 220
QuickBooks (4)
This course introduces students to QuickBooks to record accounting transactions for small business operations. The focus is on vendors, customers, inventory, payroll, and banking. Topics include establishing files; purchases, bills and checks; sales, invoices, payments, discounts, and deposits; end-of-period accounting procedures; inventory; payroll; transferring funds; and reconciling. Students must have basic accounting knowledge.

ACCT 240
Business Entity Tax (5)
Calculation of tax liability and preparation of tax forms for business entities, rental property, and other property disposition. Also includes tax research. Prerequisite: ACCT& 201 or ACCT 110 and 120 and ACCT 260.

ACCT 260
Individual Income Taxes (5)
Individual income taxation focused on preparing individual federal income tax returns in the United States using current tax law. Prerequisite: ACCT& 201 or ACCT 110 and 120.

ACCT 270
Payroll Accounting (3)
Introductory course covering payroll calculation, accounting, and reporting, including knowledge of the Fair Labor Standards Act, the Social Security Act, federal income tax withholding laws, and other laws affecting payroll operations and employment practices. Prerequisite: ACCT& 201 or ACCT 110 and 120.

ACCT 285
Bookkeeper Cert. Course (5)
The capstone course in the Associate in Applied Science (AAS) Accounting/Tax program, covering principles of accounting, payroll, and taxation. Students earn up to 6 Certificates of Completion from the American Institute of Professional Bookkeepers (AIPB). Prerequisite: ACCT& 202, ACCT 260, ACCT 270.
ACCT 301  
**Intermediate Accounting I (5)**  
The first installment of a two-part course designed to teach a professional level understanding of financial accounting and reporting as it applies to business entities both publicly traded and privately held. Prerequisite: ACCT& 202 or permission.

ACCT 302  
**Intermediate Accounting II (5)**  
The second installment of a two-part course designed to teach a professional level understanding of financial accounting and reporting as it applies to business entities both publicly traded and privately held. Prerequisite: ACCT 301 or permission.

ACCT 310  
**Accounting Principles for Managers (5)**  
Foundation course in accounting principles from a management perspective. Analyze the interrelationships of financial statements and cost behavior to measure and control the performance of a business entity, and make decisions based on this information.

ACCT 401  
**Governmental Accounting (5)**  
An accounting course as it applies to government and not-for-profit entities. The topics include fund management, budget preparation, presentation of both fund and government-wide financial statements, and not-for-profit entity financial performance. Prerequisite: ACCT& 202 or permission.

ACCT 403  
**Federal Tax Compliance and Planning (5)**  
The application of concepts and techniques in: various advanced income tax scenarios; retirement planning; tax research; tax audit, appeals, and compliance process; and data analysis. Prerequisite: ACCT& 202 or permission.

ACCT 404  
**Data Analytics for Accounting (5)**  
Using previously learned accounting principles, apply principles of data analytics in an accounting context. Students develop skills to ask relevant questions; understand and prepare different types of data to use in analysis; perform descriptive, diagnostic, predictive, and prescriptive analytics; and communicate the findings. Prerequisites: ACCT& 201, BTEC 214 or instructor permission.

### Adult Basic Education

**ABE 001**  
**Orientation (1-5)**  
Instruction in basic skills for the adult who is unable to read, write, and compute sufficiently to meet the requirements of adult life. Emphasis is placed on practical application of basic skills to consumer economics issues in daily living. Special course sections are available for students who are developmentally disabled or have severe learning disabilities. Prerequisite: Placement testing and/or interview.

**ABE 018**  
**ABE Integrated Level 1 (1-15)**  
Designed for students to learn and/or review beginning grammar, punctuation, spelling, sentence structure, paragraph development, reading comprehension and math skills in preparation for passing of the GED exam. Prerequisite: CASAS appraisal score 200 and below.

**ABE 020**  
**Adult Basic Education Level 1 Reading (1-15)**  
Course is designed to improve analysis, synthesis, evaluation, and application of text in reading. Prerequisite: CASAS Reading Score 165-203.

**ABE 021**  
**Adult Basic Education Level 2 Reading (1-15)**  
Course is designed to improve analysis, synthesis, evaluation, and application of text in reading. Prerequisite: CASAS Reading score 204 - 216.

**ABE 022**  
**Adult Basic Education Level 2 Writing (1-15)**  
Course is designed to improve analysis, synthesis, evaluation, and application of text through writing. Prerequisite: CASAS Reading score 204 - 216.

**ABE 023**  
**Adult Basic Education Level 2 Math (1-15)**  
Course is designed to improve analysis, synthesis, evaluation, and application skills through math. Prerequisite: CASAS Reading score 194 - 203.

**ABE 028**  
**ABE Integrated Level 2 (1-15)**  
Designed for students to learn and/or review beginning grammar, punctuation, spelling, sentence structure, paragraph development, reading comprehension and math skills in preparation for passing of the GED exam. Prerequisite: CASAS appraisal score 201 to 210.
ABE 030
Adult Basic Education Level 1 Writing (1-15)
Course is designed to improve analysis, synthesis, evaluation, and application of text through writing. Prerequisite: CASAS Reading Score 165-203.

ABE 031
Adult Basic Education Level 3 Reading (1-15)
Course is designed to improve analysis, synthesis, evaluation, and application of text in reading. Prerequisite: CASAS Reading score 217 - 227.

ABE 032
Adult Basic Education Level 3 Writing (1-15)
Course is designed to improve analysis, synthesis, evaluation, and application of text through writing. Prerequisite: CASAS Reading score 217 - 227.

ABE 033
Adult Basic Education Level 3 Math (1-15)
Course is designed to improve analysis, synthesis, evaluation, and application skills through math. Prerequisite: CASAS Reading score 204 - 214.

ABE 036
ABE II Level 2 Writing (1)
This course is designed to meet the needs of adults whose English skills are between the fourth and seventh grade level. Assessment will determine each student's starting level. This course is not designed to be completed within one quarter's time span. Students will work only in those areas where they need assistance. Washington State Core Competencies including practical living applications will be emphasized. Prerequisite: successful completion of ABE 022 or placement score between 4.0 and 6.9 on TABE.

ABE 038
ABE Integrated Level 3 (1-15)
Designed for students to learn and/or review intermediate grammar, punctuation, spelling, sentence structure, paragraph development, reading comprehension and math skills in preparation for passing of the GED exam. Prerequisite: CASAS appraisal score 211 to 220.

ABE 039
Capstone (1-5)
Students will be ready to enter college or the workforce after exploring areas of professional development, resources, and college programs. Students will assess their personal strengths and apply them to college or an occupational environment.

ABE 040
ABE Level 1 Math (1-15)
Course is designed to improve analysis, synthesis, evaluation, and application skills through math. Prerequisite: CASAS Math Score 178-193.

ABE 041
Adult Basic Education Level 4 Reading (1-15)
Course is designed to improve analysis, synthesis, evaluation, and application of text in reading. Prerequisite: CASAS Reading score 228 - 238.

ABE 042
Adult Basic Education Level 4 Writing (1-15)
Course is designed to improve analysis, synthesis, evaluation, and application of text through writing. Prerequisite: CASAS Reading score 228 - 238.

ABE 043
Adult Basic Education Level 4 Math (1-15)
Course is designed to improve analysis, synthesis, evaluation, and application skills through math. Prerequisite: CASAS Reading score 215 - 225.

ABE 046
Written and Oral Communication (1-5)
Class participants enhance written and oral communication skills through the introduction of computer skill development and introductory communication skills for the workplace. Prerequisite: CASAS testing with a minimum score of 210.

ABE 048
ABE Integrated Level 4 (1-15)
Designed for students to learn and/or review advanced grammar, punctuation, spelling, sentence structure, paragraph development, reading comprehension and math skills in preparation for the GED exam. Prerequisite: CASAS appraisal score 221 to 235.

ABE 051
Adult Basic Education Level 5 Reading (1-15)
Course is designed to improve analysis, synthesis, evaluation, and application of text in reading. Prerequisite: CASAS Reading score 239 - 248.

ABE 052
Adult Basic Education Level 5 Writing (1-15)
Course is designed to improve analysis, synthesis, evaluation, and application of text through writing. Prerequisite: CASAS Reading score 239 - 248.
**ABE 053**

*Adult Basic Education Level 5 Math (1-15)*

Course is designed to improve analysis, synthesis, evaluation, and application skills through math. Prerequisite: CASAS Reading score 226 - 235.

**ABE 055**

*GED Fast-Track Lab 1 (1-15)*

The GED Fast-Track program is designed to maximize the opportunity for students to pass some or all GED tests. Prerequisite: Reading CASAS score 239+ and/or Math CASAS score 226+.

**ABE 056**

*GED Fast-Track Lab 2 (1-15)*

The GED Fast-Track program is designed to maximize the opportunity for students to pass some or all GED tests. Prerequisite: Reading CASAS score 239+ and/or Math CASAS score 226+.

**ABE 057**

*GED Fast-Track Lab 3 (1-15)*

The GED Fast-Track program is designed to maximize the opportunity for students to pass some or all GED tests. Prerequisite: Reading CASAS score 239+ and/or Math CASAS score 226+.

**ABE 058**

*ABE Integrated Level 5 (1-15)*

Designed for students to learn and/or review advanced grammar, punctuation, spelling, sentence structure, paragraph development, reading comprehension and math skills in preparation for the GED exam. Prerequisite: CASAS appraisal score 236 to 245.

**ABE 060**

*Key Skills for Success (1-10)*

This course will provide students with targeted skills in areas that will ease their transition into academic and vocational courses or into employment and training. Targeted skills include coursework that addresses personal management, interpersonal communication, career information, college resources, computer basics and help for success within vocational content areas. The instruction in these areas is pre-academic or pre-vocational with the purpose of creating a bridge for students to traditional college courses and services. Prerequisite: CASAS testing.

**ABE 061**

*Adult Basic Education Level 6 Reading (1-15)*

Students will study Level 6 reading competencies mandated by the Washington State Basic Skills Competency Indicators and CASAS assessment in lab, lecture, or lecture/lab setting. Prerequisite: CASAS score of 246+.

**ABE 062**

*Adult Basic Education Level 6 Writing (1-15)*

Course is designed to improve analysis, synthesis, evaluation, and application of text through writing. Prerequisite: CASAS Reading score 249 - 262.

**ABE 063**

*Adult Basic Education Level 6 Math (1-15)*

Course is designed to improve analysis, synthesis, evaluation, and application skills through math. Prerequisite: CASAS Reading score 236 and above.

**ABE 065**

*GED On-Track Lab 1 (1-15)*

The GED On-Track program is designed to maximize the opportunity for students to pass some or all GED tests. Prerequisite: Reading CASAS score 228-238 and/or Math CASAS score 215-225.

**ABE 066**

*GED On-Track Lab 2 (1-15)*

The GED On-Track program is designed to maximize the opportunity for students to pass some or all GED tests. Prerequisite: Reading CASAS score 228-238 and/or Math CASAS score 215-225.

**ABE 067**

*GED On-Track Lab 3 (1-12)*

The GED On-Track program is designed to maximize the opportunity for students to pass some or all GED tests. Prerequisite: Reading CASAS score 228-238 and/or Math CASAS score 215-225.

**ABE 068**

*ABE Integrated Level 6 (1-15)*

Designed for students to learn and/or review advanced grammar, punctuation, spelling, sentence structure, paragraph development, reading comprehension and math skills in preparation for the GED exam. Prerequisite: ABE 058, completion of 3 GED tests or CASAS 246-255.
ABE 071
Aural/Written Lang 3 (1-9)
In this Level 3 Aural/Written Language course, students will develop speaking, grammar, and composition skills needed to succeed in subsequent liberal arts and technical/occupational courses. Prerequisite: Official Language Test or CASAS score of 236-245.

ABE 074
Language Comprehension 3 (1-9)
In this Level 3 Language Comprehension course, students will develop listening and reading comprehension skills needed to succeed in subsequent liberal arts and technical/occupational courses. Prerequisite: Official Language Test or valid CASAS score of 236-245.

ABE 076
Language Comprehension 4 (1-9)
In this Level 4 Language Comprehension course, students will develop listening and reading comprehension skills needed to succeed in subsequent liberal arts and technical/occupational courses. Prerequisite: Official Language Test or valid CASAS score of 246-255.

ABE 085
Contemporary World Problems (1-5)
Designed to improve analysis, synthesis, evaluation, and application of text in reading, writing, and thinking within the context of contemporary world problems.

ABE 086
Pacific NW History (1-5)
Designed to improve analysis, synthesis, evaluation, and application of text in reading, writing, and thinking within the context of the U.S. and Northwest history.

ABE 087
US Government & Civics (1-5)
Designed to improve analysis, synthesis, evaluation, and application of text in reading, writing, and thinking within the context of U.S. Civics.

ABE 088
US History (1-5)
Designed to improve analysis, synthesis, evaluation, and application of text in reading, writing, and thinking within the context of U.S. and Northwest history.

ABE 089
Health and Nutrition (1-5)
A review of nutrition and a healthy diet to enhance one’s overall health.

ABE 090
Health and Exercise (1-5)
A review of nutrition and exercise to enhance one’s overall health.

ABE 092
Critical Reading/Writing (1-5)
Course is designed to improve analysis, synthesis, evaluation, and application of text in reading, writing, and thinking.

ABE 093
Fine Arts (1-5)
Course is designed to improve analysis, synthesis, evaluation, and application of text in reading, writing, and thinking through exploration of the arts.

ABE 094
Science Literacy (1-5)
Course is designed to improve analysis, synthesis, evaluation, and application of text reading, writing, and thinking through exploration of the general fields in science.

ABE 095
Occupational Education (1-5)
Course is designed to improve analysis, synthesis, evaluation, and application of text in reading, writing, and thinking through exploration and implementation of career choices.

ABE 096
Science Lit Laboratory (1-5)
Course is designed to improve analysis, synthesis, evaluation, and application of scientific material/procedure through reading, writing, and exploration- using scientific methodology and evaluation of data.

American Sign Language
ASL& 121
Am Sign Language I (H) (5)
An introductory course in American Sign Language (ASL). Topics covered include visual awareness, vocabulary, basic grammatical principles, comprehension skills, and the historical overview of the deaf community and its language.
ASL& 122
American Sign Language II (H) (5)
A continuation of ASL 121, with emphasis on developing fluency in American Sign Language.

ASL& 123
American Sign Language III (H) (5)
A continuation of ASL 122, with emphasis on comprehension and production of increasingly complex linguistic structures, and conceptual accuracy of multiple meanings and English/ASL idioms.

ASL& 221
American Sign Language IV (5)
Express yourself using not only hands, but the whole body. Emphasizes the beauty of the language of signs; increasing flexibility, reducing inhibitions, and accuracy or expression of the concept as distinct from the words. Prerequisite: ASL& 123 or instructor permission.

Anthropology

ANTH& 100
Survey of Anthropology (D) (SS) (5)
Participate in a four-field approach to the study of the diversity of humans and human cultures. Explore subfields of anthropology: social/cultural anthropology, physical/biological anthropology, archaeology, and anthropological linguistics.

ANTH& 204
Archaeology (SS) (5)
An introductory course into the study of humankind and societies past as revealed through material culture remains. Archaeological theory, analysis, dating, excavation and lab techniques, as well as ethical guidelines are explored in detail.

ANTH& 205
Biological Anthropology (NS) (5)
Exploration of human biology, evolution, paleontology, taxonomy, primatology, genetics and human variation. A student cannot receive credit for both ANTH& 205 and ANTH& 215.

ANTH& 206
Cultural Anthropology (D) (SS) (5)
Explore the whole of the human social and cultural world by means of investigating other people’s beliefs and behaviors. Through a cross-cultural perspective we attempt to understand others in order to better learn about ourselves.

ANTH& 210
Indians of North America (D) (SS) (5)
Investigate cultural systems of beliefs, behaviors and technology practiced by native North American peoples. Learn about subsistence patterns, exchange and trading relationships, marriage and the family, political organization, the life cycle, religion, belief and knowledge.

ANTH& 215
Bioanthropology w/Lab (NS) (5)
Exploration of human biology, evolution, paleontology, taxonomy, primatology, genetics and human variation. A student cannot receive credit for both ANTH& 205 and ANTH& 215.

ANTH 225
Cultural & Ethnic Pluralism (D) (SS) (5)
Examine ethnicity, ethnic identity, and cultural characteristics of ethnic and social groups in North America and around the world. Understand the relationship between social organization and forms of social, economic, and political domination and subordination.

ANTH 235
Myth, Ritual, and Magic (D) (SS) (5)
An ethnographical overview of the supernatural beliefs of peoples and cultures. Attention is paid to various Anthropological and Sociological theories concerning the nature, cause(s), and source(s) of supernatural belief in world societies and cultures.

ANTH& 236
Introduction to Forensic Anthropology (NS) (5)
Students will explore forensic anthropology method and theory, forensic taphonomy theory and practice, research methods, and the processing, analysis, and identification of human remains.

ANTH 260
Latin America Field Trip I (D) (5)
Explore the culture(s) and language(s) of a specific region of Latin American through first-hand experience. Contact instructors or follow Field Trip links on Anthropology or Foreign Language pages of college website for current information. Prerequisite: instructor permission.
ANTH 261
Latin America Field Trip II (D) (5)
Explore the culture(s) and language(s) of a specific region of Latin America through first-hand experience. Contact instructors or follow Field Trip links on Anthropology or Foreign Language pages of college website for current information. Prerequisite: instructor permission.

ANTH 262
Latin America Field Trip III (D) (5)
Explore the culture(s) and language(s) of a specific region of Latin America through first-hand experience. Contact instructors or follow Field Trip links on Anthropology or Foreign Language pages of college website for current information. Prerequisite: instructor permission.

ANTH 263
Latin America Field Trip IV (D) (5)
Explore the culture(s) and language(s) of a specific region of Latin America through first-hand experience. Contact instructors or follow Field Trip links on Anthropology or Foreign Language pages of college website for current information. Prerequisite: instructor permission.

ART
ART& 100
Art Appreciation (D) (H) (5)
Examine the nature of visual art, its role in society, and methods of creative expression. Provides an overview of art history, surveys contemporary artists, and introduces studio methods in a variety of media.

ART 102
Drawing I (H) (5)
An introduction to the fundamentals of drawing. Emphasis is placed on exploration of materials, observational study and technique development. Lectures on historical and contemporary artists provide cultural context for student work. No prior drawing experience necessary.

ART 103
Drawing II (5)
Intermediate level study of the fundamentals of drawing: composition, technique and manipulation of materials, exploration of subject matter. Lectures on contemporary and historical artists support drawing labs. Prerequisite: ART 102 or instructor permission.

ART 104
Drawing III (5)
Advanced level study of the fundamentals of drawing: composition, technique and manipulation of materials, exploration of subject matter. Lectures on contemporary and historical artists support drawing labs. Prerequisite: ART 102, 103 or instructor permission.

ART 106
Printmaking I (H) (5)
An introduction into the studio methods of printmaking as well as its historical significance and contemporary applications. Create multiples of using various matrixes including screen prints, etchings and relief prints.

ART 110
2D Design (H) (5)
Learn and utilize the principles of two-dimensional design and its application on a two-dimensional plane through lecture and studio practice.

ART 111
3D Design (H) (5)
An introduction to fundamental processes and materials for making three-dimensional art. Emphasis is placed on exploration of media, observational study and technique development. Lectures on historical and contemporary artists provide cultural context for student work.

ART 112
Color Theory (H) (5)
Understand the use of color in art through hands-on learning. Explore materials and techniques with in-class projects. Recognize color interaction and its effect on the viewer. Learn the art-historical evolution of our understanding of color.

ART 130
Computer Graphics (H) (5)
An overview of computer programs used to create images for print and screen, still and moving. Gain basic skills in design and programs by creating digital art work in a series of assignments.

ART 135
Graphic Design Layout (H) (5)
Problem solving in basic type and graphic design. A sequence of studio projects demonstrates students' ability to create, design and prepare art for reproduction. Prerequisite: ART 130 or instructor permission.
ART 136
Graphic Design II (5)
Continued problem solving in basic graphic design. A sequence of studio projects demonstrates student's ability to create, design and prepare art for reproduction. Lectures explore graphic design as an art form and as a business. Prerequisite: ART 135 or instructor permission.

ART 151
Typography (5)
This course covers the history of type, designing with type, reproduction of type. Type is the foundation for graphic design. Students will apply knowledge gained in a series of studio projects. Prerequisite: ART 110 or permission of instructor.

ART 160
Introduction to Fibers (H) (5)
An introduction to fiber art history and techniques with an emphasis on traditional, hand-manipulated processes such as basketry, felting, dyeing and simple loom work.

ART 174
Digital Photography (H) (5)
An introduction to digital photography as an expressive art form. Students will explore the creative and technical requirements of digital imaging, as well as examine the contributions of contemporary fine artists working in this medium. Prerequisite: basic computer experience required.

ART 190
Cooperative Work Experience (1-12)
Cooperative Work Experience allows students to apply classroom learning to on-the-job settings. Credit is earned for new and continued learning taking place in the work environment. Attainment of learning objectives and development of positive work habits are emphasized. Prerequisite: instructor permission.

ART 200
Art History: Ancient (D) (H) (5)
A survey of the development of art in Europe, the Near East and Asia from prehistoric times through the 14th century CE. The course will explore developments in architecture, painting, sculpture and other art forms.

ART 201
Art History: 15th-17th C (D) (H) (5)
A survey of the development of art in Pre-Columbian America, Africa and 15th-17th century Europe. The course will explore developments in architecture, sculpture, painting and other art forms.

ART 202
Art History: 18th-20th C (D) (H) (5)
A survey of the history of art in 15th-20th century Asia and 18th-20th century Europe. Historical developments in architecture, sculpture, painting and other art forms will be examined.

ART 203
History of American Art (H) (5)
A survey of American painting, sculpture, and architecture from colonial times to the present.

ART 210
Painting (AE) (4)
A painting course which uses the nude human form as a point of departure for creating art. Students will experiment with a variety of materials and techniques.

ART 211
Painting (AE) (4)
A continuation of ART 210 with increased emphasis on development of individual styles.

ART 220
3D Modeling & Animation (H) (5)
An introduction to 3D modeling, sculpting, motion-graphics, material, rendering and animation. Provides students with knowledge and insights about animation and 3D processes. Prerequisite: ART 130 with 2.0 or higher or instructor permission.

ART 269
Portfolio (3)
Development and presentation of an individual portfolio which meets professional standards of excellence for job potential. Open to art and photography students. Prerequisite: Permission of instructor.
Astronomy

ASTR 125
The Solar System (NS) (3)
Brief overview of the history and scope of astronomy, followed by a study of our own solar system including its sun, planets, moons, asteroids, and comets, and its origin. Some writing and computation is expected. Prerequisite: completion of MATH 098 with a 2.0 or above.

ASTR 126
Stars and Galaxies (NS) (3)
Introduction to the astronomy of stars and galaxies including nuclear processes, spectroscopy, stellar evolution, black holes, quasars, and an introduction to cosmology. Some writing and computation are expected.

ASTR 127
The Solar System & the Universe (NS) (5)
Brief overview of the history and scope of astronomy, followed by a systematic study of the solar system, stars, galaxies, and the universe. Prerequisite: one year HS algebra or MATH 098.

ASTR 128
Observational Astronomy (NS) (2)
Introduces the night sky as seen with the naked eye and a telescope. Lectures, labs, and observations provide astronomical concepts and hands on applications of these concepts. Transportation to Onalaska's Observatory is the student's responsibility.

Bachelor of Applied Science – Applied Management

MGMT 301
Fundamentals of Management (5)
Explores organizational theory and introduces the principles and concepts of effective management including the functions of planning, organizing, leading, and controlling. How a manager's personality and leadership style impact the workplace will be explored.

MGMT 320
Leadership & Organizational Behavior (5)
Relate theory and research to organizational problems by reviewing advanced concepts in motivation, perception, leadership, decision-making, communication and influence, group behavior, diversity, conflict and cooperation, politics, corporate culture, organizational structure, and environmental influences.

MGMT 325
Legal Issues (5)
A core course concerning the impact of laws, regulations and legal responsibilities on management behavior with a focus on the application of this learning to real life situations for organizations both large and small.

MGMT 340
Applied Financial Management (5)
Managerial finance. Case studies are used to explore topics including: financial statement analysis, long-term financial planning, capital budget decision making, financial leverage, capital structure policy, and dividend payout policy. Prerequisite: admittance into BAS program or administrator approval; ACCT 310 or accounting elective with a 2.0 or higher.

MGMT 360
Bus Prin, Plng & Strategy (5)
Core course in strategy and planning. Topics include: establishing organizational mission, formal planning, strategy formulation, and implementation. Identify strengths, weaknesses, opportunities, and threats facing organizations.

MGMT 370
Practicum in Management (5)
This course will explore and build student comprehension of the application of management functions covered in BAS-AM courses via direct interaction between students and local managers and entrepreneurs from private, public and non-profit sectors.

MGMT 380
Marketing for Managers (5)
A core course designed to develop the marketing knowledge and skills necessary for the successful manager of a profit or non-profit organization. Students will develop and present a comprehensive marketing plan.

MGMT 410
Project Management Application (5)
The theory and practice of project management as it relates to managers. Planning, organizing, securing and managing the human, financial, and physical inputs required to meet project objectives will be covered.
MGMT 420  
*Management of Human Resources (5)*
Core course in the responsibilities and role of human resource management in today's workplace. Material will concentrate on both regulatory and strategic responsibilities of HR. Topics include recruitment, interviewing, compensation and current HR issues.

MGMT 430  
*Supply Chain Management (5)*
This course provides an overview of Supply Chain Management (SCM) and various interconnected roles. Elements of internal and external demand, quality management, process improvement and design, distribution, and SCM strategy will also be included.

MGMT 435  
*Operations Management (5)*
Introduction to the key ideas and techniques used to plan, analyze, measure and improve an organization's production of goods and services. Topics explored include process-system modeling, product design/quality, inputs, processes, supply-chains, inventory, and people management. Prerequisite: enrollment in BAS-AM or instructor permission.

MGMT 440  
*Quality Management Principles (5)*
Acquire familiarity and a working knowledge of the principles and practice of quality management, quality control and process improvement.

MGMT 445  
*Warehouse Management (5)*
Critical analysis in the formulation of logistics, distribution and warehouse management strategies necessary to support the firm's strategic decisions. Emphasis in warehouse operations, distribution modalities and methodologies, and logistics processes.

MGMT 460  
*Internship Seminar (2)*
Discuss topics relevant to the workplace, such as, professional image, business etiquette, resolving conflict, problem-solving, diversity, preparing for and securing employment. Course requisite: admittance into BAS program or administrator approval.

MGMT 470  
*Management Internship (3)*
Culminating activity requiring the application of program learning outcomes to a specific job or project. Students will work to attain learning outcomes through activities and deliverables agreed upon between the student, internship provider, and instructor. Course requisite: admittance into BAS program or administrator approval. Prerequisite: or co-enrolled in MGMT 460 and 60 credits of BAS courses

MGMT 490  
*Strategic Management (5)*
A capstone course which focuses on the key aspects that must be addressed for sustained organizational success, effective problem solving, and the capture of opportunities from the perspective of the general manager or the entrepreneur. Prerequisite: BAS 460 or instructor permission.

**Basic Education for Adults**

BEDA 032  
*L3-WA Hist/Fine Arts/Sci (1-15)*
Integration of language arts and thinking skills through exploration of Washington State: civics, economics, art, literature, music, history, industry, geography, settlement, and migration. Will also examine unique technological and innovational advancements within the state. Prerequisite: CASAS score: 211-220.

BEDA 034  
*L3-WA Hist/Fine Arts/Sci (1-15)*
Integration of language arts and thinking skills through exploration of Washington State: civics, economics, art, literature, music, history, industry, geography, settlement, and migration. Will also examine unique technological and innovational advancements within the state. Prerequisite: CASAS score: 211-220.

BEDA 035  
*L3-CWP/Fine Arts/Science (1-15)*
Integration of language arts and thinking skills through exploration of contemporary world problems; politics, economics, art, literature, music, history, industry, geography, colonization, re-settlement, and migration. Will also examine technological, environmental, and innovational issues. Prerequisite: CASAS score: 211-220.
BEDA 041

**HSE/SPAN/LA 1 (L4) (1-5)**
First of two courses for bilingual English/Spanish language instruction in Language Arts for students who wish to obtain a high school equivalency certificate. Prerequisite: valid CASAS pre- or post-test scores below 236.

BEDA 042

**L4-WA Hist/Fine Arts/Sci (1-15)**
Integration of language arts and thinking skills through exploration of Washington State: civics, economics, art, literature, music, history, industry, geography, settlement, and migration. Will also examine unique technological and innovational advancements within the state. Prerequisite: CASAS score: 221-235.

BEDA 043

**HSE/SPAN/MATH 1 L-1 (1-5)**
First of two courses for bilingual English/Spanish language instruction in Mathematic Reasoning for students who wish to obtain a high school equivalency certificate. Prerequisite: Valid CASAS pre-or-post test scores below 225.

BEDA 044

**L4-US Hist/Fine Arts/Sci (1-15)**
Integration of language arts and thinking skills through exploration of United States history: civics, economics, art, literature, music, history, industry, geography, settlement, and migration. Will also examine unique technological and innovational advancements within the state. Prerequisite: CASAS score: 221-235.

BEDA 045

**L4-CWP/Fine Arts/Science (1-15)**
Integration of language arts and thinking skills through exploration of contemporary world problems; politics, economics, art, literature, music, history, industry, geography, colonization, re-settlement, and migration. Will also examine technological, environmental, and innovational issues. Prerequisite: CASAS score: 221-235.

BEDA 046

**HSE/SPAN/LA 2 (1-5)**
Second of two Language Arts courses. Bilingual English/Spanish language instruction in Language Arts for students who wish to obtain a high school equivalency certificate. Prerequisite: Valid CASAS pre-or post-test scores of <235.

BEDA 047

**HSE/SPAN/MATH 2 L-1 (1-5)**
Second of two courses for bilingual English/Spanish language instruction in Mathematic Reasoning for students who wish to obtain a high school equivalency certificate. Prerequisite: Valid CASAS pre-or-post test scores below 225.

BEDA 048

**HSE/SPAN/SCI (1-5)**
Bilingual English/Spanish language instruction in science for students who wish to obtain a high school equivalency certificate. Prerequisite: Valid CASAS GOALs pre- or post-test scores < 238 in Reading and < 235 in Math.

BEDA 051

**HSE/SPAN/LA1 (L5) (1-5)**
First of two courses. Bilingual English/Spanish language instruction in Language Arts for students who wish to obtain a high school equivalency certificate. Prerequisite: valid CASAS pre- or post-test with scores between 236 and 245.

BEDA 052

**L5-WA Hist/Fine Arts/Sci (1-15)**
Integration of language arts and thinking skills through exploration of Washington State: civics, economics, art, literature, music, history, industry, geography, settlement, and migration. Will also examine unique technological and innovational advancements within the state. Prerequisite: CASAS score: 236-245.

BEDA 053

**HSE/SPAN/MATH 1 L-2 (1-5)**
First of two courses for bilingual English/Spanish language instruction in Language Arts for students who wish to obtain a high school equivalency certificate. Prerequisite: Valid CASAS pre-or-post test scores between 226-235.

BEDA 054

**L5-US Hist/Fine Arts/Sci (1-15)**
Integration of language arts and thinking skills through exploration of United States history: civics, economics, art, literature, music, history, industry, geography, settlement, and migration. Will also examine unique technological and innovational advancements within America. Prerequisite: CASAS score: 236-245.
BEDA 055
**L5-CWP/Fine Arts/Science (1-15)**
Integration of language arts and thinking skills through exploration of contemporary world problems; politics, economics, art, literature, music, history, industry, geography, colonization, re-settlement, and migration. Will also examine technological, environmental, and innovational issues. Prerequisite: CASAS score: 236-245.

BEDA 056
**HSE/SPAN/LA 2 (1-5)**
Second of two Language Arts courses. Bilingual English/Spanish language instruction in Language Arts for students who wish to obtain a high school equivalency certificate. Prerequisite: Valid CASAS pre-or post-test scores between 236 and 245.

BEDA 057
**HSE/SPAN/MATH 2 L-2 (1-5)**
Second of two courses for bilingual English/Spanish language instruction in Mathematic Reasoning for students who wish to obtain a high school equivalency certificate. Prerequisite: Valid CASAS pre-or-post test scores between 226-235.

BEDA 061
**HSE/SPAN/LA1 (L6) (1-5)**
First of two courses. Bilingual English/Spanish language instruction in Language Arts for students who wish to obtain a high school equivalency certificate. Prerequisite: Valid CASAS pre- or post-test scores between 246 and 255.

BEDA 062
**L6-WA Hist/Fine Arts/Sci (1-15)**
Integration of language arts and thinking skills through exploration of Washington State: civics, economics, art, literature, music, history, industry, geography, settlement, and migration. Will also examine unique technological and innovational advancements within the state. Prerequisite: CASAS score: 246-255.

BEDA 063
**HSE/SPAN/Math 1 L-3 (1-5)**
First of two courses for bilingual English/Spanish language instruction in Mathematic Reasoning for students who wish to obtain a high school equivalency certificate. Prerequisite: Valid CASAS pre-or-post test scores above 236.

BEDA 064
**L6-US Hist/Fine Arts/Science (1-15)**
Integration of language arts and thinking skills through exploration of United States history: civics, economics, art, literature, music, history, industry, geography, settlement, and migration. Will also examine unique technological and innovational advancements within America. Prerequisite: CASAS score: 246-255.

BEDA 065
**L6-CWP/Fine Arts/Science (1-15)**
Integration of language arts and thinking skills through exploration of contemporary world problems; politics, economics, art, literature, music, history, industry, geography, colonization, re-settlement, and migration. Will also examine technological, environmental, and innovational issues. Prerequisite: CASAS score: 246-255.

BEDA 066
**HSE/SPAN/Language 2 (1-5)**
Second of two Language Arts courses. Bilingual English/Spanish language instruction in Language Arts for students who wish to obtain a high school equivalency certificate. Prerequisite: Valid CASAS pre-or-post test scores between 246 and 255.

BEDA 067
**HSE/SPAN/MATH 2 L-3 (1-5)**
Second of two courses for bilingual English/Spanish language instruction in Mathematic Reasoning for students who wish to obtain a high school equivalency certificate. Prerequisite: Valid CASAS pre-or-post test scores above 236.

BEDA 099
**I-Best Support (1-20)**
BEdA support course for students who are currently working or preparing to work in a specific job area and who are enrolled in an I-BEST program. Prerequisite: valid CASAS score of 211-256.

**Biology**

**BIOL& 160**
**General Biology w/Lab (NS) (5)**
Surveys the structures and functions of cells and organisms. Explores basic genetic and evolutionary processes. Outlines the characteristics of life, its history, and biodiversity.
BIOL& 170  
**Human Biology (NS) (5)**
Presents the structure, organization, and life functions of the human; cells, tissues, and organ systems; development from embryo to adult; aging and disease; human evolution and ecology.

BIOL 172  
**Human Biology Lab (AE) (1)**
Investigate the structure and function of the integumentary, skeletal, muscular, nervous, sensory, endocrine, cardiovascular, immune, respiratory, digestive, urinary, and reproductive systems. Prerequisite: BIOL& 170.

BIOL 180  
**Regional Biodiversity (AE) (5)**
Explore the biological diversity of a region. Identify the dominant organisms, describe their interactions with their physical, chemical, and biological environments. Focus on field trips. Prerequisite: instructor permission.

BIOL 190  
**Cooperative Work Experience (1-5)**
Allows students to apply classroom learning to on-the-job settings. Credit for new and continued learning in the work environment. 60-360 hours on-job per quarter. Prerequisite: Work Experience Seminar (BTEC 191-194) is required of Co-op students. Instructor’s permission required.

BIOL& 221  
**Majors Ecology/Evolution (NS) (5)**
Ecology, evolution, taxonomy and phylogeny, diversity of life forms. First course in a three-quarter series (BIOL& 221, 222, 223). Prerequisite: HS biology or BIOL& 160 and MATH 098 or equivalent.

BIOL& 222  
**Majors Cell/Molecular (NS) (5)**
Metabolism and energetics, structure and function of biomolecules and cells, Mendelian and molecular genetics, gene regulation and biotechnology. Second course in a three-quarter series (BIOL& 221, 222 and 223). Prerequisites: HS biology and chemistry or BIOL& 160; CHEM& 121 or CHEM 161 recommended.

BIOL& 223  
**Majors Organismal Physiology (NS) (5)**
Plant and animal comparative anatomy and physiology. Final course in a three-quarter series (BIOL& 221, 222, and 223). Prerequisite: BIOL& 221 or 222 or instructor permission.

BIOL& 241  
**Human A & P 1 (NS) (5)**
Investigate the interactions between structures and functions essential for human health. Levels include macromolecules, membranes and the cell, tissues, integument, skeleton and articulations, skeletal muscles, nerves, and central nervous systems. First quarter of a two-quarter sequence. Prerequisite: HS biology and chemistry or BIOL& 160 or BIOL& 170 and CHEM& 121.

BIOL& 242  
**Human A & P 2 (NS) (5)**
Investigate the interactions between structure (anatomy) and function (physiology) essential for human health. Investigate organization and function of the sensory, endocrine, cardiovascular, immune, respiratory, digestive, urinary, and reproductive systems. Prerequisite: BIOL& 241 or instructor permission.

BIOL 243  
**Adv Topics Human A & P (NS) (5)**
Investigate the inheritance of human characteristics and the regulation of gene expression. Trace the development of major organ systems in utero and fetal development. Trace the physiological and anatomical transformations in older individuals. Prerequisite: BIOL& 242 or instructor permission.

BIOL 250  
**Introduction to Marine Biology (NS) (5)**
Introduction to physical and chemical factors affecting marine organisms: the various marine habitats, the animals and plants which inhabit them, and human exploitation of marine resources. Field trips to local marine habitats.

BIOL& 260  
**Microbiology (NS) (5)**
Introductory microbiology focused on human health covering eukaryotes, prokaryotes, and viruses. Includes laboratory applications of lecture concepts. Prerequisite: both a college-level chemistry and biology course, or instructor permission.
BIOL 270  
*Research in Biology (AE) (1-12)*  
Design a research project, set up experiments, collect data in the lab or in the field, and/or analyze data. Each credit hour requires 33 hours of activity per quarter. Prerequisite: instructor permission.

BIOL 360  
*Life Science Concepts (NS) (5)*  
Fundamentals of structure and function from subcellular to organismal levels. Sources of variation in traits and inheritance. Ecological and ecosystem dynamics. Evolution, natural selection, and adaptation. BAS-TE students will develop grade-appropriate lesson plans/activities. Prerequisite: Five credits of lower division Natural Science.

Botany  
BOTA 110  
*Survey of Botany (NS) (5)*  
Introduction to plants for non-majors, with emphasis on growth, function, and reproduction. Human uses and modifications of plants for food and medicine will be explored. Students will conduct plant growth experiments in the greenhouse.

BOTA 113  
*Plant Identification & Classification (NS) (5)*  
Identification and classification of vascular plants of western Washington with emphasis on important plant families, conservation, and native plant uses. Field trips during labs to observe native plants in local habitats.

BOTA 150  
*Dendrology (NS) (5)*  
Introduction to biology through trees, from cells and evolution through tree ecology and urban trees. Identification of trees will be featured, including both Pacific Northwest natives and common street trees.

Building Maintenance Technology  
BMT 100  
*Building Fundamentals (CCC) (3)*  
This class will teach students industrial and construction site safety in the building maintenance trades. This course will focus on codes and regulations, math skills for the trades, and project development and construction.

BMT 110  
*Construction Basics (CCC) (4)*  
This class will teach students the basic construction techniques used in the building maintenance trade. Techniques include foundations and framing (floors, walls, and roof) that is used in the building maintenance trades.

BMT 120  
*Interior/Exterior Repair (CCC) (3)*  
Basic interior and exterior repair and maintenance techniques used in the building maintenance trades. Students will learn roofing and door installation, painting techniques, sheetrock techniques, and other finishing techniques used in the building industry.

BMT 130  
*Plumbing (CCC) (4)*  
This course is designed to teach students basic plumbing techniques used in the building maintenance trades. These techniques include: drain clearing, underground sprinkler systems, and temporary repair methods.

BMT 140  
*Electrical (CCC) (4)*  
This class teaches students basic electrical principles and techniques used in the building maintenance trades. Students will learn circuit application, service installation, and be able to identify electrical issues.

BMT 150  
*HVAC (CCC) (2)*  
Students will learn basic heating, ventilation, and air conditioning techniques used in the building maintenance trades, and will be able to identify and explain the different systems and how each system works.

Building Technology  
TECH 160  
*Drywall Install (CCC) (3)*  
This course is designed to teach students basic safety procedures, techniques, framing skills, and drywall installation that may be used in the construction industry. This class also prepares students for TECH 161, Drywall Finishing.

TECH 161  
*Drywall Finishing (CCC) (4)*  
This course is designed to teach students light commercial and residential drywall finishing techniques such as taping, mudding, and sanding that can be used in the construction industry.
TECH 165
Roofing Installation (CCC) (7)
This course will teach students safety techniques and basic commercial and residential roofing installation techniques, including preparation and installation that may be used in the construction trade.

TECH 166
Siding Installation (CCC) (7)
Teaches commercial and residential siding installation techniques, such as: removing existing materials, selecting tools for the job, and math skills needed to measure and cut materials that may be used in the construction industry.

Business Administration

BUS& 101
Intro to Business (AE) (5)
Introduction to the world of business. Emphasis will include functions of business, management, types of business ownership, human resources, production, marketing, ethics, and the role of accounting.

BUS 110
Introversion in the Work (5)
Exploration of the nature of introverts in the workplace and how they can effectively manage themselves and others.

BUS 190
Cooperative Work Experience (1-12)
Students apply classroom learning to on-the-job settings. Credit earned for new and continued learning taking place in the work environment. Co-requisite: BTEC 191

BUS& 201
Business Law (AE) (5)
Introduction to state and federal constitution, laws and procedures including international trade, crimes, torts, contracts, sales, property, bankruptcy, securities, consumer protection, employment, and debtor-creditor relationships. The relationship between ethics and law will be discussed.

BUS 203
Human Resource Management (5)
Introduction to fundamental concepts of human relations management. This course will focus on recruiting, employee selection and training, employee performance and compensation, and employee laws and labor. Prerequisite: BUS& 101, college level reading and writing.

BUS 210
Retail Management (5)
Gain broad perspective for all facets of retail operations including: multi-channels, merchandising, pricing, layout, store organization, site location, customer behavior, and customer service.

BUS 215
Principles of Finance (5)
A broad survey of the field of Finance. Topics include: interest rate theory, financial statement analysis, time value of money, and building stock and bond portfolios. Managerial finance is also studied. Prerequisite: ACCT& 201 or ACCT 200 or permission.

BUS 220
Marketing (5)
A broad overview of the market structure and marketing philosophies currently being used in business. Includes a description, analysis, and evaluation of the marketing system. Each student will conduct a marketing research project.

BUS 225
Money and Banking (5)
An introduction to the core principles of money and banking. Topics to be discussed include interest rates, financial instruments, financial markets, financial institutions, central banks, monetary policy, financial stability, and modern monetary economics. Prerequisite: ACCT& 201, 202.

BUS 230
Data Dashboards (5)
Turn data into dashboards and reports focused on identifying business goals, trends and patterns that guide business decisions. Create interactive dashboards using Excel tools such as pivot tables, pivot charts, slicers and advanced formulas. Prerequisite: BTEC 214

BUS 232
Entrepreneurship (5)
Experience the challenge and reward of planning a new business. Topics include: development of a business plan, failure factors in small businesses, capital, accounting, financial statements, marketing, human resource management, legal/regulatory issues and management principles. Prerequisite: BUS& 101 and ACCT 200, or instructor permission
BUS 235
Salesmanship (5)
Students will determine what motivates customers to make a buying decision and to ask appropriate questions to discover needs. Learn to organize sales process for effective time management, use technology and social media.

BUS 250
Project Management (5)
Explore the concept of projects and the unique administrative approach needed to successfully complete a project on time and within budget. Identify the components of projects and the tools available to track project progression.

BUS 275
Principles of Management (5)
Management styles and effective management of personnel from the manager’s side of business. The course is built around the five traditional functions of management and exploring management problems and practices. Real-life case problems used.

Business Office Technology

BTEC 101
Keyboarding for Business (3)
For students without keyboarding skills. Develop speed to 25 WPM by touch. Develop speed, accuracy, and basic word processing techniques for letters, reports, and tables.

BTEC 102
Keyboard Skillbuilding I (3)
Individualized program for improving keyboarding techniques and increasing speed and accuracy. Upon course completion, students should be able to type at a minimum of 35 wpm with one error per minute. Prerequisite: BTEC 101 & typing speed of 25 wpm or instructor permission.

BTEC 107
Electronic Medical Records (4)
Provides an overview of medical records as legal documents. Topics include the make-up of an electronic medical record, charting methods, patient scheduling, privacy, and administrative management.

BTEC 110
Business English (5)
This course is intended to provide a basis for producing office documents. Topics include editing skills including grammar, punctuation, proofreading, and spelling. Business English is a basis for medical documentation, business communications, and office procedures. Prerequisite: ENGL 098 with 2.0 or higher; placement of ENGL 099 or higher.

BTEC 120
Applied Business Math (5)
Fundamental arithmetic skills applied to a wide range of business activities. Topics include; banking, discounts, payroll, simple interest, markups and markdowns and promissory notes.

BTEC 190
Cooperative Work Experience (1-12)
This course allows students to apply classroom learning to on-the-job settings. Credit is earned for new and continued learning taking place in the work environment. Prerequisite: current or prior enrollment in BTEC 191 or instructor signature.

BTEC 191
Work Experience Seminar (1)
Discussion topics include professional image, business etiquette, sexual harassment, resolving conflict, and diversity in the workplace. Must be taken prior to or concurrently with Cooperative Work Experience.

BTEC 203
Keyboard Skillbuilding II (3)
Individualized advanced skillbuilding program for students who have taken BTEC 102. Upon completion of this course, students should be able to type at a minimum of 50 wpm with one error per minute. Prerequisite BTEC 102

BTEC 205
Outlook (1)
This course covers assorted tasks in Microsoft Outlook. Students will use their college email address to create and send email messages, schedule meetings, maintain calendars, and manage tasks. Prerequisite: IT 117, typing speed of 35 WPM or instructor permission.
BTEC 210

*Word 1 (5)*

Course covers Microsoft Word in depth: document preparation, formatting, graphics, WordArt, SmartArt, tabs, columns, sorting, mail merge, styles, Quick Parts, headers/footers, references, styles, document templates. Students will format documents to business standards. Prerequisite: IT 117, typing speed of 35 wpm, instructor permission.

BTEC 212

*Access (5)*

An introduction to Microsoft Access. Students will learn basic concepts of database software and be able to integrate Access with Word and Excel. Prerequisite: keyboard speed of 30 wpm, BTEC 210, BTEC 214, OR Instructor permission.

BTEC 214

*Excel 1 (5)*

This course is a hands-on approach for beginning through intermediate level applications of Excel spreadsheet using a variety of business applications. Students will learn formulas, charts, formatting, and management of Excel files. Prerequisite: IT 117, typing speed of 35 wpm, instructor permission.

BTEC 218

*Desktop Publishing (4)*

This course covers terminology, concepts, and tasks related to desktop publishing. Students will plan, create, and design publications for business and personal use. Prerequisite: IT 117, BTEC 210, typing speed of 35 WPM or instructor permission.

BTEC 219

*Word II (5)*

This course covers advanced Microsoft Word features that allow users to develop more detailed, professional documents such as reports with navigable table of contents and indices, integrated data and charts, and fill-in forms. Students will learn to customize various tools to be more efficient in the workplace. Prerequisite: BTEC 210.

BTEC 220

*Ten-Key Calculator (1)*

Touch control of the 10-key calculator with emphasis on speed and accuracy. Complete business calculations using the function keys. Business Math recommend first. Prerequisite: Business Math suggested.

BTEC 221

*Business Communications (5)*

Applying principles of effective written and oral business communications. Upon completion, students should be able to produce effective digital media pieces, positive, negative, and persuasive messages, informal reports, and a resume and cover letter. Prerequisite: placement into ENGL& 101 or a 2.0 in ENGL 99 or WRT 105.

BTEC 222

*Microsoft Office-PowerPoint Module (1)*

Class covers PowerPoint in depth: presentations, formatting, graphics, charts, design, and appropriate visual elements for professional presentations. Prerequisite: IT 117, typing speed of 35 wpm or instructor permission.

BTEC 224

*General Office Procedures (5)*

Topics include professional image, employer expectations, human relations, receptionist techniques, telephone procedures, mail processing, business ethics, job safety, office equipment and supplies, travel and meeting arrangements, financial activities, and composing and preparing professional documents. Prerequisite: BTEC 110, BTEC 210, BTEC 233, BTEC 214.

BTEC 233

*Records Management (5)*

Principles and procedures of effective records management for physical and electronic systems. Practice in indexing, coding, and filing for alphabetic, numeric, subject, and geographic systems. Introduction to laws, regulations, security risks and e-discovery.

BTEC 255

*Insurance and Billing (5)*

Introduction to major insurance program information and federal healthcare legislation. Exploration of health insurance guidelines and the knowledge and skills required for billing. Prerequisite: BTEC 260.

BTEC 260

*Medical Terminology (4)*

Development of a medical vocabulary with emphasis on definition and spelling. Upon completion of this course students should be able to recognize spoken medical terms, analyze word parts for meaning, and understand basic medical terminology.
BTEC 261  
**Medical Office Procedures (5)**
Culminating course for Medical Office students. Topics cover the expected skills for successful employment in a medical setting, such as professional image, medical ethics and law, appointment scheduling, office finances, and telephone procedures. Prerequisite: BTEC 107, BTEC 110, BTEC 233, BTEC 260.

BTEC 263  
**Medical Documentation (4)**
Medical documentation prepared through the transcription of chart notes, procedure notes, letters, and other medical documents using transcription or speech recognition files. Prerequisite: BTEC 260, BTEC 210, BTEC 110.

BTEC 266  
**Medical Law and Ethics (3)**
Overview of medical law/ethics for healthcare professionals in various settings: billing/coding, transcription, phlebotomy, etc. Designed to explain ethical/legal obligations to the patient, employer, and health worker and clarify confidentiality requirements regarding patient records and history.

Chemistry

CHEM& 110  
**Chemical Concepts w/Lab (NS) (5)**
Survey course of basic chemical principles and the real-world applications of chemistry. Meets NS distribution. Not intended for Allied Health or general chemistry prep. Will be offered with various themes. Math 096 prerequisite.

CHEM& 121  
**Introduction to Chemistry (NS) (5)**
Survey of chemistry with applications in everyday life: atoms, bonds, reactions, and calculations. Prerequisite: one-year HS algebra or MATH 098.

CHEM& 131  
**Introduction to Organic/Biochemistry (NS) (5)**
Study of major organic functional groups and their properties and major biochemical compounds including carbohydrates, lipids, proteins, and major cellular energy pathways. Targeted for allied health programs. Prerequisite: CHEM& 121 with a 2.0 or instructor permission.

CHEM& 139  
**General Chemistry Prep (NS) (5)**
Preparatory chemistry for science/engineering majors intending to take the CHEM& 161 sequence. Emphasizes quantitative reasoning, focusing on how mathematics is used in chemistry. Introduces nomenclature, dimensional analysis, stoichiometry, atomic structure, gas laws and solutions. Prerequisite: MATH 098 or instructor permission.

CHEM 159  
**Problem Solving in Chemistry (1)**
This course is designed to provide instruction and practice in quantitative problem solving, critical thinking, and the mathematics and study skills that are required to be successful in CHEM& 161. Corequisite: CHEM& 161.

CHEM& 161  
**General Chemistry w/Lab I (NS) (6)**
First of a three-quarter sequence for science and engineering majors. Includes matter, measurements, equations, stoichiometry, solution chemistry, gases, thermochemistry, quantum theory, and electronic structure. Problem solving and critical thinking are stressed. Includes lab. Prerequisite: CHEM& 139 or CHEM& 121 (2.0) and MATH 099 or equivalent or instructor permission.

CHEM& 162  
**General Chemistry w/Lab II (NS) (6)**
Second of a three-quarter sequence. Includes periodic trends, chemical bonding and structure, valence bond/molecular orbital theory, intermolecular forces, liquids and solids, solutions, and kinetics. Lab emphasizes data analysis and interpretation. Prerequisite: CHEM& 161 with a 2.0 or better or instructor permission.

CHEM& 163  
**General Chemistry w/Lab (NS) (6)**
third of a three-quarter sequence. Includes equilibrium, acids and bases, acid/base and solubility equilibria, thermodynamics, electrochemistry, and an introduction to organic and nuclear chemistry. May include polymers, transition metal, and/or coordination chemistry. Prerequisite: CHEM& 162 with a 2.0 or better or instructor permission.
CHEM& 261
Organic Chemistry I (NS) (6)
First course in a three-quarter sequence for science and pre-professional majors. Topics covered include structure, nomenclature, reactions and properties of hydrocarbons, and alkyl halides. Includes mechanisms and stereochemistry. Lab focuses on laboratory techniques. Prerequisite: CHEM& 163 with 2.0 or greater or instructor permission.

CHEM& 262
Organic Chemistry w/Lab II (NS) (6)
Second course in the sequence. Topics covered include structure, nomenclature, reactions and properties of alkenes, alkynes, alcohols, ethers, and conjugated and aromatic systems. Spectroscopy topics include IR, NMR, and MS analysis, including structure elucidation. Prerequisite: CHEM& 261 with 2.0 or greater or instructor permission.

CHEM& 263
Organic Chemistry w/Lab III (NS) (6)
Final course in the sequence. Topics covered include structure, nomenclature, reactions and properties of aromatics, aldehydes, ketones, carboxylic acids and their derivatives, and amines. Enol/enolate chemistry and radical reactions will also be covered. Prerequisite: CHEM& 262 with 2.0 or greater or instructor permission.

CHEM 270
Research in Chemistry (AE) (1-12)
Design a research project, set up experiments, collect data in the lab or in the field, and/or analyze data. Each credit hour requires 33 hours of activity per quarter. Prerequisite: instructor permission.

Chinese

CHIN& 121
Chinese I (D) (H) (5)
Learn the fundamental skills of listening comprehension, speaking, reading and writing the Mandarin Chinese language. Develop an understanding and appreciation of the Chinese people and culture.

CHIN& 122
Chinese II (H) (5)
Continued study of the fundamental skills of listening comprehension, speaking, reading and writing the Mandarin Chinese language. Develop an understanding and appreciation of the Chinese people and culture. Prerequisite: CHIN& 121 or instructor permission.

CHIN& 123
Chinese III (H) (5)
Continued study of the fundamental skills of listening comprehension, speaking, reading and writing the Mandarin Chinese language. Develop an understanding and appreciation of the Chinese people and culture. Prerequisite: CHIN& 122 or instructor permission.

CHIN& 221
Chinese IV (H) (5)
Continued study of the fundamental skills of listening comprehension, speaking, reading and writing the Mandarin Chinese language. Develop an understanding and appreciation of the Chinese people and culture. Prerequisite: CHIN& 123 or instructor permission.

CHIN& 222
Chinese V (H) (5)
Continued study of the fundamental skills of listening comprehension, speaking, reading and writing the Mandarin Chinese language. Develop an understanding and appreciation of the Chinese people and culture. Prerequisite: CHIN& 221 or instructor permission.

CHIN& 223
Chinese VI (H) (5)
Continued study of the fundamental skills of listening comprehension, speaking, reading and writing the Mandarin Chinese language. Develop an understanding and appreciation of the Chinese people and culture. Prerequisite: CHIN& 222 or instructor permission.

Civics

CIV 011
Civics (1-3)
Students develop reading and comprehension skills focusing on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests of 190 and under.

CIV 012
Civics (1-3)
Students develop reading and comprehension skills focusing on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests of 190 and under.
CIV 013
Civics (1-3)
Students develop reading and comprehension skills focusing on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests of 190 and under.

CIV 014
Civics (1-3)
Students develop reading and comprehension skills focusing on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests of 190 and under.

CIV 021
Civics (1-3)
Students develop reading and comprehension skills focusing on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests of 191 to 200.

CIV 022
Civics (1-3)
Students develop reading and comprehension skills focusing on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests of 191 to 200.

CIV 023
Civics (1-3)
Students develop reading and comprehension skills focusing on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests of 191 to 200.

CIV 024
Civics (1-3)
Students develop reading and comprehension skills focusing on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests of 191 to 200.

CIV 031
Civics (1-3)
Students develop reading and comprehension skills focused on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests from 201 to 210.

CIV 032
Civics (1-3)
Students develop reading and comprehension skills focused on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests from 201 to 210.

CIV 033
Civics (1-3)
Students develop reading and comprehension skills focused on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests from 201 to 210.

CIV 034
Civics (1-3)
Students develop reading and comprehension skills focused on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests from 201 to 210.

CIV 041
Civics (1-3)
Students develop reading and comprehension skills focused on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests between 211 and 220.

CIV 042
Civics (1-3)
Students develop reading and comprehension skills focused on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests between 211 and 220.
CIV 043
Civics (1-3)
Students develop reading and comprehension skills focusing on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests between 211 and 220.

CIV 044
Civics (1-3)
Students develop reading and comprehension skills focusing on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests between 211 and 220.

CIV 051
Civics (1-3)
Students develop reading and comprehension skills focusing on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests from 221-235.

CIV 052
Civics (1-3)
Students develop reading and comprehension skills focusing on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests from 221-235.

CIV 053
Civics (1-3)
Students develop reading and comprehension skills focusing on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests from 221-235.

CIV 054
Civics (1-3)
Students develop reading and comprehension skills focusing on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests from 221-235.

CIV 061
Civics (1-3)
Students develop reading and comprehension skills focusing on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests of 236 to 245.

CIV 062
Civics (1-3)
Students develop reading and comprehension skills focusing on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests of 236 to 245.

CIV 063
Civics (1-3)
Students develop reading and comprehension skills focusing on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests of 236 to 245.

CIV 064
Civics (1-3)
Students develop reading and comprehension skills focusing on topics that will aid them in becoming better members of the community. Placement is based on CASAS reading scores. Prerequisite: valid scaled scores from CASAS pre- or post-tests of 236 to 245.

Commercial Drivers
CDL 100
Commercial Truck Driving (12)
This course is designed to prepare students to take the State of Washington test necessary to obtain a Commercial Driver License for the professional truck driving industry. Prerequisites: 18 years of age or older; pass Federal Department of Transportation health and drug screening; valid Washington state driver license; no DUI, hit and run, reckless, or negligent infractions within the past five years; have no more than three moving violations in the past three years.
Communication Studies

CMST& 102
Intro to Mass Media (H) (5)
A survey of the mass media in America: newspapers, magazines, books, recorded music, radio, television, motion pictures, the World Wide Web: with emphasis on structure, function, audience, content, effect and social responsibility.

CMST 104
Racism, Sexism and the Media (D) (H) (3)
Examine issues of race and gender in the media from both an historical and a current perspective.

CMST 110
Social Media Communications (H) (5)
Students will explore the field of social media communications, how social media has affected the way we communicate, and how to use platforms and strategies for professional use.

CMST 130
Debate I (H) (5)
Students will learn to analyze, construct and deliver arguments on controversial topics using supportive evidence to respond to opposing viewpoints.

CMST& 220
Public Speaking (H) (5)
Apply methods for managing speech anxiety, holding attention and making points in a variety of public speaking situations, including techniques for being credible and ethical. Communication theories and interpersonal skills also studied.

CMST 240
Advanced Public Speaking (H) (5)
Build upon the skills learned in an introductory public speaking course. Become prepared to present in professional settings and lead effective business meetings as an audience-centered communicator. Prerequisite: CMST& 220 or instructor permission.

CMST 250
Intercultural Communications (D) (H) (5)
Students will explore the dynamics of intercultural communication; how variables such as perceptions, language usage, nonverbal style, gender, class, and values influence face-to-face communication among individuals of different cultures; and strengthen communication skills.

CMST 330
Professional & Organizational Communication (H) (5)
Foundation course designed to develop effective written and verbal communication skills in organizational settings. Students will gain an appreciation for the crucial role communication plays in organizations and how to improve their employability. Prerequisite: Five credits of lower division Humanities.

Communications

COMM 100
Dragon NaturallySpeaking (2)
Designed to assist students in the development of computer and English composition skills while using Dragon NaturallySpeaking (voice recognition) and text to speech software.

Computer Aided Drafting

CAD 110
CAD for Electronics (3)
Introduces students to the art and science of reading and creating electrical schematics from a Computer Aided Drafting perspective in the AutoCAD environment. Knowledge of component identification is required. Prerequisite: ERA 101.

CAD 115
CAD for Industry (3)
AutoCAD drawings, editing, dimensioning, drawing aids, layer control designed to develop basic computer-aided drafting skills that may be used in industry. Emphasis on creating basic drawings, blocks and plotting. Basic computer skills required.

Construction Trades

CTAP 120
Construction Trades Math (3)
This course will provide students with a solid foundation in mathematical principles needed for a variety of vocational trades.

CTAP 130
Work Behavior & Safety (5)
This course will provide instruction in worksite behaviors and expectations.
CTAP 140
Tools and Blueprints (5)
This course focuses on identification, maintenance and safe usage of tools and equipment in the trades.

CTAP 150
Intro to the Trades (5)
This course will provide exposure to a variety of different building trades and applications to the jobsite.

CTAP 160
Capstone Project (2)
In this capstone course, students will experience the link between theory and practicum through completing a relevant project.

Cooperative Work Experience

COOP 190
Cooperative Work Experience (1-12)
Cooperative Work Experience allows students to apply classroom learning to on-the-job settings. Credit is earned for new and continued learning taking place in the work environment. Reaching set learning objectives and development of positive work habits are emphasized. The Cooperative Education Faculty Coordinator, the student employee, and the worksite supervisor identify the learning objectives. 30-360 hrs on-the-job per quarter. Instructor's permission is required. Corequisite: Enrollment in a Work Experience Seminar is required of Co-op students. You may take the Work Experience Seminar before or in the same quarter as the Co-op course.

Criminal Justice

CJ& 101
Intro to Criminal Justice (AE) (5)
Examines local, state and Federal law enforcement agencies and the judicial and correctional systems. Career opportunities and qualifying requirements are studied.

CJ 103
Constitutional Case Law (5)
Examines the Constitution and Bill of Rights in relation to law enforcement, the judiciary, and corrections. Defines guilt-laden facts, reasonable suspicion, and probable cause.

CJ 104
Intro to Law Enforcement (AE) (5)
A broad survey of the theories, procedures and methods of police operations studied. Also examines police discretionary powers, career opportunities, and trends in law enforcement. Pre/corequisite: CJ& 101 or instructor permission.

CJ& 105
Intro to Corrections (AE) (5)
A broad survey of the history and evolution of adult and juvenile correctional models in America. All forms of incarceration and restrictive custody are studied. Pre/corequisite: CJ& 101 or instructor permission.

CJ& 106
Juvenile Justice (AE) (5)
Juvenile deviance and theories of criminality are studied. Economic, social, and psychological impact of juvenile delinquency trends examined. Pre/corequisite: CJ& 101 or instructor permission.

CJ 107
Criminal Procedures (5)
Examines state and federal laws of arrest, search and seizure, civil and criminal liability. The rules of evidence and courtroom proceedings are studied. Pre/corequisite: CJ& 101 or instructor permission.

CJ 109
Community Policing (5)
Focus on resolving community issues and concerns via Community Oriented Policing and Problem Solving (COPPS) skills and strategies. Pre/corequisite: CJ& 101 or instructor permission.

CJ& 110
Criminal Law (AE) (5)
A broad survey of the common criminal laws and statutes of Washington and the other 49 United States. Pre/corequisite: CJ& 101 or instructor permission.

CJ 111
Criminal Justice Ethics (5)
Presents an in-depth examination and analysis of the practical, theoretical, ethical and moral considerations found in the criminal justice system. Pre/corequisite: CJ& 101 or instructor permission.
CJ& 112  
*Criminology (AE) (5)*
Examines social components of crime, deviance, criminality, and societal reactions to crime. Includes discussion of causes and impacts of crime on society, classifications and theoretical interpretations of crime and the criminal justice system.

CJ 114  
*Critical & Current Issues (5)*
Examines current issues, topics and trends in the criminal justice system. Explores the issues of racism and bigotry as related to criminal justice practitioners. Pre/corequisite: CJ& 101 or instructor permission.

CJ 116  
*Community Corrections (5)*
Community corrections, alternative sentencing, probation and diversion concepts studied. Explores technology innovations pertaining to community supervision. Pre/corequisite: CJ& 101 or instructor permission.

CJ 126  
*Homicide Investigation (5)*
Tactics, procedures, and forensic techniques of homicide investigation are examined. Various tools and processes systematically employed to identify, arrest, and convict perpetrators are studied. Pre/corequisite: CJ& 101 or instructor permission.

CJ 129  
*Intro to Victimology (5)*
Introductory course examines violent crime and victimology in American society. Factors leading to acquaintance and stranger violence, proactive and reactive strategies to crime, legal issues and self-defense measures studied and discussed.

CJ 130  
*Domestic Violence & Abuse (5)*
This course examines physical and sexual domestic violence in our society. This includes spouse/partner abuse and child abuse. Contemporary investigation and intervention strategies and techniques are studied including evidence discover, collection, and preservation.

CJ 190  
*Cooperative Work Experience (1-10)*
Cooperative Work Experience provides criminal justice students with opportunities and forums to apply classroom learning to real-world scenarios in career related environments. Credit is awarded for learning that occurs at municipal, state or federal law enforcement, correctional or social science agencies or institutions. Student achievement of predetermined learning objectives emphasized.

CJ 204  
*Reports, Forms & Affidavits (5)*
Investigative report writing including narratives, police reports, common forms, affidavits, and search warrants.

CJ 223  
*Criminal Investigation (5)*
Covers contemporary issues surrounding criminal investigation addressing the crime scene, investigative process of crimes against persons, property, vice crimes, and prosecution. It is designed to help students develop a working knowledge of criminal investigation.

CJ 224  
*Criminal Interviews & Interrogations (5)*
Basic and intermediate skills required for criminal and forensic interviews and interrogations. Study, practice, role-play, and evaluate the techniques used to elicit factual information from victims, witnesses and suspects in the course of criminal investigations.

CJ 225  
*Crime Scene Technology (5)*
Students learn techniques to collect and preserve common evidentiary items located at crime scenes for future laboratory analysis and judicial proceedings while ensuring proper chain of custody. Aspects of arson investigation are also studied.

CJ 228  
*Crime Scene Photography (5)*
Practical application of basic crime scene photography methods and techniques for criminal investigations studied. Skills designed to capture the details of automobile accidents, misdemeanor, and felony crime scenes are discussed and practiced.
CJ& 240
Intro Forensic Science (AE) (5)
Introductory course in forensic science examines physical evidence and laboratory analysis in criminal investigations. Skills and procedures required for collection, preservation, and identification of physical evidence are studied. Diagramming of crime scenes is practiced.

Diesel Equipment Technology

DET 100
Shop Skills (7)
Theory and application of basic tools and practices as used in heavy equipment repair facilities. Prerequisite: Placement for TMATH 116 or MATH 095 with 2.0 or higher.

DET 102
Forklift Certification (1)
A comprehensive classroom training with practical, and hands-on instruction on forklift operation and safety. Course covers state and federal regulations. For successful completion student must be 18 and pass both practical and hands on exams.

DET 110
Mobile Electrical Systems I (7)
The exploration and application of fundamental principles of direct current electrical systems found on mobile equipment. Prerequisite: DET 100 or instructor permission; corequisite DET 130.

DET 120
Internal Combustion Engines I (7)
This course covers the operating principles of internal combustion engines. A variety of diesel engines will be disassembled and reassembled with the use of service manuals. Prerequisite: DET 110 or instructor permission.

DET 125
Power Transmission 1 Lab (7)
The theory and application of mechanical power transmitting devices and associated components as used in diesel powered equipment.

DET 130
Mobile Hydraulic Systems (7)
Students will be introduced to terminology, physical properties, and principles relating to mobile hydraulic equipment. Students will engage in practical exercises that will aid in the understanding of basic hydraulic systems. Prerequisite: DET 100 or instructor permission; co-requisite: DET 110.

DET 166
Shop Skills for Welders (3)
Develop practical work skills and work habits in the student. Includes safety procedures and practices, proper use and maintenance of common shop equipment and common processes and materials of metal products fabrication and manufacturing.

DET 190
Cooperative Work Experience (1-7)
Cooperative Work Experience allows students to apply classroom learning to on-the-job settings. Credit is earned for new and continued learning taking place in the work environment. Positive work habits are emphasized. Prerequisite or co-requisite: Cooperative Work Experience Seminar.

DET 200
Mobile Electrical Systems II (7)
Students will examine electrical components and electronic systems. This course will cover electronic control modules and advanced direct current troubleshooting. Prerequisite: DET 110 or instructor permission.

DET 210
Power Transmission II (7)
The study of power shift and automatic transmissions as used in diesel powered equipment. Prerequisite: DET 125.

DET 220
Internal Combustion Engines II (7)
This course will cover diesel engine analysis and testing for optimal performance and longevity. Students will perform live engine testing, troubleshooting, and repairs. Prerequisite: DET 110 or instructor permission.

DET 225
Heavy-Duty Chassis Systems (7)
The study and application of heavy-duty chassis systems used in diesel powered equipment. Prerequisite: completion of 1st year diesel classes.

DET 230
Practical Shop Application (7)
The discussion and implementation of proper shop practices and repair procedures.

DET 235
Mobile HVAC Systems (7)
The theory and application of basic principles used in Heating Ventilation and Air Conditioning (HVAC) systems of diesel-powered equipment.

**DET 300**  
**Applied Management (5)**  
Introduces the principles and concepts of effective management including human resource management, quality control, social responsibility, decision-making, communication, conflict resolution and customer service. Prerequisite: enrollment in BAS-DT or instructor permission.

**DET 320**  
**Emissions Control (5)**  
Course content will focus on the theory and application of diesel exhaust emissions reduction technology. Prerequisite: enrollment in BAS-DT or instructor permission.

**DET 325**  
**Material Science of Fluids (5)**  
Covers: oil, fuel, and coolant properties and functions. Students will perform field sampling and laboratory testing of fluids. Results of testing will be interpreted and explained at a customer level. Prerequisite: enrollment in BAS-DT or by permission.

**DET 335**  
**Regulatory Issues (5)**  
Studies the requirements set forth by governing agencies, such as: DOE/EPA, MSHA, OSHA, and Labor and Industries relating to diesel fueled automotive and industrial equipment. Prerequisite: enrollment in BAS-DT or instructor permission.

**DET 345**  
**Metalwork & Fabrication (5)**  
Apply layout, blueprint, weld symbol interpretation, dimension conversations, welding, machine set-ups and fabrication skills to safely complete metal fabrication projects correctly. Prerequisite: enrollment in BAS-DT or instructor permission.

**DET 355**  
**Hybrid Drives Electric/h (5)**  
Theory and application of gasoline/electric hybrid, diesel/electric hybrid, and diesel/hydraulic hybrid systems as well as commonly used electric drive systems in on and off highway equipment. System maintenance and cost benefit analysis will be covered. Prerequisite: enrollment in BAS-DT or instructor permission.

**DET 365**  
**Internship (3)**  
Culminating activity requiring the application of program learning outcomes to a specific job or project. Students will work to attain learning outcomes through activities and deliverables agreed upon between the student, internship provider, and instructor.

**DET 415**  
**Electrical III (5)**  
Course content will focus on the theory and application of advanced electrical circuits, schematic reading, and proper troubleshooting techniques. Prerequisite: enrollment in BAS-DT or instructor permission.

**DET 430**  
**Shop/Fleet Management (5)**  
Introduction and explanation of day-to-day shop processes. Managerial skills, tasks, and responsibilities relevant to the diesel and heavy equipment industry will include: warranties, policies, cores, credits, paper in process, work orders, and budgeting. Prerequisite: enrollment in BAS-DT or instructor permission.

**DET 435**  
**Hydraulics II (5)**  
The study and application of complex hydraulic systems with an emphasis on troubleshooting and system design. Prerequisite: enrollment in BAS-DT or instructor permission.

**DET 445**  
**Combustion Engine Fuels (5)**  
Identify and comprehend a variety of alternative power sources used in internal combustion engines. Power sources to be included are: diesel fuel, bio-diesel, gasoline, ethanol, propane, and CNG fueled engines. Prerequisite: enrollment in BAS-DT or instructor permission.

**DET 455**  
**Applied Failure Analysis (5)**  
This course focuses on material failures, techniques of failure analysis, and examination/identification of failure root causes. Students will learn to interpret and explain their results to customers. Prerequisite: admittance into BAS-DT or administrative permission.

**DET 465**  
**Power Generation Systems (5)**  
Students will operate, maintain, test, and troubleshoot generators and related energized and de-energized components. Emphasizes safe working practices when
working around on-site power generation systems. Prerequisite: enrollment in BAS-DT or by permission.

**Drama**

**DRMA 100**
*Applied Drama (AE) (3)*
Provides credit for participation in either the artistic or technical aspects of the college's quarterly play productions. This course may be repeated for credit.

**DRMA& 101**
*Introduction to Theater (H) (5)*
Overview of theatre as an art form with emphasis on the play in production and the roles of various theatre artists. Students are expected to attend two plays during the quarter at their own expense.

**DRMA 103**
*Set Design (AE) (3)*
Introduction to the basics of scenic design for the theatre; drafting and model building. Students will work on the concurrent Centralia College Drama production. Prior enrollment in DRMA 106 is preferred.

**DRMA 105**
*Theater History (H) (3)*
Survey of the major periods in Western drama through study of major representative plays and development of the physical theater of those periods.

**DRMA 106**
*Introduction to Stagecraft (AE) (3)*
Introduction to basic tools, materials, equipment, techniques used in the design and implementation of sets, lighting and sound for the theatre. Students will participate in the design, construction and lighting of the concurrent drama production.

**DRMA 107**
*Beginning Acting (H) (5)*
Introduction with emphasis on concentration, imagination, movement, and characterization via vocal, physical, emotional exercises, improvisation, and scene work. Students will be expected to attend two plays during the quarter at their own expense.

**DRMA 108**
*Intermediate Acting (H) (5)*
Continuation of acting fundamentals with an emphasis on improvisational techniques and exercises, and advanced monologue and scene work. Students will be expected to attend two plays during the quarter at their own expense. Prerequisite: DRMA 107 or instructor permission.

**DRMA 110**
*Stage Makeup (AE) (3)*
Introduction to the types of theatrical makeup and the techniques of application.

**DRMA 111**
*Stage Lighting (AE) (3)*
Introduction to the basic principles of stage lighting as an integral part of theatrical productions. The course will deal with theories and equipment commonly used in theatre lighting. Students will participate in the drama production.

**DRMA 115**
*Dramatic Performance (H) (5)*
For students involved in the creative/performance aspects of a play production, from audition through research/preparation for their portrayal and evaluation of their performance. The student must successfully audition and be cast in a college production. Prerequisite: audition selection for quarterly play production.

**DRMA 118**
*Musical Theatre (H) (5)*
The study of musical theatre, its major works, its significance in theatre history, and role in American culture with an emphasis on production elements and the play in performance.

**DRMA 120**
*Introduction to Playwriting (H) (5)*
Study the art and craft of writing for the stage. Students will be required to complete and oversee the production of a short play. Final performances of student works will be presented to the public.

**DRMA 130**
*Directing (H) (5)*
An introduction to the theories, methods, and processes of directing a theatrical production. The course will culminate in the performance of a short play, which will be shown to the public. Prerequisite: DRMA& 101, DRMA 106.

**DRMA 141**
*Theater Speech (AE) (3)*
The training of the human voice to develop control. The emphasis is on voice projection, quality and accuracy of sound and articulation of the English language.
Introduction to Dance (AE) (1)
Study the fundamentals of Ballet, Modern, and Jazz dance. Prior dance experience is not necessary. The student will be required to wear casual, comfortable clothing. Students may participate barefoot. Dance shoes are optional.

DRMA 149
Introduction to Movement for Theatre (AE) (1)
Introduction to dance for Musical Theatre. Prior dance experience is not necessary. The student will be required to wear casual, loose fitting clothing. Students may participate barefoot. Dance shoes are optional.

DRMA 150
Introduction to Modern Dance (AE) (1)
Study basic Modern Dance, Latin, and Swing movements. Prior dance experience is not necessary. The student will be required to wear comfortable, loose-fitting clothing. Students may participate barefoot. Dance shoes are optional.

DRMA 155
Technical Production I (AE) (2)
This course is an introduction to the technical aspects and procedures specific to setting up and running live entertainment.

DRMA 201
Advanced Acting (H) (5)
Continued study of acting; character analysis, scene interpretation and classical styles. Students will be expected to attend two plays at their own expense and will be responsible for the presentation of a children's theatre production. Prerequisite: DRMA 108 or instructor permission.

DRMA 205
Contemporary World Theatre (AE) (3)
Introduces contemporary world theatre using the theatrical productions of the Pacific NW regional theatres and the Broadway theatres of NY City. Travel to and study these productions. Visits to additional cultural events/locales will be included.

DRMA 210
Multicultural Theatre (D) (H) (5)
An introduction to the dramatic literature and contemporary theatre practices of people of color; the study of the intersections of cultures in American society as portrayed in American theatre and performance.

Improvisational Theatre (AE) (3)
An introduction to the theories, methods, and processes of improvisational theatre. Students will apply what they learn and perform an improvised piece of theatre at the end of the quarter for the public.

Economics

ECON& 201
Microeconomics (SS) (5)
Microeconomics is the study of households and firms and how they interact in markets under varying degrees of competition.

ECON& 202
Macroeconomics (SS) (5)
Macroeconomics is the study of how any system allocates limited resources to meet unlimited wants. Major concerns of macroeconomic policy are: inflation, full employment, national income accounting, fiscal policy, the money supply and trade.

ECON 305
Managerial Economics (SS) (5)
This class applies the principles of microeconomics to management decisions. Topics include consumer theory, supply & demand, efficiency, elasticity along with how firms contend with costs and competition.

Education

EDUC& 101
Paraeducator Basics (3)
An introduction to roles and responsibilities of the Paraeducator in the K-12 educational system. Students will explore techniques supporting instruction, professional and ethical practices, positive and safe learning environments, effective communication and teamwork.

EDUC& 115
Child Development (SS) (5)
Build foundation for explaining how children develop in all domains, conception through early adolescence. Explore various developmental theories, methods for documenting growth, and impact of brain development. Prerequisite: co-enrollment or previous enrollment in an EKE/EDUC course.

EDUC& 130
Guiding Behavior (3)
Examine the principles and theories promoting social
competence in young children and creating safe learning environments. Develop skills promoting effective interactions while providing positive individual guidance and enhancing group experiences.

EDUC& 136
School Age Care (3)
Develop skills to provide developmentally appropriate and culturally relevant activities/care for children ages 5-12 in a variety of settings.

EDUC& 150
Child, Family, Community (3)
Integrate the family and community contexts in which a child develops. Explore cultures and demographics of families in society, community resources, strategies for involving families in the education of their child, and tools for effective communication.

EDUC 190
Cooperative Work Experience (1-12)
Cooperative Work Experience allows students to apply classroom learning to on-the-job settings. Credit is earned for new and continued learning taking place in the work environment. Reaching set learning objectives and development of positive work habits are emphasized. Prerequisite: instructor permission.

EDUC& 201
Intro to Education (AE) (3)
Explore the role of education in our society and investigate teaching as a career. Both the historical perspective and current trends in education will be discussed.

EDUC& 204
Exceptional Child (5)
Introductory course in recognition and identification of exceptionality in children from birth through high school (age 21).

EDUC& 205
Intro to Ed w/Field Exp (AE) (5)
An overview of education in America including history, purpose, philosophies, characteristics, social aspects and current issues. Exploration of teaching as a profession in the K-12 system. Includes 30 hours in K-12 classroom.

EDUC 300
Introduction to SPED (3-5)
This course provides an introduction to the terminology, identification, and issues when addressing the needs of diverse students with disabilities. Prerequisite: Admittance into BAS-TE program or administrator approval.

EDUC 315
Teaching Science (5)
While reviewing fundamental content in life, earth, physical and space sciences, participants will develop skills for integrating Next Generation Science Standards into highly engaging, relevant, and age-appropriate STEM or STEAM lessons. Prerequisite: Admission in BAS-TE program or administrator approval.

EDUC 330
Technology and Teaching (2)
This course focuses on various educational technologies, ranging from classroom equipment to online learning management systems, with a particular focus on students’ physical and emotional safety. Prerequisite: Admittance into BAS-TE program or administrator approval.

EDUC 335
Teaching Art & Movement (3)
Students examine current theory, research, and best practices related to the arts and movement. Instruction will include employing strategies for integrating the arts and an appreciation for the arts across and within content areas. Prerequisites: Admittance into BAS program or Administrator approval.

EDUC 345
Language Arts and Development (3)
Examine the methods for teaching writing, reading, listening, and speaking strategies and skills, including vocabulary, grammar, usage, and language development. Prerequisite: Admittance into BAS-TE program or administrator approval.

EDUC 350
Diversity in Students (3)
Using theory, research, and practice, students will understand and recognize issues of diversity. Behavioral supports will be assessed relative to vulnerable, special, and minority populations. Topics include race, ethnicity, gender, class, sexuality, disability, and age. Prerequisite: Admittance into BAS-TE program or administrator approval.

EDUC 351
Issues of Abuse (3)
Develop skills for working with children from abusive and/or neglectful home environments, including potential behavioral consequences of abuse or neglect and corresponding intervention strategies. Prerequisite: Admittance into BAS-TE program or administrator approval.
EDUC 355
Emergent Reading (5)
Explores reading, comprehension, and literacy as it pertains to beginning readers. Prerequisite: Admittance into BAS-TE program or administrator approval.

EDUC 360
Assessment and Evaluation (5)
Participants will explore principles of sound formative and summative assessment using grade level expectations, best grading practices, technology platforms, and individual education plans as tools. Participants will design assessments for individual needs of students in classrooms. Prerequisite: Admittance into BAS-TE program or administrator approval.

EDUC 365
Intermediate Reading (3)
Explores reading, comprehension, and literacy as it pertains to intermediate readers. Prerequisite: Admittance into BAS-TE program or administrator approval.

EDUC 370
Support: Child & Family (3)
Study techniques for communicating with families and professionals about characteristics and needs of individuals with differing abilities. Strategies for collaborating with families, recognizing and respecting family, cultural, and societal diversity. Identify local resources. Prerequisite: Admittance into BAS-TE program or administrator approval.

EDUC 380
Development of Differently-Abled (5)
Examine typical and atypical development. Identify characteristics of differing abilities, including physical or medical needs and effects disabilities have on educational implications and individual and family lives. Prerequisite: Admittance into BAS-TE program or administrator approval.

EDUC 385
SPED Assessment (3)
This course provides potential special education teachers with knowledge and experience in assessment issues as they relate to students with disabilities. Prerequisite: Admittance into BAS-TE program or administrator approval.

EDUC 400
Education and the Law (3)
Examine educational law emphasizing rights and responsibilities of students and teachers, and current issues of education and special education. Explore current legislation, issues, and trends related to schools and special education. Prerequisite: Admittance into BAS-TE program or administrator approval.

EDUC 410
Exceptional Learners (5)
This course will identify effective, research-based instructional strategies, accommodations, and adaptations for learners with diverse academic and behavioral needs. Participants will demonstrate how to make data-based decisions informed by multiple measures of evidence. Prerequisite: Admittance into BAS-TE program or administrator approval.

EDUC 420
Curriculum & Instruction (5)
Explore a variety of evidence-based instructional strategies for successful education of students with differing social and cultural backgrounds and learning styles. Plan and implement class activities that involve students in an active learning environment. Prerequisite: Admittance into BAS-TE program or administrator approval. Corequisite: EDUC 481 Practicum 1.

EDUC 421
Classroom Management (5)
Students will examine current theory, research, and best practices related to classroom management. Instruction will include employing techniques and strategies for managing individual and group behavior in a variety of instructional settings. Prerequisite: Admittance into BAS-TE program or administrator approval. Corequisite: EDUC 483 Practicum 3.

EDUC 425
Integrated Methods (5)
Students use a combination of multiple content areas and learn how to apply them in an integrated unit, combining a variety of learning strategies and structures to meet the needs of ALL students. Prerequisite: Admittance into BAS-TE program or administrator approval.

EDUC 480
SPED Seminar (2)
Students will work toward completing and documenting field tasks required for student teaching, certification, and the Special Education Portfolio as dictated by the state. Course Requisite: Admittance into BAS-TE program or Administrator approval. Prerequisite: Admission in BASTE program or admin approval.
EDUC 481
Practicum 1 (2)
Each weekly class session will provide directions on the field assignment for that week. Course participants spend 33 field hours implementing current theory, research, and best practices related to their Curriculum and Instruction course. Co-requisite: EDUC 420.

EDUC 482
Practicum 2 (Field Exp aligned to Assess/Eval) (2)
While participants spend 33 hours in the field, they will apply principles of sound formative and summative assessment using grade level expectations, best grading practices, technology platforms, and individual education plans as tools. Prerequisite: Admittance into BAS-TE program or administrator approval; EDUC 360 Assessment & Evaluation.

EDUC 483
Practicum 3 (2)
Weekly classes will provide directions on the field assignment for that specific week. Course participants spend 33 hours in the field, implementing current theory, research, and best practices related to their Classroom Management course. Prerequisite: Admittance into BAS-TE program or administrator approval. Corequisite: EDUC 421 Classroom Management.

EDUC 484
Practicum 4 (2)
Each weekly class session will provide directions on the field assignment for that week. Participants spend 33 field hours implementing current theory, research, and best practices related to their comprehensive program learning thus far. Prerequisite: Admittance into BAS-TE program or administrator approval.

EDUC 490
Student Teaching SPED (10)
Supervised instructional experience to develop, implement, practice, and evaluate theory and methods learned. Students will meet one on one or in small groups with supervising faculty. Prerequisite: EDUC 497 with a 2.0 or higher.

EDUC 497
Student Teaching Elem 1 (10)
Supervised instructional experience to develop, implement, practice, and evaluate theory and methods learned. Prerequisite: Admittance into BAS-TE program or administrator approval. ENGL& 102, 2.0 or higher in EDUC 300, 330, 345, 350, 355, 370, 400, 410, 420, and 421.

EDUC 498
Student Teaching Elem 2 (10)
Supervised instructional experience to develop, implement, practice, and evaluate theory and methods learned in BAS-TE program. Prerequisite: ENGL& 102; 2.0 or higher in all prior EDUC courses.

Education – Early Childhood

ECED& 100
Child Care Basics (3)
This course is designed to meet licensing requirements for early learning lead teachers and family home child care providers, STARS 30-hour basics course recognized in the MERIT system.

ECED& 105
Intro Early Child Ed (SS) (5)
Explore the foundations of early childhood education. Examine theories defining the field, issues, trends, best practices, and program models. Observe children, professionals and programs in action.

ECED& 107
Health/Safety/Nutrition (5)
Introduction to implementation of equitable health, safety and nutrition standards for the growing child in group care. Develop skills necessary to keep children healthy, safe, report abuse and neglect, and connect families to community resources.

ECED& 120
Practicum-Nurturing Rel (2)
In an early learning setting, engage in establishing nurturing, supportive relationships with all children and professional peers. Focus on children's health and safety, promoting growth and development, and creating a culturally responsive environment.

ECED& 132
Infant/Toddler Care (3)
Examine the unique developmental needs of infants and toddlers. Study the role of the caregiver, relationships with families, developmentally appropriate practices, nurturing environments for infants and toddlers, and culturally relevant care.

ECED& 134
Family Child Care (3)
Learn how to manage a family childcare program. Topics
include: licensing requirements, record-keeping, relationship building, communication strategies, guiding behavior, and promoting growth and development.

**ECED& 138  
Home Visiting & Family Engagement (3)**  
Plan and provide home visits and group activities. Promote secure parent-child relationships. Support families to provide high-quality early learning opportunities embedded in everyday routines and experiences.

**ECED& 139  
Administration of ECE (3)**  
Develop administrative skills required to develop, operate, manage and improve early childhood education and care programs. Acquire basic business management skills. Explore resources and supports for meeting Washington State licensing and professional NAEYC standards.

**ECED& 160  
Curriculum Development (5)**  
Investigate learning theory, program planning, tools and methods for curriculum development promoting language, fine/gross motor, social-emotional, cognitive and creative skills and growth in children birth through age 8 utilizing developmentally appropriate and culturally responsive practice.

**ECED& 170  
Environments-Young Child (3)**  
This class focuses on the adult’s role in designing, evaluating, and improving indoor and outdoor environments that ensure quality learning, nurturing experiences, and optimize the development of young children.

**ECED& 180  
Language/Literacy Develop (3)**  
Teaching strategies for language acquisition and literacy skill development are examined at each developmental stage (birth-age 8) through the four interrelated areas of speaking, listening, writing, and reading.

**ECED& 190  
Observation & Assessment (3)**  
Collect and record observation and assessment data in order to plan for and support the child, the family, the group and the community. Practice reflection techniques, summarizing conclusions, and communicating findings.

**ECED 233  
ECE Practicum 2 (5)**

Develop a professional understanding of teaching methods and practices with an opportunity to evaluate teaching skills and learning environment. Must have completed at least 30 credits in ECE or have instructor permission.

**Electronics, Robotics, Automation**

**ERA 101  
Electronics Assembly (5)**  
Techniques of electronics assembly using through-hole and surface mount components. Schematics and computer aided design will be studied. Heavy emphasis placed on personal and component safety and Electro-Static Discharge (ESD). Pre/Corequisite: MATH 098, ENGL 099 or equivalents.

**ERA 117  
Adv AC/DC Electronics (4)**  
Advanced theorems, analysis and troubleshooting of Direct and Alternating Current. Devices including inductors and variable resistors and capacitors will be studied. Circuit simplification theorems will be studied and demonstrated. Prerequisite ERA 116 or MEC 116.

**ERA 170  
Solid State Devices (4)**  
Applications of circuits using solid state electronic devices will be studied. Course content will include diodes, transistors, solid state relays, operational amplifiers and their respective applications in sensory and device control circuits. Prerequisite: ERA 115.

**ERA 212  
Digital Electronics (4)**  
Digital logic systems and devices, boolean and hexadecimal numbering systems, combinational logic sequences and application of logic systems. Lab section emphasizes safety and electro-static discharge avoidance. Prerequisites: MATH 115, ERA 115.

**ERA 230  
Robotic Controllers (4)**  
Introduction to robotic control systems and input/output processing. Platforms studied will include microcontrollers, computer numerically controlled (CNC) machines, various types of motor drive controllers and integration of input devices and sensors into algorithms to drive outputs. Prerequisite: TMATH 122 or equivalent.

**ERA 235**
Communication Systems (3)
Survey of communication systems used in electronics. Wired systems will include Serial, Parallel, Ethernet, fiber optic, industrial communication protocols and others. Wireless systems will include RF, IR, Bluetooth and Wi-Fi including basic applications in robotics.

ERA 240
Amplifiers (5)
Amplifier applications in audio and industrial settings. Topics will include small and large signal voltage and current amplifiers, analog and solid-state configurations and applications to audio, sensing and measurement, and digital comparison circuits. Prerequisite: ERA 170.

ERA 252
Data Processing for Automation (3)
Introduction to retrieving, storing, processing and reporting data from input devices common to an industrial setting. A heavy emphasis will be placed on MS spreadsheet and database applications. Prerequisites: ERA 121, ERA 170.

ERA 276
Robotics Capstone (3)
Class will cover project management through research and product development. Students will be required to supply project proposals, plans, budgets, structured updates and technical reports. Effective time management, communication and team dynamics will be emphasized. Prerequisite: instructor permission.

Energy Technology

PPO 100
Intro to Energy Industry (5)
Provides a broad background in fields related to power generation.

PPO 102
Power Generation (5)
Focus will be on environmental issues surrounding power plants. Introduction to boilers including design and ancillary equipment. Prerequisite: PPO 100.

PPO 103
Electric Utility Distribution System (5)
Continuing coverage of power systems, boilers and prime movers. Prerequisite: PPO 102.

PPO 105
Inside Wireman Section A (7)
Provides introductory instruction in electrical theory, design, installation, and maintenance of electrical systems providing power, light heat, air conditioning, refrigeration, control, communication, monitoring, and automation to residential, commercial, and industrial markets.

PPO 106
Inside Wireman Section B (7)
This course is designed to instruct the student in electrical theory, design, installation, and maintenance of electrical systems providing power. Section B provides further mastery of knowledge, skills, and abilities to apply the principles of basic electricity, National electrical codes, engineering drawing, reading and sketching.

PPO 107
Inside Wireman C - Substation (7)
Students will be able to demonstrate mastery of principles of electronic devices, National Electrical Codes, engineering drawing, reading, sketching and industry mathematics.

PPO 108
Inside Wireman D - Substation (7)
Students will be able to demonstrate mastery of knowledge, skills and abilities in motor controls, electronics and industrial electronics.

PPO 120
Blueprint Reading (5)
An in-depth study of construction blueprints for residential, commercial, and industrial facilities emphasizing interpretation as it applies to the energy and HVAC industries, and electrical distribution systems.

PPO 130
Industrial Safety (5)
Industrial safety practices, procedures, and equipment as found in modern power plants. Also included will be basic first aid and CPR, and basic firefighting equipment and procedures. Basic Rigging will be taught stressing safety. Prerequisite: PPO 102.

PPO 150
Energy Efficiency (5)
A study of Energy Efficiency concepts related to the efficient and effective use of electricity in home and industry. Subjects covered will include electrical terms, green alternative energy sources, transportation, solar, wind, biomass, and insulation.
Introduces students to local power generation facilities through touring potential job sites, performing market research and preparing for the POSS test which is required for entry level employment or apprenticeship.

**PPO 201**  
**Plant Systems Boilers (5)**  
Provides a background in power boilers, boiler systems & equipment, an introduction to the safe operation, maintenance & control of boilers. Prerequisite: PPO 102.

**PPO 202**  
**Power Plant Prime Movers (5)**  
Provides a basic background in Prime Movers, focusing on construction, operation, and maintenance of steam turbine, gas turbine, diesel engine, and pump operation and maintenance. Prerequisite: PPO 201.

**PPO 203**  
**Plant Operations Refrigeration & HVAC (5)**  
Provides a background in power plant operations and controls. Prerequisite: PPO 202.

**PPO 205**  
**Power System Operator I (5)**  
Provides a background in operating the American electrical grid system and NERC (North American Electrical Reliability Corporation) required standards. The first class in a series of two classes. Prerequisite: Minimum 2.8 grade in PPO 201.

**PPO 206**  
**Power System Operator II (5)**  
PPO 206 is a continuation of PPO 205, providing the student with a background in operating the American electrical grid system and required NERC (North American Electrical Reliability Corporation) standards. Prerequisite: Minimum grade 1.9 in PPO 205.

**PPO 208**  
**Hydroelectric Power (5)**  
Provides a broad background in the field of electric power generation from hydroelectric dams. Basics of producing electricity including turbines, hydro project regulations, fish passageway, and water quality, and tribal rights. Prerequisite: PPO 103.

**Engineering**

**ENGR 100**  
**Introduction to Engineering (2)**  
Introduction to the various fields and careers of engineering. Topics will include: educational planning and transfer issues; problem solving, engineering design, teamwork, and communication skills.

**ENGR 203**  
**Applied Numerical Methods (AE) (5)**  
Numerical solutions to engineering and science problems using modern scientific computing tools. Application of mathematical judgment in selecting computational algorithms and communicating results. Introduction to MATLAB programming for numerical computation. Prerequisite: MATH& 152 (MATH 118 recommended) or instructor permission.

**ENGR& 111**  
**Engineering Graphics I (AE) (2)**  
Introduces the basic concepts of engineering graphics through freehand sketching and computer-aided drafting. Includes orthographic projection, section and auxiliary views, dimensioning and text.

**ENGR& 112**  
**Engineering Graphics II (AE) (3)**  
Continuation of ENGR& 111. Emphasizes basic concepts of engineering graphics in CAD-based descriptive geometry applications. The latter part of the course covers a variety of 3-D modeling techniques and solid mass properties extraction. AUTOCAD software is used as the primary CAD-tool. Prerequisites: ENGR& 111 or equivalent, MATH 111, or permission of instructor.

**ENGR& 204**  
**Electrical Circuits (AE) (5)**  
An introduction to basic electrical circuits and systems. Topics include: basic analysis techniques; nodal and mesh analysis; Thevenin and Norton equivalent circuits; operational amplifiers; step, natural and steady state circuit response. Concurrent enrollment in MATH 212 is recommended. Prerequisite: MATH& 152 and PHYS& 222.

**ENGR& 214**  
**Statics (AE) (5)**  
First of a three-course sequence. The basic principles of vector statics; friction, analytical and graphical methods of solving force systems including frames, trusses, and other simple mechanisms; centroids and moments of inertia; chains and cables. Co-requisite: MATH& 151.

**ENGR& 215**  
**Dynamics (AE) (5)**  
Second of a three-course sequence includes the study of kinematics and kinetics of a particle, work-energy, impulse-momentum, relative motion, and rigid-body
mechanics. Vector methods will be stressed throughout. Prerequisite: MATH& 152.

ENGR& 225
Mechanics of Materials (AE) (5)
The last of a three-course sequence. Includes the study of stress, strain, deflection in beams, columns, machine and structural members. Includes bending moments, shear, torsion, deformation, unsymmetrical bending, and eccentric loading. Prerequisite: ENGR& 214.

ENGR 270
Research in Engineering (AE) (12)
Design a research project, set up experiments, collect data in the lab or in the field, and/or analyze data. Each credit hour requires 33 hours of activity per quarter. Prerequisite: instructor permission.

English

ENGL 093
Independent Study (1-5)
Individualized instruction for the student whose needs are not currently being met by the available course offerings. Specialized curriculum and instruction are developed to meet each student’s needs. Permission of instructor only.

ENGL 094
Spelling (1-5)
Topics covered in this course include basic spelling patterns, commonly confused words, apostrophe use, capitalization, plural formation, and how pronunciation helps to improve spelling. Students utilize materials according to pretesting information.

ENGL 095
Vocabulary Development I (1-5)
Builds a base of words used in everyday communication, provides systematic study, increases proficiency in oral and written communication and reading comprehension. Students are given a placement test and assigned materials at an appropriate level.

ENGL 096
Vocabulary Development II (1-5)
Builds a base of words used in everyday communication, provides systematic study, increases proficiency in oral and written communication and reading comprehension. Students are given a placement test and assigned materials at an appropriate level.

ENGL 097

Vocabulary Development III (1-5)
Course provides a systematic study of college level academic words and their roots, prefixes, and suffices to increase proficiency in oral and written communication.

ENGL 098
Writing & Grammar Review (1-5)
Study proper word usage, sentence structure, and punctuation. Writing includes personal essays and summaries. Emphasis is on improving grammar and writing skills for personal needs and preparation for technical coursework. Prerequisite: students must meet mandatory placement requirements to enroll.

ENGL 099
Fundamentals of English (1-5)
Prepares students for college composition. Students analyze texts, review sentence structure and punctuation, and write several short essays and other writing. Students must meet mandatory placement requirements to enroll.

ENGL& 101
English Composition I (C) (5)
An expository writing course encouraging students to think and write clarity and conciseness; to organize and develop their ideas; and to express themselves sharply, economically, and grammatically. Students must meet mandatory placements to enroll. Prerequisite: placement into ENGL& 101 or 2.0+ in 5 credits of ENGL 099 or WRT 105 or BTEC 221.

ENGL& 102
Composition II (C) (5)
A course in argumentative and persuasive writing, methods of research, development and preparation of original source-based papers and projects. Prerequisite: completion of ENGL& 101 with a minimum grade of 2.0.

ENGL 103
Writing for College (AE) (1)
Lab hours in the Writing Center will support skill development and confidence in specific aspects of college writing, to be defined in an Individual Learning Plan (ILP) with instructor.

ENGL& 111
Intro to Literature (H) (5)
Introduces the major genres, techniques and themes of literature by examining the work of a variety of classic and contemporary authors.

ENGL& 113
Intro to Poetry (H) (5)
Introduction to modern poetry (mid-19th c. to present) through the study of major English language poets: their lives, influences, and works. Prerequisite: ENGL 101.

ENGL& 114
Intro to Dramatic Lit (H) (5)
Survey of dramatic literature from classical Greek to modern plays, emphasizing basic elements of plot, character, language, and the traditional genres of tragedy and comedy. Students will attend two plays at their own expense.

ENGL 160
Women's Literature (D) (H) (5)
Examines literature written by women to understand how gender, class and race shape their experience and their writing. Genres will include poetry, short stories, non-fiction, fiction and drama. College-level reading and writing skills expected.

ENGL 180
Short Fiction (H) (5)
Survey of short story as representational vehicle in romanticism, realism, modernism, horror, satire, science fiction, magical realism. Primarily American in focus; includes cross-cultural comparisons. College-level reading, writing skills expected. Creative writing options. Prerequisite: college level reading and writing skills.

ENGL 204
Introduction to Shakespeare (H) (5)
Learn about the life, times and works of William Shakespeare, how Elizabethans' likes and dislikes, superstitions, and social order influenced this golden age of the theatre by studying six of the Bard's 37 plays.

ENGL 208
Intro to Creative Writing (H) (5)
Writers will move beyond the traditional "academic essay" into an exploration of literary genres to include poetry, creative nonfiction, short fiction, and drama. Prerequisite: college-level writing: test into ENGL& 101.

ENGL 209
The Hero's Quest: Survey of Eng Lit 7th Cent (H) (5)
Surveys how medieval and early Renaissance English writers explored issues like the relationship between rulers and subjects, God and free will, and the war between the sexes. Covers the Beowulf poet, Chaucer, Shakespeare, and more.

ENGL 210
The Crisis of Faith: Survey Engl Lit 1616 (H) (5)

ENGL 211
Survey of English Literature: 1798 - Present (H) (5)
This survey studies how, amid political, technological, religious, and artistic ferment, English literature was transformed by the Romantic poets, the rise of the Victorian novel, and the innovations of modern fiction, drama, and poetry.

ENGL 220
American Drama (H) (3)
Presents six classic American plays which deal with society and family expectations. Students will view, analyze, discuss, and write on the literary components and substance of these plays.

ENGL 222
Screenwriting (H) (5)
An introduction to the theories, methods, and processes of writing a screenplay. Students will apply what they learn and complete a full-length screenplay at the end of the quarter.

ENGL 233
Children's Literature (D) (H) (5)
An examination of the diverse body of literature written for children and adolescents, as well as techniques used to read aloud to children. Classics and contemporary works will be approached chronologically and thematically. Prerequisite: ENGL& 101.

ENGL& 235
Technical Writing (C) (5)
An alternative to ENGL& 102 for science and engineering majors, focused on writing with clarity, objectivity, audience awareness, proper formats as well as research techniques, problem-solving, critical thinking and development of source-based writing. Prerequisite: completion of ENGL& 101 with a minimum grade of 2.0.

ENGL& 244
American Literature I (H) (5)
Surveys three American literary movements: Puritans, Colonialists, and American Renaissance / Transcendentalism. Examines rise of a distinctly American
literature, focusing on themes of faith, work, self-government, race and gender. Prerequisite: ENGL& 101 with 2.0 or better or instructor permission.

ENGL& 245  
American Literature II (D) (H) (5)  
American literature from Civil War to World War I: Gilded Age of industry/capital, labor movement, postwar race relations, westward expansion, gender issues/ suffrage, shift from romanticism to realism/naturalism in prose and poetry. Prerequisite: ENGL& 101 w/2.0 or better or instructor permission.

ENGL& 246  
American Literature III (D) (H) (5)  
Surveys development and diversification of American literature from Roaring 1920’s to the present, including modernist innovations in poetry/prose, the Beats, Harlem Renaissance, Latino/a, Asian American, Native American, feminist, environmental, science, and dystopian fictions. Prerequisite: ENGL& 101 w/2.0 or better or instructor permission.

ENGL 249  
The Great American Novel (H) (5)  
Explore development of the American novel, its major themes and stylistic techniques, focusing on classics by writers like Hawthorne, Melville, Twain, Chopin, Hemingway, Faulkner, Morrison, as well as evaluating contemporary works. Prerequisite: ENGL& 101 with 2.0 or better or instructor permission.

ENGL 250  
Literary Themes (AE) (1-5)  
A major theme is followed through important works of fiction, poetry, and drama. Themes vary depending on the instructor and the quarter in which it is offered.

ENGL 251  
Science Fiction (H) (5)  
Surveys rise and development of science fiction, focusing on short stories; students may address novels in course projects. Explores common themes; science fiction as social commentary; technology; war; relationships; race; gender; defining “human.” Creative writing options. Prerequisite: ENGL& 101.

ENGL 260  
Non-Western World Literature (D) (H) (5)  
Literature of the non-western world, ancient times to the present: Middle East, India, Africa, China, Japan, Americas focusing on how literature expresses these cultures' spiritual traditions, political values, gender issues, environmental beliefs. Prerequisite: ENGL& 101 with 2.0 or better or instructor permission.

ENGL 271  
Intermediate Creative Writing (AE) (3)  
Students will hone their creative writing, workshopping, and revising skills while working on an individual project. Prerequisite: ENGL 208 and instructor permission.

ENGL 272  
Advanced Creative Writing (AE) (3)  
For serious students who wish to prepare a manuscript for publication and/or writing program admission. Emphasis on workshopping, and revising of an individual project. Prerequisite: ENGL 271 and instructor permission.

WRT 105  
Writing in the Workplace (5)  
Study a variety of workplace communications, along with proper use of grammar, sentence structure, mechanics and vocabulary within those communications. Prerequisite: 5 credits of ENGL 098 with 2.0+ or placement into ENGL 099/WRT 105.

English Language Acquisition

ELA 011  
English for Work (1-15)  
Introduces beginning non-native speakers of English to career pathways in Business, Health, Academic Transfer and Industry. Students learn listening, speaking, reading, writing and math skills through the use of contextualized instruction and technology. (Prerequisite: valid scaled scores from CASAS pre- or post-tests lower than 190.)

ELA 012  
English for Work (1-15)  
Introduces beginning non-native speakers of English to career pathways in Business, Health, Academic Transfer and Industry. Students learn listening, speaking, reading, writing and math skills through the use of contextualized instruction and technology. (Prerequisite: valid scaled scores from CASAS pre- or post-tests lower than 190.)

ELA 013  
English for Work (1-15)  
Introduces beginning non-native speakers of English to career pathways in Business, Health, Academic Transfer and Industry. Students learn listening, speaking, reading, writing and math skills through the use of contextualized instruction and technology. (Prerequisite: valid scaled scores from CASAS pre- or post-tests lower than 190.)
ELA 014

*English for Work (1-15)*
Introduces beginning non-native speakers of English to career pathways in Business, Health, Academic Transfer and Industry. Students learn listening, speaking, reading, writing and math skills through the use of contextualized instruction and technology. (Prerequisite: valid scaled scores from CASAS pre- or post-tests between 191-200.)

ELA 021

*English for Work (1-15)*
Introduces beginning non-native speakers of English to career pathways in Business, Health, Academic Transfer and Industry. Students learn listening, speaking, reading, writing and math skills through the use of contextualized instruction and technology. (Prerequisite: valid scaled scores from CASAS pre- or post-tests between 191-200.)

ELA 022

*English for Work (1-15)*
Introduces beginning non-native speakers of English to career pathways in Business, Health, Academic Transfer and Industry. Students learn listening, speaking, reading, writing and math skills through the use of contextualized instruction and technology. (Prerequisite: valid scaled scores from CASAS pre- or post-tests between 191-200.)

ELA 023

*English for Work (1-15)*
Introduces beginning non-native speakers of English to career pathways in Business, Health, Academic Transfer and Industry. Students learn listening, speaking, reading, writing and math skills through the use of contextualized instruction and technology. (Prerequisite: valid scaled scores from CASAS pre- or post-tests between 191-200.)

ELA 024

*English for Work (1-15)*
Introduces beginning non-native speakers of English to career pathways in Business, Health, Academic Transfer and Industry. Students learn of listening, speaking, reading, writing and math skills through the use contextualized instruction and technology. (Prerequisite: valid scaled scores from CASAS pre- or post-tests between 191-200.)

ELA 031

*English for Work (1-15)*
Introduces beginning non-native speakers of English to career pathways in Business, Health, Academic Transfer and Industry. Students learn listening, speaking, reading, writing and math skills through the use of contextualized instruction and technology. (Prerequisite: valid scaled scores from CASAS pre- or post-tests between 201-210.)

ELA 032

*English for Work (1-15)*
Introduces beginning non-native speakers of English to career pathways in Business, Health, Academic Transfer and Industry. Students learn listening, speaking, reading, writing and math skills through the use of contextualized instruction and technology. (Prerequisite: valid scaled scores from CASAS pre- or post-tests between 201-210.)

ELA 033

*English for Work (1-15)*
Introduces beginning non-native speakers of English to career pathways in Business, Health, Academic Transfer and Industry. Students learn listening, speaking, reading, writing and math skills through the use of contextualized instruction and technology. (Prerequisite: valid scaled scores from CASAS pre- or post-tests between 201-210.)

ELA 034

*English for Work (1-15)*
Introduces beginning non-native speakers of English to career pathways in Business, Health, Academic Transfer and Industry. Students learn listening, speaking, reading, writing and math skills through the use of contextualized instruction and technology. (Prerequisite: valid scaled scores from CASAS pre- or post-tests between 201-210.)

ELA 041

*English for Work (1-15)*
Introduces beginning non-native speakers of English to career pathways in Business, Health, Academic Transfer and Industry. Students learn listening, speaking, reading, writing and math skills through the use of contextualized instruction and technology. (Prerequisite: valid scaled scores from CASAS pre- or post-tests between 211-220.)

ELA 042

*English for Work (1-15)*
Introduces beginning non-native speakers of English to career pathways in Business, Health, Academic Transfer and Industry. Students learn listening, speaking, reading, writing and math skills through the use of contextualized instruction and technology. (Prerequisite: valid scaled scores from CASAS pre- or post-tests between 211-220.)

ELA 043

*English for Work (1-15)*
Introduces beginning non-native speakers of English to career pathways in Business, Health, Academic Transfer and Industry. Students learn listening, speaking, reading,
writing and math skills through the use of contextualized instruction and technology. (Prerequisite: valid scaled scores from CASAS pre- or post-tests between 211-220.)

**ELA 044**

*English for Work (1-15)*

Introduces beginning non-native speakers of English to career pathways in Business, Health, Academic Transfer and Industry. Students learn listening, speaking, reading, writing and math skills through the use of contextualized instruction and technology. (Prerequisite: valid scaled scores from CASAS pre- or post-tests between 211-220.)

**ELA 070**

*Lang Comprehension 1 (1-9)*

In this Level 1 Language Comprehension course, students will develop listening and reading comprehension skills needed to succeed in subsequent liberal arts and technical/occupational courses. Prerequisite: Official Language Test or valid CASAS score of 211-220.

**ELA 071**

*Aural/Written Lang 1 (1-9)*

In this Level 1 Aural/Written Language course, students will develop speaking, grammar, and composition skills needed to succeed in subsequent liberal arts and technical/occupational courses. Prerequisite: Official Language Test or CASAS score of 211-220.

**ELA 072**

*Lang Comprehension 2 (1-9)*

In this Level 2 Language Comprehension course, students will develop listening and reading comprehension skills needed to succeed in subsequent liberal arts and technical/occupational courses. Prerequisite: Official Language Test or valid CASAS score of 221-235.

**ELA 081**

*Aural/Written Lang 2 (1-9)*

In this Level 2 Aural/Written Language course, students will develop speaking, grammar, and composition skills needed to succeed in subsequent liberal arts and technical/occupational courses. Prerequisite: Official Language Test or CASAS score of 221-235.

**Environmental Science**

**ENVS 100**

*Survey of Environmental Science Lab (S) (1)*

Field experience in environmental science. Visit local environments, both natural and human-dominated, ranging from old growth forests to floodplain restoration sites to recycling, forestry and organic farming operations. Includes two Saturday field trips.

**ENVS& 100**

*Survey of Environmental Science (NS) (5)*

An interdisciplinary course for both non-science majors and beginning science students. Topics include biodiversity, climate, pollution, energy, and food. Students cannot receive credit for both ENVS& 100 and ENVS& 101.

**ENVS& 101**

*Intro to Environmental Science w/lab (NS) (5)*

An interdisciplinary course for non-science majors and beginning science students. Topics include biodiversity, climate, pollution, energy and food. Independent laboratories and field trips included. Students cannot receive credit for both ENVS& 100 and ENVS& 101.

**ENVS 120**

*Watersheds: Connecting Mountains to the Sea (NS) (5)*

Investigate interconnections among geology, hydrology, biological diversity, ecology, human impacts and development along local rivers from headwaters to the ocean. General concepts presented in lectures are illustrated during day-long weekend field trips over rough terrain.

**ENVS 121**

*Fire and Ice, Rain and Rocks-The Geology of (AE) (1)*

Examine the geologic and hydrologic characteristics and history of a river from its headwaters to its delta-how earthquakes, faulting, folding, climate, glaciers, volcanism, and man have affected the river. Includes a day-long field trip over rough terrain.

**ENVS 122**

*Plants, People, and Watershed Health (AE) (1)*

Investigate the role of upland forests and riparian vegetation on the health of watersheds and people. During a day-long field trip over rough terrain, identify plant species, measure ecosystem characteristics, observe healthy and impacted sites, and investigate the compatibility of forestry, agriculture and watersheds.

**ENVS 123**

*Let the Bugs Speak: Biological Communities (AE) (1)*

Investigate biological communities found in local streams and rivers, focusing on aquatic insects and aquatic
vertebrates. Apply stream survey techniques to assess stream health. Includes a day-long field trip over rough terrain.

**ENVS 124**

*Life in the Mud: Where the River Meets the (AE) (1)*

Estuaries, important and yet impacted ecosystems, are critical nursery habitats for many marine species, including endangered salmon and important overwintering habitat for migratory birds. Investigate the impacts of anthropogenic modification to the local estuaries and recent attempts at habitat restoration. Includes a day-long field trip over rough terrain.

**ENVS 125**

*Life on the Edge: Surviving the Intertidal (AE) (1)*

Investigate the flora and fauna living in the intertidal zones of sandy and rocky habitats in Puget Sound and the Straits of Juan de Fuca. Explore the physical and biological factors that regulate intertidal communities in the Pacific Northwest. Includes field trips over rough terrain.

**ENVS 126**

*Our River’s Keepers: Pollution & Remediation (AE) (1)*

Examines pollution within the Chehalis River watershed, including pollutant types, sources, impacts, environmental fates and methods of remediation. Asses water quality, examine potential sources of pollutants, and visit restoration/remediation projects. Includes a day-long field trip over rough terrain.

**ENVS 127**

*Fishes & Rivers in Northwest: Intro to the 4 (AE) (1)*

Investigate fish communities found in local streams and rivers. Examine the impacts of habitat loss, hydropower and dams, hatcheries, and overharvesting on local fish populations. Includes a day-long trip over rough terrain.

**ENVS 170**

*Natural Resources Mgmt (NS) (5)*

What are Pacific Northwest forests, fishes and wildlife? Learn some common species, historical human uses, what policies drive their management, how to conserve them for future use, and how to plan for a career in the field.

**ENVS 440**

*Environmental Issues (NS) (5)*

An exploration of environmental issues and their effect on business, communities and consumers. Case studies are used to examine basic concepts of ecology and environmental science as they relate to permitting and other business decisions. Prerequisite: lower division natural science course.

**French**

**FRCH& 121**

*French I (H) (5)*

An introduction to the French language, including the major axes of reading, writing, listening, and speaking. While building competence in French language, students will also study francophone cultures from around the world, including but not limited to France. Prerequisite: FRCH& 121 or instructor permission.

**FRCH& 122**

*French II (H) (5)*

Second class in sequence. An introduction to the French language, including the major axes of reading, writing, listening, and speaking. While building competence in French language, students will also study francophone cultures from around the world, including but not limited to France. Prerequisite: FRCH& 122, or instructor permission.

**FRCH& 123**

*French III (H) (5)*

Third class in sequence. An introduction to the French language, including the major axes of reading, writing, listening, and speaking. While building competence in French language, students will also study francophone cultures from around the world, including but not limited to France. Prerequisite: FRCH& 123, or instructor permission.

**FRCH& 221**

*French IV (AE) (5)*

Reviews and expands essential points of grammar. Students will develop reading skills, build their vocabulary, and increase their listening and speaking skills in a variety of topics. French is used almost exclusively in the classroom. Prerequisite: FRCH& 221 or permission of instructor.

**FRCH& 222**

*French V (AE) (5)*

Reviews and expands essential points of grammar. Students will develop reading skills, build their vocabulary, and increase their listening and speaking skills in a variety of topics. French is used almost exclusively in the classroom. Prerequisite: FRCH& 221 or permission of instructor.
FRCH& 223
*French VI (AE) (5)*
Reviews and expands essential points of grammar. Students will develop reading skills, build their vocabulary, and increase their listening and speaking skills in a variety of topics. French is used almost exclusively in the classroom. Prerequisite: FRCH& 222 or permission of instructor.

**Geography**

GEOG& 200
*Human Geography (D) (SS) (5)*
Introduction to basic geographical concepts, with an emphasis on inter relationships of people and their physical and cultural environments. Course will satisfy requirements for elementary education majors and meet state-mandated Essential Academic Learning Requirements for geography.

GEOG 201
*Introduction to Physical Geography (NS) (5)*
Explore the characteristics of and relationships between Earth's natural system: lithosphere, hydrosphere, atmosphere, and biosphere. Introduction to landforms, climates, vegetation, soils, mineral and water resources, plate tectonics, and maps. Course work will include some college level writing and math.

**Geology**

GEOL& 101
*Intro Physical Geology (NS) (5)*
Introduces the study of the Earth, fundamental geologic principles, and physical processes acting within and upon the Earth, with an emphasis on mountains, volcanoes, earthquakes, and rock and mineral identification. Field trip(s) required. Includes lab.

GEOL 102
*Earth Surface Processes (NS) (5)*
Introduces the processes that shape Earth's landscape. Includes the study of mass wasting, river dynamics, groundwater sources, glacial land forms, deserts, and coastal processes. One of more field trips may be required. Includes lab. Corequisite: MATH 098.

GEOL& 103
*Historical Geology w/Lab (NS) (5)*
Evolution of Earth and life as interpreted through the fossil and rock record. Includes fossils, relative and numerical-age dating, stratigraphic principles, global change, and the geologic history of the North American continent. Includes lab.

GEOL 106
*Survey of Earth Sciences (NS) (5)*
Study of Earth as a diverse system of interconnected processes. Explores topics in: geology, oceanography, atmospheric science, and astronomy with an emphasis on the interactions between humans and Earth. Includes lab.

GEOL 108
*Natural Hazards and Catastrophes (NS) (5)*
An examination of earth materials and processes through the study of earthquakes, volcanoes, landslides, floods, tsunamis, hurricanes, tornadoes, wildfires, and meteorite impacts. Examination of causes and effects on human populations and the environment; preparedness, prediction and forecasting; mitigation of risks, and case studies.

GEOL 180
*Cascade and Plateau Geology (NS) (3)*
Students will explore the geology of a selected area of interest, for example, Hawaii, Grand Canyon, Rocky Mountains, Cascades, Yellowstone, Teton, Southwest Deserts, etc.

GEOL& 208
*Geology of Pacific NW (NS) (5)*
Examines the geology and geologic history of the Pacific Northwest and geologic processes important to its evolution. Topics include volcanoes, earthquakes, plate tectonics, rock and minerals, faults and folds, mountain building, landforms, glaciation, and surface processes.

GEOL 270
*Research in Geology (AE) (1-12)*
Design a research project, set up experiments, collect data in the lab or in the field, and/or analyze data. Each credit hour requires 33 hours of activity per quarter. Prerequisite: instructor permission.

**German**

GERM& 121
*German I (H) (5)*
A multimedia course that combines video, audio, and print. Emphasis is on communicative proficiency, self-expression and cultural insight. Resources include CDs, videos, and the World Wide Web.

GERM& 122
**German II (H) (5)**
A multimedia course that combines video, audio, and print. Emphasis is on communicative proficiency, self-expression and cultural insight. Resources include computer study modules, recorded tapes, videos, laser disks, and the World Wide Web. Prerequisite: GERM& 121 or permission of instructor.

**GERM& 123**
**German III (H) (5)**
A multimedia course that combines video, audio, and print. Emphasis is on communicative proficiency, self-expression and cultural insight. Resources include CDs, videos, and the World Wide Web. Prerequisite: GERM& 122 or permission by the instructor.

**GERM& 221**
**German IV (5)**
Reviews and expands essential points of grammar. Students will develop reading skills, build their vocabulary, and increase their listening and speaking skills in a variety of topics. German is used almost exclusively in the classroom. Prerequisite: GERM& 123 or permission of instructor.

**GERM& 222**
**German V (5)**
Reviews and expands essential points of grammar. Students will develop reading skills, build their vocabulary, and increase their listening and speaking skills in a variety of topics. German is used almost exclusively in the classroom. Prerequisite: GERM& 221 or permission of instructor.

**GERM& 223**
**German VI (5)**
Reviews and expands the essential points of grammar. Students will develop reading skills, build their vocabulary, and increase their listening and speaking skills in a variety of topics. German is used almost exclusively in the classroom. Prerequisite: GERM& 222 or permission of instructor.

**Health**

**HLTH 120**
*Women's Health Issues (D) (HF) (3)*
An opportunity to examine current women's health and well-being issues

**HLTH 125**
*Exploring Healthcare Professions (3)*
An opportunity for investigating the many career opportunities in the health sciences.

**HLTH 130**
*Health & Wellness (HF) (3)*
An exploration of current personal health issues and a presentation of contemporary approaches to obtaining and maintaining a high level of wellness.

**HLTH 135**
*Healthy Weight Control (HF) (2)*
An introduction to healthy eating that focuses on a balance of foods, including a variety of lifestyle change strategies that will enhance the maintenance of a healthy weight.

**HLTH 140**
*Exercise & Nutrition (HF) (3)*
The two core components of a healthy lifestyle--a healthy diet and a safe exercise program--will be explored and developed. Students will be expected to exercise on their own.

**HLTH 141**
*Global Health Issues (D) (HF) (3)*
Introduction to global health issues, with a current event focus. Explore factors impacting the health of people around the world, including biological, socio-economic and environmental factors. Examine issues of water, disease, nutrition, and maternal-child health.

**HLTH 143**
*Stress Management (HF) (2)*
Understand how stress can impact quality of life. Learn methods for identifying stressors and strategies to effectively manage them. Construct a personalized stress management program.

**HLTH 144**
*Technology Health/Fitness (HF) (2)*
Explore current uses of technology for adherence, motivation and monitoring of health and fitness behaviors. Areas covered will be digital coaching, fitness monitors and trackers, downloadable applications and peer to peer or social apps.

**HLTH 145**
*Safety and Fitness (HF) (3)*
The course emphasizes the importance of safety, first aid, and exercise as they relate to an individual's level of health and fitness. The course includes the American Heart Association Heartsaver First Aid/CPR and AED certification.
HLTH 154
Community First Aid and CPR (1)
Basic First Aid/CPR/AED class covering critical skills needed to respond to and manage first aid, choking or sudden cardiac arrest emergencies in the first few minutes until emergency medical services (EMS) arrives.

HLTH 159
Anatomy & Terminology for EMT’s (1)
Provide EMT students with a basic understanding of basic anatomy, functions of the human body, and medical terminology. Topics include: anatomic definitions, initial medical terminology, skeletal system, circulatory system, respiratory system, and the nervous system.

High School Equivalent

HSE 001
Portfolio & English L5 (1-10)
SBCTC High School 21 Degree class demonstrating English competency through student self-evaluation of prior education, previous and current employment, and life experiences -in fulfillment of one’s high school degree competencies or GED. Prerequisite: CASAS score 236-245.

HSE 002
CWP, Env Sci, English L5 (1-10)
SBCTC High School 21 Degree integrated reading writing class demonstrating English competency through the study of CWP’s and Environmental Science -in fulfillment of one’s high school degree competencies or GED. Prerequisite: CASAS score 236-245.

HSE 003
Life Science & ENGL L5 (1-10)
SBCTC High School 21 degree integrated reading writing class demonstrating English competency through the study of Life Science and scientific thinking -in fulfillment of one's high school degree competencies or GED. Prerequisite: CASAS score 236-245.

HSE 004
Occ Ed & ENGL L5 (1-10)
SBCTC High School 21 degree integrated reading writing class demonstrating English competency through studying communication, occupational skills and work opportunities -in fulfillment of one's high school degree competencies or GED. CASAS score 236-245.

HSE 005
US Hist, GOV, FA, ENGL L5 (1-10)
SBCTC High School 21 degree integrated reading writing class demonstrating English competency through the study of US History, Government and Fine Arts--fulfillment of one's high school degree competencies or GED. Prerequisite: CASAS score 236-245.

HSE 006
WA State Hist, Engl L5 (1-10)
SBCTC High School 21 degree integrated reading writing class demonstrating English competency through the study of Washington State History--in fulfillment of one's high school degree competencies or GED. Prerequisite: CASAS score 236-245.

HSE 007
Health, Fitness and English L5 (1-10)
SBCTC High School 21 degree class introducing emotional, physical, and mental components of health to develop an individual health and fitness program--in fulfillment of one’s high school degree competencies or GED. Prerequisite: CASAS score 236-245.

HSE 008
Algebra 1 - L5 (1-5)
SBCTC High School 21 degree for Algebra 1--fulfillment of one’s high school degree competencies or GED. Prerequisite: CASAS score 236-245.

HSE 009
Algebra 2 - L5 (1-5)
SBCTC High School 21 degree for Algebra 2--fulfillment of one’s high school degree competencies or GED. Prerequisite: CASAS score 236-245.

HSE 010
Geometry - L5 (1-5)
SBCTC High School 21 degree for Geometry--in fulfillment of one’s high school degree competencies or GED. Prerequisite: CASAS score 236-245.

HSE 011
Portfolio & English L6 (1-10)
SBCTC High School 21 degree class demonstrating English competency through student self-evaluation of prior education, previous and current employment, and life experiences -in fulfillment of one's high school degree competencies or GED. Prerequisite: CASAS score 246- or higher (ASE 2).

HSE 012
CWP, Env Sci, English L6 (1-10)
SBCTC High school 21 degree integrated reading writing class demonstrating English competency through the study of CWP's and Environmental Science -in fulfillment
of one's high school degree competencies or GED. Prerequisite: CASAS score 246 or higher.

**HSE 013**  
*Life Science & Engl L6 (1-10)*  
SBCTC High School 21 degree integrated reading writing class demonstrating English competency through the study of Life Science and scientific thinking—in fulfillment of one's high school degree competencies or GED. Prerequisite: CASAS score 246 or higher (ASE 2).

**HSE 014**  
*Occ Ed & ENGL L6 (1-10)*  
SBCTC High School 21 degree integrated reading writing class demonstrating English competency through studying communication, occupational skills and work opportunities—in fulfillment of one's high school degree competencies or GED. Prerequisite: CASAS score 246 or higher (ASE 2).

**HSE 015**  
*US Hist, GOV, FA, ENGL L6 (1-10)*  
SBCTC High School 21 degree integrated reading writing class demonstrating English competency through the study of US History, Government and Fine Arts—in fulfillment of one's high school degree competencies or GED. Prerequisite: CASAS score 246 or higher (ASE 2).

**HSE 016**  
*WA State Hist, English L6 (1-10)*  
SBCTC High School 21 degree integrated reading writing class demonstrating English competency through the study of Washington State History—in fulfillment of one's high school degree competencies or GED. Prerequisite: CASAS score 246 or higher (ASE 2).

**HSE 017**  
*Health, Fitness, English L6 (1-10)*  
SBCTC High School 21 degree class introducing emotional, physical, and mental components of health to develop an individual health and fitness program—in fulfillment of one's high school degree competencies or GED. Prerequisite: CASAS score 246 or higher (ASE 2).

**HSE 018**  
*Algebra 1 - L6 (1-5)*  
SBCTC High School 21 degree for Algebra 1—in fulfillment of one's high school degree competencies or GED. Prerequisite: CASAS score 246 or higher (ASE 2).

**HSE 019**  
*Algebra 2 - L6 (1-5)*  
SBCTC High School 21 degree for Algebra 2—in fulfillment of one's high school degree competencies or GED. Prerequisite: CASAS score 246 or higher (ASE 2).  

**HSE 020**  
*Geometry - L6 (1-5)*  
SBCTC High School 21 degree for Geometry—in fulfillment of one's high school degree competencies or GED. Prerequisite: CASAS score 246 or higher (ASE 2).  

**HSE 052**  
*L5-WA Hist/Fine Arts/Sci (1-15)*  
Integration of language arts and thinking skills through exploration of Washington State: civics, economics, art, literature, music, history, industry, geography, settlement, and migration. Will also examine unique technological and innovational advancements within the state. Prerequisite: CASAS score: 236-245.

**HSE 054**  
*L5-US Hist/Fine Arts/Sci (1-15)*  
Integration of language arts and thinking skills through exploration of United States history: civics, economics, art, literature, music, history, industry, geography, settlement, and migration. Will also examine unique technological and innovational advancements within America. Prerequisite: CASAS score: 236-245.

**HSE 055**  
*L5-CWP/Fine Arts/Science (1-15)*  
Integration of language arts and thinking skills through exploration of contemporary world problems; politics, economics, art, literature, music, history, industry, geography, colonization, re-settlement, and migration. Will also examine technological, environmental, and innovational issues. Prerequisite: CASAS score: 236-245.

**HSE 062**  
*L6-WA Hist/Fine Arts/Sci (1-15)*  
Integration of language arts and thinking skills through exploration of Washington State: civics, economics, art, literature, music, history, industry, geography, settlement, and migration. Will also examine unique technological and innovational advancements within the state. Prerequisite: CASAS score: 246-255.

**HSE 064**  
*L6-US Hist/Fine Arts/Sci (1-15)*  
Integration of language arts and thinking skills through exploration of United States history: civics, economics, art, literature, music, history, industry, geography, settlement, and migration. Will also examine unique technological and innovational advancements within America. Prerequisite: CASAS score: 246-255.
HSE 065
*L6-CWP/Fine Arts/Science (1-15)*
Integration of language arts and thinking skills through exploration of contemporary world problems; politics, economics, art, literature, music, history, industry, geography, colonization, re-settlement, and migration. Will also examine technological, environmental, and innovative issues. Prerequisite: CASAS score: 246-255

History

**HIST 110**
*History of Intolerance (SS) (D) (3)*
An examination and analysis, through reading and film, of intolerance in America’s history. Particular attention will be paid to historical events which demonstrate intolerance based on: religion, ethnicity, race, gender, sexual orientation and age.

**HIST& 116**
*Western Civilization I (SS) (5)*
Analysis of the development of major political, economic, social and cultural characteristics of Antiquity and Medieval Europe.

**HIST& 117**
*Western Civilization II (SS) (5)*
Analysis of the modern state with emphasis on the Renaissance, the Reformation, Absolutism, Scientific and Political Revolutions.

**HIST& 118**
*Western Civilization III (SS) (5)*
Analysis of the late 19th and 20th centuries with special attention paid to the development of political, social and economic trends and events.

**HIST& 126**
*World Civilization I (SS) (D) (5)*
Focuses on the origins, development, and features of societies in the ancient and classical world. This course examines the political, social, and cultural contours of societies and the interactions and relationships among different historical cultures.

**HIST& 127**
*World Civilization II (SS) (D) (5)*
Examines the progression of world history in pre-modern and early modern period. Topics include the development of mercantile capitalism, the Columbian exchange, revolutions in science, philosophy and politics, and the impact of colonialism and slavery.

**HIST& 128**
*World Civilization III (SS) (D) (5)*
Examines the issues of modern world history including role of warfare, empire, diplomacy, and revolution in shaping international events and interactions taking place when cultural values, ideas, and technologies of multiple societies interact over time.

**HIST& 146**
*US History I (SS) (5)*
Analysis of American history from the pre-invasion to the Antebellum Era. Emphasis will be on the political, social, and economic changes.

**HIST& 147**
*US History II (SS) (5)*
Analysis of American history from Antebellum Era to the Progressive Era. Emphasis will be on the political, social, and economic changes.

**HIST& 148**
*US History III (SS) (5)*
Analysis of American history from World War One to the present. Emphasis will be on the political, social, and economic changes.

**HIST 210**
*Introduction to Pacific Asian History (SS) (D) (5)*
Description and analysis of emergence of modern nations of Pacific Asia. Gain understanding of historical and geographical context of the political and economic development of the region.

**HIST& 214**
*Pacific NW History (SS) (5)*
Study of the early exploration and settlement of the Pacific Northwest. Emphasis will be on the economic, political and social developments. The course is designed to meet state certification requirements for teachers.

**HIST& 215**
*Women in U.S. History (SS) (5)*
Exploration of female experiences in the 18th, 19th, 20th and 21st centuries by looking at class, race and ethnicity and study women in the context of the major historical developments in their time.

**HIST& 220**
*African American History (SS) (D) (5)*
Examines the history of the continent from the pre-colonial era to the present. Topics include pre-colonial lineage, patterns of ethnic identity, colonialism and tribal identity, urbanization and its impact, and apartheid.
HIST 275
America in Vietnam (AE) (5)
Overview of the Vietnam Conflict, including the Vietnamese culture, and history; U.S. foreign policy; roots of the war; effects on world politics media conduct during and after the war; and impacts on American society.

HIST 280
History of American Foreign Relations (SS) (5)
Survey of American foreign relations from the 17th to the 21st centuries focusing on such issues as national security, economic needs, capitalism democracy and imperialism.

Honors Project

HON 160
Honors Project (3)
Honors students will work with one faculty mentor to develop, complete, and publicly present a three-credit project or paper that requires original research and development. It is expected that the project will involve 60 to 90 hours of work, including initial and progress meetings with the faculty mentor.

HON 170
Honors Project (3)
Honors students will work with one faculty mentor to develop, complete, and publicly present a three-credit project or paper that requires original research and development. It is expected that the project will involve 60 to 90 hours of work, including initial and progress meetings with the faculty mentor.

HON 250
Honors Colloquium (5)
Honors students will explore the annual Phi Theta Kappa (International Honors society of the Two-Year College). Honors Study Topic in a colloquium setting, using texts, films, Internet, and other resources.

Horticulture

HORT 101
Horticulture Science (3)
Overview of horticulture, landscape and botany. Classroom and lab. Prerequisite: GED.

HORT 102
Plant Pest Management (4)
Students learn to detect, identify, and control weeds and diseases. Classroom and lab. Prerequisite: HORT 101.

HORT 103
Plant Propagation (3)
Students learn multiple methods of reproducing plants primarily in a greenhouse setting.

HORT 104
Pruning Practices (4)
Landscape development and maintenance. Focus on power equipment. Classroom and lab.

HORT 105
Landscape Equipment (3)
Landscape development and maintenance. Focus on power equipment. Classroom and lab.

HORT 106
Landscape Management (3)
Students will learn tree and lawn care, primarily using hand tools. Classroom and lab.

Human Relations

H R 101
Human Relations 101 (2)
Students learn and put into practice concepts related to college success. Topics include exploration of self, learning styles, academic strategies, degree and certificate planning, campus and online resources, effective communication, Financial Aid, and campus involvement. (Formerly SDEV 150)

H R 103
Career Planning (2)
Students identify interests, skills, personality, and values to evaluate their career goals. Possible activities could include: interest inventory, personality assessment, resume writing, mock interview, informational interviews, and online career research. (Formerly SDEV 105)

H R 110
Human Relations-Workplace (5)
Study of behavior, personality, self-management, self-development, and elementary business psychology in the workplace. Focus on understanding and demonstrating skills imperative to workplace success including communications, personal attitude, motivation, and workplace etiquette. Prerequisite: HR 101 or instructor permission.
Humanities

HUM 110
Ethics and Cultural Values (H) (D) (5)
An interdisciplinary study of philosophy, literature, history and religion within Western and Oriental ethical systems of thought. It focuses on the importance of cultural values through a study of virtue, duty, utility, and rights.

HUM& 116
Humanities I (H) (5)
A survey of the major movements in art, architecture, music, philosophy and literature in a historical context, from pre-history to 1400 C.E.

HUM& 117
Humanities II (H) (5)
A survey of the major movements in art, architecture, music, philosophy, and literature in a historical context, from 1300 C.E. to 1800 C.E.

HUM& 118
Humanities III (H) (5)
A survey of the major movements in art, architecture, music, philosophy, and literature in a historical context, from 1800 C.E. to the present.

HUM 270
Survey of Film Studies (H) (5)
An examination of the social, historical, technical, and artistic aspects of film through viewing, study and discussion of notable motion pictures.

HUM 281, 282, 283, 284, 285, 286
Lyceum I-VI (AE) (1)
The Lyceum offers a variety of lectures on topics of current interest across a wide variety of disciplines. The theme may vary from quarter to quarter.

HUM 315
Ethics (H) (5)
Foundation course in ethics as applied to businesses and organizations related to management issues. Students will explore theoretical concepts in business ethics and apply them to real-world situations based on challenges managers face.

Information Technology

CS& 131
Computer Science I C++ (5)
Intended as an introduction to programming. Emphasis is on the features of the “C” programming language with an introduction to C++ object-oriented programming and good programming style.

CS& 141
Computer Science I Java (5)
A study of rapid application development (RAD) JAVA. Development of GUIs using Swing Technology. Object Oriented Programming as it is implemented in JAVA. Introduction to graphics, animation, and multi-threading. Prerequisite: MATH 099 or equivalent.

I T 101
Intro to Programming (5)
This course provides an introduction to programming using Microsoft Visual Studio. Course focus is on building basic graphical applications using the Python programming language.

I T 110
Learning and Working Virtually (5)
This class is an introduction on how to learn and work effectively in a remote, virtual environment. Students will gain hands-on experience participating in and hosting remote group projects.

I T 117
Intro to Windows OS (3)
An introduction to Windows Operating System. Course will cover such things as the taskbar, Start menu, recycle bin, windows views, Window Explorer, storage devices, printing, saving, control panels, etc.

I T 119
Web Scripting 1 (5)
Designed for new web designers who want to develop, modify and design standards compliant web pages and sites using the HTML and CSS Languages. Students will be publishing their work on a web server.

I T 121
Web Scripting 2 (4)
A second course in Web Development. Focus is on modern, responsive, and accessible web design using the latest web specifications. Students will be publishing their work on a web server. Prerequisite: IT 119 or CST 119.

I T 123
PC Operating Systems (5)
This course is based on the CompTIA A+ certification materials. Material covered includes operating system basics, operating system administration, security, network services, cloud computing, virtualization and
troubleshooting theory.

I T 124

Computer Hardware (5)
This course is based on the CompTIA A+ certification materials. Material covered includes typical desktop computer components, storage devices, peripherals, expansion cards, display devices, custom configurations, computer networking. Prerequisite: IT 123 or IT 125.

I T 125

Linux Operating Systems (5)
This course is based on the CompTIA Linux + certification materials. Material covered includes Linux operating system basics, operating system administration, security, network configuration, virtualization and troubleshooting theory.

I T 130

IT Apps Internship (2)
Students will get hands on, full life cycle software development experience working on projects for the department and college. Projects will include web and database application design, development, maintenance and support. Prerequisite: IT 101 and IT 119 or CST 101 and CST 119.

I T 140

IT Support Internship (2)
This course is designed to provide students with an introduction to and experience in Help Desk operations. Students will learn the fundamentals of Tier 1 call taking and customer service. Prerequisite: IT 123 and IT 124 or CNT 123 and CNT 124.

I T 144

Microsoft Office for IT (5)
This course provides an introduction to Microsoft Office from the perspective of a support technician. Coverage includes installation, configuration, formatting, document structure, templates, forms, security and troubleshooting. Prerequisite: IT 123 and IT 124 or CNT 123 and CNT 124.

I T 150

Relational Databases (5)
Students learn the tools and processes for data modeling in Relational Database Management Systems. Topics include Structured Query Language (SQL), functional dependencies, normalization, database design methodologies and entity relationship modeling.

I T 201

Network Technology 1 (5)

This is the first course based on CompTIA Network+ certification materials. Material covered includes fundamental concepts, implementation and terminology relating to LANs, WANs, Internet-working, VLANs, Routing Basics and Wireless Networking. Prerequisite: MATH 098.

I T 202

Advanced Networking (5)
This second networking course is based on CompTIA Network+ certification materials. Material covered includes advanced concepts, implementation and terminology relating to LANs, WANs, VLANs, Routing and Wireless Networking. Prerequisite: IT 201.

I T 203

Network Security (5)
Course concentrates on materials commonly associated with Security+ certification. Coverage includes risk identification, intrusion detection, encrypted communication, firewalls and basic forensics. Prerequisite: IT 201 and IT 202 or CNT 201, 202.

I T 205

PHP/SQL (4)
An introduction to web application development using PHP and SQL. Coverage includes an introduction into server-side programming using PHP, SQL database design, querying, and use from PHP. Prerequisite: IT 121 or CST 121.

I T 218

Server OS 1 (5)
This is a first course on server installation, configuration and management. Coverage includes Active Directory fundamentals, DHCP, DNS, and the basics of setting up and managing a web server. Prerequisite: IT 123.

I T 219

Server OS 2 (4)
This is the second course on server installation, configuration and management. Coverage includes server content management systems, PHP, Microsoft Exchange and Office 365. Prerequisite: IT 218 or CNT 218.

I T 220

Server OS 3 (5)
This is the third course on server installation, configuration and management. Coverage includes MS SQL, Lync, Hyper-V and an introduction to cloud computing. Prerequisite: IT 219 or CNT 219.

I T 224
JAVA 1 (5)
Introduction to Java programming. Concepts including procedural programming (methods, parameters, and primitive variables), control structures and logic (if/else, for and while loops), arrays, and an introduction to object-oriented programming. Prior computer knowledge recommended.

I T 228
JAVA 2 (5)
Second course in the introduction to JAVA programming sequence. These topics include: abstract data structures, lists, stacks, queues, linked lists, maps, recursion, interfaces, encapsulation, serialization, file access, sorting and computational complexity. Prerequisite: IT 224 or CST 224.

I T 230
JAVA 3 (5)
Third and final course in the introduction to Java programming sequence. This course covers recursion, exception handling and recovery, remote file access, event driven programming, binary search trees, and priority queues. Prerequisite: IT 224 and IT 228 or CST 224 and CST 228.

I T 235
CISCO Networking (5)
Utilizing CISCO equipment and operating systems, students will gain the ability to install, operate and troubleshoot network environments. This course is based upon the skills needed to achieve a CISCO Certified Entry Networking Technician certification. Prerequisite: IT 201 and IT 202.

I T 240
Mobile Device OS (3)
This is an introductory course on mobile device operating system use and management. Course will include coverage of operating systems for currently popular devices such as Android Tablets and iPads. Prerequisite: IT 123 or CNT 123.

I T 245
Object-Oriented Programming (4)
An intermediate level course in object-oriented programming. Course covers creating classes from requirement documents, modeling using diagrams, object-relationship analysis, object reuse and good software design. Experience with one or more computer programming languages recommended.

I T 250
Discrete Structures (4)
A programming-based course in discrete structures. Logic, set theory, counting, algorithmic efficiency, graphs and trees are presented. This course uses programming algorithms to demonstrate and explore the discrete math topics commonly used in computer programming.

I T 255
Design Patterns (4)
This course builds upon object-oriented design methodologies and introduces the concept of design patterns to solve software problems. The well-known “Gang of Four (GOF)” patterns are explored.

I T 260
Advanced Web Development (5)
Students will learn to develop applications that use three-tier architecture, allowing for rich client side user interfaces, sophisticated functionality, and advanced database interactions. This course builds on previous experience in web development.

I T 265
Mobile Applications (5)
Students will learn how to design and implement software in a mobile environment, using the device's sensors, distribution models, location awareness, and other interactive elements present in the mobile device.

I T 270
Dreamweaver (4)
Learn the Adobe Dreamweaver CC software from several perspectives, including tool usage, and use as a development environment for web and mobile applications.

I T 275
CSS Frameworks & Grids (4)
This course leads to the mastery of HTML and CSS in comprehensive and responsive design. Creation of grids, Syntactically Awesome Style Sheets (SASS) and responsive frameworks are covered.

I T 280
Advanced CSS & HTML (4)
This course expands beyond the current World Wide Web Consortium (W3C) standards of HTML and CSS into future territories. The course explores the latest in HTML and CSS and compares them with today’s techniques.

I T 285
WordPress Skinning (5)
WordPress is among the most popular content
management systems/bloggings systems in the world. Students learn how to "skin" a WordPress Site, providing the functionality of WordPress, but with the look and feel a customer wants.

I T 301

App Dev Fundamentals (5)
This class focuses on object-oriented programming techniques using classes, polymorphism, inheritance, abstraction and interfaces. Application design will be emphasized. Additional topics include UML diagramming, architectural frameworks such as MVC. Prior basic understanding of OOP recommended. Course Requisite: admittance into BAS program or Administrator approval.

I T 310

Adv Web Applications (5)
An advanced course in web development. This course covers the full web development stack including client side (HTML, CSS, JavaScript), server side (ASP.NET), database layer (MSSQL), using frameworks (MVC). Prerequisite: BAS-IT: AD admission or approval.

I T 320

Development Methodologies (5)
Students are introduced to formal software engineering methodologies. Various well known methodologies are covered through examination of case studies and in project work. Team development practices are emphasized. Prerequisite: BAS-IT: AD admission or approval.

I T 330

Software Engineering I (5)
An introduction course in software engineering. Software modeling using Unified markup language (UML) diagramming, systems (business) analysis, requirements gathering, analysis, and design are the focus of this course.

I T 340

Software Engineering II (5)
A second course in Application/Software Engineering. Introduces test-driven development. Coding exercises include building unit tests and application code based on the requirements documentation of a project. Prerequisite: BAS-IT: AD admission or approval.

I T 350

Advanced Database Design (5)
Class will focus on data models, entities, normalization/denormalization, SQL, stored procedures, and general design. MS SQL Server is used for the class. Includes survey of other modern database systems such as NOSQL and Postgres. Course Requisite: Admittance into BAS program or Administrator approval.

I T 410

Adv. Data Access Technique (5)
This course examines utilization of advanced database systems such as NOSQL systems, dimensional cubes and hypercubes (OLAP), ODBC connections, and relational database systems for data analysis and development of data driven applications. Prerequisite: IT 350 or permission of instructor.

I T 420

Business Intelligence App (5)
Students gain practical experience and skills to develop business intelligence solutions. Students will create reports, dashboards, setup and perform statistical analysis, data mining, and classification/clustering of data using both programming and tools. Prerequisite: BAS-IT: AD admittance or permission of the instructor.

I T 430

Info Security for Developers (5)
Students will examine information system security. Students will develop protocols and controls to harden information systems, and learn how vulnerabilities in information systems can be exploited using common, easy to access tools and techniques. Prerequisite: BAS-IT: AD admittance or permission of the instructor.

I T 440

Internship I (5)
Students enrolled in this internship will have opportunities to serve on a software development team in some capacity, gaining practical experience in the software development life cycle, stakeholder communication, collaboration, and software development. Prerequisites: IT 310, IT 330, IT 340.

I T 450

Internship 2 (5)
Students enrolled in this internship will have opportunities to serve on a software development team in some capacity, gaining practical experience in the software development life cycle, stakeholder communication, collaboration, and software development. Prerequisite: BAS-IT: AD admittance or permission of the instructor.

I T 460

BAS-IT: AD Capstone (5)
Students will deliver a working software project, and all associated documentation to demonstrate mastery of the
software development life cycle, and of modern software development methodologies. Prerequisite: BAS-IT: AD admittance or permission of the instructor

Integrated English

IEL 015
IELC Integrated Lab (1-5)
Technology lab for IELCivics. Students learn how to use computers as a tool to improve listening, speaking, reading, writing and math skills. Prerequisite: valid scaled scores from CASAS pre- or post-tests lower than 190.

IEL 016
IELC Integrated Lab (1-5)
Technology lab for IELCivics. Students learn how to use computers as a tool to improve listening, speaking, reading, writing and math skills. Prerequisite: valid scaled scores from CASAS pre- or post-tests lower than 190.

IEL 017
IELC Integrated Lab (1-5)
Technology lab for IELCivics. Students learn how to use computers as a tool to improve listening, speaking, reading, writing and math skills. Prerequisite: valid scaled scores from CASAS pre- or post-tests lower than 190.

IEL 018
IELC Integrated Lab (1-5)
Technology lab for IELCivics. Students learn how to use computers as a tool to improve listening, speaking, reading, writing and math skills. Prerequisite: valid scaled scores from CASAS pre- or post-tests lower than 190.

IEL 025
IELC Integrated Lab (1-5)
Technology lab for IELCivics. Students learn how to use computers as a tool to improve listening, speaking, reading, writing and math skills. Prerequisite: valid scaled scores from CASAS pre- or post-tests between 191 and 200.

IEL 026
IELC Integrated Lab (1-5)
Technology lab for IELCivics. Students learn how to use computers as a tool to improve listening, speaking, reading, writing and math skills. Prerequisite: valid scaled scores from CASAS pre- or post-tests between 191 and 200.

IEL 027
IELC Integrated Lab (1-5)

IEL 028
IELC Integrated Lab (1-5)
Technology lab for IELCivics. Students learn how to use computers as a tool to improve listening, speaking, reading, writing and math skills. Prerequisite: valid scaled scores from CASAS pre- or post-tests between 191 and 200.

IEL 035
IELC Integrated Lab (1-5)
Technology lab for IELCivics. Students learn how to use computers as a tool to improve listening, speaking, reading, writing and math skills. Prerequisite: valid scaled scores from CASAS pre- or post-tests between 201 and 210.

IEL 036
IELC Integrated Lab (1-5)
Technology lab for IELCivics. Students learn how to use computers as a tool to improve listening, speaking, reading, writing and math skills. Prerequisite: valid scaled scores from CASAS pre- or post-tests between 201 and 210.

IEL 037
IELC Integrated Lab (1-5)
Technology lab for IELCivics. Students learn how to use computers as a tool to improve listening, speaking, reading, writing and math skills. Prerequisite: valid scaled scores from CASAS pre- or post-tests between 201 and 210.

IEL 038
IELC Integrated Lab (1-5)
Technology lab for IELCivics. Students learn how to use computers as a tool to improve listening, speaking, reading, writing and math skills. Prerequisite: valid scaled scores from CASAS pre- or post-tests between 201 and 210.

IEL 045
IELC Integrated Lab (1-5)
Technology lab for IELCivics. Students learn how to use computers as a tool to improve listening, speaking, reading, writing and math skills. Prerequisite: valid scaled scores from CASAS pre- or post-tests between 211 and 220.
IEL 046
IELC Integrated Lab (1-5)
Technology lab for IELCivics. Students learn how to use computers as a tool to improve listening, speaking, reading, writing and math skills. Prerequisite: valid scaled scores from CASAS pre- or post-tests between 211 and 220.

IEL 047
IELC Integrated Lab (1-5)
Technology lab for IELCivics. Students learn how to use computers as a tool to improve listening, speaking, reading, writing and math skills. Prerequisite: valid scaled scores from CASAS pre- or post-tests between 211 and 220.

IEL 048
IELC Integrated Lab (1-5)
Technology lab for IELCivics. Students learn how to use computers as a tool to improve listening, speaking, reading, writing and math skills. Prerequisite: valid scaled scores from CASAS pre- or post-tests between 211 and 220.

IEL 052
Office Management 1 (EL5) (1-10)
Low-intermediate non-native English speakers improve English language, math, and technology skills through integrated instruction in Office Management. Prerequisite: valid CASAS scores between 211 and 220.

IEL 053
Office Management 1 (EL5) (1-10)
Low-intermediate non-native English speakers improve English language, math, and technology skills through integrated instruction in Office Management. Prerequisite: valid CASAS scores between 211 and 220.

IEL 054
Office Management 1 (EL5) (1-10)
Low-intermediate non-native English speakers improve English language, math, and technology skills through integrated instruction in Office Management. Prerequisite: valid CASAS scores between 211 and 220.

IEL 062
Office Management 1 (EL6) (1-10)
Low-advanced non-native speakers improve English language, math, and technology skills through integrated instruction in Office Management. Prerequisite: valid CASAS scores between 221 and 235.

IEL 063
Office Management 1 (EL6) (1-10)
Low-advanced non-native speakers improve English language, math, and technology skills through integrated instruction in Office Management. Prerequisite: valid CASAS scores between 221 and 235.

IEL 064
Office Management 1 (EL6) (1-10)
Low-advanced non-native speakers improve English language, math, and technology skills through integrated instruction in Office Management. Prerequisite: valid CASAS scores between 221 and 235.

IEL 072
Office Management 1 (L5) (10)
Transitional education students improve English language, math, and technology skills through integrated instruction in Office Management. Prerequisite: valid CASAS scores between 236 and 245.

IEL 073
Office Management 1 (L5) (1-10)
Transitional education students improve English language, math, and technology skills through integrated instruction in Office Management. Prerequisite: valid CASAS scores between 236 and 245.

IEL 074
Office Management 1 (L5) (1-10)
Transitional education students improve English language, math, and technology skills through integrated instruction in Office Management. Prerequisite: valid CASAS scores between 236 and 245.

Intensive English Program

IEP 070
Comprehension Language 1 (1-9)
In this Level 1 Comprehension Language Skills course, students will develop listening and reading comprehension skills needed to succeed in subsequent liberal arts and technical/occupational courses. Prerequisite: Official Language Test score or Accuplacer score.

IEP 071
Communicative Language 1 (9)
In this Level 1 Comm Language course, students will develop speaking, grammar, and composition skills needed to succeed in subsequent liberal arts and technical/occupational courses. Prerequisite: Official Language Test score or Accuplacer score.
IEP 072
Comprehensive Language 2 (1-9)
Language skills course, students will develop listening and reading comprehension skills needed to succeed in subsequent liberal arts and technical/occupational courses. Prerequisite: Official Language Test score or Accuplacer score.

IEP 073
Communicative Language 2 (9)
In this Level 2 Comm Language course, students will develop speaking, grammar, and composition skills needed to succeed in subsequent liberal arts and technical/occupational courses. Prerequisite: Official Language Test score or Accuplacer score.

IEP 074
Comprehension Language 3 (1-9)
In this Level 3 Comprehension Language Skills course, students will develop listening and reading comprehension skills needed to succeed in subsequent liberal arts and technical/occupational courses. Prerequisite: Official Language Test score or Accuplacer score.

IEP 075
Communicative Language 3 (9)
In this Level 3 Comm Language course, students will develop speaking, grammar, and composition skills needed to succeed in subsequent liberal arts and technical/occupational courses. Prerequisite: Official Language Test score or Accuplacer score.

IEP 076
Comprehension Language 4 (1-9)
In this Level 4 Comprehension Language Skills course, students will develop listening and reading comprehension skills needed to succeed in subsequent liberal arts and technical/occupational courses.

IEP 077
Communicative Language 4 (9)
In this Level 4 Comm Language course, students will develop speaking, grammar, and composition skills needed to succeed in subsequent liberal arts and technical/occupational courses. Prerequisite: Official Language Test score or Accuplacer score.

Journalism

JOUR 106
Introduction to News Writing I (H) (5)
Learn the difference between news writing and other types of writing. Practice writing a variety of kinds of news articles.

JOUR 107
Introduction to News Writing II (H) (3)
Start, develop and polish hard news and soft news stories. Practice gathering information from a variety of sources. Prerequisite: JOUR 106.

JOUR 111
Newspaper Staff I (1-5)
Help produce the college's online student newspaper. Editors, reporters, photographers, videographers, page designers, and advertising sales people needed. Prerequisite: JOUR 106.

JOUR 112
Newspaper Staff II (1-5)
Help produce the college's online student newspaper. Editors, reporters, photographers, videographers, page designers, and advertising sales people needed. Prerequisite: JOUR 106, 111.

JOUR 113
Newspaper Staff III (1-5)
Help produce the college's online student newspaper. Editors, reporters, photographers, videographers, page designers, and advertising sales people needed. Prerequisite: JOUR 106, 111, 112.

JOUR 180
Issues in Mass Media (AE) (2)
Discuss and interpret issues as they relate to the media. Learn to evaluate media messages critically.

JOUR 206
News Reporting and Writing (5)
Write a variety of in-depth and extended coverage news articles concentrating on enterprise and package projects. Practice writing editorials, columns and reviews. Learn the basics of broadcast and public relations writing. Prerequisite: JOUR 106, 107, 111, ENGL 101.

JOUR 208
Copy Editing and Newspaper Design (5)
Learn newspaper copy editing and page design. Edit copy for the student newspaper. Design and layout pages of the student newspaper. Prerequisite: ENGL 101, JOUR 106, 107, 111, 206.

JOUR 211
Newspaper Staff IV (1-5)
Help produce the college's online student newspaper. Editor, reporters, photographers, videographers, page designers, and advertising sales people needed. Prerequisite: JOUR 106, 111, 112, 113.

**JOUR 212**  
**Newspaper Staff V (1-5)**  
Help produce the college's online student newspaper. Editors, reporters, photographers, videographers, page designers, and advertising sales people needed. Prerequisite: JOUR 106, 111, 112, 113, 211.

**JOUR 213**  
**Newspaper Staff VI (1-5)**  
Help produce the college's online student newspaper. Editors, reporters, photographers videographers, page designers, and advertising sales people needed. Prerequisite: JOUR 106,111, 112, 113, 211, 212.

**Linguistics**

**LING 101**  
**Intro to Linguistics (SS) (5)**  
Learn how languages take a collection of sounds and create meaning from them using many different techniques. This course studies the different levels of language composition by looking at data from many different languages.

**LING 102**  
**World Languages Survey (D) (SS) (5)**  
Similar to a family tree, the thousands of languages of the world are also related in complex ways. Learn how the history of human migration and culture can be seen in the world's languages.

**Mathematics**

**MATH 095**  
**Basic Mathematics (1-5)**  
For students who need to review basic math concepts such as whole number, fraction and decimal operations. Appropriate placement test scores.

**MATH 096**  
**Pre-Algebra (1-5)**  
Covers percents, proportions, unit conversions, geometry, simplifying algebraic expressions and solving simple first-degree linear equations. Prerequisite: MATH 095 or appropriate test score placement.

**MATH 097**  
**Algebra for Statistics (5)**  
An algebra course for students intending to enroll in MATH& 146, Introduction to Stats. This course does not meet the algebra prerequisite for other quantitative skills courses or for transfer to the University of Washington. Prerequisite: MATH 096 or Compass score of 78+.

**MATH 098**  
**Algebra I (1-5)**  
For students with good arithmetic skills and familiarity with signed numbers and basic algebraic expressions. Problem-solving skills are emphasized. Topics include linear equations and inequalities, graphing, polynomials, and rational expressions. Prerequisite: MATH 096.

**MATH 099**  
**Algebra II (1-5)**  
Introduces the concept of functions, their graphs and properties. Particular attention will be paid to linear, quadratic, exponential and logarithmic functions. Prerequisite: MATH 098 or equivalent.

**MATH& 107**  
**Math in Society (M) (5)**  
Designed to enhance math proficiency of liberal arts students as they meet personal and professional demands. Includes mathematics in management, statistics, probability, art, and other practical applications in society. Not preparation for calculus. Prerequisite: MATH 099 or equivalent.

**MATH 118**  
**Linear Algebra (M) (5)**  
Computational and modeling tools with applications in physics, mathematics, engineering, economics, and business. Topics include systems of equations, matrix algebra, vector spaces, subspaces, bases, orthogonality, transformations, and eigenvalues. Prerequisite: MATH& 142 or equivalent placement.

**MATH 128**  
**Discrete Structures (M) (5)**  
This class is designed to introduce mathematical concepts and applications in computer science. Topics include logic, permutations and combinations, graphs and trees, recursion, and basic modular arithmetic. Prerequisite: MATH 099 or instructor permission.

**MATH& 131**  
**Math for Elem Educ 1 (M) (5)**  
Designed to provide the conceptual framework for teaching mathematics from kindergarten through eighth grade. Prerequisite: MATH 099 or equivalent
ASSET/COMPASS score.

MATH& 132
Math for Elem Educ 2 (M) (5)
The second of two courses designed to provide the conceptual framework for teaching mathematics from kindergarten through eighth grade. Prerequisite: MATH& 131.

MATH 135
Pre-Calculus Refresher (M) (5)
Designed as a refresher course for students who have previously had a Pre-Calculus course. Content includes everything covered in MATH 141 and MATH 142. Prerequisite: High school pre-calculus equivalent or instructor approval.

MATH 140
Pre-Calc 1 Seminar (AE) (1)
Supports skill development in students registered in MATH& 141 Pre-Calculus 1. Topics covered in this course include those defined in MATH& 141 and/or any prerequisite skills needed by the student to be successful in MATH& 141. Corequisite: MATH& 141.

MATH& 141
Pre-Calculus I (M) (5)
Study of elementary functions (polynomial, exponential, logarithmic), systems of equations, matrix algebra. Modeling and problem-solving techniques are emphasized from a graphic, symbolic and numeric perspective. Prerequisite: MATH 099 or equivalent placement.

MATH& 142
Pre-Calculus II (M) (5)
Graphical, numerical, symbolic development of trigonometric functions and their inverses as defined on the unit circle and right triangles; identities, equations, and applications; complex numbers, polar coordinates, parametric equations, vectors, conics, and sequences and series. Prerequisite: MATH& 141.

MATH 145
Statistics Prep Seminar (AE) (1)
Refreshes and enhances the necessary prerequisite skills for a college-level statistics course. Topics include algebra for statistics, spreadsheet software skills, and probabilistic reasoning. Prerequisite: MATH 097, 099 or equivalent, or instructor permission.

MATH& 146
Introduction to Stats (M) (5)
Introduction to concepts of data collection, organization and summaries. Develop the fundamental concepts of mean, median and standard deviation, probability, probability distributions, and apply these ideas to hypothesis testing, linear regression and analysis of variance. Prerequisite: MATH 097, MATH 099 or equivalent.

MATH 147
Finite Math for Business (M) (5)
Linear, polynomial and rational function models. Exponential and logarithmic functions. Mathematics of finance, matrices, linear programming, set operations and probability. Prerequisite: MATH 099 or equivalent.

MATH& 148
Business Calculus (M) (5)
An introduction to calculus concepts needed for business applications. Topics discussed are limits, derivative, integrals, and partial derivatives. Business applications are stressed. Prerequisite: MATH 147 or MATH& 141 or equivalent.

MATH& 151
Calculus I (M) (5)
The first in a four-quarter sequence. Limits, derivatives of algebraic and some transcendental functions, applications of derivatives, the indefinite integral. Topics covered from numerical, analytical and graphical viewpoints. Prerequisite: MATH& 142 or equivalent.

MATH& 152
Calculus II (M) (5)
The second in a four-quarter sequence. Covers the calculus of transcendental functions (exponential, logarithm, inverse circular, hyperbolic), techniques of integration, sequences, series, and power series. Prerequisite: MATH& 151 or equivalent.

MATH 156
Calculus III (AE) (5)
The third in a four-quarter sequence. Analyze concepts from Calculus I using algebra-based computer software. Analytic geometry of three-space, partial derivatives, and multiple integrals. Prerequisite: MATH& 152 or equivalent.
MATH 212
Elementary Differential Equations (AE) (5)
Linear ordinary differential equations with emphasis on supporting concepts of differential operators, Wronskians, characteristic polynomials, homogeneous and nonhomogeneous cases, variation of parameters, undetermined coefficients. Solution of IVP by Laplace transforms and power series method. Prerequisite: MATH& 163.

MATH 228
Discrete Math (M) (5)
This class introduces the basic concepts of mathematics that are used in computer science. Topics covered include logic, mathematical induction, combinatorics, set theory, relations, and functions. Prerequisite: MATH& 142 or MATH 128.

MATH 245
Statistical Programming (M) (5)
Introduction to data structures and implementing procedures in statistical computing languages and spreadsheet applications. Examples may include R, Python, and Excel. Provides a foundation in computation components of data analysis. Prerequisite: MATH& 146 or equivalent, or instructor permission.

MATH 246
Intermediate Statistics (M) (5)
Continuation of MATH& 146 (Introduction to Statistics). Expands on concepts of data collection, data cleaning, descriptive statistics, and inferential statistics. Emphasis is on statistical software and applications in data science. Prerequisite: MATH 245 or instructor permission (Co-enrollment is acceptable)

MATH 264
Calculus IV (AE) (3)
Fourth in a four-quarter sequence. Optimization of 2 and 3 variable functions, Lagrange Multipliers, applications and techniques of multiple integration, Green’s Theorem, Stokes Theorem, and line and surface integrals. Prerequisite: MATH& 163 or equivalent.

MATH 315
Teaching Math (M) (5)
Provides the requisite knowledge and skills to teach K-8 students core math concepts. Current state standards for math learning will be reviewed with a focus on understanding how to teach and apply mathematical concepts.

MATH 350
Managerial Statistics (M) (5)
Statistical analysis techniques will be examined and applied in case studies involving real-world management issues. Students will examine difficulties, subjective decisions, and pitfalls when analyzing data and making inferences from numbers. Prerequisite: Lower division Quantitative Skills course.

TMATH 100
Technical Mathematics I (5)
Focus is on methods of problem solving for the technical fields. Course develops mathematical vocabulary and skill with algebraic expressions, formula manipulations, graphing techniques, right triangle trigonometry, geometry, exponents, logarithms, and equation/system of equation solving. Prerequisite: MATH 098.

TMATH 101
Foundational Math Concepts (5)
Study of foundational math theory and concepts including number sense, algebra, geometry, data analysis and math vocabulary through inquiry-based learning. Does not meet Quantitative Skills distribution requirement for AA degree. Prerequisite: MATH 095 or equivalent.

TMATH 110
Technical Math II (3)
Course emphasizes trigonometric functions used to solve engineering, electronics, and mechanics application problems. Prerequisite: TMATH 100.

TMATH 116
Industrial Math (5)
Application of basic mathematical operations to specific workforce programs including common fractions, decimal fractions, percentages, ratio and proportion, practical algebra, and computations involving rectangles and triangles. Emphasizes the use of mathematics in diesel and welding. Prerequisite: MATH 095.

TMATH 121
Electronics Math 1 (5)
Students will be introduced to math concepts relating to electronics and robotics. Topics studied will include functions, direct and inverse relationships, unit analysis, calculator operation, linear and exponential equations, and spreadsheet math operations. Prerequisite: MATH 098.

TMATH 122
Electronics Math 2 (4)
Continuation of Electronics Math 1 -students will learn
math concepts applicable to AC electronics and semiconductor device performance. Trigonometry and complex numbers will be emphasized. Prerequisite: MATH 121.

**Mechatronics**

**MEC 105**  
*Industrial Computer Operations (2)*  
Best practices for computer operations in an industrial environment. Topics include Microsoft Windows operating system navigation, hardware maintenance and various industrial software interfaces.

**MEC 116**  
*AC/DC Electronics (4)*  
Basic analysis and troubleshooting of Direct and Alternating current circuits including Ohm’s Law, Watt’s Law, and Kirchoff’s Laws; devices such as resistors, capacitors, and transformers are studied. Prerequisite: MATH 098 or equivalent.

**MEC 120**  
*Machine Tool Operation (6)*  
Introduction to machining operations. Emphasis on safe application of the most common machining procedures and machines used by multi-skilled industrial maintenance technicians.

**MEC 151**  
*Mechanical Systems (5)*  
Introduction to mechanical system components and safe operation of mechanical drive systems. Simple machines, basic drive systems, and operation of various tools will be studied.

**MEC 152**  
*Power Transmission (3)*  
Continuation of MEC 151, course includes study of power transmission components including bearings, brakes and gear systems. Concepts will also include vibration analysis, heat control and maintenance, and gear/cam systems. Prerequisite: MEC 151

**MEC 153**  
*Hydraulic Systems (5)*  
Introduction to fluid power - hydraulics and pneumatics. Safe operation of fluid systems will be emphasized. Course covers fluid characteristics, component symbols, control valves, pumps and reservoirs.

**MEC 154**  
*Electrohydraulics (4)*  
Continuation of MEC 153. Fluid power transfer and electrohydraulic fluid systems. Components studied will include pipes and hoses, pressure regulators, pressure and flow sensors, and electrical control systems. Heavy emphasis on troubleshooting. Prerequisite: MEC 153

**MEC 155**  
*Preventative Maintenance (3)*  
Basic Preventive and predictive maintenance procedures. Topics include facility upkeep, safety monitoring and risk management, teardown and inspection techniques, and technologies used in PM procedures. Prerequisite: MEC 151.

**MEC 190**  
*Coop Work Experience (1-12)*  
Education through experience in an industrial automated facility. Students will learn safe work habits and proper workplace procedures and interaction strategies under the instruction of workplace supervisor. Prerequisite: instructor permission and Coop Work Experience Seminar.

**MEC 220**  
*Sensors and Instruments (5)*  
Examination of sensors and diagnostic tools used in industrial environments. Electrical and mechanical measurement instruments will be studied and troubleshooting steps performed to prove competency. Control systems will also be studied. Prerequisite MEC 151

**MEC 250**  
*Industrial Electronics (2)*  
Study of electricity in an industrial facility. Topics covered will focus on 3-phase power analysis and motion control devices including motors, motor drivers and controls. Prerequisite: MEC 116 or equivalent knowledge of AC electricity.

**MEC 260**  
*Allen Bradley PLCs (5)*  
Study of Allen Bradley programmable logic controllers. Input and output modules will communicate with peripheral devices such as sensors, motors, lights and relays. Heavy emphasis on ladder logic, safety, troubleshooting and efficiency.

**MEC 261**  
*Siemens PLCs (3)*  
Study of Siemens programmable logic controllers. Siemens SIMATIC equipment and STEP7 software will be used to construct basic PLC systems. Heavy emphasis on Siemens ladder logic, safety, troubleshooting and
efficiency. Prerequisite: MEC 260.

**MEC 270 Industrial Robotics (5)**
Survey of robotics used in industry. Heavy emphasis on safe handling and work cell safety. Programming features include teaching points, program structure and device interfaces. Course includes Fanuc Corporation Certified Education Robot Training (CERT) Certification.

**Media Studies**

**M ST 122 Writing the Short Film (3)**
An introduction to the basics of writing the short screenplay. Co-requisite MST 261.

**M ST 125 Introduction to Sports Announcing (AE) (1)**
Learn about the history of Sports Broadcasting. Specific duties of announcers as well as technical knowledge, current trends, career paths, legal and ethical issues of Sports Broadcasting will be covered during the quarter.

**M ST 126 Sports Announcing for Football (C) (1)**
Learn and apply the basic skills and knowledge required of today's football announcers. This course will emphasize practical tips, ideas and theories that will help you on your way to becoming a quality football announcer.

**M ST 127 Basketball Announcing (3)**
Learn and apply the basic skills and knowledge required of today's basketball play-by-play and color analysis announcers. Students will announce men's and women's basketball games.

**M ST 128 Sports Announcing for Baseball (1)**
Learn and apply the basic skills and knowledge required of today's baseball announcers. This course will emphasize practical tips, ideas and theories that will help you on your way to becoming a quality baseball announcer.

**M ST 158 Studio & Outdoor Lighting for Television & Film (2)**
Discover the basic principles and techniques of lighting television and film sets in both indoor and outdoor situations.

**M ST 159 Stagecraft for Television and Film (2)**
Designed specifically for television and film majors, this class introduces students to the basic tools, materials, equipment and techniques used in the design and building of television and film sets.

**M ST 190 Cooperative Work Experience (1-12)**
Cooperative Work Experience allows students to apply classroom learning to on-the-job settings. Credit is earned for new and continued learning taking place in the work environment. Reaching set learning objectives and development of positive work habits are emphasized. The Cooperative Education Coordinator and employees arrange Cooperative Work Experience. 60-360 hour on-the-job per quarter. Prerequisite: Enrollment in a Work Experience Seminar (BTEC 191-194) is required of Co-op students. You may take the Work Experience Seminar before or in the same quarter as the Co-op course. Instructor permission required.

**M ST 220 Intro to Broadcast News (H) (5)**
An introduction to Broadcast News. This course includes instruction on writing, producing, and delivering news on various media outlets. Legal issues that affect the news industry will also be covered.

**M ST 222 Screenwriting (H) (5)**
An introduction to the theories, methods, and processes of writing a screenplay. Students will apply what they learn and complete a full-length screenplay at the end of the quarter.

**M ST 225 Introduction to Telecommunications (AE) (5)**
The field of telecommunications is constantly changing and affecting the way we live our lives. Learn about the history, social impact, moral, ethical issues and philosophies of telecommunications in our society.

**M ST 230 Intro to Radio (AE) (5)**
Introduction to Radio Broadcasting. Learn about radio programming, announcing, writing copy, audio production and FCC rules and regulations that apply to radio. The history and social aspects of radio will also be covered.
M ST 231  
*Advanced Radio Broadcasting (3)*  
Learn strategies to research and prepare material for broadcast. The use of promotions and contests to increase station ratings also will be covered.

M ST 260  
*Intro to TV & Video Production for the Elect (AE)* (5)  
Learn studio and control room operations, field and studio camera techniques, basic script writing and video editing. At the end of the quarter students will be able to write, produce and edit short videos.

M ST 261  
*Introduction to Editing (5)*  
An introduction to editing for film and video. Basic audio and video editing will be covered during the quarter. Prerequisite: MST 260

M ST 262  
*Television Production (5)*  
Students will write, direct, produce and edit video packages and participate as crew members in producing classmate's video projects.

M ST 271  
*Radio Broadcasting Internship (1)*  
Practice and perfect your announcing skills on the campus radio station KCED FM. Prerequisite: M ST 230, 231 or instructor permission.

M ST 272  
*Radio Broadcasting Internship (2)*  
Practice and perfect your announcing skills on the campus radio station KCED FM. Prerequisite: MST 230, 231 or instructor permission.

M ST 273  
*Radio Broadcasting Internship (3)*  
Practice and perfect your announcing skills on the campus radio station KCED FM. Prerequisite: M ST 230, 231 or instructor permission.

M ST 274  
*Radio Broadcasting Internship (4)*  
Practice and perfect your announcing skills on the campus radio station KCED FM. Prerequisite: M ST 230, 231 or permission of the instructor.

M ST 281  
*TV Broadcasting Internship (1)*

Designed for students who wish to produce independent video projects outside of the classroom environment. Permission of instructor required. Prerequisite: M ST 260, 261, 262.

### Medical Assistant

M A 130  
*Medical Math (5)*  
A mathematics course that focuses on solving applications using percent, proportion, and unit conversion as well as descriptive data interpretation. Satisfies the math requirement for Medical Assistant AAS. Prerequisite: MATH 096 or equivalent.

M A 139  
*MA Medical Terminology (5)*  
A required class for all students enrolled in the Medical Assistant Program to develop a medical vocabulary from an anatomy, physiology, and pathology format. It is suitable for others entering medical-related fields.

M A 140  
*Intro to Medical Assistant (5)*  
An introduction to the profession of the Medical Assistant in the health care setting. Designed to explore the fundamentals of the scope of practice in a lecture and lab setting.

M A 208  
*MA Electrocardiography (2)*  
Electrocardiography (ECG) for the medical assistant student; including anatomy of the heart and the cardiac cycle, ECG applications and methods for testing in ambulatory care.

M A 241  
*MA Clinical Procedures (6)*  
Overview of physical examinations, procedures, and testing that a medical assistant would assist a health care provider with in an ambulatory care setting. Prerequisite: Acceptance into a 2nd year MA.

M A 242  
*Medical Administration (7)*  
An overview of pharmacology and medication administration as it applies to the medical assistant’s responsibilities in ambulatory care. Prerequisite: Acceptance into 2nd year MA program.

M A 243  
*MA Clinical Procedure II (6)*
Surgical setup for clinical/office procedures explored in detail; review of the role of diagnostic imaging, rehabilitation, and nutrition in the interdisciplinary approach of patient care. Prerequisite: MA 242, MA 246 with a 2.5 GPA or higher.

**MA 244**

**MA Externship Seminar (1)**

This class allows the medical assistant extern to explore objectives and challenges in bridging their classroom/lab experiences to the experiences they are encountering in their externships. Prerequisite: MA 242, MA 246 with a 2.5 GPA or higher.

**MA 245**

**MA Clinical Externship (6)**

One hundred eighty unpaid hours of externship in an ambulatory health care setting that allows the medical assistant student to bridge their classroom education and lab training to the real-world medical setting. Prerequisite: MA 242, MA 246 with a 2.5 GPA or higher.

**MA 246**

**MA Laboratory Procedures (10)**

Overview of laboratory procedures and regulations for the ambulatory health care setting, including phlebotomy training. Prerequisite: Acceptance into 2nd year MA program.

**MA 249**

**MA Admin Procedures (8)**

Administrative protocols and procedures related to front and back office responsibilities in an ambulatory care setting; with emphasis on communications, medical records management, and fiscal management practices. Prerequisite: acceptance into 2nd year of MA program.

**Music**

**MUSC 100**

**Fundamentals of Music (H) (5)**

Introduction to the elements of music theory, including scales, intervals, keys, triads, elementary ear training, notation, meter and rhythm.

**MUSC 101**

**Music History (D) (H) (5)**

An overview of music in its historical context, including both the Western Classical canon and musical traditions from Asia, Africa, the Middle East, the Pacific Islands, and the Americas. (D) (H)

**MUSC& 105**

**Music Appreciation (D) (H) (5)**

Developing an understanding of music through the study of musical elements and cultural contexts.

**MUSC 118**

**Musical Theatre (H) (5)**

The study of musical theatre, its major works, its significance in theatre history, and role in American culture with an emphasis on production elements and the play in performance.

**MUSC 124**

**Jazz Ensemble I (AE) (2)**

Performing ensemble made up of students and community members. The ensemble's instrumentation is flexible, depending on availability of musicians. One evening rehearsal and one evening concert will be required. Off campus performances may be required.

**MUSC 125**

**Jazz Ensemble II (AE) (2)**

Performing ensemble made up of students and community members. The ensemble's instrumentation is flexible, depending on availability of musicians. One evening rehearsal and one evening concert will be required. Off campus performances may be required. Prerequisite: MUSC 124 (Jazz Ensemble I)

**MUSC 126**

**Jazz Ensemble III (AE) (2)**

Performing ensemble made up of students and community members. The ensemble's instrumentation is flexible, depending on availability of musicians. One evening rehearsal and one evening concert will be required. Off campus performances may be required. Prerequisite: MUSC 125 (Jazz Ensemble II)

**MUSC 127**

**Jazz Ensemble IV (AE) (2)**

Performing ensemble made up of students and community members. The ensemble's instrumentation is flexible, depending on availability of musicians. One evening rehearsal and one evening concert will be required. Off campus performances may be required. Prerequisite: MUSC 126 (Jazz Ensemble III)

**MUSC 128**

**Jazz Ensemble V (AE) (2)**

Performing ensemble made up of students and community members. The ensemble's instrumentation is flexible, depending on availability of musicians. One evening rehearsal and one evening concert will be required. Off campus performances may be required.
Prerequisite: MUSC 127 (Jazz Ensemble IV)

**MUSC 129**
*Jazz Ensemble VI (AE) (2)*
Performing ensemble made up of students and community members. The ensemble's instrumentation is flexible, depending on availability of musicians. One evening rehearsal and one evening concert will be required. Off campus performances may be required. Prerequisite: MUSC 128 (Jazz Ensemble V)

**MUSC 135**
*Beginning Guitar (AE) (2)*
Presents the basic skills needed to play the guitar. Intended for students with some prior experience. Students must supply their own acoustic guitar.

**MUSC 139**
*Music of the World (D) (H) (5)*
A music survey of diversity found in music around the world. Examines music as accompaniment to ceremony and ritual, aid to work and routine, and an expression of universal unchanging human emotions. Prior musical experience is not necessary. Prerequisite: proficiency in reading, grammar skills.

**MUSC 140**
*History of American Music (D) (H) (5)*
This course offers students a thorough and general study of American Music from Tin Pan Alley to the first part of the 21st Century.

**MUSC & 141**
*Music Theory I (H) (5)*
A study of musical concepts, such as pitch and rhythmic notation, scales and modes, key signatures, intervals, seventh chords and triads. Prerequisite: MUSC 100 or placement by instructor.

**MUSC & 142**
*Music Theory II (H) (5)*
A study of musical concepts, including 16th and 18th century counterpoint, part writing, and musical phrases. Prerequisite: MUSC & 141.

**MUSC & 143**
*Music Theory III (H) (5)*
A study of musical concepts, such as dominant substitutions, voice leading chords, secondary dominants, motives, and phrase structures. Prerequisite: MUSC & 142.

**MUSC 144**

---

**Concert Choir I (AE) (2)**
A vocal ensemble performing both sacred and secular music literature. Availability for up to two evening performances is required.

**MUSC 145**
*Concert Choir II (AE) (2)*
A vocal ensemble performing both sacred and secular music literature. Availability for up to two evening performances is required.

**MUSC 146**
*Concert Choir III (AE) (2)*
A vocal ensemble performing both sacred and secular music literature. Availability for up to two evening performances is required.

**MUSC 147**
*Concert Choir IV (AE) (2)*
A vocal ensemble performing both sacred and secular music literature. Availability for up to two evening performances is required.

**MUSC 148**
*Concert Choir V (AE) (2)*
A vocal ensemble performing both sacred and secular music literature. Availability for up to two evening performances is required.

**MUSC 149**
*Concert Choir VI (AE) (2)*
A vocal ensemble performing both sacred and secular music literature. Availability for up to two evening performances is required.

**MUSC 150**
*Applied Flute (AE) (1)*
This course teaches performance skills to students majoring in music. Musical literature from various style periods and composers will be selected to acquaint the student with a wide range of repertoire written for the instrument. Instructor's permission and/or audition required. Corequisite: ensemble and/or music theory.

**MUSC 151**
*Functional Piano I (AE) (1)*
Functional piano study/skill for music majors. A practical course to accompany the music theory courses. Corequisite: Simultaneous enrollment in music theory class

**MUSC 152**
*Functional Piano II (AE) (1)*
Functional piano study/skill for music majors. A practical
course to accompany the music theory courses. Prerequisite: MUSC 151 or instructor permission (audition required). Corequisite: simultaneous enrollment in music theory class.

MUSC 153
Functional Piano III (AE) (1)
Functional piano study/skill for music majors. A practical course to accompany the music theory courses. Corequisite: simultaneous enrollment in music theory class. Prerequisite: MUSC 152 or instructor permission. Audition required.

MUSC 154
Applied French Horn (AE) (1)
This course teaches performance skills to students majoring in music. Musical literature from various style periods and composers will be selected to acquaint the student with a wide range of repertoire written for the instrument. Instructor’s permission and/or audition required. Corequisite: ensemble and/or music theory.

MUSC 155
Applied Trumpet (AE) (1)
This course teaches performance skills to students majoring in music. Musical literature from various style periods and composers will be selected to acquaint the student with a wide range of repertoire written for the instrument. Instructor’s permission and/or audition required. Corequisite: ensemble and/or music theory.

MUSC 156
Applied Trombone (AE) (1)
This course teaches performance skills to students majoring in music. Musical literature from various style periods and composers will be selected to acquaint the student with a wide range of repertoire written for the instrument. Instructor’s permission and/or audition required. Corequisite: ensemble and/or music theory.

MUSC 157
Applied Tuba (AE) (1)
This course teaches performance skills to students majoring in music. Musical literature from various style periods and composers will be selected to acquaint the student with a wide range of repertoire written for the instrument. Instructor’s permission and/or audition required. Corequisite: ensemble and/or music theory.

MUSC 158
Applied Euphonium (AE) (1)
This course teaches performance skills to students majoring in music. Musical literature from various style periods and composers will be selected to acquaint the student with a wide range of repertoire written for the instrument. Instructor’s permission and/or audition required. Corequisite: ensemble and/or music theory.

MUSC 159
Applied Percussion (AE) (1)
This course teaches performance skills to students majoring in music. Musical literature from various style periods and composers will be selected to acquaint the student with a wide range of repertoire written for the instrument. Instructor’s permission and/or audition required. Corequisite: ensemble and/or music theory.

MUSC 160
Applied Piano (AE) (1)
This course teaches performance skills to students majoring in music. Musical literature from various style periods and composers will be selected to acquaint the student with a wide range of repertoire written for the instrument. Instructor’s permission and/or audition required. Corequisite: ensemble and/or music theory.

MUSC 161
Applied Violin (AE) (1)
This course teaches performance skills to students majoring in music. Musical literature from various style periods and composers will be selected to acquaint the student with a wide range of repertoire written for the instrument. Instructor’s permission and/or audition required. Corequisite: ensemble and/or music theory.

MUSC 162
Applied Viola (AE) (1)
This course teaches performance skills to students majoring in music. Musical literature from various style periods and composers will be selected to acquaint the student with a wide range of repertoire written for the instrument. Instructor’s permission and/or audition required. Corequisite: ensemble and/or music theory.

MUSC 163
Applied Cello (AE) (1)
This course teaches performance skills to students majoring in music. Musical literature from various style periods and composers will be selected to acquaint the student with a wide range of repertoire written for the instrument. Instructor’s permission and/or audition required. Corequisite: ensemble and/or music theory.

MUSC 164
Applied Double Bass (AE) (1)
This course teaches performance skills to students
majoring in music. Musical literature from various style periods and composers will be selected to acquaint the student with a wide range of repertoire written for the instrument. Instructor's permission and/or audition required. Corequisite: ensemble and/or music theory.

**MUSC 165**  
**Applied Guitar (AE) (1)**  
This course teaches performance skills to students majoring in music. Musical literature from various style periods and composers will be selected to acquaint the student with a wide range of repertoire written for the instrument. Instructor's permission and/or audition required. Corequisite: ensemble and/or music theory.

**MUSC 166**  
**Applied Saxophone (AE) (1)**  
This course teaches performance skills to students majoring in music. Musical literature from various style periods and composers will be selected to acquaint the student with a wide range of repertoire written for the instrument. Instructor's permission and/or audition required. Corequisite: ensemble and/or music theory.

**MUSC 167**  
**Applied Voice (AE) (1)**  
This course teaches performance skills to students majoring in music. Musical literature from various style periods and composers will be selected to acquaint the student with a wide range of repertoire written for the instrument. Instructor's permission and/or audition required. Corequisite: ensemble and/or music theory.

**MUSC 168**  
**Applied Composition (AE) (1)**  
This course teaches composition skills to students majoring in music. Students will study musical literature from various style periods and composers and will complete works based on guidelines set out by the instructor. Instructor's permission and/or audition required. Corequisite: Ensemble and/or music theory.

**MUSC 169**  
**Applied Clarinet (AE) (1)**  
This course teaches performance skills to students majoring in music. Musical literature from various style periods and composers will be selected to acquaint the student with a wide range of repertoire written for the instrument. Instructor's permission and/or audition required. Corequisite: ensemble and/or music theory.

**MUSC 170**  
**Applied Oboe (AE) (1)**  
This course teaches performance skills to students majoring in music. Musical literature from various style periods and composers will be selected to acquaint the student with a wide range of repertoire written for the instrument. Instructor's permission and/or audition required. Corequisite: ensemble and/or music theory.

**MUSC 171**  
**Applied Bassoon (AE) (1)**  
This course teaches performance skills to students majoring in music. Musical literature from various style periods and composers will be selected to acquaint the student with a wide range of repertoire written for the instrument. Instructor's permission and/or audition required. Corequisite: ensemble and/or music theory.

**MUSC 172**  
**Applied Harp (AE) (1)**  
This course teaches performance skills to students majoring in music. Musical literature from various style periods and composers will be selected to acquaint the student with a wide range of repertoire written for the instrument. Prerequisite: ensemble and/or music theory, and instructor permission.

**MUSC 175**  
**Community Band I (AE) (2)**  
Performance ensemble consisting of students and community members. Repertoire will vary and be selected by the band director(s). The ensemble consists of band instrumentation and meets weekly for three hours.

**MUSC 176**  
**Community Band II (AE) (2)**  
Performance ensemble consisting of students and community members. Repertoire will vary and be selected by the band director(s). The ensemble consists of band instrumentation and meets weekly for three hours.

**MUSC 177**  
**Community Band III (AE) (2)**  
Performance ensemble consisting of students and community members. Repertoire will vary and be selected by the band director(s). The ensemble consists of band instrumentation and meets weekly for three hours.

**MUSC 178**  
**Community Band IV (AE) (2)**  
Performance ensemble consisting of students and community members. Repertoire will vary and be selected by the band director(s). The ensemble consists of band instrumentation and meets weekly for three hours.
MUSC 179
Community Band V (AE) (2)
Performance ensemble consisting of students and community members. Repertoire will vary and be selected by the band director(s). The ensemble consists of band instrumentation and meets weekly for three hours.

MUSC 180
Community Band VI (AE) (2)
Performance ensemble consisting of students and community members. Repertoire will vary and be selected by the band director(s). The ensemble consists of band instrumentation and meets weekly for three hours.

MUSC 185
Community Orchestra I (AE) (2)
Performing ensemble made up of students and community members. Repertoire will vary and will be selected by the orchestra director. The ensemble consists of orchestral instrumentation and meets weekly for three hours.

MUSC 186
Community Orchestra II (AE) (2)
Performing ensemble made up of students and community members. Repertoire will vary and will be selected by the orchestra director. The ensemble consists of orchestral instrumentation and meets weekly for three hours.

MUSC 187
Community Orchestra III (AE) (2)
Performing ensemble made up of students and community members. Repertoire will vary and will be selected by the orchestra director. The ensemble consists of orchestral instrumentation and meets weekly for three hours.

MUSC 188
Community Orchestra IV (AE) (2)
Performing ensemble made up of students and community members. Repertoire will vary and will be selected by the orchestra director. The ensemble consists of orchestral instrumentation and meets weekly for three hours.

MUSC 189
Community Orchestra V (AE) (2)
Performing ensemble made up of students and community members. Repertoire will vary and will be selected by the orchestra director. The ensemble consists of orchestral instrumentation and meets weekly for three hours.

MUSC 190
Community Orchestra VI (AE) (2)
Performing ensemble made up of students and community members. Repertoire will vary and will be selected by the orchestra director. The ensemble consists of orchestral instrumentation and meets weekly for three hours.

MUSC 220
Applied French Horn II (AE) (1)
This course teaches second-year level performance skills to majors. Musical literature from various style periods and composers will acquaint students with a wide range of repertoire for the instrument. Instructor permission and/or audition required. Prerequisite: MUSC 154.

MUSC 221
Applied Flute II (AE) (1)
This course teaches second-year level performance skills to majors. Musical literature from various style periods and composers will acquaint students with a wide range of repertoire for the instrument. Instructor permission and/or audition required. Prerequisite: MUSC 150.

MUSC 222
Applied Trumpet II (AE) (1)
This course teaches second-year level performance skills to majors. Musical literature from various style periods and composers will acquaint students with a wide range of repertoire for the instrument. Instructor permission and/or audition required. Prerequisite: MUSC 155.

MUSC 223
Applied Trombone II (AE) (1)
This course teaches second-year level performance skills to majors. Musical literature from various style periods and composers will acquaint students with a wide range of repertoire for the instrument. Instructor permission and/or audition required. Prerequisite: MUSC 156.

MUSC 224
Applied Tuba II (AE) (1)
This course teaches second-year level performance skills to majors. Musical literature from various style periods and composers will acquaint students with a wide range of repertoire for the instrument. Instructor permission and/or audition required. Prerequisite: MUSC 157.

MUSC 225
Applied Euphonium II (AE) (1)
This course teaches second-year level performance skills
to majors. Musical literature from various style periods and composers will acquaint students with a wide range of repertoire for the instrument. Instructor permission and/or audition required. Prerequisite: MUSC 158.

MUSC 226

Applied Percussion (AE) (1)
This course teaches second-year level performance skills to majors. Musical literature from various style periods and composers will acquaint students with a wide range of repertoire for the instrument. Instructor permission and/or audition required. Prerequisite: MUSC 159.

MUSC 227

Applied Piano II (AE) (1)
This course teaches second-year level performance skills to majors. Musical literature from various style periods and composers will acquaint students with a wide range of repertoire for the instrument. Instructor permission and/or audition required. Prerequisite: MUSC 160.

MUSC 228

Applied Violin II (AE) (1)
This course teaches second-year level performance skills to majors. Musical literature from various style periods and composers will acquaint students with a wide range of repertoire for the instrument. Instructor permission and/or audition required. Prerequisite: MUSC 161.

MUSC 229

Applied Viola II (AE) (1)
This course teaches second-year level performance skills to majors. Musical literature from various style periods and composers will acquaint students with a wide range of repertoire for the instrument. Instructor permission and/or audition required. Prerequisite: MUSC 162.

MUSC 230

Applied Cello II (AE) (1)
This course teaches second-year level performance skills to majors. Musical literature from various style periods and composers will acquaint students with a wide range of repertoire for the instrument. Instructor permission and/or audition required. Prerequisite: MUSC 163.

MUSC 231

Applied Double Bass II (AE) (1)
This course teaches second-year level performance skills to majors. Musical literature from various style periods and composers will acquaint students with a wide range of repertoire for the instrument. Instructor permission and/or audition required. Prerequisite: MUSC 164.

MUSC 232

Applied Guitar II (AE) (1)
This course teaches second-year level performance skills to majors. Musical literature from various style periods and composers will acquaint students with a wide range of repertoire for the instrument. Instructor permission and/or audition required. Prerequisite: MUSC 165.

MUSC 233

Applied Saxophone II (AE) (1)
This course teaches second-year level performance skills to majors. Musical literature from various style periods and composers will acquaint students with a wide range of repertoire for the instrument. Instructor permission and/or audition required. Prerequisite: MUSC 166.

MUSC 234

Applied Voice II (AE) (1)
This course teaches second-year level performance skills to majors. Musical literature from various style periods and composers will acquaint students with a wide range of repertoire for the instrument. Instructor permission and/or audition required. Prerequisite: MUSC 167.

MUSC 235

Applied Composition II (AE) (1)
This course teaches second-year level performance skills to majors. Musical literature from various style periods and composers will acquaint students with a wide range of repertoire for the instrument. Instructor permission and/or audition required. Prerequisite: MUSC 168.

MUSC 236

Applied Clarinet II (AE) (1)
This course teaches second-year level performance skills to majors. Musical literature from various style periods and composers will acquaint students with a wide range of repertoire for the instrument. Instructor permission and/or audition required. Prerequisite: MUSC 169.

MUSC 237

Applied Oboe II (AE) (1)
This course teaches second-year level performance skills to majors. Musical literature from various style periods and composers will acquaint students with a wide range of repertoire for the instrument. Instructor permission and/or audition required. Prerequisite: MUSC 170.

MUSC 238

Applied Bassoon II (AE) (1)
This course teaches second-year level performance skills to majors. Musical literature from various style periods
and composers will acquaint students with a wide range of repertoire for the instrument. Instructor permission and/or audition required. Prerequisite: MUSC 171.

**MUSC 239**  
**Applied Harp II (AE) (1)**  
This course teaches second-year level performance skills to majors. Musical literature from various style periods and composers will acquaint students with a wide range of repertoire for the instrument. Instructor permission and/or audition required. Prerequisite: MUSC 171.

**MUSC 241**  
**Music Theory IV (H) (5)**  
A study of musical concepts, such as modulation, binary and ternary forms, and contrapuntal genres, including fugues and inventions. Prerequisite: MUSC& 143.

**MUSC& 242**  
**Music Theory V (H) (5)**  
A study of musical concepts, such as mode mixture, Neapolitan and Augmented Sixth chords, chromatic modulation, popular music and song forms, variation, Sonata and Rondo form. Prerequisite: MUSC& 241.

**MUSC& 243**  
**Music Theory VI (H) (5)**  
A study of musical concepts, focused on techniques and methods of the 20th and 21st century. Prerequisite: MUSC& 242.

**MUSC 244**  
**Performance Ensemble I (AE) (1)**  
An ensemble is for the advanced performer (Instrumentalists or Vocalists). Music reading is imperative. Will perform many styles of music. Concert performances will be both on and off campus and/or tour.  
By audition ONLY.

**MUSC 245**  
**Performance Ensemble II (AE) (1)**  
An ensemble is for the advanced performer (Instrumentalists or Vocalists). Music reading is imperative. Will perform many styles of music. Concert performances will be both on and off campus and/or tour.  
By audition ONLY.

**MUSC 246**  
**Performance Ensemble III (AE) (1)**  
An ensemble is for the advanced performer (Instrumentalists or Vocalists). Music reading is imperative. Will perform many styles of music. Concert performances will be both on and off campus and/or tour.  
By audition ONLY.

**MUSC 247**  
**Performance Ensemble IV (AE) (1)**  
An ensemble is for the advanced performer (Instrumentalists or Vocalists). Music reading is imperative. Will perform many styles of music. Concert performances will be both on and off campus and/or tour.  
By audition ONLY.

**MUSC 248**  
**Performance Ensemble V (AE) (1)**  
An ensemble is for the advanced performer (Instrumentalists or Vocalists). Music reading is imperative. Will perform many styles of music. Concert performances will be both on and off campus and/or tour.  
By audition ONLY.

**MUSC 249**  
**Performance Ensemble VI (AE) (1)**  
An ensemble is for the advanced performer (Instrumentalists or Vocalists). Music reading is imperative. Will perform many styles of music. Concert performances will be both on and off campus and/or tour.  
By audition ONLY.

**MUSC 250**  
**Musical Theatre Production I (H) (5)**  
Designed to introduce the student to all the elements of musical theatre. The student will study the audition process, the effect of musical choreography, the historical setting of the work chosen, musical score and dialogue.

**MUSC 251**  
**Musical Theatre Production II (AE) (5)**  
The student will continue to study the audition process, the effect of musical choreography, the historical setting of work chosen, musical score and dialogue. Prerequisite: by audition only.

**MUSC 254**  
**Vocal Ensemble I (AE) (2)**  
A small vocal ensemble that prepares and performs chamber works, and contemporary vocal literature. Placement is by audition only. Auditions will take place during the first scheduled class.

**MUSC 255**  
**Vocal Ensemble II (AE) (2)**  
A small vocal ensemble that prepares and performs chamber works, and contemporary vocal literature. Placement is by audition only. Auditions will take place during the first scheduled class.
MUSC 256
Vocal Ensemble III (AE) (2)
A small vocal ensemble that prepares and performs chamber works, and contemporary vocal literature. Placement is by audition only. Auditions will take place during the first scheduled class.

MUSC 257
Vocal Ensemble IV (AE) (2)
A small vocal ensemble that prepares and performs chamber works, and contemporary vocal literature. Placement is by audition only. Auditions will take place during the first scheduled class.

MUSC 258
Vocal Ensemble V (AE) (2)
A small vocal ensemble that prepares and performs chamber works, and contemporary vocal literature. Placement is by audition only. Auditions will take place during the first scheduled class.

MUSC 259
Vocal Ensemble VI (AE) (2)
A small vocal ensemble that prepares and performs chamber works, and contemporary vocal literature. Placement is by audition only. Auditions will take place during the first scheduled class.

MUSC 276
Computer Music (AE) (3)
A course focused on the creation of music using digital software on computers and/or other electronic devices.

MUSC 281
Instrumental Improvisation I (AE) (2)
An historical study of improvisation in instrumental styles: Dixieland, jazz, and contemporary popular music. Course will involve stylistic and chordal analysis as well as performance on the student’s major instrument.

MUSC 282
Instrumental Improvisation II (AE) (2)
An historical study of improvisation in instrumental styles: Dixieland, jazz, and contemporary popular music. Course will involve stylistic and chordal analysis as well as performance on the student’s major instrument.

MUSC 283
Instrumental Improvisation III (AE) (2)
An historical study of improvisation in instrumental styles: Dixieland, jazz, and contemporary popular music. Course will involve stylistic and chordal analysis as well as performance on the student’s major instrument.

MUSC 284
Instrumental Improvisation IV (AE) (2)
An historical study of improvisation in instrumental styles: Dixieland, jazz, and contemporary popular music. Course will involve stylistic and chordal analysis as well as performance on the student’s major instrument.

MUSC 285
Instrumental Improvisation V (AE) (2)
An historical study of improvisation in instrumental styles: Dixieland, jazz, and contemporary popular music. Course will involve stylistic and chordal analysis as well as performance on the student’s major instrument.

MUSC 286
Instrumental Improvisation VI (AE) (2)
An historical study of improvisation in instrumental styles: Dixieland, jazz, and contemporary popular music. Course will involve stylistic and chordal analysis as well as performance on the student’s major instrument.

Natural Resources

NATR 131
Plants of the Pacific Northwest (5)
Basic biology, life history and distribution of plants of the Pacific Northwest, emphasizing major tree species. Laboratory exercises focus on taxonomy and identification methods. An accelerated two-week course: first in a three part series. Prerequisite: ENGL 099, placement in ENGL& 101 or instructor permission.

NATR 150
Disturbance Ecology (5)
Investigation of forces that change forest and riparian plant communities: fire, wind, floods, and insects and diseases endemic to the Pacific Northwest. An accelerated two-week course; second part of a three-part series. Prerequisite: ENGL 099 or placement in ENGL& 101 or instructor permission.

NATR 160
NW Terrestrial Habitats (5)
Exploration of diverse Pacific Northwest ecosystems. Succession, plant associations, site characteristics, biodiversity, population ecology and community ecology are studied within the context of ecosystem sustainability. A two-week, accelerated course; third in a three-part series. Prerequisite: ENGL 099 or placement in ENGL& 101 or instructor permission.

NATR 191
Work Experience Seminar (1)
Preparation for cooperative work experience required for the Natural Resources-Forestry Technician program: job applications, resumes, cover letters, interview techniques, and employment research.

NATR 260
Forest Mensuration (5)
Forestry measurement requirements, such as timber cruising, log scaling, tree grading, inventory techniques, and computer applications. Labs, some in the field, emphasize equipment and techniques necessary to measure forest resources. Prerequisite: ENGL 099, MATH 099 or college-level placement or instructor permission.

NATR 265
Forest Management (5)
Contemporary forest management principles, economics and concepts. Emphasizes sustainable forest management; certification systems, fragmentation and current forest rules including policy and regulatory issues on the state and federal levels.

NATR 270
Silviculture (5)
Forestry fundamentals, including methods of regeneration, site preparation, planting practices, animal damage control, nursery practices, pesticide/herbicide use and safety, prescribed burning, pre-commercial and commercial thinning and harvest treatments.

NATR 280
Harvest Systems and Products (5)
Forest harvest techniques; includes transport systems, logging plans, wood products and other forest products, road layout and construction, best management practices, timber appraisal and contracts.

Nursing

NURS 101
Basic Nursing Care Concepts (12)
Program themes of homeostasis, the role of the nurse, and continuum of care are applied at on-campus theory and skills labs and off-campus clinical experiences at assisted living and long-term care facilities. Prerequisite: admission to the Centralia College Nursing Program.

NURS 102
Common Alterations I (12)
Progressive competencies reflecting program themes are applied to nutrition; cardiac, respiratory, and endocrine systems; and medication and fluid administration. On-campus theory, skills labs and off-campus clinical experiences are provided. Prerequisite: NURS 101 or equivalent.

NURS 103
Common Alterations II (12)
Progressive competencies reflecting program themes are applied to surgical, neurologic, musculoskeletal, renal, and gastrointestinal nursing care. On-campus theory and skills labs and off-campus acute care clinical experiences are provided. Prerequisite: NURS 101, 102 or equivalent.

NURS 108
Electrocardiography for Health Care Professional (2)
Review of cardiac anatomy and physiology; ECG equipment operation and supplies; patient preparation; ECG testing procedure; rhythm recognition and interpretation; cardiovascular disorders; pharmacology in ECG testing. Includes hands on ECG training and practice. Co-requisite: RN, LPN, or nursing student or instructor permission.

NURS 200
LPN to RN Transition (2)
Explores LPN and RN roles and responsibilities. Centralia College Nursing Program philosophy, purpose, conceptual framework, and outcome criteria are reviewed. Includes orientation to clinical facilities and classroom, campus, and off-campus lab expectations. Prerequisite: Admission to RN program.

NURS 201
Mental Health & Lifespan (10)
Progressive competencies reflecting program themes are applied to the care of clients with mental health alterations, complications of child-bearing and high-risk newborns and children. Community-based and in-patient clinical experiences are provided. Prerequisites: NURS 101, NURS 102, NURS 103 & Co-requisite NURS 220 or equivalents.

NURS 202
Complex Alterations (12)
Progressive competencies reflecting program themes are applied to the care of clients with complex alterations in health. Women's Health and Pediatric and Adult acute care clinical opportunities are provided at regional facilities. NURS 201 and 220 or equivalent.
NURS 203
Complex Management (8)
Progressive competencies reflecting program themes are applied to the care of clients with complex alterations in health. Community-based and acute care inpatient clinical opportunities are provided at regional facilities. Prerequisite: NURS 201, NURS 202 & NURS 220 or equivalents, concurrent NURS 222.

NURS 210
Basic Life Support for Healthcare Providers (1)
Covers the information and skills needed for adult, child, and infant cardiopulmonary resuscitation; the use of an automated external defibrillator; recognition and treatment of choking; safety factors in training and actual rescue. Corequisite: admission to the nursing program or permission of the instructor.

NURS 220
Management & Leadership (2)
Expands on the program theme of the role of the nurse to provide a stronger theoretical foundation for assuming a management and leadership role in a variety of care settings. Prerequisite: NURS 101, 102 and 103 or equivalent; corequisite: NURS 201.

NURS 222
Transition to Practice (4)
Preceptor-guided experiences in a variety of community health care organizations are provided. Community-based and personal professional development projects are assigned. Prerequisite: NURS 201, NURS 202, NURS 220 & Co-Requisite NURS 203 or equivalent.

Nursing Assistant

HLSV 100
Home Care Aide (7)
Home Care Aides provide personal care for vulnerable individuals. Upon successful completion of the DSHS-approved course, graduates are eligible for the WA state HCA competency exam. HCA’s must have a favorable background check. RCW 18.130.064.

HLSV 110
Basic Life Support for Healthcare (1)
Course covers the information and skills needed for adult, child, and infant cardiopulmonary resuscitation; the use of an automated external defibrillator; recognition and treatment of choking; safety factors in training and actual rescue.

HLSV 122
Calculation and Vocabulary of Healthcare Profess (4)
This course will use a team teaching approach to give students the basic calculations and vocabulary skills needed to enter the healthcare field including the abbreviations and formulas commonly used in the NAC profession.

HLSV 130
Basic Fundamentals of Caregiving (2)
Focus is on the requirements for basic caregiving. Topics include client rights, communication, problem solving skills, and protecting the health and safety of residents.

HLSV 131
Nursing Assistant Certification (9)
Awareness of the role of the nursing assistant in nursing care and skill development. Topics: maintain a safe environment, provide restorative care, communication, and practice basic concepts of care. Background check is required for clinical.

HLSV 132
Nurse Delegation (2)
Class for Washington caregivers who work or will work with specific populations in community-based care settings. Course covers laws pertaining to delegation and hands-on skills.

HLSV 133
Mental Health 1 (1)
Course identifies types of mental illness and common signs and symptoms. Learn capable caregiving for mental wellness. A DSHS curriculum that meets population specific training requirements.

HLSV 134
Dementia 1 (1)
Learn how dementia affects a person's body and mind. This basic understanding is the foundation on which to build skills needed to provide the best care for people with dementia.

HLSV 135
Traumatic Brain Injury (2)
Learn the basics of brain anatomy and function and how injury may affect a Traumatic Brain injury (TBI) survivor. Topics include brain injury management, understanding changes in behavior and mood, communication strategies and self-care strategies.

HLSV 160
**Emergency Medical Technician (12)**
Techniques of emergency medical care presently considered as the responsibilities of a technician in his/her role. Designed to assure a uniformly high level of knowledge and skills among those involved in emergency care. Prerequisite: healthcare provider CPR, instructor permission.

**HLSV 163**
**Emergency Medical Responder (5)**
This course prepares students for certification as an Emergency Medical Responder in the State of Washington. Both lecture and practical training are used to teach important aspects of basic pre-hospital care. Prerequisite: 18 years old, affiliated with Lewis County EMS, valid driver's license.

**Nutrition**

**NUTR & 101**
**Nutrition (NS) (5)**
An exploration of human nutrition with an emphasis on metabolism, digestion, dietary planning and analysis, and weight control. Prerequisite: High school-level biology or chemistry.

**NUTR 103**
**Intro Food Science w/Lab (NS) (5)**
Introduction to the biology, chemistry, microbiology, ethics, history, preparation, and production of food. Includes independent laboratories and field trips.

**NUTR 202**
**Nutritional Laboratory (AE) (1)**
Consumer-oriented labs will teach students how to analyze their diet, apply nutrition knowledge to menu planning and reading food and supplement labels. Prerequisite: NUTR 201, HLTH 140 or permission of instructor.

**NUTR 203**
**Issues in Nutrition (NS) (5)**
Examines the interrelationship between diet and individual lifestyles with regard to health risks during all stages of life.

**Oceanography**

**OCEA& 101**
**Intro to Oceanography (NS) (5)**
Explore the physical, geological, chemical and biological characteristics of the ocean: waves and tides, ocean and atmosphere circulation, coastal features and beach processes, ocean basins, sediments, ocean chemistry and physics, plate tectonics, and marine life.

**Open Door**

**OD 001**
**Portfolio & English (1-10)**
High School course in which students demonstrate English competency through student self-evaluation of prior education, previous and current employment, and life experiences-in fulfillment of one's high school diploma competencies and graduation requirements. Course requisite: Acceptance into program.

**OD 002**
**CWP, Env Sci, English (1-10)**
High School course in which students demonstrate English competency through the study of CWP's and Environmental Science in fulfillment of one's high school diploma competencies and graduation requirements. Course requisite: Acceptance into program.

**OD 003**
**Life Science & English (1-10)**
High School course in which students demonstrate English competency through the study of Life Science and scientific thinking in fulfillment of one's high school diploma competencies and graduation requirements. Course requisite: Acceptance into program.

**OD 004**
**Occ Ed & English (1-10)**
High School course in which students demonstrate English competency through the study of communication, occupational skills and work opportunities in fulfillment of one's high school diploma competencies and graduation requirements. Course requisite: Acceptance in program.

**OD 005**
**US Hist, Gov, FA, Engl (1-10)**
High School course in which students demonstrate English competency through the study of US History, Government and Fine Arts in fulfillment of one's high school diploma competencies and graduation requirements. Course requisite: Acceptance into program.

**OD 006**
**WA State Hist & English (1-10)**
High School course in which students demonstrate English competency through the study of Washington
State History in fulfillment of one's high school diploma competencies and graduation requirements. Course requisite: Acceptance into program.

**OD 007**

**Health, Fitness & Engl (1-10)**
High School course in which students demonstrate English competency through the study of the emotional, physical, and mental components of health and the development of an individual health and fitness program in fulfillment of one's high school diploma competencies and graduation requirements. Course requisite: Acceptance into program.

**OD 008**

**Algebra 1 (1-5)**
High School course in Algebra 1 which students complete in fulfillment of one's high school diploma competencies and graduation requirements. Course requisite: Acceptance into program.

**OD 009**

**Algebra 2 (1-5)**
High School course in Algebra 2 which students complete in fulfillment of one's high school diploma competencies and graduation requirements. Course requisite: Acceptance into program.

**OD 010**

**Geometry (1-5)**
High School course in Geometry which students complete in fulfillment of one's high school diploma competencies and graduation requirements. Course requisite: Acceptance into program.

**Philosophy**

**PHIL& 101**

**Intro to Philosophy (H) (5)**
Investigate the assumptions philosophers have made about reality, knowledge, truth, God, morality, social construction, freedom, and paternalism.

**PHIL 103**

**Introduction to Ethics (H) (5)**
Focus on choices made in concrete circumstances. Study traditional ethical theories and present-day moral dilemmas.

**Phlebotomy**

**PHLE 131**

**Intro to Phlebotomy Tech (5)**
Overview of laboratory procedures and regulations for the medical office laboratory. Prerequisite: MA 139, BIOL 172 with a 2.5 or higher.

**PHLE 132**

**Advanced Phlebotomy (8)**
Expansion of Phlebotomy skills introduced in PHLE 131. This course will offer lecture and lab sessions with emphasis on hands-on practice and dexterity for successful and safe venipuncture. Prerequisite: PHLE 131 with a 2.5 GPA or higher.

**PHLE 201**

**Phleb for Healthcare 1 (5)**
Overview of laboratory procedures and regulations for the medical office laboratory. Prerequisite: Health-care provider license MA, RN, NA-C.

**PHLE 202**

**Phleb for Healthcare 2 (5)**
Expansion of Phlebotomy skills introduced in PHLE 201. This course will offer lecture and lab sessions with emphasis on hands-on practice and dexterity for successful and safe venipuncture. Prerequisite: PHLE 201 with a 2.5 GPA or higher and healthcare license.

**Physical Education**

**P E 101**

**Introduction to Physical Education (3)**
A survey course designed for students considering a career in physical education, recreation and sports. Presents background information for the wide scope of career opportunities.

**P E 103**

**Basketball (1)**
This course will cover the basic skills and techniques of basketball. Includes team defense and team offense.

**P E 107**

**Cycling Basics (HF) (2)**
A class consisting of road tours of varying distances as well as classroom lectures. Each student must have a bicycle in good repair and an approved helmet.

**P E 108**

**Soccer Fundamentals (1)**
This course will cover the basic skills and techniques of soccer. Includes team defense and team offense.
**P E 109**

*Golf (1)*

Instructions for beginners, fundamentals, rules, and etiquette. Off campus but first class will meet in MSG 115.

**P E 110**

*Physical Fitness (HF) (1)*

Study all five areas of fitness: aerobic endurance, muscle strength, muscle endurance, flexibility, and body composition. Students work at their own fitness levels.

**P E 111**

*Fitness in the Workplace (HF) (1-2)*

Course will increase cardiovascular endurance, flexibility, and increase strength. Students will develop and conduct their own personal fitness program.

**P E 113**

*Beginning Tennis (1)*

Instruction for beginners in fundamentals of the game. Rules and court etiquette. All students need their own racquet. Gold Street courts will be used. First class meets in MSG 115.

**P E 115**

*Volleyball (1)*

This course will cover the fundamental skills and techniques of beginning volleyball. Includes basic rules, scoring and strategy.

**P E 120**

*Lifestyle Mgmt & Exercise (HF) (2)*

Designed to assist individual in making life style changes associated with health and fitness.

**P E 121**

*Stretching & Flexibility (HF) (1)*

Learn and perform safe stretches to increase flexibility and range of motion. Understand how stretching can help decrease injury, recover after other workouts and calm the mind and body.

**P E 123**

*Basic Weight Training/Conditioning (HF) (1)*

Designed to condition the musculature of the body using machine and free weights.

**P E 125**

*Free Weights (HF) (1)*

Designed to develop muscle fitness through lifting free weights, Olympic lifts, plyometrics and power lifting. Students need prior weight training experience.

**P E 130**

*Basketball Applications (3)*

A course designed to provide experience in advanced strategies, fundamental skills, and team concepts of basketball. Prerequisite: PE 103, 167 or instructor permission.

**P E 131**

*Baseball Application I (3)*

Learn the techniques and strategies in a practice or game situation with an emphasis on fundamentals, conditioning, team concept and sportsmanship.

**P E 139**

*Volleyball Applications (3)*

A course designed to provide experiences in advanced strategies, skills, and team concepts of volleyball. Prerequisite: PE 115 or instructor permission.

**P E 140**

*Boot Camp Basics (HF) (1)*

A high-impact exercise class designed to improve muscle strength, endurance, flexibility and aerobic capacity.

**P E 141**

*Elite Fitness (1)*

A combination of cardio, strength, core and circuit training in athletic conditioning format. Topics of athletic durability, athletic functional training, and the typical physical adaptations will be covered throughout the quarter. Prerequisite: instructor permission.

**P E 142**

*Cardio Conditioning (HF) (1)*

A combination of current cardio experiences to improve cardiovascular endurance, body composition, muscle fitness and flexibility. A variety of movements will be explored, including step aerobics, kickboxing, HIIT, Zumba and circuits.

**P E 150**

*Yoga (HF) (1)*

An exercise class integrating components of flexibility, muscular strength and endurance, and relaxation. Students will be encouraged to work at their own level of fitness.

**P E 151**

*Aerobic Fitness/Walking (HF) (1)*

A fitness program emphasizing aerobic activities only. Designed to develop cardiovascular endurance, flexibility and body composition.
P E 152
Pilates/Core (HF) (1)
An exercise class designed to teach breathing with movement, body mechanics, balance, coordination, spatial awareness, strength and flexibility.

P E 153
Tai Chi Basics (HF) (1)
Develop balance, lower-body strength and relaxation in motion with Wu Style Tai Chi. Students will work at their own level of fitness.

P E 158
Beginning Tae Kwon Do (HF) (2)
Develop balance, coordination, agility, spatial awareness, strength, and flexibility through the Korean art of Tae Kwon Do. Students will work at their own level of fitness.

P E 159
Intermediate Tae Kwon Do (2)
Further development of the techniques, forms, the sport, and self-defense aspects required to advance to blue belt in the Korean martial art of Tae Kwon Do.

P E 160
Advanced Tae Kwon Do (2)
Further development of the techniques, forms, the sport, and self-defense aspects required to advance to blue and orange belt in the Korean martial art of Tae Kwon Do.

P E 162
Softball Fundamentals (1)
A mental and physical approach to the fundamentals of fastpitch softball. An emphasis will be placed on the basic skills and concepts needed to play the game effectively.

P E 164
Softball Theory (3)
An analysis of the mental approach to the game of softball. An emphasis will be placed on the theories and strategies of fastpitch.

P E 165
Softball Applications I (3)
Learn how to apply the fundamentals of softball in game like situations.

P E 166
Baseball Fundamentals (1)
On-the-field practice in development of the basic fundamentals of baseball. Emphasis on basic skills and conditioning.

P E 167
Basketball Fundamentals (1)
This course will implement basic fundamentals with theory of various phases of the game. Conditioning for a lifetime activity is an important aspect of the course.

P E 168
Lifetime Fitness (HF) (2)
Cardiovascular endurance, muscle fitness, weight management and flexibility will be studied. One lecture hour and two hours of activity per week.

P E 172
Theory of Baseball (3)
A practical course with emphasis on the coaching of offensive and defensive strategies, theory, psychology and basic rules. First class meets in Gym.

P E 208
Adv Soccer Fundamentals (1)
This course will review basic skills and techniques of soccer. Included in the course will be advanced skills and techniques along with game strategies, team offense and team defense. Prerequisite: PE 108 or instructor permission.

P E 209
Advanced Golf (1)
The course is designed to help the individual develop more advanced skills and strategies of golf. Prerequisite: PE 109 or instructor permission. First class meets in Gym.

P E 210
Advanced Physical Fitness (HF) (1)
Designed to continue the individual's personal health-related physical fitness - cardiovascular endurance, muscular strength, muscular endurance, body composition and flexibility. Students will be encouraged to work at their own level of fitness. Prerequisite: PE 110 or instructor permission.

P E 211
Advanced Fitness in the Workplace (1-2)
Course will continue to increase cardiovascular endurance, flexibility, and increase strength. Students will develop and conduct their own advanced personal fitness program.

P E 213
Advanced Tennis (1)
For students who are more advanced than the beginning level in tennis. First class will meet in the gym classroom. Borst Court will be used.
P E 215

**Advanced Volleyball (1)**
Advanced techniques and skills included in competitive volleyball. Advanced offensive and defensive tactics and strategy will be covered. Prerequisite: PE 115 or instructor permission.

P E 223

**Advanced Weight Training (HF) (1)**
Advanced weight training methods and programs including Olympic lifting and power lifting programs. Prerequisite: PE 123.

P E 229

**Physical Fitness Concepts (HF) (3)**
A combination of theory and practice in the development of physical fitness. Two lecture hours and two activity hours per week.

P E 230

**Advanced Basketball Applications (3)**
A course designed to provide experiences in advanced strategies, advanced fundamental skills, and advanced team concepts of basketball. Prerequisite: PE 130 or instructor permission.

P E 231

**Baseball Application II (3)**
Learn advanced techniques and strategies in a practice or game situation with an advanced emphasis on fundamentals, conditioning, team concept and sportsmanship. Prerequisite: PE 131 or instructor permission.

P E 239

**Advanced Volleyball Applications (3)**
Provides experiences in advanced techniques and tactics needed to execute advanced team concepts of volleyball.

P E 251

**Advanced Aerobic Fitness/Walking (HF) (1)**
Advanced aerobic conditioning class for the well-conditioned aerobic athlete. Prerequisite: PE 151.

P E 262

**Advanced Softball Fundamentals (1)**
Continuation of the physical and mental skills needed for playing fast pitch softball. Emphasis will be on a variety of strategies utilized in the game of softball.

P E 264

**Advanced Softball Theory (3)**
An advanced analysis of the mental approach to the game of softball. An emphasis will be placed on the theories and strategies of fastpitch. Prerequisite: PE 164.

P E 265

**Softball Applications II (3)**
Learn how to apply the advanced techniques of softball in game-like situations. Prerequisite: PE 165 or instructor permission.

P E 266

**Advanced Baseball Fundamentals (1)**
On the field practice in development of the advanced fundamentals of baseball. Emphasis on advanced skills, strategies, and techniques. Prerequisite: PE 166 or instructor permission.

P E 267

**Advanced Basketball Fundamentals (1)**
More advanced skills practiced. Prerequisite: PE 167 or instructor permission.

### Physics

**PHYS& 110**

**Phys: Non-Sci Majrs w/Lab (NS) (5)**
A survey of physics with applications in everyday life for non-science majors. Basic concepts in Newtonian mechanics, thermodynamics, electricity, magnetism, optics, and modern physics. Requires knowledge of basic algebra. Includes a 2 hour lab.

**PHYS& 114**

**General Phys I w/Lab (NS) (5)**
Fundamentals of classical mechanics. The first of a three quarter sequence for science majors not requiring calculus based physics. Classical mechanics including statics and dynamics of particles, rigid bodies, and fluids. Prerequisite: two years HS algebra and trigonometry or concurrent enrollment in MATH 110.

**PHYS& 115**

**General Phys II w/Lab (NS) (5)**

**PHYS& 116**

**General Phys III w/Lab (NS) (5)**
Prerequisite: PHYS& 115.

**PHYS& 221**  
*Engineering Physics I (NS) (5)*  
First in a three quarter calculus-based sequence for science and engineering majors stressing classical mechanics. Include dynamics of translational, rotation, and oscillatory systems of solids, particles and fluids. Prerequisite: MATH& 151 and Corequisite: MATH& 152.

**PHYS& 222**  
*Engineering Physics II (NS) (5)*  
Wave motion, thermodynamics, and electrostatics. Includes sound, heat transfer, law of thermodynamics, and electric fields. Prerequisite: PHYS& 221 and MATH& 152 and corequisite: MATH& 153.

**PHYS& 223**  
*Engineering Physics III (NS) (5)*  
Optics modern physics, electricity and magnetism. Includes geometrical and physical optics, Maxwell's equations, AC/DC circuits and special relativity. Prerequisite: PHYS& 222 and MATH& 153.

**PHYS 270**  
*Research in Physics (AE) (12)*  
Design a research project, set up experiments, collect data in the lab or in the field, and/or analyze data. Each credit hour requires 33 hours of activity per quarter. Prerequisite: instructor permission.

**Psychology**

**PSYC& 100**  
*General Psychology (SS) (5)*  
An introduction to the scientific study of behavior: history, research methods, biology of behavior, lifespan development, sensation and perception, learning, memory, intelligence, motivation, emotion, personality, psychological disorders and therapies, and social psychology.

**PSYC& 200**  
*Lifespan Psychology (SS) (5)*  
Human development from conception to death. Basic concepts and principles of biological, cognitive, and psychosocial development are integrated for each age period. Typical developmental tasks as well as problems are emphasized. Prerequisite: PSYC& 100.

**PSYC 202**  
*Biopsychology (AE) (5)*  
Biopsychology, studies the branch of neuroscience that explains human behavior in terms of the biology of the brain, including mechanisms that produce motivation, emotion, and aggression. Prerequisite: PSYC& 100.

**PSYC 209**  
*Research Methods (AE) (5)*  
Overview of scientific method, major research designs, statistical concepts and utilization of materials related to scientific journals. Prerequisites: PSYC& 100 (may be currently enrolled), eligible for ENGL& 101 and college-level math.

**Political Science**

**POLS& 101**  
*Intro Political Science (SS) (5)*  
Exploration of the fundamentals of political science: key concepts, principles, and theories. Analyze why and how leaders make the decisions they do, and why citizens obey most of these decisions.

**POLS& 202**  
*American Government (SS) (5)*  
Students will examine the American political structure and its ideological roots. We will explore how the structure is organized and how it operates.

**POLS& 204**  
*Comparative Government (D) (SS) (5)*  
Examine political theory and application within a comparative framework: ideology, nature of participation, as well as a variety of governmental structures, and functions. Contemporary situations will provide the cases for example and analysis.

**POLS 220**  
*International Terrorism (AE) (5)*  
An introduction to terrorism in contemporary society, focusing on the underlying political, social, economic, cultural and religious causes, its use as a political tool and measures to be taken to counter and prevent its use.

**POLS 280**  
*History of American Foreign Relations (SS) (5)*  
Survey of American foreign relations from the 17th to 21st centuries, focusing on such issues as national security, economic needs, capitalism, and democracy and imperialism.
An introduction to the study of personality, including major theories, with a focus on basic principles of psychology and their application to personality development, personal growth and psychological adjustment. Prerequisite: PSYC& 100 or instructor permission.

**PSYC& 220**

*Abnormal Psychology (AE) (5)*

An introduction to the study of abnormal behavior, including behavioral problems, personality disorders and maladjustment, and the study of the causes, diagnoses, and treatment. Prerequisite: PSYC& 100.

**PSYC 250**

*Social Psychology (AE) (5)*

The scientific study of how a person’s thoughts, emotions and behaviors are influenced by other people. Includes an exploration of: propaganda, persuasion, social cognition, human aggression, prejudice, love, and interpersonal sensitivity. Prerequisite: PSYC& 100 or instructor permission.

**PSYC 320**

*Leadership & Org. Behavior (SS) (5)*

Relate theory and research to organizational problems by reviewing advanced concepts in motivation, perception, leadership, decision-making, communication and influence, group behavior, diversity, conflict and cooperation, politics, corporate culture, organizational structure, and environmental influences.

**Reading**

**READ 096**

*Independent Study (1-5)*

Individualized instruction for the student whose needs are not currently being met by the available course offerings. Specialized curriculum and instruction are developed to meet each student’s needs. Permission of instructor only.

**READ 097**

*Specific Reading Skill Development (1-3)*

This course is designed to provide students with opportunities to improve their reading specifically identified areas of need. Comprehension building, word attack skills, and content area reading are a few of the specific areas that can be targeted by this class.

**READ 099**

*Improvement of Reading (1-5)*

Students strengthen thinking, reading comprehension, and vocabulary skills in learning to read and study textbooks, writing summaries, notetaking, and test taking. Completion of course satisfies the basic skill deficiency in reading. Prerequisite: COMPASS placement (reading) 49.

**READ 100**

*Technical Reading (3)*

Designed to teach discipline-specific reading strategies useful to students in both vocational and academic areas. It will also teach awareness of academic though processes and present skills to enhance that thinking process.

**READ 110**

*Speed Reading (3)*

Self-paced course for students wishing to increase reading rate and comprehension using proper eye movements, improved vocabulary, and correct reading methods based on reading material. Prerequisite: college level reading and vocabulary skills.

**Science**

**SCIE 104**

*Intro to Physical Science (NS) (5)*

Study the basic concepts of physical science, learn to apply the scientific method to problem solving and popular science, and apply the scientific methods to a project.

**SCIE 115**

*Weather and Climate (NS) (5)*

Study of Earth's atmosphere, atmospheric processes, weather, climate, and climate history. Experience will be provided in weather map interpretation, use of instruments, forecasting, interpretation of past climate conditions, and hands-on dendrochronology. Prerequisite: MATH 098 or equivalent.

**Social Studies Teachers**

**SST 365**

*Social Studies for Teachers (SS) (5)*

Explores the specific concepts and topics in social studies. Applies methods used to teach through integrated thematic units of curriculum and instruction, incorporating current research and best practices for teaching. Prerequisite: Admittance into BAS program or administrator approval.

**Sociology**
SOC& 101  
*Intro to Sociology (SS) (5)*  
Study of society and human interaction. Topics include social ranking, change, deviance, social control, the creation of thought and personality, groups, institutions, political and economic power, social movements, and how to gather valid sociological information.

SOC 125  
*Sociology of the Family (SS) (5)*  
Introduction to the study of the family as a social institution. An overview of social theories and methodological underpinnings will be included.

SOC 190  
*Cooperative Work Experience (1-12)*  
Cooperative Work Experience allows students to apply classroom learning to on-the-job settings. Credit is earned for new and continued learning taking place in the work environment. Reaching set learning objectives and development of positive work habits are emphasized. The Cooperative Education Coordinator and employees arrange Cooperative Work Experience. 60-360 hrs on-the-job per quarter. Prerequisite: Enrollment in a Work Experience Seminar (BTEC 191-194) is required of Co-op students. You may take the Work Experience Seminar before or in the same quarter as the Co-op course. Instructor permission required.

SOC& 201  
*Social Problems (SS) (5)*  
Investigate problems within society and how we view certain social conditions as social problems. Topics include technology, environment, population, economy, class, race/ethnic relations, sexism, ageism, family problems, education, cities, deviance, crime, mental health, physical health.

SOC 225  
*Cultural & Ethnic Pluralism (D) (SS) (5)*  
Examine ethnicity, ethnic identity, and cultural characteristics of ethnic and social groups in North America and around the world. Understand the relationship between social organization and forms of social, economic, and political domination and subordination.

**Spanish**  
SPAN 105  
*Spanish for Public Service (AE) (3)*  
Basic Spanish to meet the needs of working professionals who wish to communicate with Spanish speaking persons.

SPAN 106  
*Spanish for Social Services (AE) (3)*  
Basic Spanish to meet the needs of working professionals who wish to communicate with Spanish speaking persons.

SPAN 107  
*Spanish for Social Services (AE) (3)*  
Basic Spanish to meet the needs of working professionals who wish to communicate with Spanish speaking persons.

SPAN 170  
*Latin American Texts (D) (H) (5)*  
A survey course analyzing representative texts of Latin American literature in English from the pre-Columbian period to the present. Develop an understanding of the historical and cultural contexts and apply literary criticism.

SPAN& 121  
*Spanish I (H) (5)*  
First class in 100 level sequence. Learn the fundamental skills of listening comprehension, speaking, reading and writing. Develop an awareness of Spanish speaking countries and their cultures.

SPAN& 122  
*Spanish II (H) (5)*  
Second class in sequence. Learn the fundamental skills of listening comprehension, speaking, reading and writing. Develop an awareness of Spanish speaking countries and their cultures. Prerequisite: SPAN& 121 or instructor permission.

SPAN& 123  
*Spanish III (H) (5)*  
Third class in sequence. Learn the fundamental skills of listening comprehension, speaking, reading and writing. Develop an awareness of Spanish speaking countries and their cultures. Prerequisite: SPAN& 122 or instructor permission.

SPAN 201  
*Heritage Spanish I (H) (5)*  
Introduction to academic Spanish for heritage/native speakers. Course is first sequence designed to prepare speakers for more advanced study. Areas of focus included grammar terminology, spelling, accentuation, reading, writing and discussion of cultural topics. Prerequisite: Native or heritage speaker of Spanish, Instructor permission required.

SPAN 202
Heritage Spanish II (H) (5)
Introduction to academic Spanish for heritage/native speakers. Course is second in sequence designed to prepare speakers for more advanced study. Areas of focus include grammar terminology, spelling, accentuation, reading, writing and discussion of cultural topics. Prerequisite: Native or heritage speaker of Spanish, Instructor permission required.

SPAN& 221
Spanish IV (H) (5)
Fourth class in sequence. Learn the fundamental skills of listening comprehension, speaking, reading, and writing. Develop an awareness of Spanish speaking countries and their cultures. Prerequisite: Spanish III or equivalent amount of high school Spanish.

SPAN& 222
Spanish V (H) (5)
Fifth class in sequence. Learn the fundamental skills of listening comprehension, speaking, reading, and writing. Develop an awareness of Spanish speaking countries and their cultures. Prerequisite: Spanish IV or equivalent amount of high school Spanish.

SPAN& 223
Spanish VI (H) (5)
Sixth class in sequence. Learn the fundamental skills of listening comprehension, speaking, reading, and writing. Develop an awareness of Spanish speaking countries and their cultures. Prerequisite: Spanish V or equivalent amount of high school Spanish.

SPAN 260
Latin America Field Trip I (D) (5)
Explore the culture(s) and language(s) of a specific region of Latin America through first-hand experience. Contact instructors or follow Field Trip links on anthropology or Foreign Language pages of college website for current information. Prerequisite: instructor permission.

SPAN 261
Latin America Field Trip II (D) (5)
Explore the culture(s) and language(s) of a specific region of Latin America through first-hand experience. Contact instructors or follow Field Trip links on Anthropology or Foreign Language pages of college website for current information. Prerequisite: instructor permission.

SPAN 262
Latin America Field Trip III (D) (5)
Explore the culture(s) and language(s) of a specific region of Latin America through first-hand experience. Contact instructors of follow Field Trip links on Anthropology or Foreign Language pages of college website for current information. Prerequisite: instructor permission.

SPAN 263
Latin America Field Trip IV (D) (5)
Explore the culture(s) and language(s) of a specific region of Latin America through first-hand experience. Contact instructors or follow Field Trip links on Anthropology or Foreign Language pages of college website for current information. Prerequisite: instructor permission.

Speech

SPEE 101
Fundamentals of Public Speaking (H) (3)
A course focusing on development, preparation, and delivery skills for beginning public speakers. Attention given to anxiety reduction techniques in addition to the preparation and use of visual aids in informative and persuasive speeches.

SPEE 111
Interpersonal Communication in Film (1)
Highlights concepts introduced in SPEE 110 by using films to identify a different application of the principles of interpersonal communication.

Student Development

SDEV 097
Introduction to Online Learning (0)
Work in an online environment to communicate with others, submit homework, view lessons, and correctly configure technology.

SDEV 099
Study Skills (1-5)
Students learn essential skills needed for effective study. Course includes learning style assessment, time management, study reading, memory techniques, test-taking strategies, and research techniques.

SDEV 100
Start Smart (1)
A seminar for new students on college expectations and communication and technological skills for college. Introduction to academically related technology. Students will participate in small group activities, reading, writing and discussion exercises and practice accessing on-line resources.
SDEV 101  
Centralia College 101 (1)  
An orientation class emphasizing utilization of campus resources and offering multiple workshops on library research skills, note taking, test taking, stress management, reading skills and memory improvement.

SDEV 126  
Career Workshops (1)  
Nine workshops cover analyzing peoples’ interests, values, aptitudes and personalities as they relate to career success. Includes career information, transfer information, resume writing, interviewing, placement and workforce trends.

SDEV 155  
College Success (5)  
Major topics include setting academic, career and personal goals; effective communication and presentation skills; study, research and test-taking strategies; critical thinking; note taking and memory improvement. Includes Saturday field trip for challenge course activity.

SDEV 166  
Stress Management for Test Anxiety (2)  
Identify causes of stress and physical and emotional side-effects. Learn methods for reducing stress, including progressive relaxation, meditation, biofeedback, cognitive analysis, and nutrition and exercise strategies. Management of test and math anxiety is emphasized.

SUBSTANCE USE DISORDER PROFESSIONAL

SUDP 100  
Intro to SUDP (5)  
Introduction to the field of substance use disorder counseling. Topics include theories surrounding the etiology of addiction, basic psychopharmacology, Federal and State regulations, introduction to prevention, intervention, assessment, treatment planning and case management.

SUDP 110  
Counseling Techniques (4)  
An overview of techniques and theoretical approaches to substance use disorder counseling. Practical training designed to develop interviewing and substance use disorder counseling skills when working with diverse populations within all levels of care. Prerequisite: SUDP 100 (2.0 of higher) or instructor permission.

SUDP 120  
Substance Use & Family (4)  
An examination of substance use, misuse, and dependency within the family system. Course emphasis on the integration of Family System and Substance Use Disorder approaches when working with chemically dependent families. Prerequisite: SUDP 100 (2.0 of higher) or instructor permission.

SUDP 130  
Drug & Alcohol Responses (5)  
Physical, psychological, and behavioral response to alcohol, drugs, and compulsive behaviors. Topics include drug classification, the neurochemistry of addiction, and an overview of basic drug kinetics to include absorption, distribution, metabolism, elimination. Prerequisite: SUDP 100 (2.0 of higher) or instructor permission.

SUDP 200  
Law & Ethics (4)  
Contemporary legal and ethical issues in substance use disorder counseling including professional and peer relationships, boundaries, NAADAC code of ethics, multiple relationships and values in the counseling relationship, and laws surrounding counseling including confidentiality and HIPAA. Prerequisite: SUDP 100 (2.0 of higher) or instructor permission.

SUDP 210  
Cultural Diversity (3)  
Designed to explore self-awareness and improve knowledge and skills of substance use disorder professionals while working with the clients from diverse cultural backgrounds. Prerequisite: SUDP 100 (2.0 of higher) or instructor permission.

SUDP 220  
Counseling Adolescents (5)  
An overview course covering the Bio-Psycho-Social risk and protective factors associated with adolescent substance use, misuse, and dependency. Topics: Adolescent brain development; assessment, treatment, and referral; client, family, and community education, prevention, and intervention. Prerequisite: SUDP 100 (2.0 of higher) or Instructor Permissions.

SUDP 230  
Assess & Treatment Plans (5)  
Course introduces students to the current standard used in assessing, diagnosing, and treating those with substance use and co-occurring disorders. Prerequisite: SUDP 100 (2.0 of higher) or Instructor Permission.
SUDP 240

*Group Counseling (5)*

An introduction to group dynamics and group process, as applied to Substance Use Disorder counseling. Topics include group formation and planning, ethical considerations, diversity, group developmental stages, documentation, and group counseling approaches/techniques. Prerequisite: SUDP 100 (2.0 or higher), or instructor permission.

SUDP 250

*Relapse Prevention (2)*

An overview of the recovery process with an emphasis on Relapse Prevention. Topics include identifying warning signs of relapse, Post-Acute Withdrawal Syndrome, and developing effective relapse prevention strategies and techniques with the client. Prerequisite: SUDP 100 (2.0 or higher), or instructor permission.

SUDP 260

*Supervised Practicum (5)*

Allows the student to bridge their classroom education and training in a supervised practicum in a pre-arranged faculty approved facility for 150 supervised hours that includes a minimum of 50 face-to-face hours under direct supervision. Prerequisite: SUDP 100 (2.0 or higher), or instructor permission.

### Industrial Trades

TRDS 100

*Industrial Safety (5)*

Theory and application of tools and practices as used in an industrial setting. Students will develop skills and habits as well as safety practices, procedures, and equipment. Basic firefighting equipment and procedures will be included.

TRDS 110

*Mechanical Systems Lab (2)*

Introduction to components and safe operation of mechanical drive systems. Machines, drive systems, and operation of various tools will be studied. Applying mechanical power transmitting devices and associated components as used in an industrial setting. Co-requisite: TRDS 120.

TRDS 120

*Mechanical Systems (3)*

Mathematical operations in Industrial Trades settings, as applicable to mechanical systems and thermodynamics. Prerequisite: MATH 95 or equivalent; co-requisite: TRDS 110.

TRDS 130

*Fluid Systems Lab (2)*

Students will engage in practical exercises that will aid understanding basic fluid systems. Safe operation of fluid systems will be emphasized. Course covers fluid characteristics, component symbols, control valves, pumps, and reservoirs. Co-requisite: TRDS 140.

TRDS 140

*Fluid Systems (3)*

Application of mathematical operations in Industrial Trades settings, emphasizing the use of mathematics to study the engineering field of Fluids; Hydraulics and Pneumatics, as used in industry. MATH 95 or equivalent. Co-requisite: TRDS 130.

TRDS 150

*Print Reading (2)*

The foundation of print reading in the industrial trades. Included is print reading relative to welding, pipe-fitting, electrical, fluids, and construction.

TRDS 160

*CAD for Industry (2)*

Introduction to computer-aided drafting (CAD), editing, dimensioning, drawing aids, and layer control design used in the industrial trades. Prerequisite: TRDS 150 OR instructor permission.

TRDS 170

*Electrical Systems Lab (2)*

The exploration and application of fundamental principles of AC/DC electrical systems found on industrial systems. Prerequisite: TRDS 120, TRDS 140 or equivalent; co-requisite: TRDS 180.

TRDS 180

*Electrical Systems (3)*

Application of mathematical operations in relation to Industrial Trades electrical systems. Prerequisite: TRDS 120, TRDS 140, or equivalent; co-requisite: TRDS 170.

### Welding

WELD 151

*Welding for Mechanics (5)*

Introduction of cutting and welding processes. Includes information on welding equipment and material, various welding techniques and proper safety procedures. Prerequisite: DET 110 or DET 130 or instructor permission.
WELD 159  
**Oxyfuel & GTAW Welding (12)**  
Theory and practice of oxyacetylene welding, brazing, cutting and gas tungsten arc welding. Safety, handling and use of compressed gases, materials, types of weld joints, and procedures. Prerequisite: GPA 2.0 or higher in WELD 164 or instructor permission.

WELD 161  
**SMAW Welding (12)**  
Shielded metal arc welding safety, joint design, electrode selection, welding machine setup and operations. Lab practice will include butt, lap, tee and corner joints in all positions. Weld testing and air carbon arc cutting included.

WELD 164  
**GMAW Welding (12)**  
Gas metal-arc welding (GMAW) and flux-cored arc welding (FCAW)safety, setup, operation and troubleshooting. Lab practice includes butt, lap, tee and corner joints in all positions. Also includes GMAW with aluminum and AWS weld testing. Prerequisite: GPA 2.0 or higher in WELD 161 or instructor permission.

WELD 167  
**Metallurgy for Welders (3)**  
Study of metals relevant to welding technology, extraction of metals from ores, refining metals, the manufacture of metal products, mechanical, physical and chemical properties of metals and the hardening, tempering and heat treating of metals.

WELD 180  
**Oxyfuel & GTAW (5)**  
Safety, setup, brazing, cutting, and welding in all positions using oxy-fuel and gas tungsten arc welding equipment.

WELD 181  
**Shielded Metal Arc Welding (5)**  
Safety, setup, and welding in all positions using AC/DC arc welding equipment on carbon steel.

WELD 182  
**Gas Metal Arc Welding (5)**  
Safety, setup, and welding in all positions using gas metal arc and flux cored arc welding equipment.

WELD 190  
**Cooperative Work Experience (1-12)**  
Cooperative Work Experience allows students to apply classroom learning to on-the-job settings. Credit is earned for new and continued learning taking place in the work environment. Reaching set learning objectives and development of positive work habits are emphasized. The Cooperative Education Coordinator and employees arrange Cooperative Work Experience. 60-360 hours on-the-job per quarter. Prerequisite: Enrollment in a Work Experience Seminar (BTEC 191-194) is required of Co-op students. You may take the Work Experience Seminar before or in the same quarter as the Co-op course. Instructor permission required.

WELD 265  
**Advanced Arc Welding (12)**  
Theory and practice of advanced shielded metal arc welding (SMAW) to prepare for the Washington Association of Building Officials (WABO) certification tests on plate and pipe. Prerequisite: GPA 2.0 or higher in WELD 161 or Instructor permission. Completion of year 1 welding.

WELD 267  
**Adv. Gas Shielded Arc Welding (12)**  
Advanced Gas Metal Arc Welding (GMAW), Flux Cored Arc Welding (FCAW), and Gas Tungsten Arc Welding (GTAW) techniques for all position plate and pipe welding. This course prepares welders for WABO certification. Prerequisite: WELD 164 or permission of instructor.

WELD 268  
**Gas Shielded Arc Welding (9)**  
Exercises enable students to prepare for the Washington Association of Building Officials tests. Includes Gas Metal Arc, Flux Cored Arc and Gas Tungsten Arc Welding on test plates and pipe in all positions; Oxy fuel introduced. Concurrent enrollment in WELD 267. Prerequisite: WELD 164 or permission of instructor.

WELD 269  
**Advanced Fabrication (11)**  
Blueprint interpretation, layout tools and procedures, oxy-fuel and plasma cutting, fitting, and welding fabrication projects. Prerequisite: WELD 267 with a 2.0 or higher or instructor permission.

WELD 270  
**Advanced Fabrication and Welding Procedure Lab (6)**  
Fabrication and fitting tools, setup, and procedures. Butt and tee joint will be required in the flat position using various welding processes. Students will have the opportunity to work on individual projects. Prerequisite: WELD 268 or permission of instructor. Corequisite: WELD 269.
WELD 271
*Blueprint Reading (3)*
Fundamentals of drawing interpretation in the welding trade. Included are blueprint reading, welding symbols, fabrication techniques, identification of welds, and welding abbreviations.

WELD 281
*Advanced Gas Metal Arc Welding - Aluminum (5)*
Provides a thorough understanding of welding safety and gas metal arc welding of aluminum. Prerequisite: WELD 165, WELD 181 or prior welding experience with permission of instructor.

WELD 285
*Arc Welding Certification (5)*
Practical exercises enable students to prepare for the Washington Association of Building Officials (WABO) certification tests in gas metal arc welding (GMAW), flux cored arc welding (FCAW), and shielded metal arc welding (SMAW). Prerequisite: prior welding experience required.

WELD 287
*Welding Fabrication (5)*
Fabrication and fitting tools, setup and procedures. Students have the opportunity to work on individual projects and/or cooperative work experience. Prerequisite: prior welding experience required.

Executive Assistant to the Vice President .......... Kari Smith
Director of Central Services & Purchasing ........ Amanda Witt
Director of Custodial & Grounds ..................... Casey Rice
Executive Director of Budget & Fiscal Services........Marla Miller
Director of Institutional Budgets/Payroll...............Lisa Rice
Director of Facilities, Operations & Maintenance...Rick Perkins
Director of Information Technology....................Casey Schmidt
This directory of Centralia College faculty and staff includes the year the individual began at Centralia College followed by the subject area of instruction (for faculty), college or university where a degree was earned and the field of study for the highest graduate degree earned.

Teresa Adams (2019) Assistant Professor, Mathematics. B.S., Gonzaga University; M.S., Eastern Washington University.

Toby Avalos (2017), Associate Professor, Anthropology. A.A., Truckee Meadows Community College; B.A., University of Nevada; M.A., New Mexico State University; Ph.D., University of Iowa.

Shelley Bannish (1987), Director of Student Life and Involvement. B.A., Central Washington University; Master of Arts in Community College Management, Antioch University, Ohio.

Ryer Banta (2016), Associate Professor/Librarian. B.A., Montana State University; M.S., University of Washington.

Jeanene Bauska (2021) Assistant Professor, Nursing. A.A., Lower Columbia College.

Jacob Beach (2018), Coordinator of Esports/Student Life Advisor. A.A., Fullerton College.

Marcus Bingham (2021), Production/Technical Director. B.A. and M.A., Central Washington University; M.F.A., University of Idaho.

Eric Blanco (2021), Student Support Specialist. B.A. and M.A., California State University, Los Angeles.

Yanet Blanco (2022), Bilingual Multicultural Outreach Specialist. B.A., University of Southern California.

Tara Boerner (2016), Assistant Professor, Medical Assistant. A.A.S., Centralia College.

Mark Brosz (1994), Associate Professor, Basic Math. A.S., Centralia College; B.A., University of Washington.

Monica Brummer (2017), Director, Pacific NW Center of Excellence for Clean Energy. B.S., Oregon State University.

Rachel Bryant-Anderson (2019) Assistant Professor, Sociology. B.A., Oregon State University; M.A. and Ph.D., University of California-Santa Cruz.

Bobby Burger (2020), Assistant Professor, Business Administration. A.A., Community College of the Air Force; B.A. and M.B.A., California State University East Bay.

Joe Burr (2014), Associate Professor, Adult Basic Education. B.A., The Evergreen State College; M.Ed., St. Martin’s University.

Vann Cantin (1984), Assistant Professor, Computer Science. B.A., The Evergreen State College.

Mary Capen (2014), Associate Professor, Nursing. A.A. and A.A.S., Centralia College; B.S., University of Phoenix; M.S., Grand Canyon University.

Bruce Carley (2011), Associate Professor, Building Maintenance.

Robert Cox (2014), Vice President of Student Services. A.A., Centralia College; B.A., Western Washington University; M.A. and Ed.D., Oregon State University.

Rulon Crawford (2007), Assistant Professor, Energy Technology. B.S. Eastern Oregon University; M.B.A., Marylhurst University.

Jared Cunningham (2022), Campus Safety and Security Manager. A.T.A., Centralia College; B.A., Brandman University.

Abbie Duarte (2021), Interim Upward Bound Specialist.

Annsofie Eliasson-Creek (2022), Executive Director of Research and Planning. B.A., Gonzaga University.

Jacob Fay (2008), Dean of Industrial & Healthcare Programs. A.T.A., Centralia College; B.S., Montana State University.

Wade Fisher (1991), Professor, Media Studies. A.S., Ft. Steilacoom; B.A., University of Washington; M.B.A., City University, Marketing.

Aaron Fowler (2022) Program Manager, Cedar Creek. A.A.S., Centralia College.

Leslie Fountain Williams (2021) Vice President of Finance and Administration. A.S., Monroe Community College; B.S., SUNY College at Brockport; M.S., Roberts Wesleyan College; M.S., University of Rochester; Ed.D., Oregon State University.

Margret Friedley (2000), Director of Worker Retraining. A.A., Pierce College; B.A., St. Martin’s University.

Karen Goodwin (2012), Associate Professor, Chemistry. B.S. and M.S., California State University, Sacramento.

Amaninder Gill (2022), Assistant Professor, Mechanical Engineering. B.S., Punjabi University; M.S., Washington State University; M.S., Clemson University; Ph.D., Florida Institute of Technology.

Mark Gorecki (2013), Associate Professor, Spanish. B.A. Minnesota State University, Spanish; M.A Kansas State University, Teaching English as a Foreign Language (TEFL); M.A. Kansas State University, Spanish Literature.

Clayton Graham (2022), Assistant Professor, CC East. B.A., Western Kentucky University; M.A. and Ph.D., University of Kentucky.

Ann Grande (2018) Assistant Professor/Director of BAS-Teacher Education. B.A., St. Martin’s College; M.A., Grand Canyon University.

Elizabeth Grant (2015), Dean, Corrections Education. A.A., Garrett Community College; B.S., Frostburg State University; M.S., Loyola University; Ph.D., Northcentral University.

Teneal Gustafson (2015), Associate Professor, Nursing. A.S., Tacoma Community College; B.S. and M.S., Western Governors University.

Bella Hafezi (2019) Associate Professor/Counselor. B.A., St. Louis University; M.Ed., University of Missouri St. Louis.

Dan Hagen (2019), Associate Professor, Computer Science. B.A., University of Nevada.

Melissa Hahn (2013), Program Manager, Testing Center. B.A., University of Toronto; M.B.A., Capilano University.

Amanda Haines (2014), Director of College Relations. B.A., Marquette University.

Emily Hammargren (2011), Associate Professor, Adult Basic Education. B.A., Webster University; M.Ed., Colorado State University.

Joyce Hammer (2019) Vice President of Instruction. B.A., University of Washington; M.Ed., Gonzaga University; Ph.D., Oregon State University

Michelle Harris (2017), Associate Professor, Geosciences. B.S., Western Washington University; M.S.,
Central Washington University.

**Charles Hegsted** (2019), Assistant Professor, Welding. Welding Certificate, South Puget Sound Community College; A.A., Clover Park Technical College.

**Michael Hoel** (2006), Director, Disability Services. RN, ATACP. B.S., Washington State University.

**Anthony Holm** (2012), Assistant Director of Upward Bound. B.A., Western Washington University.

**Zachary Huffman** (2021), Talent Search Specialist. A.A., Centralia College; B.A., University of Washington.

**Kelsea Jewell** (2015), Associate Professor, Biology/Nutrition. B.A., Scripps College; M.S. and Ph.D., University of Wisconsin–Lacrosse.

**Carrie Johnson** (1989), Associate Professor, Physical Education. A.A., Highline Community College; B.A., Western Washington University.

**Piper Johnson** (2020), CTE Program Manager. A.A. and B.S., Centralia College.

**Preston Kiekel** (2013), Associate Professor, Mathematics. A.A., Los Angeles Pierce College; B.A., California State University; M.S. and Ph.D., New Mexico State University.

**Scott Knapp** (2013), Associate Professor, Horticulture.

**Emmy Kreilkamp** (2016), Associate Professor, Drama. B.S., Saint Joseph’s College; M.A., Kent State University; Ph.D., Indiana University.

**Elizabeth Lazo** (2016), Associate Professor, Business Technology. A.A., Centralia College; B.A., Central Washington University; M.B.A., Eastern Washington University.

**Brian Lipp** (2018) Assistant Professor, Diesel Technology. B.A.S., Centralia College.

**Atara MacNamara** (2008), Associate Professor, Psychology. B.A., Eastern Washington University; M.S. and Ph.D., University of Utah.

**Jennifer Massey** (2021) Education Specialist. A.A., Centralia College; B.A., City University; M.Ed., Lesley University.

**Sarah “Beth” May** (2015), Associate Professor, Music. B.A., University of Illinois; M.A., Yale University; Ph.D., University of Texas.

**Mary McClain** (2012), Associate Professor, Business Technology. B.B.A., Boise State University; M.B.A., Brandman University.

**Jeff McQuarrie** (2012), Associate Professor, English. B.A., Washington State University; M.S., Northeastern University.

**Patricia Meierdiercks** (2008), Associate Professor, Basic Skills. AAUCT, Skagit Valley College; B.A.E. and M.A.E., Western Washington University; Ph.D., Oregon State University.

**Sharon Mitchler** (1998), Professor, English. B.A., Iowa State University; M.A., Fayetteville State University, English; M.A., California State, Dominguez Hills, Humanities; Ph.D., University of Washington.

**Robert Mohrbacher** (2016), College President. B.A., University of Washington; M.A., George Mason University; Ph.D., Oregon State University.

**Jason Moir** (2005), Student Success Specialist, Head Coach, Men’s Basketball Team. A.A., Centralia College; B.A., The Evergreen State College.

**Laju Nankani** (2006), Director of International Student Programs. B.A., University of North Dakota; M.S., Canisius College.

**Stephen Norton** (2006), Associate Professor, Biology. B.A. Harvard University; M.A., University of California, Santa Barbara; Ph.D., University of California, Santa Barbara.
Barbara.

**Julie Nurse** (2013), Associate Professor/Librarian. B.S., Florida State University; M.L.I.S., North Carolina Central University.

**Annie Oien** (2022), Marketing, Foundation and SWFT Center Specialist. A.A., Centralia College; B.S., Western Washington University.

**Kimberly Parnel** (2018), Reentry Navigator, Corrections Education.

**Richard Perkins** (2010), Director of Facilities and Maintenance. B.S., Oregon State University.

**Zachary Peters** (2016), Associate Professor, Welding. B.A., The Evergreen State College.

**Bob Peters** (1986), Director of Sports Programs. A.A., Centralia College; B.A., Western Washington University; M.Ed., City University, Curriculum and Instruction.

**Jody Peterson** (1999), Associate Professor, History. B.A., History, M.A., North Texas State University, European History; Ph.D., Washington State University, U.S. History.

**Price Peterson** (2017), Assistant Director of Housing and Student Engagement. B.A., California State University, Chico; M.S., Indiana State University.

**Carolyn Powell** (2013), ctcLink Project Director/Organizational Change Manager. B.A., University of Denver.

**Laurie Pyne** (2018), Associate Professor, Adult Basic Education. A.A., Illinois Valley Community College; Dr., Illinois College of Optometry.

**Tariq Qureshi** (2022) Director of Budgets, Grants and Contracts. B.S. University of Houston; M.B.A., University of Dallas.

**Shyla Rabe** (2017) Assistant Professor, Chemical Dependency. B.S., American Military University; M.S., Grand Canyon; Ph.D., Clayton College.

**Brian Rauscher** (2018) Associate Professor/Counselor. B.S., College of Charleston; M.A., Lewis and Clark College; M.S., Capella University.

**Tammy Remund** (1983), Director of Employee Benefits and Compensation. A.A., Centralia College; B.S., City University.

**Jennifer Ross** (2022) Auxiliary Services Manager.

**Lynn Schinnell** (2007), Program Manager, Centralia College East. B.S., Iowa State University.

**Casey Schmidt** (2022), Chief Technology Officer. A.A., Centralia College; B.A., Florida Tech University.

**Teresa Schneider** (2015), ECEAP and Children’s Lab School Program Director. A.A., Whatcom Community College; B.A., St. Martin’s University.

**Anne Schuchmann** (2016), Associate Professor, Nursing. A.A., Central Texas College; B.S. and M.S., St. Martin’s University.

**Andrea Seabert** (2018) Associate Professor/Counselor. B.S., University of Oregon; M.A., University of Washington.

**Darcell Scott** (2019) Director of Student Success and Retention. B.L.A., University of Missouri; M.A., Park University.

**Torin Shriver** (2020), Assistant Professor, English Language Acquisition. A.A., Centralia College; B.A., Northern Arizona University; M.A., King’s College, London.

**Connie Smejkal** (2006), Dean of Instructional Services. B.S., National American University; M.M., University of Phoenix.

**Alexander Solomon** (2014), Associate Professor, Art. B.A., Portland State University; M.F.A., Cranbrook Academy of Art.

**Lorraine Speer** (2014), Assistant Professor, Nursing. B.S.,...
Eastern Washington University; B.S., Intercollege Center for Nursing Education.

Lisa Spitzer (2008), Associate Professor, Developmental Math. B.A. Central Washington University, Math Education; M.A. Grand Canyon University, Teaching.

Emily Sprafka Coleman (2018) Associate Professor, Chemistry. B.S., Hamline University; M.S., University of Washington.

Syrena Stevens (2021), Program Manager, Garrett Heyns Education Center. A.T.A., Olympic College.

Tammy Strodemier (1992) Bookstore Manager. B.S., City University.

Daniel Taylor (2005), Professor, Mathematics. B.A., The Evergreen State College; M.S., Lehigh University.

Theron Taylor (2022), Corrections Education Navigator, GHEC. A.A., Walla Walla Community College; B.A., University of Washington.

Kim Thompson (2018) Associate Professor, Accounting. A.A., Yakima Valley Community College; B.S., Central Washington University.

Liselotte Thompson (2019), Assistant Professor, Youthful Offenders/ABE. M.A. and Ed.D., Sam Houston State University.

Michael Threapleton (2004), Associate Professor, Physics/Math. B.S., University of Leeds, England; M.S., University of Sheffield, England.

Meredith Tummetti (2021), Assistant Professor, Librarian. B.A., California State University; M.A., University of Wisconsin.

Carmen VanTuyl (1997), Associate Professor, Counselor. B.S., Washington State University, M.Ed., Saint Martin’s University, Education, Counseling.

Theresa Waliezer (2009), Associate Professor, English. B.A., M.A., Washington State University.

Suzanne Weil (2004), Associate Professor, English. B.A., Swarthmore College; Ph.D., University of California, Berkeley.

Alisha Williams (2015) Assistant Professor, English. A.A., Ashworth College; B.A., University of Bordeaux; M.A., University of Paris III Sorbonne Nouvelle.

Timothy Wright (2022) Dean of Instruction, Arts and Sciences Programs. B.A., Humboldt University; M.A., California State University, Sacramento.

Matthew Young (2019) Assistant Professor, English. B.A., Oregon State University; M.A., Miami University.

Roberta Ziegler (1993), Professor, Developmental Math. B.S., California State University-Bakersfield; M.Ed., City University.
CONSUMER DISCLOSURES

The Higher Education Opportunity Act of 2008 requires that postsecondary institutions participating in federal student aid programs make certain disclosures to enrolled and prospective students, parents, employees, and the public.

Centralia College believes in the transparency of information to assisting students in making informed choices about their education. The following information is disclosed to you to assist in making the best choice regarding your education.

ACCESSIBLE TECHNOLOGY

Accessible Technology Plan
As part of an ongoing practice of continuous improvement—and in accordance with the Mission Statement and Core Themes—Centralia College plans for accessible information technology. This Accessible Technology Plan was developed under the guidelines of WA OCIO Policy 188. Technologies adopted or implemented after August 2016 are expected to meet Level AA compliance with Web Content Accessibility Guidelines (WCAG) 2.0.

Existing Information Technologies
Existing Technologies, in use prior to August 2016, are made accessible to individuals with disabilities through a customized accommodation process. Students are encouraged to apply for accommodations through the Disability Services Office. Staff or faculty may contact Human Resources in person, by phone 360-623-8943 or by emailing hro@centralia.edu.

Information Technology Accessibility Policy
Centralia College strives to ensure that people with disabilities have access to the same services and content that are available to people without disabilities, including services and content made available through the use of information technology (IT). IT procured, developed, maintained, and used by Centralia College should provide substantially similar functionality, experience, and information access to individuals with disabilities as it provides to others.

The policy aligns with:
- Centralia College’s obligations under Section 504 of the Rehabilitation Act of 1973
- The Americans with Disability Act of 1990 together with its 2008 Amendments
- Washington State Policy #188 – Accessibility
- The Washington State Board of Community & Technical Colleges (SBCTC) Accessible Technology Policy

Accessible Technology Coordinator
All questions, comments, or input regarding this plan may be directed to Michael Hoel, Centralia College Accessible Technology Coordinator, at 360-623-8437.

AFFIRMATIVE ACTION/EQUAL OPPORTUNITY

Centralia College provides equal opportunity and access in education and employment and does not exclude, deny benefits to, or otherwise discriminate against any person on the basis of race, ethnicity, creed, color, sex, gender, citizenship status, national origin, age, marital status, religious preference, the presence of any sensory, mental, or physical disability, reliance on public assistance, sexual orientation, veteran status, political opinions or affiliations, or genetic information under any of its programs, activities and services. The College complies with all Washington State anti-
discrimination laws (RCW 49.60) and the following federal laws relating to equal opportunity: Title VI and VII of the Civil Rights Act of 1964, Title IX of the Educational Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, and the Americans with Disabilities Act (ADA) of 1990.

**Contact**
The following person has been designated to handle inquiries regarding non-discrimination, equal opportunity, affirmative action, ADA policies, nursing mothers, Title IX/504 compliance issues: Vice President of Human Resources and Legal Affairs, 600 Centralia College Blvd, Centralia, WA 98531, 360-623-8943.

**En Español**
La política de Centralia College asegura la oportunidad de igualdad para los miembros en el empleo y la no-discriminación basada en raza, etnicidad, credo, color, origen nacional, sexo, estado civil, orientación sexual, edad, religión, la presencia de cualquier discapacidad sensorial, mental o física, y el estado como veterano o veterano discapacitado de la era de Vietnam. La institución hará todos los esfuerzos necesarios para eliminar las barreras a una oportunidad de igualdad para los miembros de estos grupos protegidos y para mejorar las oportunidades de empleo disponibles para estos grupos.

Contactos: Para preguntas referentes a la sección 504 del Acta de Rehabilitación de 1973, Titulo II y Titulo IX, o para más información referente a las políticas de Centralia College, por favor comuníquese con: Vice-presidente para recursos humanos y asuntos legales, 600 Centralia College Blvd, Centralia WA 98531, 360-623-8943.

**ATHLETICS EQUITY INFORMATION & GRADUATION RATES**
Centralia College publishes the Equity in Athletics Disclosure Act report and athlete demographics, scholarships and transfer rates annually on its website. See the Consumer Disclosures page online. Athletics Office: 360-623-8926

**CAMPUS SAFETY & SECURITY**
**Accident/Injury Reports**
Students and visitors to Centralia College should report any injury, accident, or unusual incident no matter how minor. This helps the college identify and correct potential hazards. A Student/Visitor Accident, Injury, Incident Form (available on the college website) should be completed by the student or visitor as soon as possible and submitted to the Facilities, Operations, and Maintenance (FOM) Office for review.

**Campus Safety**
The Annual Security and Fire Safety Report provides information to the public about incidents that happen on campus or at college-sponsored events. The report is located on the college website. Facilities, Operations, and Maintenance: 360-623-8947

**CARES ACT FUNDING REPORT**
As part of the CARES Act, federal emergency grant funding was made available to Centralia College students who are experiencing expenses due to the disruption of campus operations due to the coronavirus. Read the most updated report on Centralia’s College and CARES Funding on the CARES Act information page at [www.centralia.edu](http://www.centralia.edu).

**COLLEGE INFORMATION**
**Educational Cost Statement**
The average cost to educate a resident full-time community or technical college student for the 2021-22 academic year is $12,445. Students pay an average of $3,445 in tuition toward this cost. The remaining $9,000 is an “opportunity pathway” provided by the State and is funded by state taxes and other sources. The amounts shown are averages for a full-time, resident student. The actual tuition a student pays will vary due to credit load, residency status and other factors.

### Services for Students with Disabilities
For qualified students with disabilities, Centralia College offers support services to help access programs and services. Information about services available to students with disabilities is available through the Disability Services office. Disability Services Office: 360-623-8966

### Enrollment Services Information
Information about transferring credit and withdrawing from classes is readily available online and in the college catalog. Enrollment Services: 360-623-8976

### Campus Map and Staff Directory
Centralia College has an online campus map and faculty and staff directory to ease navigation and communication for students. College Relations Office: 360-623-8428

### Textbook Price Information
The Centralia College Bookstore provides textbook and supply cost information through their interactive online tool. Bookstore: 360-623-8964

### Civic Engagement
The Associated Student of Centralia College (ASCC) support civic engagement among students by offering programming on Constitution Day and by encouraging all students to participate in local, state and national elections. To promote involvement, the ASCC distributes voter registration forms to students annually at the Welcome Week event and encourages students to register to vote online all year. Student Life and Involvement Center: 360-623-8972

### Student Complaint Process
After exhausting the internal complaint process, students have the right to file a complaint with the State Board for Community and Technical Colleges. State Board for Community and Technical Colleges: 360-704-4334

### HB 1795 Disclosure Statement
RCW 28B.15.0681(5)(a) and (b) require that institutions of higher education provide the following information to all undergraduate resident students.
(a) The sources of all institutional revenue received during the prior academic or fiscal year, including but not limited to state, federal, local, and private sources;
(b) The uses of tuition revenue collected during the prior academic or fiscal year by program category as determined by the office of financial management.

### COPYRIGHT INFRINGEMENT & FILE SHARING INFORMATION
**Digital Millennium Copyright Act (DMCA) Policy**
The Centralia College website and network are provided to support the College's teaching and learning mission. Under the DMCA, Centralia College as an Internet Service Provider is protected from liability for the actions of the College’s network...
users as long as the College does not have actual knowledge of or have reason to know about infringement, the College does not benefit financially from the infringement, the College, upon notice of an infringement, acts expeditiously to remove, or disable, the material that is claimed to be infringing, an agent is designated with contact information on the College's Web site, and repeat infringers’ rights to use of the network are terminated.

If you as a copyright holder believe your copyright has been violated via the Centralia College network, send a notification to the College’s Registered Agent: Vice President of Human Resources & Legal Affairs, 600 Centralia College Blvd., Centralia, WA 98531, or call 360-623-8943.

U.S. Code, Title 17, Section 512(c)(3)(A), requires that your Notification of Claimed Infringement include the following:

- A physical or electronic signature of a person authorized to act on behalf of the owner of an exclusive right that is allegedly infringed.
- Identification of the copyrighted work claimed to have been infringed, or, if multiple copyrighted works at a single online site are covered by a single notification, a representative list of such works at that site.
- Identification of the material that is claimed to be infringing or to be the subject of infringing activity and that is to be removed or access to which is to be disabled, and information reasonably sufficient to permit the service provider to locate the material.
- Information reasonably sufficient to permit the service provider to contact the complaining party, such as an address, telephone number, and, if available, an electronic mail address at which the complaining party may be contacted.
- A statement that the complaining party has a good faith belief that use of the material in the manner complained of is not authorized by the copyright owner, its agent, or the law.
- A statement that the information in the notification is accurate, and under penalty of perjury, that the complaining party is authorized to act on behalf of the owner of an exclusive right that is allegedly infringed.

The College will promptly acknowledge receipt of notification of claimed infringement, and remove or disable access to, that is, "take-down," the contested material from the network, pending resolution of the claim.

**FAMILY EDUCATION RIGHTS & PRIVACY ACT (FERPA)**
The Family Educational Rights and Privacy Act (FERPA) of 1974 affords students certain rights with respect to their records. Students have the right to:

Inspect and review their education records. Students may contact Enrollment Services to request an inspection of their records. A request must be submitted in writing to the Registrar. Centralia College has 45 days from the receipt of the request to arrange for access.

Request an amendment of their education records. Students may submit a written request to the Registrar if they wish to have an amendment made to their education records. If Centralia College decides not to amend the student’s record as requested, the student will be notified and advised of the student’s right to a hearing regarding the request for an amendment.

Consent to disclosures of personally identifiable information contained in the student’s education records, except to the extent that FERPA authorizes disclosure without consent.
Disclosure to school officials with legitimate educational interests does not require the student’s consent. A school official is a person employed by Centralia College in an administrative, supervisory, academic or research, or support staff position; a person or company with whom Centralia College has contracted (such as an attorney, auditor, or collection agency); a person serving on the Board of Trustees; or a student serving on an official committee, or assisting another school official in performing their tasks. Volunteers and interns serving in any of these capacities are also considered school officials. A school official has a legitimate educational interest if the official needs to review an education record to fulfill their professional responsibility. Upon request, Centralia College may disclose education records without consent to officials of another school in which you are currently enrolled, receive services, or seek or intend to enroll.

Prevent disclosure of directory information. Centralia College routinely publishes and discloses directory information about students to various requestors. FERPA defines directory information as information contained in the education records of a student that would not generally be considered harmful or an invasion of privacy if disclosed.

Directory information consists of:
- Name
- Field of study
- Participation in officially recognized activities and sports
- Dates of attendance
- Enrollment status
- Degree or certificate earned
- Term Degree or certificate earned
- Students who would like to block Centralia College from releasing their directory information must submit a request in writing by utilizing the Student Directory Restriction Request form provided by Enrollment Services.

If a restriction request is in place, Centralia College could be restricted from including the student’s name in the commencement program or from providing verification of enrollment, graduation, or degrees awarded to third parties, including potential employers, insurance companies and sports recruiters. No directory information would be released to any person. Requests for confidentiality are permanent until removed in writing by the student.

File a complaint with the U.S. Department of Education concerning alleged failures by Centralia College to comply with the requirements of FERPA.

The name and address of the office that administers FERPA is:
Family Policy Compliance Office
U.S. Department of Education
600 Independence Avenue, SW
Washington, D.C. 20202-4605

FINANCIAL AID INFORMATION
Centralia College provides a comprehensive blend of financial aid opportunities for students. Important financial aid information is available for students on the financial aid webpage including:
- The types of aid available to students
- The process of applying for financial aid
• The process of disbursing financial aid for books and supplies including Pell-eligible students
• Notice of Federal Student Aid Penalties for Drug Law Violations (PDF)
• The requirements for withdrawal and how withdrawing will impact the return of financial aid to the college

Cost of Attending Centralia College
Tuition and fees convey the general cost of attending Centralia College. In addition to the general published costs of attending, students may use the Net Price Calculator to find personalized estimates on the costs of attending Centralia College. Financial Aid Office: 360-632-8975

DRUG FREE SCHOOL & CAMPUS REGULATIONS
In order to meet compliance with Drug Free Schools and Communities Act, Centralia College (CC) conducted a review for its alcohol and drug related policies and programs from the time August 2016-July 2018.

The objectives of the review compiled by CC as identified by the U.S. Department of Education include:
• Determining the effectiveness of drug and alcohol abuse prevention programs(s) and implementation of any needed changes.
• Ensuring disciplinary sanctions for violating standards of conduct are enforced consistently.

The complete report is available on the college website under Consumer Disclosures.

EDUCATIONAL PROGRAMS
Instructional and Program Information
The Office of Instruction maintains accurate and timely academic information for students including:
• Academic program accreditation information
• Online list of current degree/certificate programs
• Information about articulation agreements with other four-year institutions
• Information about the Direct Transfer Agreement from Centralia College to any public university in the state

Office of Instruction: 360-623-8929

HEALTH INFORMATION
Drug and Alcohol Use and Prevention
Centralia College has a drug and alcohol use policy for staff and students. The staff policy is managed by the Vice President of Human Resources and the student policy is managed by the Vice President of Student Services.

Vice President of Human Resources: 360-623-8474
Vice President of Student Services: 360-623-8385

Vaccinations Policy
Centralia College does not require students to be vaccinated. Centralia College will maintain compliance with vaccination requirements of individually certified programs, including but not limited to: Teacher Education & Family Development, Nursing Assistant Certified, Emergency Medical Technician, Medical Assistant, and Nursing.

Human Resources Office: 360-623-8943

LICENSURE DISCLOSURE – TEACHER EDUCATION
Each state and territory has different licensure and certification requirements. Graduates of Centralia College’s Teacher
Education program complete requirements to be recommended for certification or endorsement in the state of Washington.

Students who are considering certification outside of the state of Washington are strongly encouraged to check that state’s or territory’s information and contact the state’s licensure board prior to beginning Centralia College’s program.

Centralia College’s preparations program may qualify a candidate as an out of state program completer, however additional state requirements for licensure such as: professional examinations, background checks, years of work experience, fingerprinting requirement, etc. may be required.

Requirements for licensure can change without notice, therefore it is important you contact the State Department of Education for the state you are interested in teaching in to confirm reciprocity with that state. The US Department of Education list of state contacts and information can be found at https://www2.ed.gov/about/contacts/state/index.html?src=gu.

LIMITATION OF LIABILITY
The college’s total liability for claims arising from a contractual relationship with the student in any way related to classes or programs shall be limited to the tuition and expenses paid by the student to the college for those classes or programs. In no event shall the college be liable for any special, indirect, incidental, or consequential damages, including but not limited to, loss of earnings or profits.

PUBLICATION DISCLAIMER
Centralia College has made reasonable efforts to ensure the accuracy of the information throughout this catalog. However, the college reserves the right to make appropriate changes in procedures, policies, calendars, requirements, programs, courses and fees. When feasible, changes will be announced prior to their effective dates, but the college assumes no responsibility for giving any particular notice of any such changes. Changes may apply not only to prospective students, but also to those who are currently enrolled. Nothing contained in this website shall be construed to create any offer to contract or any contractual rights. We encourage readers to contact the college or appropriate office to obtain current information.

SEXUAL ASSAULT PREVENTION & AWARENESS
Centralia College is committed to providing a healthy and productive environment for students to learn and employees to work. Visit the Title IX-Sexual Assault Awareness webpages for detailed information.

STUDENT SUCCESS/OUTCOMES INFORMATION

Completion and Retention Rates by Gender and Ethnicity
The National Center for Educational Statistics hosts the College Navigator Information Portal. On the College Navigator portal, the public can find Centralia College’s student success rates by gender, ethnicity, and Pell eligibility. Enrollment Services: 360-623-8976

Gainful Employment Disclosures for Short-Term Certificate Students
Cost, financing, and success information for Centralia College students who are interested in short-term certificates is available on the Gainful Employment webpage. Office of Instruction: 360-623-8929

Teacher Preparation Annual Reports
The bachelor's degree program in teacher education began in fall 2017. In accordance with the Title II Higher Education Act, the program is required to submit information regarding program requirements, admissions, enrollments, clinical experience, and completion rates. The report is updated on an annual basis. For more information and to read the full report, visit the Bachelor's Degree in Teacher Education homepage. For additional program details contact the Dean of Teacher Education & Family Development: 360-623-8927.
